Vanderberg the populist has served a notice of contest on Congressman-elect Tongue charging election frauds in all the counties in the district. The complaint covers 35 pages of type written manuscript and brings the most charges against the methods of Coos county where the populists have been in control for the past four years. The complaint asks that all votes in those precincts which gave a majority for Tongue be thrown out and that the votes be recounted in those precincts which gave a majority for Vanderburg. Thus the vote of the Hillsboro and Forest Grove precinct would be rejected as fraudulent. The fraud seems to be that the votes were cast for Tongue rather than for Vanderberg. The contest will be tried at Washington, D. C., before the House election committee. Mr. Tongue is not at all nervous over it and his friends regards is as a scheme to give Vanderberg a junket to Washington.

An entertainment outside the usual order of theatrical affairs will be given at tha Opera house, Monday and Tuesday evenings August 3rd and 4th, when Prof. Bristol's famous school of educated horses appear. These wonderful animals have met with the greatest popular success for several years in all the large cities of the East, this being their first visit to Oregon. They do not perform the usual tricks done by horses in a circus ring, but are taught feats never before attempted, which they accomplish with astonishing perfection. There will be a matinee session Tuesday afternoon at 2:30 o'clock, when all the little children are given a pony ride. Prices of admission are 25 and 50 cents, at the matinee Tuesday 25 and 35 cents, with children's tickets 15 cents. A recent issue of the Seattle Post says: The very large crowd that filled the Seattle theatre last night witnessed a performance that everyone admired and enjoyed. Trained horses have been seen before, but at no time such a collection of intelligent animals as Prof. Bristol introduced upon the stage last night. There were dignified horses that one could not fail to suspect of thinking, and there was a mule so naturally comical and mischevious that his drolleries produced roars of laughter and applause of both of which he seemed to have an appreciation. There is a great deal of the exeellence of the entertainment due to the manner and method of Prof. Bristol. He rarely commands one of his animals, or even looks at him, but keeps up a running conversation with the spectator and his animals the latter meanwhile going through with their performance. A black board is brought in and a handsome horse walks out and sponges off the figures written upon it. Then the horse Sultan is examined in mental arithmetic, the audience giving simple problems in addition, subtraction and division, every one of which he answers correctly.

The offerings will be received by the Washington County Immigration Board, W. D. Wood, Sec. The S. P. Co. will carry all articles to Portland free. There the contribution from this county will be put with the state exhibit and forwarded to St. Paul. But this must be done before the 22nd of August. The car leaves Portland on the 23rd.

DIED.

HUGHES—In Hillsboro, Sunday, July 26th, of Cholera infantum, Gladys Marie, youngest daughter of E. C. and Mollie Hughes, aged 2 years, 2 mo's and 7 days.

The funeral services were conducted at the residence of the mother in Hillsboro after which the remains were taken to the Forest Grove cemetery for burial.

Why do they come? These little ones who enter our homes through the gateway of suffering; lingering but a short while; uttering no word of language, smiling in mysterious silence, and yet speaking eloquently all the while of the beauty of Heaven.

It is hard to answer all these questions of the tortured heart, and yet these little wanderers from a celestial home, come and go because of the great goodness of God.

It is an inestimable blessing to have been the parent of a child who has the stamp of Heaven on its brow to hold it in our arms, to gaze fondly into its little upturned face, to minister to its wants, and then give it back to God with the thought that in Heaven as on earth it is still our child, one of the blessings God has given us.

Such thoughts as these quicken the heart of the parent, carries them out beyond time and space and gives them a hold on the unseen.

Oh, poor mortal Œdipus! vainly striving to unravel the hopeless tangle of the mystery of mysteries. Wait till the clouds of this earthly atmosphere shall have cleared away before the sunrise of your immortality and in the unending light of Heaven, all will be made plain. And to the "whys" and "wherefores" that pathetic appeal which rises daily from the lips of the weary, perplexed and broken-hearted ones of earth, God will give the answer.

Ice Cream Made by a New Process.

I have an ice cream Freezer that will freeze cream instantly. The cream is put into the freezer and comes out instantly, smooth and perfectly frozen. This astonishes people and they will gather to see the freezer in operation and they will all want to try the cream. You can sell cream as fast it can be made and sell freezers to many of them who would not buy an old style freezer. It is really a curiosity and you can sell from $5 to $8 worth of cream and six to twelve freezers every day. This makes a good profit these hard times and is a pleasant employment. J. F. Casey & Co., 1143 St. Charles St., St Louis, Mo., will send full particulars in regard to this new invention on application and employ will good salesmenon salary.

Many a day's work is lost by sick headache, caused by indigestion and stomach troubles. DeWitt's Little Early Risers are the most effectual pill for overcoming such difficulties. W. E. Brock.

WILL CIVILIZATION INTERFERE.

A dispatch from Constantinople of July 24th says the latest news received is that the prosperous villages around Van have been destroyed and every male over 8 years of age has been killed. The total killed is placed at 12,000.—News report.

How long will civilization permit this slaughter? If treaty relations between Russia and Turkey are such that England fears to interfere then let England, United States, Germany, Italy, Austria and Japan unite to bring Russia to terms. If France wants a taste of the pie, give her a liberal piece.

