This meeting occurs just before the State fair and it is very probable that it will occur about the last week of good summer weather. The state meeting is late and is liable to get a wetting from the fall rains.

On Wednesday, July 1, John J. Beetschur aged 69 years 10 months died suddenly in his hayfield out beyond Bethany. The main part of the meadow had been cut, but there remained standing a swath around the outside by the fence. The force went out after supper to finish, the young men cutting one way and the old gentleman another. The youngsters had finished their bout and looked for the elder man who was nowhere to be seen. This striking them as strange they followed along his swath and soon found him lying on the ground, dead. The cause was doubtless heart paralysis.

Mr. Frank Kelso who lives on the Tualatin river by the Minto bridge met with an accident on Friday evening last which has cost him an eye even if his life is saved. Frank is a beginner on a bicycle and was using the long bridge as a riding course. The bridge is undergoing repairs and is yet in the hands of the mechanics. At the date of the accident the floor was laid but the railing was not on. Not being an expert rider, when his wheel got pointed to the side of the bridge the peril seemed to paralyze him so that he rushed on the very danger he desired to escape. He pitched over the side of the bridge and fell a distance of about 30 feet striking on the bank of the river among brush and logs, in such a manner that the bones on the right side of his head and cheek were crushed and mangled in a frightful manner. The right eye was torn from its socket and hung down on the cheek. The fall was witnessed by both his wife and a neighbor who hastened to him. He was picked up insensible and taken to the house. Dr. Linklater was at once summoned who taking Dr. F. A. Baily with him hastened to the young man's assistance. What was possible was done, but the hurt was so bad that on Wednesday last, the eyeball was removed to prevent sympathetic inflamation of the other one. Mr. Kelso is a member of the K. P. lodge of this place and was brought to town on Monday where the brethren could the better nurse him. While the patient seems better, he is not out of danger.

At 11 o'clock yesterday forenoon a messenger from Greenville summoned Dr. Linklater to attend a young girl of Mr. Stewarts family. The child is very active and fond of climbing. She was in the barn and got a fall. She struck a knot or a nail which cut through the right eyiball letting the contents of that organ discharge on her cheek. A great wound was made on the bridge of the nose. when she was found insensible iyingon the barn floor.

Sheriff Bradford has leased for a term of two years the residence belonging to Dr. Linklater on the opposite side of the street from the County jail. The house was former ly occupied by W. E Brock but last by Mr. Johnson. The latter named gentleman has moved into the residence on the same block recently ocuyied by Dr. C. B. Brown.

Harry Gault, who occupied the wagon that rolled out of town about two o'clock on Monday morning last. They took the Wilson river road to Tillamook where they will fish and rusticate for a fortnight.

About six weeks ago, a sorrel mare, 4 years old, 15 hands high, with white face and three white feet disappeared from the pasture of Hon. T. H. Tongue. It is thought she has strayed away. A liberal reward will be given for her return to Hillsboro or for information leading to her recovery.

Col. A. M. Collins, who was suddenly ill on the camp ground at the Veterans reunion, Forest Grove has recovered his usual health. The attack was not so serious as it was at one time feared.

Farmers finish clover hay harvest this week. The crop has been good and never before was mowed away in as good condition. Not a drop of rain fell during haying. Timothy comes next.

WASHINGTON COUNTY SPEED AND DRIVING ASSOCIATION.

The speed contests on Friday were quite as good as on the two previous days, but the attendance was no better. The first event was a three in five trot for horses in the 2:30 class. L. C. Moshier entered b s Multnomah by Altamont; J. Stump entered ch m Lillian McCarty by Dick Flarity, and E. E. Slatts entered b g De Linn. The horses went at a handsome gait each heat, but the hard work was done in the third when Multnomah put himself in the next lower class. The tabulated result is thus shown:—

Multnomah	3	3	1	3
Lillian McCarty	2	2	3	2
DeLinn	1	1	2	1

Time, 2:30, 2:32; 2:26½; 2:33½.

The third heat as intimated above was interesting because a record had been given to another horse. Multnomah is standard bred and had been showing good colts, some of them being in the 2:25 class, while he himself had been unlucky so that he had no record. W. Moshier. his driver is greatly elated over the performance of his favorite.

The second event was a special trotting, 3 and 5. Three horses started. Here is the result.

Nalox	3	3	2
Tenino	2	2	3
Winnella	1	1	1

Time 2:33; 2:31½; 2:32½.

In the ½mile running dash that followed, T. H. Tongue entered b m Laurette by Glen Dudley. H. F. Currin entered b m Cricket by Woodbury and H. F. Currin entered gr m Lizzie Potter. The horses made a pretty rush for fifty seconds, Laurette putting her nose under the wire first followed by Cricket with Lizzie Potter in the rear.

