

HILLSBORO INDEPENDENT.

FRIDAY, SEPTEMBER 13.

LOCAL AND GENERAL.

Money to loan. Room 13, Morgan building.

J. I. Knight has money to loan, and buy notes.

You can get fruit jars and rubbers at Schulmerich & Son's.

The rain of Wednesday seems to have extended over the whole state.

Rubbers for men and ladies, and also rubber goods, at Schulmerich & Son's.

J. I. Knight is always prepared for all kinds of notarial work, especially conveyancing.

The latest styles in dress goods, cinderdown, outing flannel and trimming, at Schulmerich & Son's.

If any farmer has wheat to trade for goods, try Schulmerich & Son. They have great bargains in store for you.

DeWitt Smith, of the law firm of Smith & Bowman, was called to Forest Grove on professional business last Wednesday.

Freight is moving more briskly than for several months. Extra freight trains are being run, and live stock is the chief cargo.

Mr. C. E. Deichman has purchased Mr. Laidlaw's interest in the Bryan-Laidlaw Co's store and will hereafter take an active part in the business.

Lost—A scarf pin with small diamond set. Association makes the device that is perfect an attachment as was ever used on plow or wagon.

Another tool that he makes is a combined saw set and gauge that rises to the dignity of an invention.

C. Blaser shows barrel peas that are fit for any show table. They were raised at his residence, on Second street, and had the benefit of irrigation. Two of them weighed tipped the beam at 25 ounces.

We have for sale, very cheap, 240 acres of land, that can be divided up into smaller pieces to suit purchasers.

Four dollars for unimproved and \$12 for improved. All good land. Near school and postoffice. Terms very easy. Wilkes Bros., Hillsboro, Or.

The Oregon Reporter, planted in the ashes of the A. O. U. W. Reporter, is at hand. W. W. Brannin, P. G. M. of the A. O. U. W., is proprietor and editor.

As a fraternal organ it is in the front rank and a credit to any jurisdiction. The paper is a four page weekly, which it is soon to grow to an eight-page.

Dave Henderson, a son of Widow Henderson, who lives four miles north of town, sustained a fracture of the left wrist Monday last.

He was riding a horse to water, when the horse became unmanageable and threw him over a stump. Dr. Tammesie set the fracture, and a matter of four weeks will give young Henderson a sound arm again.

R. H. Greer has so far progressed with his house that the plasterers are in charge.

Mr. Greer is using two kinds of lath, the old variety nailed directly on the rough ceiling and the other being an inch board grooved to form a clinch for the mortar.

This is the first time the grooved lath has been used in the town. When completed, Mr. Greer will have a comfortable home.

A strike among the pickers in Wood's hop yard last Saturday came from being an incident. Careless pickers allowed stems and leaves to keep company with the hops.

This caused Mr. Wood's foreman to refuse to accept the box. Then the careless and full pickers wanted the careful and painstaking majority to help them force the aforesaid box on the boss, but cool heads gave wise counsel and the majority of the force continued work.

The rain of Wednesday was as fine a shower as the most exacting could desire. It commenced about half past nine Wednesday forenoon and steadily poured till about 4 o'clock Thursday morning.

Forest fires will not run any more this year, and the smoke is entirely dissipated. Farmers will be able now to plow stubble fields and summer-fallow. The dust of the roads will be changed to hard crust, so that the wheeling for the rest of the summer will be excellent.

Mr. P. Nash, representing the Portland exposition, was in town yesterday afternoon.

The managers of the exposition are very anxious that the wealth and possibilities of the state shall be graphically represented at the fair, and to that end each county is urged to prepare an exhibit of fruit, grain, hay, hops, vegetables and the products of the dairy and shops.

To the end that a collection shall be gathered, Messrs. J. J. Morgan and J. I. Knight have consented to act as local receiving agents, to whom anything may be sent. These gentlemen will prepare for exhibition and forward it. It is understood that Yambill is preparing articles for the show that will fill a car. Our people can do better. We can fill two cars.

