much force may be used? Here, again, the rule of common law dictates. No more force is to be employed than is necessary to accomindividual is justified in using cruel said of a nation.

Further, the nations recognize the subjects and citizens a good governnations are beginning to advance the doctrine and exercise it, that they have a right to interfere and compel land and the continental powers in interfering in the domestic affairs of armed expedition, enforce the rule tance of Turkey from England. press its subjects in the matter of taxation, and neighboring powers will not interfere, but when human life is sacrificed a protest will quickly be entered. But when a people rebel because of bad government in the oppressed and will urge reforms. Now, this is just what has happened

in Cuba. The Spanish government has so badly administered oppressive laws in Cuba that its people can no longer endure them and they have rebelled. The United States, unoffiand thus cement a lasting peace. state of Oregon, is hereby called, to the right to crush the revolt by force meet in the city of Albany on Tues- of arms. This, she certainly has the presidents and secretaries of state a child lest Saturday. It was buried day, April 7, 1896, at 3 p. m., for the right to do, but it must be effected during prior insurrections in Cuba. Sunday. for congress and two delegates to the the law coming to be universally which he dealt with the question of national convention. The convention will consist of 122 delegates, to be chosen by the several counties, as be chosen by the several counties, as robbers, to be shot, hung, butchered, as they are apprehended. The gov-

emphasized by the recall of Compos, a humane commander, and the appointment of Weyler, a man who has already, in former campaigns, earned the reputation of butcher. Because of this refusal of Spain to first insure good government to its subjects in Caba, and second, to treat the insurgents captured in battle as prisoners of war, the United States is taking steps looking to the recognition of belligerent rights for the insurgents. These rights ensure prisoners the protection accorded by prisoners the protection accorded by civilized nations at war with each of a state of things which rightly or day state for the arm of a state of things which rightly or garns, thereby aiding nature in the gerformance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find as an unfriendly act and a gratuitions demonstration of moral support to the resolution.

EXEAL ESTATE TRANSACTIONS.

Which is a large of affairs in Cuba justifies any change in the attitude of the government. Its function is to act and to express feeling. The only action now proper is to continue to hold It is understood that the administration does not think the present staking steps looking to the recognition of belligerent rights for the insurgents. These rights ensure prisoners the protection accorded by civilized nations at war with each other, and will ultimately lead to the recognition of the independence of Cuba. Belligerent rights and independence are not recognized till the insurgents show by numbers and by success that they have established a regular form of government which they are successfully maintaining. This the Cubans have done. Of course, the American republic will be sooner influenced than monarchial in prisoners of war, the United States is tration does not think the present stage of affairs in Cuba justifies any change in the attitude of the government. Its function is to act and to express feeling. The only action now proper is to continue to hold responsible for injury to American citizens the only government, so far as appears, that has, and maintains authority in Cuba, until some other government succeeds, at least temporarity, in supplanting it.