The last race was a mile dash participated in by three horses. R. Morris entered b g Catalog by Cano, C. S. Cardwell of Roseburg entered s g Free Coinage by Three Cheers and J. W. Doughty entered Linda C breeding unknown. The heat was won by Free Coinage, Catalog second, and Linda C third. Time 1:46

Saturday the fourth day of the meeting and Independence day was clear and warm though not uncomfortably hot. The crowd was larger than the days before, but not equal to what had been hoped, nor equal to what the sport merited. The horses were in fine condition and made excellent time.

The first contest was between trotters of the 2:18 class. L. P. Quimby entered b s Phalmont boy, by Phalmont. McKnight Bros, entered b m Flora G, pedigree not given and O.J. Smith entered b s Malheur by Altamont. The horses got a good start and made the first half in 1:12 Phalmont boy and the mare trotting side by side, but on the third quarter Flora cast a shoe which compelled her to come in third. On the second heat Flora led to the half in 1:11 but again cast a shoe. The performance of the horses was magnificent as long as the shoes stayed on, but there was a suspicion that there was a studied economy in nails. At any rate the mares feet were not properly protected either by reason of defective workmanship or poor material. The result tabulates thus:

Phalmont boy	1	1	1
Flora G	3	3	3
Maheur	2	2	2

2:25; 2:26¼; 2:26¼;

For the 2:30 pace C Allen entered ch m Mazourka, by Marook er, M. Palmateer entered b m Kate Bender by Altamont and O. J. Smith entered b m Nettie Whipple by Malheur. Mazourka and Kate were quite evenly matched and the last furlong had to be paced before the winner could be named. The graphic history of the races is thus recorded.

Mazourka	2	2	2
Kate Bender	1	1	1
Nettie Whipple	3	3	3

Time 2:34½; 2:30; 2:30.

At this point in the program one of the most pleasant incidents of the meeting occurred. I. C. Mosier drove Coeur d' Alene on the track before the grand stand for exhibition. The bright bay stallion is a beautiful animal that holds the 2-yr old record of the Northwest. His gait is perfection and as he was speeded over the last quarter for exhibition his motion was as regular as the cranks and piston rods of a locomotive. In this exhibition he trotted the quarter in 34 seconds which is a 2:16 gait, and this too over a part of the course which is slow, being over an ascending grade In driving over the reverse way of the track the horse paced, showing the same speed as when trotting. This performance, trotting up and pacing back was done without hobbles. Coeur d' Alene's colts are showing the same speed as their sire and Mr. Mosier's vanity is pardonable. The horse was not entered for any of the races for the reason there was no match for him on the ground.

The last event of the day and race was a ½mile dash for runners. P. Mauzee entered Argo by Sam Tipton H. F. Currier, entered b s Broadie by Sam Howard and T. H. Tongue enteren b m Laurette by Glen Dudley. The Kentucky sires worth was again demonstrated when the mare led he competitors under the wire in 37 seconds. Argo, the favorite, followed while Broadie took the dust.

The hurdle race did not materialize for the reason that the entries made were, horses from the same stable.

Judge Nesmith on behalf of the Association, thanked the crowd for their attendance and patronage and announced that the first meeting of the Association was closed.

WEEKLY CLIMATE AND CROP BULLETIN.

The weekly bulletin from the weather forecast station at Portland puts out this report of the crop prospect for the Willamette valley, dated Tuesday morning July 7th:

Crop—The warm, dry weather has been unfavorable to late sown grains and gardens. Fall and winter sown grain withstand the warm dry weather though it, too, would be benefited by rain, for it would allow the heads to fill better. The late sown grain is in fair condition while that sown after the middle of May is in very poor condition. The dry weather is not favorable to the berry crop, though the crop is in good condition, and very prolific. Corn is growing finely; it, too, would be benefited by rain. The weather is fine for haying and the hay crop is being harvested in good form the late spring rain produced a heavy crop, and many fields of clover hay are yielding five tons to the acre. Wheat and oat hay are also heavy, as well as timothy, orchard grass and cheat hay.

Fruit—There is no improvement to note in the fruit prospects. Strawberries are yet very pleatiful, though they are gradually being picked. Cherries are ripe; the early varities are about all gone and the later ones are now in the markets; raspberries, gooseberries, and currants are plentiful, and blackberries will be plentiful. Grapes are past their fall bloom and the fruit is now set. All vineyardists report their grapes free from injury from the weather or other causes.