The A. P. A., with all its opposition to arise as much feeling in the Catholic church as "Beselena." Sister William and Father M. J. Kelly, of Cedar Mills, this county. First, "Beselena" visited the exposition, which was published in the Oregonian, telling in terms of high commendation of what she saw at St. Mary's Home. The letter, especially as it turned, was unfortunate, as the Home was in no need of white washing.

A further unkindly paragraph was written, which was in charge of "Beselena," who is in charge of the opposition of Father Kelly, at Cedar Mills. He published some criticism of "Beselena," "Sister William" appealed for protection to the archbishop, who required Kelly to do penance. This the father either neglected or refused to do, whereupon the archbishop locked up his cell—did what some denounce as "unrocked him." The whole controversy seems to indicate that there are factions in the church, but just how the division line runs may not be shown to outsiders.

An unknown worthy at Newton station this week came near being shot home. He had pilloved his head on a railroad tie just outside the rail and was sleeping the sleep of the just.

The evening express came, and though the engineer saw the man, it was too late to stop his train till the man in danger was passed.

The conductor and Sheriff Ford went back to see what harm was done. The poor fellow had a heavy jag on, which held his head firmly on the tie, so that the car seats were carried over him and no harm done. He was heavily armed with a gun that held a quad, and, as there were no more facts to pass that night, he was rolled to one side and left to his rest.

Local gunners report very poor shooting this fall. There are fewer birds about than for several years.

This is accounted for by the fact of so much hunting during the nesting season. The finding of nest after nest is reported, containing from twelve to fifteen eggs.

Some contain half-grown chicks, and others are rotten. The hen has, during the close season, been shot, and thus the supply of game birds diminished. At this rate it will not be long until Owen Denny will have to ship more corps from China.

Attention! Having decided to discontinue my jewelry business, I will make a slaughtering price reduction on all my remaining stock of silverware, jewelry, clocks, spectacles, watches, etc.

Closing out everything, 2 show cases, 1 wall case, burglar-proof safe and my house and lot. Everything must go, regardless of price. For prices and terms of house and lot, inquire at the jewelry store, Hillsboro. All repairs must be called for in five weeks.

H. U. UNTERSAHLER. Special rates have been made on all lines to the Exposition at Portland.

The Southern Pacific gives a round trip rate of one-third fare. The Northern Pacific and O. R. & N. Co. make the rate one and one-fifth quarter cent a mile.

Besides this, there will be special excursions on all lines, which time the rates will be much lower.

An opportunity will be given for every person who wants to visit the city and see the Exposition to do so at small expense.

The annual announcement of Eastern Methodist College and Hospital at St. Joseph, Mo., has been received.

Among the faculty appears the name of Wm. A. Brown, M. D., so well and favorably known in Hillsboro. Dr. Brown is sitting, in the chair of physiology and clinical medicine.

The doctor writes his sister, Postmistress Mary Brown, that he will "come west" next year and spend a month with her at a camp on the sea beach.

A Portland firm, Wolf & Zwicker, bid \$108,700 for building one of the new torpedo boats ordered by the last congress.

The amount appropriated for each boat is \$175,000, of which \$25,000 is retained for armament, hence the bid is above the amount of the appropriation available. It will be rejected. It is proper to say that the Portland bid is below that of the Union Iron Works, of San Francisco.

Within the past week two milk cows belonging in the neighborhood of the wheat warehouse have been housed at night in bad condition.

It is suspected that the eating of the dust blown out of wheat in the process of cleaning may have had something to do with the matter.

During the midst of the threshing season a number of tools, rapidly repeated, was heard from a field near town.

Some one wondered what was the trouble with the engine. A youngster quickly spoke the answer, "Holler for water," which probably was about true, as it was a hot day.

