An immense cave was discovered in a field near Pine Grove Pa., the day before Christmas, reports a correspondent to the St. Louis Globe-Democrat. The discovery was accidental, and came so suddenly that a large plow horse was precipited several hundred fills the orchard, and so heavy that once rose to within 18 feet of the part of the wound, which proved to feet into the cavern, where it was dashed to death on a projecting ledge

Wednesday Boston Cambell was out in a field near his home, He had a two horse team with him, and was working hard to finish the field before dark. About 4 o'clock in the afternoon, when he was driving his team directly through the center of the field he felt a violent pulling on the reins. Looking up to see what was wrong with the team he was struck dumb with fear to find his horses missing. One of them could be seen tearing madly across the fields, but the other has always made it such an exciting Bellinger allowed a bench warrant, of the ulnar nerve was cut out and one was no where in sight. While occupation. Hitherto the whale has and the contemptuous fellow will the two healthy portions were united Campbell stood looking in amazeof a rabit so as to fill up the gap and which was lying at his feet also disap-

lowered into the dark recesses. Over edges of the wound were brought to- 200 feet of rope had been let out begether, the usual dressings applied, fore Morrison could find a firm footing. Here found the horse lying dead on an immense ledge of rock, which proved to be but a spur projecting out from the side of the cave. Morrison gave the signal again to ber-covered wood, otherwise the har-institutions, in executive, legislative, on the front side of the first section of lower him, but after going 50 feet commissions, and all departments of the thumb, as well as at the root of he had to be hauled back without

A man was up before the judge finger and in the second finger up to the judge was so struck by the loke
