Karl's Clover Root Tea is a pleasant laxative. Regulates the bowels, purifies the blood, clears the complexion. Easy to make and pleasant to take. 25c. Sold by Hillsboro Pharmacy.

Wm. Mohr makes boots at his shop on Second street, Hillsboro, for \$5.00 per pair, sewed shoes for \$5, and gives special attention to repairing. He uses only first-grade stock which enables him to guarantee his work.

The Shasta Special train that has been running between Portland and San Francisco every five days, has been taken off but the low rates of \$10 and \$5 applies to the daily trains between those cities. The train leaves Portland every evening at 6 o'clock.

Wm. Benson at his machine shop is putting farm engines in repair for the threshing period. As steam machinery is more generally used on the farm, the necessity for a good repair shop is felt. This we have at Hillsboro and large enough for all ordinary machines.

Why suffer with coughs, colds and grippe when Lakaxine Broncho Quinine will cure you in one day. Does not produce the ringing in the head like sulphate of quinine. Put up in tablets convenient for taking. Guaranteed to cure or money refunded. Price 25c. For sale by the Delta.

Attorney Bowman has found a share remedy for hop lice. He has or had a fine vine running up over his dwelling for shade. The hop aphids appeared and covered the luxuriant vine with their tiny, most likely, most insidious, most numerous and most voracious pests. Fix a torch saturated with coal oil on a long pole and search the last vestige of these pests from the limbs and thus save your fruit another year.

The Southern Pacific Company desiring to contribute to the success of the annual state fair to be held at Salem, Sept. 30th to Oct. 8th, has decided to sell tickets from all stations on its lines in Oregon at one fare for round trip. Those who had not intended to go may change their minds now that the company thus liberally extends concessions.

Mr. E. W. Dixon of Forest Grove spent several hours in Hillsboro last Wednesday. Mr. Dixon has not taken the Klondike fever though he has a slight rise of temperature when he remembers a spot in southern Oregon which he did not carefully examine when he was a winter there some years ago. He knows there is gold there and plenty of it, but it may take a week to find it.

Mr. Rodolph Crandall has been appointed by the Springfield Fire & Marine Insurance company of Miss. Hillsboro. Mr. Crandall is the oldest New England Co. and has over five million dollars in assets. It is managed on the Pacific coast by Mr. Geo. D. Dornan of San Francisco one of the old underwriters of the coast. It is strong and honorable and in the hands of as just a man as Mr. Crandall will command its share of the business.

A good joke is told at the expense of a federal official of this county. He is a postmaster, and an apprentice of President Cleveland. A republican candidate sprang up with the change of the administration, yet two of them, and women. Our postmaster had a choice as to whom he should succeed him, and accordingly recommended to Washington the republican candidate who had just resigned. As such it was promptly accepted and his successor appointed but she is not his candidate. The moral is "Do not sign a petition for the appointment of your successor."

\$10.00 Who will get it? Schilling's Best tea is not only pure but it is because it is fresh-roasted. What is the missing word? Get Schilling's Best tea at your grocer's; take out the Yellow Ticket (there is one in every package); send it with your guess to address below before August 31st. One word allowed for every yellow ticket. If only one person finds the word, he gets one thousand dollars. If several find it, the money will be divided equally among them. Every one sending a yellow ticket will get a set of cardboard creeping babies at the end of the contest. Those sending three or more in one envelope will receive a charming 1898 calendar, no advertisement on it.

Besides this thousand dollars, we will pay \$150 each to the two persons who send in the largest number of yellow tickets in one envelope between June 15 and the end of the contest—August 31st.

Cut this out. You won't see it again for two weeks. Address: SCHILLING'S BEST TEA SAN FRANCISCO.

SALICYLIC ACID IN FOOD. What Dr. A. E. Satter Says. BUFFALO, N. Y.—Genls.—From my personal knowledge, gained in observing the effect of your Shiloh's Cure in cases of advanced Consumption, I am prepared to say it is the most remarkable Remedy that has ever been brought to my attention. It has certainly saved many from consumption. Sold by Hillsboro Pharmacy.

Letters addressed to George Sand by Louis Napoleon have been published in Le Figaro. They were written when Louis was confined in the prison of Ham. In one letter he writes: "I desire liberty, even power, but I should prefer to die in prison rather than to owe my elevation to a lie. I am not a republican because I believe the republic to be impossible at the present time in the presence of monarchical Europe and of the divisions of parties."

In another letter, of June 20, 1845, he says: "In the moral and political world to know the point at which liberty ends and license begins, at which power ends and arbitrariness commences, to perceive where our age changes into tenacity, tenderness into weakness and the love of good into folly, is to be versed in the most complete handbook of philosophy. The science of limits is therefore the veritable science of the human race." The conclusion is a graceful one, "And I perceive my paper, like your patience, has a limit which I will not outstep."

HAVE YOU USED BUTTER PARCHMENT?

All gilt-edged butter put on the market by creameries is wrapped in paper. The product of the private dairy would reach its market in much better condition if wrapped in Butter Parchment than it does when wrapped in cloth. Parchment is not only better than cloth, but cheaper. Cloth sells at 6 cents per yard, from which 27 sheets can be cut—27 Parchment wrappers cost 3 1/4 cents.

500 Sheets, 8x11, 55 cts

500 Sheets, 8x13, 60 cts

The standard size for 2-pound rolls is 8x11 inches; 2-pound blocks are wrapped in the 8x13 size. One reason why paper has not been generally used heretofore, farmers could not get it at the general store. It is now kept at the Independent Office cut to any size wanted.