The rain of Wednesday was a fine one, not like the storms of Kansas and Nebraska, where six inches of water falls in a few hours and washes away improvements, such as houses, barns and railroads, but a gentle shower that lays the dust and refreshes the dry earth.

Mr. George Hess, living two miles northeast of Glenwood, was on Saturday, September 28th, at public auction a lot of farm stock and implements.

The terms of sale are liberal and purchasers can secure some good bargains.

Geo. Ledford lost a valuable cow one day this week. At night, to all appearances, the animal was in perfect health, but the next morning she was dead. No cause for the sudden change could be assigned.

Now that school commences soon, you should get school shoes at Schulmerich's.

The children feel so comfortable with dry feet—no colds or whooping cough if you wear shoes bought at Schulmerich & Son's.

The Presbyterian mission rally at Bethany occurred on the last Sunday, and was largely attended.

The sum of \$50 was contributed for the cause of missions.

Schulmerich & Son have clothing and furnishing goods for men and boys, that will fit both great and small, and the cost within reach of most any one.

Schulmerich & Son have opened a line of cloaks and capes. The equal has never been seen in Hillsboro, and prices that are lower than any Portland prices.

Mr. Robt. Imbrie's new dry-house caught fire from a defective fuse last week, but the fire was seen in time to extinguish it—damage slight.

Go to Bryan-Laidlaw Company's Cash Store for groceries. Granulated sugar \$4.50 per sack. Special inducements on tea this month.

Capt. Crandall's onion harvest was hindered by the rain, but he thinks no damage will result, as the ground is very dry.

Mr. H. A. Lewis and family, of Russellville, were visiting friends and relatives at Forest Grove this week.

Sample line of capes and jackets just in at Bryan-Laidlaw Company's Cash Store. Call and see them.

There are more pickers in this county than hops. The big yards have been the favorite places.

The congregation at Bethany dedicated its new Methodist church last Sunday.

The whole controversy indicates that there are factions in the church, but just how the division line runs may not be shown to outsiders.

TURNIPS OUGHT TO GROW NOW.

For sale—Good oats straw, by J. S. Griffin. 15 20

The hop pickers generally knocked off work on Wednesday to allow fingers to rest.

Hon. S. B. Huston and family J. B. Vroman and family, returned home yesterday evening.

Rev. M. J. Ballantyne will preach at Laurel, on Saturday next, at 8 p. m., and Sunday at 11 a. m. and at the Evangelical church in Hillsboro at 8 p. m.

Judge Thos. D. Humphreys has been confined to his room for several days by an attack of fever, but he has recovered so that his friends are again permitted to greet him on the street.

Mrs. Samuel Markee, a well-known pioneer of this county, died at her home, near Forest Grove, Wednesday evening, September 11th, at 11 o'clock. The funeral will be from the family residence today, September 13th, at 10 o'clock a. m. The remains will be buried in the Forest Grove cemetery.

COURT HOUSE NEWS. PROBATE COURT. Estate Geo. L. Stevens, deceased. Final account filed, and Monday, Oct. 13th, set for hearing the same.

Estate Edward Constable, deceased. Mary Malone, by her attorney, asked to have the will of deceased probated, and the administratrix, heretofore appointed, removed. The motion is denied and the administratrix ordered to proceed with the administration of said estate, no petition for the removal of said administratrix having been filed.

Estate John Dohi, deceased. Final account filed herein, and Monday, October 14th, set for hearing the same.

LAW COURT. Robt Imbrie v Leaner Gray. Action for money. Judgment for plaintiff by default.

Chas H Dodd v Frank Gray et al. Action for money. Judgment for plaintiff by default.

Kaufman v A N Davies. Monday, September 16th, at 10 a. m., set for hearing argument of demurrer.

Mary M Hughes v Nellie Vanzanden. Defendant allowed to amend demurrer by striking out "deceit" and inserting "breach."

DETRICH KAHME admitted to citizenship.