Hops are growing rapidly, and in those yards that have been well attended to they are very fine. Hop lice have made their appearance, especially in those yards not well taken care of.

Sheep shearing is finished and the wool is being carried to the warehouse.

Garden truck has made good growth except during the past week vegetables have not grown owing to the absence of moisture; where irrigated they are fine.

The season has been so far, favorable to hay fall and winter sown grain, to vegetables and berries; it has been unfavorable to late-sown spring grain, and to many varieties of fruit. The season has been favorable to hydraulic mining and lumbering.

There are no conditions present today that indicate the material change from the current weather. Rain from thunder storms is probable, but otherwise there is little hope for rain.

MASS CONVENTION.

The bimetalists massed here last Monday in responce to a call, to select delegates to the state convention, now in session at McMinnville. The mass was not large, there being thirty present. The convention was called to order at 11 o'clock a. m. and organized by electing H. B. Luce, chairman and Lincoln Laughlin secretary. A committee on order of business was appointed and another on resolutions. The convention then took a recess till in the afternoon.

At two o'clock the "mass" was again called to order. The committee on order of buisness reported, recommending that twelve delegates be chosen to attend the McMinnville convention—six from the populist party, three from the democratic party, and three silver republicans, and that eight alternates be chosen. Four populists, two democrats and two republicans. The report of the committee was adopted; ayes, 5; nays, none.

The committee on resolutions reported as follows:

Whereas the greatest question before the American people today is the question of finance, and whereas a portion of the two old parties are waging an aggressive warfare on silver and are forcing a fight on the money question by declaring for the single gold standard.

Therefore we declare that it is the sense of this convention that the great need of the hour is the union of all the reform forces in America to the end that the gold power may be defeated in the coming presidential election.

Res. that we are in favor of the free coinage of both silver and gold at the present ratio of 16 to 1 regardless of any other nation and that all money used by the United States should be primary money and a full legal tender for all debts of the United States both public and private.

Res. that we favor direct legislation by the people and that the people should have the right by a majority vote to repeal any laws which they may consider unjust.

Res. that we endorse the declaration of principles adopted by the union bimetallic league.

The resolutions were adopted by a vote of 15 ayes to no nays.

At this point there was a preceptible nervousness about the manner of nominating and electing delegates. On D. M. Dunbar's motion a committee of thee was appointed to nominate twenty-four persons for delegates—12 pops, 6 democrats and 6 republicans. The committee named to cut and dry matter, was Ward Swope, D. M. Dunbar, and Peter Boscow. The committee retired, and while the "mass" waited, Lt. W. H. H. Myers and Perrine made speeches.

The nominating committee made its report, which was adopted. The election of delegates was then in order; names to be selected from the list. A motion was made to elect the first 6 on the populist list of 12. This would leave out a name of one delegate living in the North part of Columbia precinct. This delegate had a friend in the convention, who made serious objection to that way of proceedure. The confusion was on, but after much effort the 12 delegates to the McMinnville convention were named—populists, J. C. Hare, H. B. Luce, J. F. Hainey, Lincoln Laughlin, Ward Swope, and J. C. Miller, 6; Alternates, E. H. Jeter, L. A. Rood, R. O. Stevenson, and Jabz Wilkes, 4; Democrats, Dr. Ward, M. H. Lowrey, and Wm. Schulmerich, 3; Alternates, H. Hamilton, and Peter Boscow; Republicans, D. M. Dunbar, A. Hinman, and James Sewell, 3; Alternates Wm. Langley, and J. P. Aplin. This concluded the buisness of the mass, whereupon it disolved.

If you are not willing to sell at a bargain, I can do nothing with you. I must have bargains in order to hold my customers. Come and give me a contract. It will be of little use for you to write—come in person—or if you do write, inclose stamp for reply. My clients are coming and I want to have contracts to lay before them upon their arrival. I don't want to whittle after they get here. 5-9 W. H. RUCKER, Hillsboro.

HAVE YOU USED
BUTTER PARCHMENT?

All gilt-edged butter put on the market by creameries is wrapped in paper. The product of the private dairy would reach its market in much better condition if wrapped in Butter Parchment than it does when wrapped in cloth. Parchment is not only better than cloth, but cheaper. Cloth sells at 6 cents per yard, from which 27 sheets can be cut—27 Parchment wrappers cost 3¼ cents.

500 Sheets, 8x11, - 55 cts
500 Sheets, 8x13, - 60 cts

The standard size for 2-pound rolls is 8x11 inches; 2-pound blocks are wrapped in the 8x13 size. One reason why paper has not been generally used heretofore, farmers could not get it at the general store. It is now kept at the Independent office cut to any size wanted.
