Mr. Geo. T. Ledford on Tuesday last received the following telegram which made him glad. It also gives pleasure to Mr. Ledford's many friends to know that he is to have it easier hereafter. The dispatch reads: Washington May 18, 1897. Geo. T. Ledford, Hillsboro. Order reducing your pension set aside; You will receive ten dollars a month from time order reducing it was made. Thos. H. Tongue.

Some weeks ago the resolutions adopted by the G. A. R. Post at Roseberg in relation to taking the pensions from the inmates of the soldiers home were published. At a regular meeting of Gen. Ransom Post No. 69, Hillsboro, the same resolutions were unanimously adopted and the adjutant was instructed to send a copy of the resolutions and action taken by the members of the post to the governor of the state.

When a resident of Hillsboro reads an item like the subjoined, he is glad his town is not as some other towns, at least in some respects. It is not dangerous to become that much of a Pharasee; This paragraph is from the M'Minnville Reporter. "The suspension of the band is calling forth a good deal of well founded regret. There no good reason why the band should not be maintained, and there are many good reasons why it should be. But it ought to be done with proper concessions from all porties. A good band is credit to any town. As such it should have all the encouragement and support enterprising citizens are able to give it. In every town where a good band exists it is the spirit of that town to make it a matter of public pride and to give it substantial support. This is especially the case in many Oregon towns, as for instance, Salem, Hillsboro, Dallas, Silverton and Eugene. At Hillsboro the citizens erected a a splendid pagoda in the public square for their musicians, and in return they are getting weekly Saturday concerts, drawing the people to town with their trade, and cheering and enlivening the spirits and moral natures of all who hear. Besides this, sacred Sunday afternoon concerts are thrown in. A band, in return for assistance, has a duty to perform for the public. It should give its town the cheapest possible rates for music when wanted for public celebrations, and should be a body of dignified and well behaved gentlemen, respectful of their leader and of each other on all occasions. With these reciprocal duties performed, matters will always run smoothly. If the McMinnville band could be reorganized along these lines, and and with perhaps a smaller membership taking only the best material, there would be no necessity for disbanding."

Mr. Geo. Nickerson, attorney-at-law, Klamath Falls, was in Hillsboro Tuesday last. His presence here brings to mind an incident of fast driving when he held the reins last May during the congressional campaign then waging. Congressman Tongue was then in Lake and Klamath counties, a country of magnificent distances, and making two speeches a day. Hon. H. V. Gates was out there and saw Tongue was working and, further realized that if he got any rest at all, good time must be made between stations. Nickerson was to drive the team that carried the future congressman over the Cascade mountains. Gates went to Nickerson about the matter. "Say old man, Tom knows what a good horse is. He owns a lot of them and knows how to send them, see if you can't get him over those hills on time." Nickerson only said, "I'll fix um." He had a herd of horses of his own that are fairly well bred. From these he selected a team and relays which were stationed along the road. He met Mr. Tongue, took him into his light mountain wagon and the race commenced. Up hill and down, those range horses sped at a pace not reached by Hank Monk when he carried Horace Greely across the Siera Nevadas. Nickerson beat all previous records and his trip is yet talked of in that country of hard driving. By the skill and superior management of his host, Tom made connections and got some sleep as well.

Mr. Anton Pfanner has commenced extending his telephone line from Forest Grove to Hillsboro. The digging of the pole holes was completed last Friday and the gang setting poles will reach Hillsboro today or tomorrow. The wire will at once be strung and Mr. Pfanner's bank will be in speaking distance of the county officers in the court house. A rumor was current on the street yesterday that the Oregon Telephone & Telegraph Company had served notice on him to stop work on his line, but an inquiry at the court house was answered to the effect that legal proceedings had not been commenced. Mr. Pfanner was also called who said that no notice to stop had been given and further that his setting poles and stringing wire was a matter that concerned no one except himself and the county court and that he already had a franchise for extending his line. All that the O. T. & T. Co. could possibly do would be to try to prohibit him from using instruments infringing on the Bell Co.'s patents. The line that he is building is first for his private use. Mr. Pfanner is as yet undecided about accepting commercial business. That will be settled later.

Edwan Schiefflin quite well known in this county through his brothers was found dead in his mining cabin about 20 miles east of Chnyonville, Douglas county on Friday last. A coroner's jury enquired into the cause of his death and wrote a verdict finding that he came to his death from natural causes, presumably heart failure, as no marks of violence appeared on his body. He had on his person $68.75 in coin and a splendid gold watch. He appears to have been dead since last Tuesday. The body was in bad condition, and he was burried by the jury. The deceased never lived in i. county but owned property here and visited his brothers. His occupation was mining especially seeking new ore beds and quartz veins. He was one of the original discovers of the celebrated Tomstone mine in Arizona, the richest mine in America. He went into new districts fully prepared to test any thing which he might strike. He carried his assaying laboratory with him. It is not known just how much property he had at his derth, but it was considerable.