COMMISSIONER'S COURT. Application of W G Whitlock, for road, continued to October term.

Road 333. Report of viewers and surveyor filed. The road is located as per report of viewers. Lucinda and John V Frank, by their attorney, moved for permission to file affidavits that will show that the road, as established, is not in accordance with the petition asking for such establishment. The motion was overruled, and the clerk instructed to issue an order directing the supervisor to open said road.

Road 335 established, and the same ordered to be opened for use as a public highway.

Resignation of J DeLotts, justice of the peace of Beaverton district, continued.

Appointment of J A Reid, justice of the peace in Beaverton district, continued.

Petition of John Long, for rebate in tax sale, allowed \$13.02.

Petition of Austin Craig. Twenty dollars appropriated for purchase of 200 copies Revised Course of Study for Common Schools.

Monthly reports of Clerk Goodin, Recorder McCormick and Sheriff Ford examined and approved.

Petition of J W Nickum, to locate road on line as surveyed, denied.

Repair of bridge across Gales creek, on Forest Grove and Dilley road, referred to Commissioner Todd, with instructions to make the repairs, and report at next term of the court.

Petition of Fred Langer for change of road. Ordered that the change be made and that the part of the old road embraced in the change be vacated, but the public has the right to use the old road till March 1, 1896.

The owner of the land may place gates at each end of old road.

Petition of Fred Langer for a pass-way for stock. Ordered that petitioner have permission to build a bridge across the highway, in his own name, at his own expense.

Bridge at Stability's. Ordered that the same be accepted, and that W. A. Goodin be allowed the contract price, \$147.

Fill and bridge. Ordered that the county judge be appointed a commissioner to make a fill and bridge at or near the Gray place.

State v Genitt and State v Jas Lee, No 5. All fees allowed as per transcript.

MARRIAGE LICENSES. License to wed was issued September 10th, to John D Rossler, aged 32 years, and Johanna Hydebecke, aged 27 years.

REEDVILLE NOTES. Frank Swan, who, for the last year, has been superintendent of Mrs. A. H. Johnson's ranch, at this place, left this week for Eastern Oregon, to take charge of a ranch in that section.

It was expected that as soon as the hunting season opened, there would be a rash of hunters from Portland and vicinity to this section in quest of game. But comparatively few have been out. Guess the deer are too smart for them.

Miss Rosa Hayes, of Portland, is visiting her sister, Mrs. D. R. Wheeler.

Threshing in this section is nearing the "wind-up," there being but four or five more farms to thresh.

A party composed of Mrs. S. J. Johnson, Misses Mary A. Johnson, Mattie Johnson, Lettie Johnson, Ada Thing and Mr. Jacques, Masters George and Hattie Johnson left on the 3d for Yamhill (where "The hop vine twined") on a hop-picking and recreation tour. They expect to be gone two or three weeks.

School was resumed last Monday with a very good attendance.

The platform dances, which were so enjoyable, have been postponed for the winter. It is hoped to have a thing will see fit to resume them next summer.

MR. AND MRS. BEAMISH. Card of Thanks. We, the undersigned, wish to thank our many friends, and especially the Knights of Pythians for their kindness during the illness and death of our beloved son.

OREGON WEATHER REPORT.

WESTERN OREGON.

Weather.—Cooler weather, with showers, prevailed the forepart of the week, while the latter part was fair and warmer. The maximum temperature for the week ranged from 60 to 75 degrees, being from 4 to 5 degrees lower than the preceding week; the minimum temperature ranged from 40 to 64 degrees, which was from 6 to 10 degrees lower than the preceding week. Thursday and Friday mornings, the 5th and 6th inst., were the coolest so far this autumn, and light frost occurred in the more exposed and elevated locations. The showers continued to Thursday noon and again on Sunday morning, but the showers were light, but the air was moist and all the moisture was absorbed by the dry vegetation. The showers were generally except to the south of the algalpa mountains and east of the Coast range, where there has been none since the 2d inst. The atmosphere has been almost entirely cleared of smoke.

