HAVE YOU USED

BUTTER PARCHMENT?

All gilt-edged butter put on the market by creameties is wrapped in paper.
The product of the private dairy would reach its market in much better condition if wrapped in Butter Parchment than it does when wrapped in cloth.

Parchment is not only better than cloth, but cheaper.
Cloth sells at 6 cents per yard, from which 27 sheets can be cut—27 Parehment wrappers cost 3½ ceats.

500 Sheets, 8x13, 60 cts

The standard size for 2-pound rolls is 8x11 inches; 2-pound blocks are wrapped in the 8x13 size.
One reason why paper has not been generally used heretofore, farmers could not get it at the general store. It is now kept at the Independent office cut to any size wanted.