Perren Steeples, who died on the 7th instant at the age of 68 years, was one of the prominent citizens of the county and deserving all the praise that can be accorded to a pioneer. He came to the state when it was young and labored long and earnestly to build a desirable society in the far west. How efficient was his help is seen in the magnificent institutions that he has left behind him. His large family demanded all his energies for its maintainance hence his hand was not large in public affairs, yet in matters of church he did more than his part, and for what he did for the cause of christianity he deserves the monument which he has in the love and respect of his neighbors.

Times are better and the INDEPENDENT takes delight in presenting evidence of that fact. Several tracts of land were sold by Sheriff Bradford last Monday on decree of foreclosure. One piece brought $25 more than the judgment and costs and went to the purchaser other than the mortgage. Another sale where two tracts were advirtised, it was necessary to sell but one, the one put up bringing more than the mortgage and costs. The mortgagee got his money instead of the premises.

Mrs. Hanna Olsen Young died May 12th at the home of her son, Adam Young, who lives 2 miles north of Hillsboro. She was burried in the cemetory of the Tualatin Plains Presbyterian church on Friday. Rev. C. E. Cline conducted the funeral services. The deceased was born in Sweeden Europe Dec. 24 1823 and was near 74 years of age.

Deputy assessor Kuratli was in town Monday. He says there will not be a hoof left in his neighborhood by fall except cows kept for the dairy and horses required for the farm. Even dry cows are sought for beef. He notes a very considerable rise in the price of horses over what was offered last year.

Geo. R. Bagley has formed a law partnership with Hon. J. N. Brown late of Morrow county. Mr. Bagley already had a large practice which he brings to the new firm. The sale of horses at the Fair Grounds last Saturday was fairly successful. The prices realized were not as good as ___ hoped, yet he makes no complaint.

Prosperity is coming by way of McMinnville too. R. Jacobson is to build a two story brick in that town 82x100 feet in size. One year ago no one thought of such a thing.

Dr. W. D. Wood was called professionally to Dixie near the Columbia line this week. Although he was on guard for news items he passover 20 miles and never gathered one.

Mr. Zina Wood is negotating for the purchase of a 100-acre farm within two miles of North Yamhill. The whole of the tract is under cultivation and the price named is $2500. The land is purchased on a speculation.

A petition is in circulation this week among the business men of the city asking the department to permit Post Master Schulmerich to move the post-office to Schulmerich's new brick to be erected on second street just south of his present store.

W. A. Britton was complained of by James McClaran who accuses Britton of trespassing on enclosed lands not his own about May 1st. The accused will probably be arrested today and brought before Esquire Smith, in Hillsboro, for examination.

R. E. Bryan of Bryan-Laidlaw Co. started from Hillsboro early last Monday morning for his logging camp in British Columbia. He took with him from Washington county eight men including his foreman, Mr. Bailey. The outfit was to be purchased in Portland.

The finest lane anywhere about Hillsboro is that part of Second street between Washington and Oak streets. On either side there are thrifty maple trees, that are so large that the branches almost interlace. In the early morning or late afternoon there is a shady gloom along the street that is enchanting.

John McCallan who lives out by Cedar Mills, complained that Johanna Schleich a lady aged about 60 years assaulted him and battered him. The lady was arrested and brought before Esquire Smith. She plead not guilty and through her attorney, Mr. J. M. Wall, demands a jury trial. The trial will occurr today in Esquire Smith's court room. Geo. R. Bagley esquire, appears for the state.

The biggest scrap in Washington county over the appointment of a post master is now going on at Gales Creek. The present post master, Mr. Iler, is a republican, and was appointed during Clevelands administration and keeps the office in the store of N. C. Lilly. Mr. E. C. Sargent the proprietor of the opposition store is an aspirant for the office, but to get a republican removed is not an easy matter. The voters of the precinct seems to be about equally divided as evidenced by the signature to the two petitions that have been forwarded to Congressman Tongue.