If you have ever seen a little child in the agony of summer complaint you can realize the danger of the trouble and appreciate the value of instantaneous relief always afforded by DeWitt,s Colic and Cholera Cure. For dysentery and diarrhoea it is a reliable remedy. We could not afford to recommend this a cure unless it were a cure. W. E. Brock.

Condensed Testimony.

Chas. B. Hood, Broker and Manufacturer's Agent, Columbus Ohio, certifies that Dr. King's New Discovery has no equal as a cough remedy. J. L. Brown, Prop. St. James Hotel, Ft. Wayne, Ind., testifies that the was cured of a cough of two years standing, caused by Dr. King's New Discovery. B. F. Merrill, Baldwinsville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any docter, because it always cures. Mrs Hemming, 222 E. 25th St. Chicago, always keeps it at hand and has no fear of Croup, because it instantly relieves. Free Trials Bottles at Hillsboro Pharmacy.

A Great Chance to Make Money.

I want to tell you of my wonderful success. Being a poor girl and needing money badly, I tried the dish washer business and have cleared $200 every month. It is more money than I ever had before and I can't help telling you about it, for I believe any person can do as well as I have if they will only try. Dish washers sell on sight; every lady wants one. The Mound City Dish washer Co. St. Louis, Mo., will give you necessary instructions, so you can go to work at once. The dish washer does splendid work; you can wash and dry the dishes in two or three minutes without putting your hands in the water at all. Try this business and let us know how you succeed. ELIZABETH C.

Don't trifle away time when you have cholera morbus or diarrhœa. Fight them in the beginning with DeWitt's Colic and Cholera Cure. You don't have to wait for results, they are instantaneous and it leaves the bowels in a healthly condition. W. E. Brock.

A Chance to Make Money.

I have berries, grapes and peaches, a year old, fresh as when picked. I use the California Cool process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh, and costs almost nothing; can put up a bushel in ten minutes. Last week I sold directions to over 120 families; anyone will pay a dollar for directions, when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident any one can make one or two hundred dollars round home in a few days. I will mail samples of fruit and complete directions, to any of your readers, for eighteen two-cent stamps, which is the only actual cost of the samples, postage, etc., to me.

Your Boy Wont Live a Month.

So Mr. Gillman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy wont live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to Dr. King's New Discovery, and knows it to be the best remedy in the world for lung trouble. Trial bottles free at Hillsboro Pharmacy.

Tamany Hall, New York, elects to support the Altgeld democracy. Arrangements are making to ratify Bryan's nomination. This is not surprising. There are bonds uniting corrupt Tamany with Altgeld democracy.

It dosen't matter much whether sick headache, billousness, indigestion and constipation are caused by neglect or by unavoidable circumstances; DeWitt's Little Early Risers will speedily cure them all. W. E. Brock.

40 Years the Standard.

Of the 60 horses offered at the Dalles to William Frazier, who is buying for the United States cavalry, only five were selected. This fac leads to the enquiry for the reason there are no cavalry horses in the country. Our breeders might find a market for some horses if they will only raise suitable animals. Saddle horses are those wanted, and it is possible that a mistake has been made in abandoning the thoroughbreds and adopting the trotters.

Where Total Eclipses Are Rare.

It is a fact well known to astronomers that the average number of total and partial eclipses in any one year is four; that the maximum is seven and the minimum two. Where only two occur they are always both of the sun. There are a great many more eclipses of the sun in the course of a year or 100 years than there are of the moon; this fact notwithstanding, however, London, the metropolis of the world, seems to be a place where such obstructions of the sun's light seldom occur.—St. Louis Republic.

A French Feast of Lanterns.

One of the quaintest of the numerous yearly fetes still in honor at Dunkirk is the fete of lanterns, instituted many hundreds of years ago in honor of St. Martin, bishop of Tours, who died in 396, and who was one of the prelates by whose efforts the early inhabitants of these parts were converted to Christianity. As soon as dusk sets in the celebration commences, and all the urchins of the town congregate in the main thoroughfares. Each one bears a paper lantern, some of which are of considerable proportions, being shaped in the form of a ship or a flower. With lanterns in hand, and blowing lustily on horns and trumpets, the crowd of youngsters parades the streets.—London News.

HAVE YOU USED BUTTER PARCHMENT?

All gilt-edged butter put on the market by creameries is wrapped in paper. The product of the private dairy would reach its market in much better condition if wrapped in Butter Parchment than it does when wrapped in cloth. Parchment is not only better than cloth, but cheaper.

Cloth sells at 6 cents per yard, from which 27 sheets can be cut—27 Parchment wrappers cost 3¼ cents.

500 Sheets, 8x11, - 55 cts
500 Sheets, 8x13, - 60 cts

The standard size for 2-pound rolls is 8x11 inches; 2-pound blocks are wrapped in the 8x13 size.

One reason why paper has not been generally used heretofore, farmers could not get it at the general store. It is now kept at the Independent office cut to any size wanted.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damages they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Chenney & Co. Testimonials free.

Sold by druggists, price 75c per bottle.

The New Hook Spoon Free to All.

I read in the Christian Standard that Miss A. M. Fritz, Station A., St. Louis, Mo., would give an elegant planted hook spoon to anyone sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made $13 in two hours, taking orders for the spoon. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first inventended. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home. Very truly,
