OFFICIAL PAPER OF THE CITY

FRIDAY, APRIL 19.

REPUBLICAN CLUB MEETING.

All members of the Hillsboro Republican Club are requested to meet at the opera house on Saturday evening, April 20, 1895, at 8 o'clock p. m., for the purpose of electing delegates to a meeting of the State Republican Club of Oregon, to be held at Portland, on May 22, 1895, and for the transaction of such other business as may be necessary.

G. W. PATTERSON, Vice-Pres. BENTON BOWMAN, Secretary.

The famous humorist, who wished one hot day that he could take off his flesh and sit in his bones, would retract if he were alive and could see what is left of the income tax law.

Webster Flanagan, of Texas, who originated the political catch-question, "What are we here for?" is in trouble. He is charged, in connection with two others, with smuggling 92,000 head of sheep across the line from Mexico.

No marriage license has been issued in Lincoln county since January, and the county clerk is inclined to feel blue over the matter. He ought not to despair, but rather look forward to the months of July and August and be consoled. It is barely possible that he may not have the privilege of writing all the licenses, but many first negotiations will be commenced then and there.

JAPAN-CHINESE PEACE.

A treaty of peace between Japan and China was signed on Tuesday. The terms were not officially transmitted though the press report is generally credited. That vehicle states that China contracts first, that Korea shall be free; Japan shall retain conquered places; Japan shall have the territory east of the Liau river. The island of Formosa shall be ceded to Japan; war indemnity of \$100,000,000 shall be paid to Japan, and that an offensive and defensive alliance between the two powers shall be contracted.

The question of protection lies at the foundation of the prosperity of the country, because that and that alone can in some measure equalize the conditions existing between the capital and labor of the United States and of the nations of the old world. This question and not the question of currency is the one that will determine as to whether our free labor shall be forced to a competition on equal terms with the pauper and slave labor of the world.

THE CURSE OF HARD TIMES AND THE REMEDY.

EDITORIAL INDEPENDENT. The Oregonian, with that foresight that has made it the leading journal of the Pacific coast, has invited discussion in its columns as to the cause of the unusual depression in business, under which we are suffering at the present time, and as to remedy required to remove the financial stringency.

Hard times in the United States have for years been preceded by legislation forced upon the people, either as party expedients or for the purpose of enforcing theories that dearly bought experience has shown were, at least for the people of the United States, impracticable.

REPUBLICAN CLUB MEETING.

The republican club of Hillsboro is to meet in the opera house to-morrow evening for the election of delegates to the state club. A full attendance is desired. Although this is an off year, and some may think that this meeting is of minor importance, yet there are matters that may come before the National Convention of Republican Clubs that will demand the wisest and most careful consideration and in their resolution we of Oregon want a full representation of our best men.

The club organization builds no platforms, formulates no party policy, but confines its whole effort to organizing the party so as to get the greatest number possible to deposit ballots in the box. The club organization is not legislative, but executive. The entire party policy is left to state and national conventions. These adopt platforms and nominate candidates. The club organization stands on these platforms and works for the election of the nominees.

JAPAN-CHINESE PEACE.

A treaty of peace between Japan and China was signed on Tuesday. The terms were not officially transmitted though the press report is generally credited. That vehicle states that China contracts first, that Korea shall be free; Japan shall retain conquered places; Japan shall have the territory east of the Liau river.

The question of protection lies at the foundation of the prosperity of the country, because that and that alone can in some measure equalize the conditions existing between the capital and labor of the United States and of the nations of the old world. This question and not the question of currency is the one that will determine as to whether our free labor shall be forced to a competition on equal terms with the pauper and slave labor of the world.

THE CURSE OF HARD TIMES AND THE REMEDY.

EDITORIAL INDEPENDENT. The Oregonian, with that foresight that has made it the leading journal of the Pacific coast, has invited discussion in its columns as to the cause of the unusual depression in business, under which we are suffering at the present time, and as to remedy required to remove the financial stringency.

Hard times in the United States have for years been preceded by legislation forced upon the people, either as party expedients or for the purpose of enforcing theories that dearly bought experience has shown were, at least for the people of the United States, impracticable.

that action, or what is even more criminal, non-action, on the part of state legislatures, often aggravate the disease, but as a rule, the prosperity of the country depends on the action of congress.

For many years the business of people of the United States has been conducted under a system that gave protection to the industries of the country. That the laborer and capitalist that supported and defended the government should be by that government protected in their every interest, is an axiomatic truth.

WASHINGTON COUNTY CREAMERIES.

Mr. H. B. Luce, State Dairy and Food Commissioner, in his biennial report, has this paragraph concerning the dairy interest of this county: "Washington county takes the lead in number of creameries and cheese factories. Creameries are located at Farmington, South Tualatin, Forest Grove, Hillsboro, Cornelius, Farm, Gaston, West Union, Killin's Farm and Hawley's Farm, the two latter being small, private dairies, with separators. The Gaston creamery makes cheese and butter. The cheese factories are as follows: The Bethany Co-operative Company, near Bethany; Ulrich Fugay's factory, near Cedar Mill; Samuel Sigenthaler, near Glenwood; Alfred Gerber's, near Glenwood, and K. Kempf's, near Glenwood. Some of these cheese factories also make butter. The cheese factories are comparatively small concerns, owned by individuals, and do not for the most part keep accounts of their products.

The Cuban insurrection is in a fair way to be suppressed. The rebel leader, Maceo, has been captured.

Some months ago a man named Hatch, who lived in Nicaragua, became obnoxious to the government and was forcibly expelled. At that time he was exercising the functions of a British consul. The English government at once assumed Hatch's quarrel and demanded "smart-money" to the amount of \$75,000.

BY VIRTUE OF AN EXECUTION, I do hereby order and decree, in and to the effect of the following: That the land and premises hereinafter described, together with the interest therein, be and lawfully shall be sold to the highest bidder for cash, on the 25th day of May, 1895, at 10 o'clock a. m., at public auction, to the highest bidder for cash, the following described real property, to-wit:
