G. N. Hale, west of town is busy with his grubs. He is removing the stumps and roots from a five acre lot which will be added to his tillable fields this spring.

It is found on digging into the potato fields that the frost of last November did much damage to the crop. From a half to two thirds of the potatoes were frozed.

President Thos. McClelland of Pacific University has returned from the East. He hopes now to be able to remain at home at least till the school year closes in June.

There is no place in town where candies can be had equal to those at Brock's. He does not have a monopoly, but has the good taste to cater to his patrons no as one else is doing.

Wm. Mohr makes boots at his shop on Second street, Hillsboro, for $5.50 per pair, sewed shoes for $5, and gives special attention to repairing. He uses only first-grade stock which enables him to guarantee his work.

The heavy rain, Tuesday afternoon and night was followed by a chinook wind which brought balm to the climate. The breeze was a melter to to the plains of Eastern Oregon when leaguos of grazing land have been bared for range stock.

The cheap rates of $12 cabin and $6 steerage, including meals and berth, are still in effect on the O. R. & N. Co's steamers, from Portland to San Francisco. Steamers leave Portland every five days. For further particulars see J. I. Knight, Hillsboro.

The Registrar of Amherst College writes that one of the Forest Grove boys has taken the highest rank in chemistry of any man in that institution. The official takes occasion to remark that it speaks well for the department of chemistry at Forest Grove.

The personal property belonging to the estate of Wm. Mauzey, deceased, will be sold at private sale. Those desiring to purchase can obtain particulars by enquiring of J. A. Imbrie, executors, at the county clerk's office or on the farm, six miles northeast of Hillsboro.

Next Sunday morning, at the Congregational church, services will be held at 11 o'clock, the subject of discussion being "The Modes of Men and their effect on character." Sunday school at 11 o'clock a. m., Christain Endeavor at 6:30 p. m. and the reading continued of the serial story "In His name."

Why suffer with coughs, colds and la grippe when Laxative Bromo Quinine will cure you in one day. Does not produce the ringing in the head like sulphate of quinine. Put up in tablets convenient for taking. Guaranteed to cure or money refunded. Price 25 cts. For sale by the Delta.

Special Sale for renewing stock before holidays—Till Nov. 28th I will offer a discount of 20 per cent for amounts of one dollar and upwards on clocks, watches, jewelery, music and opticle goods. Also I am prepared to make and fit all kinds of rings and sets to order. Work done promptly. Wood taken in trade, Yours truly, L. V. Berckmoes, jeweler, Hillsbore Oregon.

The S. P. Company has not taken off the flying train between Portland an1 San Francisco, nor have the standard rates been established. Including berths, the tickets for Pullman standard sleepers are $21 and for Pullman tourist sleepers $14. A train starts every five days, leaving Portland at 10 p. m. The next trains leave Portland Sunday, January 17.

Representative Hudson is not silently sitting in his chair at Salem, as the following paragraph from a paper of that place testifies: "Mr. Hudson, the bright young republidan from Washington county, raised a cheer yesterday morning by declaring that he did not lay all the blame for delay and filibustering upon the shoulders of the populist and democratic members, but it must be shared by the republicans who are assisting them in it. He called upon the five members of the Multnomah delegation who have stayed out to account for themselves.„

Everitt, of the Delta had a hearty laugh this week, indeed he yet enjoys great merriment and this is what provokes it. He was behind his prescription case when two boys idled up to a counter. They saw no one and evidently thought the drug store was taking care of itself. It was, too, but they did not just then realize how, Everitt saw the urchins stealthily slip several sample packages of Cascurets into their pockets. Now these Casevrets is a kind of candy whose medicinal use is for the cure of constipation. By themselves, those same boys were delighted with the pleasant sweet of their "find." But the next day, "Oh, dear" and that is what makes Miles laugh and the boys press on the stomach with their hands. They "found" too much.

H. S. Shuster photographer here in Hillsboro was arrested in Portland on Wednesday charged with sweating gold coins. His plan was to drop new double eagles in nitro muriatic acid which readily attacks gold. Thus a thin shaving of the precious metal was disolved and held in solution by the acid. The coin would be a little thinner but among the common people it would pass. The thin coin would buy silver, and the silver would buy new coins. Thus the endless chain turned. Shuster had five twenties in his purse when arrested. He had arroused suspicion in Hillsboro and doubtless went to East Portland to get in a larger field. When arrested he admitted that he had been engaged in sweating, and that he precipitated the gold from the acid solution and thus obtained profit. The pedalty for the offense is one to ten years in the penitentiary and a $10,000 fine.

Mr. L. E. Wilkes has just received lesters patent bearing date January 12th, 1897, for record typewriter with his machine typewritten records can be made in bound books. Inventions had already been made to do the same work, but they would not satisfactory since either the machins or the book had to move. By Mr. Wilkes' invention both the machine and book are stationary and only the leaf of the book moves. Mr. Wilkes' idea is a valuable one and bound to come into general use. It is thought the machine can be manufactured and sold for $150, at which figure all recording offices can afford to buy—indeed the book-keeper in merchantile houses and in banks will adopt them.

A meeting of the land surveyors of the state were held in the Surveyor's office in Multnomah county last Monday afternoon to study L. E. Wilkes' bill regulating the duties and privileges of land surveyors. Mr. Wilkes has been engaged upon such a bill for some time and has received many words of commendation from those surveyors who have seen his bill. In his bill, Mr. Wilkes proposes to have all land surveyors examined and licensed the same as teachers in the public schools now are. Then all work done by them is to be equal respect as that of the County surveyor, but that officer is to have charge of all the records pertaining to the office. Altogether the legislation asked will not only be of advantage to the Surveyors but to the *public generally.*

Notices are up for a special school meeting to occur January 30th to consider how much special tax will be levied in District No. 7, Hillsboro, to run a 9 months' school. The meeting will be held in the school house at 2 o'clock p. m. This year we have but 6 months' school. Can we afford it?

Mr. J. H. Thatcher, of the Oregon Telephone Company, was in town yesterday in the interest of his company, which desires to install an exchange in town. The canvass had not been completed at the time of seeing him, but it had progressed so far that its success is all but assured.

Post Master Schulmerich is fifty cents short on sweated gold. A few days since he made a remittance in which there were four fives that would not tip the beam at the standard weight. They were stamped "Light" and he got credit for $19.50.

At a meeting of the City Council held last Tuesday evening the tax levy for city purposes was fixed at 8 mills. The valuation of city property is returned at $298,095.00. If all is collected tho levy will produce a revenue of $2,384.

That beautiful row of poplars on the south side of the road through the Ladd & Reed farm Co's property as one approaches Reedville has been cut down. The beauty of that lane is much marred by the cruel woodmen.

Ex-Senator Cogswell, of Lake county, was in the city yesterday visiting with his old school boy friend, Hon. H. V. Gates.

Have you a sweet tooth? Then try Brock's candies. They are unequaled for purity and sweetness.

Brock has added to his trade a line of fine candies. These goods tempt the palate of the most fastidious.

The attendance at the Forest Grove College is ahead of what it was at this time last year.

UP TO DATE SERVICE.

A great many Pacific Coast people when contemplating a trip east and when bringing friends west, know very little about the interior line, and the object of this article is to afford reliable information.

In the first place for good time and service, select a route via St. Paul and Minneapolis, because the lines that way are continuous under one system without any change of cars, and every man from peanut agent up, is a courteous, reliable and experienced officer, ready to aid and protect you in every emergency and capable of making you feel at home and comfortabe during the long journey.

Then see that your ticket reads via the Wisconsin Central Lines because that thoroughfare affords strictly first-class service, and the meals on its dining cars (Always reasonable in price) are equaled by few and excelled by none. Geo. S. Batty. 216 Stark, St., Portland, Or. is General Agent or this company and will cheerfully furnish you a neat and handy calender and full information on the subject of transportation, if addressed or called upon, and any agent will upon application, sell you a ticket over the Wisconsin Central Lines.

THE LECTURE COURSE.

The first of a course of lectures arranged for by Prof. Stanley, of the public school, was delivered at the court house last Friday evening.

President Campbell, of the State Normal School, made the first address, followed by Pres. Chapman, of the University of Oregon.

Their subjects were purely educational in character and contained facts of vital importance to every person in our state and nation as well.

Pres. Campbell dwelt more especially upon the education of children, and of the boys and girls until they are ready to enter college. He deprecates the custom of sending young men and young women to college and universities before they are fully prepared to enter those institutions of learning; better to improve the home schools by adding the necessary four year's course after the grammar grade is finished, then they will be ready to enter the higher schools without doing so much preparatory work before they can begin a college course.

Pres. Chapman believes that the safety of our nation lies in "education of the masses and not of the classes;" and gave instances to show that much of the effective work in schools of design and similar institutions is done by the educated son and daughter of the poor man, children from the rank and file of the common people.

In substance, we must educate our boys and girls so that they may be able to study the great problems of the day for themselves and to form correct opinions of the same without the misleading aid of demagogues.

The lectures were most interesting throughout and of a high intellectual character, and the audience showed its appreciation by the close attention given during the entire evening.

The solo of Miss Grace Poe and the choruses by Prof. Werschkull's glee club were excellent and added not a little to the pleasure of the occasion.

After a vote of thanks had been proposed by Senator Huston, chairman, to those who had contributed to the evening's entertainment, the audience adjourned feeling that they had enjoyed a rare educational treat.

The time of the next lecture has not been definitely fixed, though it will be at some date in February.

HAVE YOU USED BUTTER PARCHMENT?

... All gilt-edged butter put on the market by creameries is wrapped in paper.
... The product of the private dairy would reach its market in much better condition if wrapped in Butter Parchment than it does when wrapped in cloth.
... Parchment is not only better than cloth, but cheaper.
... Cloth sells at 6 cents per yard, from which 27 sheets can be cut— 27 Parchment wrappers cost 3¼ cents.

500 Sheets, 8x11, - 55 cts
500 Sheets, 8x13, - - 60 cts

... The standard size for 2-pouud rolls is 8x11 inches; 2-pound blocks are wrapped in the 8x13 size.
... One reason why paper has not been generally used heretofore, farmers could not get it at the general store.
... It is now kept at the Independent office cut to any size wanted.

Fortunes are lost annually,

directly and indirectly, by people who cannot do their own figuring, write their own letters, or keep their own books; and who do not know when business and legal papers which they must handle every day are made out correctly. All these things, and much more, we teach *thoroughly.*

Hundreds of our graduates are in good positions, and there will be openings for hundreds more when times improve. *Now* is the time to prepare for them.