Crops.—The showers during the fore part of last week interfered materially with hop picking and delayed that work several days; the moist air, being favorable to activity among the hop lice; the lice spread considerably and were numerous in many yards at the close of the week. Hop picking is now favorable. Some yards will not be picked, owing in cases to the lice, but more especially to the want of pickers. The weather throughout the growing season has been favorable to the growth of hops. Grain harvest is entirely over.

The sacker wheat has been mostly put under cover; in the district irrigated the cutting of the third crop of alfalfa is in progress; in sections of the coast counties the second crop of clover is being cut.

Fruit drying continues. The fruit is ripening nicely and the fruitraisers find their fruit in good condition for drying. Peaches, pears and plums continue to be shipped in train-load quantities to the latter varieties of fruit.

The rains were beneficial to the grass and to the corn. The potatoes were only slightly benefited by the rains; the potato vines are a rule dead and further rain will not benefit them.

Many farmers are now awaiting the coming of the rain in order to commence their fall plowing.

The atmospheric conditions are gradually assuming their winter type, and though a period of fair weather is now probable, yet frequent showery conditions are possible.

EASTERN OREGON.

Weather.—Heavy frosts occurred about the middle of the week, and the interior counties Friday and Saturday mornings last; the temperature fell to the freezing point at Baker City. The maximum temperature ranged from 58 to 76 degrees, which was from 10 to 12 degrees below those of the preceding week; the minimum temperature ranged from 32 to 56 degrees, which was from 8 to 14 degrees below those of the week previous. General rains occurred on the 3d, 4th, 5th and 6th, during the afternoon and evening of the 5th. The rainfall amounted to from one-quarter to nearly an inch.

Crops.—Much threatening weather with heavy rain prevailed recently, farmers are beginning to realize the importance of securing the crops. Some snow has fallen on the mountains and frosts have occurred in exposed places. There has not been sufficient rain to retard the progress in heading and threshing. Heading is being completed in many sections, and there is still much threshing to be done. In Klamath county very little threshing has been done. In that county the grain is comparatively small, but the quality is extra good, the demand not having injured it since irrigation continued largely to its success. In Klamath county the harvest is considered backward, and blackbirds have appeared in large numbers in the fields, doing considerable damage. Threshing is in full operation throughout the Columbia valley counties east to the Walla Walla valley, where it has reached a stage nearly beyond the reach of unfavorable weather. Many graingrowers would appreciate rain by which the soil would be put in condition to plow for reception of the fall seeding. In Wasco county, while the showers were detrimental to threshing interests, all the threshers are again at work. No change of any consequence has taken place in the fruit shipments; they continue large, and the quality continues excellent. The facilities for packing, securing and shipping the fruit crop are better this year. There is a demand for the fruit sufficient to induce great activity among all and the stimulus will be in its future growth. Many persons are turning their attention to drying their fruit. Many have started the drying of plums, but owing to a deficiency of sunshine progress has been slow.

There is a large crop of prunes which are of superior quality. A large dryer has been erected at Cove, Union county, for the drying of prunes. There is also a large crop of apples of good quality. All fruit have done exceedingly well. Since the rain the potatoes have taken a large and the crop is thought to be very good in all sections. There is still an abundance of vegetables, though some were bitten by the frost. Bluegrass on the range has made some growth, though the range still offers little of assistance for stock. Little is being well and melons and squashes are in abundance. Good results are promised from the hops that have been raised in Union county; picking commenced last week; the vines are clean and the product superior. The harvest of alfalfa is about over; some extra quality hay has been secured.

SCHOOL REPORT. The following is a report of the Witeh Hazel school from August 12 to September 6: No. of days taught, 20; No. of days absence, 22; No. of pupils enrolled, 37; average daily attendance, 12. Pupils present absent tardy were: Loren Palmater, Anna Madison, Mable Cummins, Mads Madison, Frank Childs, Marvin Childs and Oesma Madison.