The Grand Lodge of Odd Fellows has been in session in Portland this week and a large delegation from Hillsboro is in attendance. The regular delegates are Hon. S. B. Huston and W. H. Wehrung, but they are accompanied by P. G's. S. H. Humphreys, who is a delegate to the Grand Encampment, R. H. Greer, D. McCamish, Jas. Lamkin, C. E. Deichman, L. E. Wilkes, J. H. Knight and B. B. Goodin. The State Assembly of Rebekah Degree Lodges, I. O. O. F. meets at the same time, which calls Mrs. S. H. Humphreys, Mrs. R. H. Greer and Mrs. W. A. Finney to attend.

Two of our Hillsboro boys went to Dairy Creek swimming last Wednesday evening after working hours. In the dim shade of the bottom the boys found a 'coon. He was a beautiful little fellow, handsomely striped, but the strips extended lengthways on his back instead of around the body in rings. But then they thought it might be young and, like a fawn, differently marked from full-grown 'coons. A nice pet was in sight and they knew 'coons are easily domesticated, hence they attempted to catch it. Well, those boys are hardly fit for society—one of them buried his clothes and the other an eye. It was not a 'coon at all. It was a skunk.

APPEAL TO THE FARMERS.

The Boy's and Girl's Aid Society are trying to cultivate a small tract of land for the double purpose of assisting to make the institution self sustaining and to find employment for the boys who come under their charge; they therefore ask the farmers in this vicinity to assist by donations of seed potatoes. Every bushel helps and donations will be received and acknowledged at the office of this paper.

In a note accompanying the above Supt. Gardner states that the society has a plat of 10 acres of land which is to be planted to potatoes. The society is worthy and any one having potatoes to spare cannot put there to a better use. They more than feed the hungry. They will help hungry boys to become self-supporting.

THE BUCHANAN PLAYERS IN "DEPUTY SHERIFF" LAST NIGHT,

Robert Buchanan scored a success last night at the opera house in "Deputy Sherriff."

Mr. Buchanan's acting throughout was of a high order and much sympathy was manifested for this soul inspirating man for he was everywhere and in every place.—Miss Grace Hayes as a tough Boston barmaid filled the role to perfection, and did it with a spirit of willingness and determination. She scored a hit in this role.—Mr. Barton as a highwayrobbery and murderer appeared to advantage, his part being opposite to that of Buchanan's.—In fact every one of the company showed themselves to advantage in their various roles.—Mr. Weaver's specialties were well received and added much to the enjoyment of the evening. At the conclusion of the third act Mr. Buchanan gave several violin solos which were well received. At the conclusion the auditors dispersed thoroughly pleased with the night's entertainment and determined to see Mr. Buchanan and his company again.

Tonight the company will be seen in a beautiful American comedy entitled "The Hayseed." This comedy should be seen by all lovers of clean humor mingled with a pure sentiment.

Saturday afternoon at 2 o'clock will be produced one of their best comedies at a reduced price of Admission for the benefit of all who wish to avail themselves of this opportunity to witness real entertainment. Also on Saturday night the great comedy of States evidence will be presented. Get a seat early, now on sale at Wehrung's at 15c, 25c and 35c.

A New Financial System.

The demand now heard from merchants and manufacturers and bankers and other intelligent observers in every part of the country is not for some repairs to our financial system, but for a new system. No government paper can be free from objection, because its volume and redeemability will depend in part upon the opinions of congress and in part upon the opinions of the president. No one can be certain that these will be correct in all years to come. If we could be sure that they would always be correct, we could not be sure that the government would always be able to maintain a sufficient reserve for the redemption of the notes. If the weight of a pound and the length of a yard were liable to be changed at any time by congress, the uncertainty could hardly be so dangerous as the present uncertainty regarding the unit of value. This explains why so many of the men who do the business of the country, not alone in the north and east, but also in the south and west, demand the withdrawal of the government notes.—Iron Age.

A Standard of Value.

Our monetary standard is nothing but a measure of values. Upon its stability depend growth and prosperity. It must be recognized as the very best—abroad as well as at home—if our active commercial intercourse with the leading nations of the world is to continue and develop.

HAVE YOU USED BUTTER PARCHMENT?

All gilt-edged butter put on the market by creameries is wrapped in paper.

The product of the private dairy would reach its market in much better condition if wrapped in Butter Parchment than it does when wrapped in cloth.

Parchment is not only better than cloth, but cheaper.

Cloth sells at 6 cents per yard, from which 27 sheets can be cut—27 Parchment wrappers cost 3¼ cents.

500 Sheets, 8x11, - 55 cts
500 Sheets, 8x13, - - 60 cts

The standard size for 2-pound rolls is 8x11 inches; 2-pound blocks are wrapped in the 8x13 size.

One reason why paper has not been generally used heretofore, farmers could not get it at the general store.

It is now kept at the Independent office cut to any size wanted.