PYTHIAN RESOLUTION. In consideration of the death of Sir Wm. Beamish, a member of Phoenix No. 34, Hillsboro, Oregon, the Sir Knights thereof, in Castle Hall assembled, do

Resolve: I. That, while the Supreme Ruler has ordained that Sir Knight Beamish shall be by death from us divided, we shall ever reverence him as having been a true Pythian Knight.

II. That this order in its Grand Obedience, has lost a strong, willing, efficient worker, and that his absence in our councils can only be consoled by memory of what he hath in the past been to us.

III. That his life of sobriety and industry, and interest in Pythian tenets make him to us doubly dear, and that we commend his life as worthy of emulation.

IV. That we sincerely regret and deplore his untimely demise, and to parents, relatives, and all those to whom he was dear and beloved, we extend our heartfelt sympathy and condolences.

V. That these resolutions be recorded and published and copies distributed; one to the parents and relatives who live in this city, and one to the Grand Keeper or Records and Seal, Domain, Oregon.

FOR SALE OR TRADE. TILLAMOOK DAIRY RANCH. Eighty acres, fenced, house, good barn and 11 good cows. Will trade for small improved farm near Portland. For further particulars address F. C. POLAND, Beaver, Or.

SHERIFF'S SALE ON FORECLOSURE. BY VIRTUE OF AN EXECUTION, do decree and order of sale, issued out of the Circuit Court of the State of Oregon for Washington County, in favor of John W. Shute, and against Theresa Matthe, E. H. Matthe and N. A. Barrett, for the sum of \$11.50, costs, and for the further sum of \$25.00, gold coin, with interest thereon at the rate of 8 per cent per annum, from the 20th day of November, 1894, and for the costs and expenses of sale and of said writ.

Now, therefore, by virtue and in pursuance of said writ, decree and order of sale, I will, on Monday, the 23d day of September, 1895, at the south door of the Court House, in Hillsboro, Washington County, Oregon, at the hour of 10:30 o'clock a. m. of said day, sell at public auction to the highest bidder for cash, the following described real property, to-wit: The south-west quarter of the northeast quarter, and the southeast quarter of the north-west quarter of section 32, T. 3 N. R. 3 W. of the Willamette meridian, containing 80 acres, all situate in Washington County, Oregon, to satisfy the hereinbefore named sums, and for the costs and expenses of said sale.

Said property will be sold subject to redemption, as per statute of Oregon. Witness my hand this 21st day of August, 1895. H. F. FORD, Sheriff of Washington County, Oregon. By W. D. BRADSHAW, Deputy.

There is no doubt, no failure, when you take De Witt's Cholera & Cholera Cure. It is pleasant, acts promptly, no bad after effects. W. E. Brock.

AYER'S SARSAPARILLA. THE ONLY WORLD'S FAIR CHICAGO 1893. Why Was It that Ayer's Sarsaparilla, out of the great number of similar preparations manufactured throughout the world, was the only medicine of the kind admitted at the World's Fair, Chicago? And why was it that, in spite of the united efforts of the manufacturers of other preparations, the decision of the World's Fair Directors was unrevoked? BECAUSE According to Rules 15—"Articles that are in any way dangerous or offensive, also patent medicines, nostrums, and empirical preparations, whose ingredients are concealed, will not be admitted to the Exposition," and, therefore— Ayer's Sarsaparilla is not a patent medicine, not a nostrum, and not a secret preparation. Because its proprietors had nothing to conceal when questioned as to the formula from which it is compounded. Because it is that it is claimed to be a Compound Concentrated Extract of Sarsaparilla, and in every sense, worthy the endorsement of this most important committee, called together for passing upon the manufactured products of the entire world. Ayer's Sarsaparilla. Admitted for Exhibition at the World's Fair, Chicago, 1893.
