**HILLSBORO INDEPENDENT.**

FRIDAY, JULY 1, 1898

**LOCAL AND GENERAL.**

Born—June 25, to John Kelling and wife, a daughter.

Mrs. Hoover is visiting this week with her sister, Mrs. Dr. F. A. Bailey.

A sharp thunder shower on Wednesday was accompanied by a wet rain. The lightning played the usual pranks with the telephones, but no other damage resulted as far as heard from.

Rev. H. A. Deek, the former pastor of the Evangelical church of this city, now of Albina, will spend Sunday here. He will preach at the Lared church in the morning and will be present at the Endeavor rally Sunday evening.

Washington county horses are yet prominent on the turf. Last Tuesday Mr. E. B. Tongue's colt, Ben Hoo, won the 2 1/2 mile racing contest at Portland going under the wire at an easy pace in 2:22. The same day Gus L., a lineal descendant of the racer, Glen Dudley, easily won the half-mile race in 51.

The United Evangelical church of this city will hold a Paternacle meeting in the month of August lasting over the second Sunday. The meeting will be under the supervision of the Presiding Elder, Rev. M. J. Balantyne of La Fayette. Ministers of the adjoining churches will be present to assist in the services.

The letters arriving from the soldiers mailed at Honolulu bear this stamp, "Foreign postage paid by citizens of Honolulu. American stamps will not be good only after you annex Hawaii." This is a little advertisement and is justifiable. Some of us in Hillsboro attempted something in the same line a few weeks ago, but some powers said no.

Mrs. Rosa Schofield Cook, second daughter of Mr. Benjamin Schofield died at the family residence one and a half miles north of Cornelius yesterday after an illness of nearly 12 months. Mrs. Cook was born to Mr. and Mrs. Schofield in 1866 when they lived on the farm adjoining Hillsboro now owned by Zona Wood. She was, therefore, nearly 31 years and eight months old.

The Delta is nothing if not up with the times. This is not only true of drugs, chemicals and remedies, but in fixtures. The latest addition to the Delta is a case that is far more convenient and showy than anything before seen. Speaking of Delta, a new machine should be made of the new power knife. "The Delta Drug Store" which is guaranteed to be first class in all respects. The knives are made in America and are beautiful.

The cover of the 21 Oregon Independent has been printed, as compiled by Annie Smith, and is now on sale at the rooms of the Emergency Corps, Hillsboro, price 50 cents. The publication is a booklet of 106 pages, printed on the best paper and illustrated with half-tone portraits. It contains all the official documents and correspondence calling for the regiment into service, a biographical sketch of the life of the commissioned officers and the facilities of the outfit for humanity. The book is bound together by a cord of Marine twine. A farmer looking at the binding criticised it in a tone of disgust. "Huh, that is nothing but pieces of binding twine, such as I use in my machine for binding wheat." True, and our boys have gone out there to take those islands and start tramp farms. They will send for their girls a little later.

The bicycle meet here last Saturday night was the best patronized and most successful of the kind ever held in town in many months. The day was faultless and the evening of a temperature that invited the whole population into the open air. The invitation was accepted. The intersection of Main and Second streets was a jam of humanity. The procession was made up of 148 wheels, some of which were beautifully decorated. The procession was fast. The band was in an omnibus and was driven on a trot. The band wagon had to put forth effort to keep in the lead this time. The first prize, an excellent lamp, for best wheel was won by the one owned by Miss Clara Imbrie. The second prize, a bicycle motor, was put on the wheel of Cornelius Blaser. The net proceeds of the stands was some \$20. The association needs as much more which can be easily raised if the wheel people will each assess himself a dollar and without undue delay pay the assessment.

A herd of horses trotted through town last Monday morning. John Dabbins was in town yesterday, the first time for months.

The State Press Association meets this year at Spokane Washington August 24, 25 and 26.

Hillsboro will be a dull town next Monday. All the people are going to the celebration at Forest Grove.

Mr. Leo Bullock, who was born in Hillsboro some 30 years ago or perhaps a little earlier, is again here on a visit.

Miss Elizabeth Koch, who, with her mother, has been in San Francisco for the past year, is at home with her father and mother.

The Emergency Corps will on Saturday evening, July 3rd, give an entertainment at their headquarters. The program will be announced later.

Mr. A. Finney, formerly of this city, but latterly a resident of California is in town. He has some property interests here yet which he is looking after.

Some wheat and oat-mixed is being cut in this vicinity for hay. Later it will be hauled and sent to the California market if prices remain at the present quotations.

The O. R. & N. Co. is sending steamers to San Francisco every four days. The sailing dates from Portland for the month of July will be as follows: 3, 9, 13, 17, 21, 25, and 29. Alaska steamer leaves July 19.

Edgar A. Street, 24 Or. Ind. Int. remodeled the INDEPENDENT by sending copies of the Hawaiian Star and the Advertiser, of date June 3rd. He cannot know how his thoughtfulness is appreciated till he receives a like courtesy in that far tropical island.

The Odd Fellows invite bids to build their two-story brick building on the corner of Main and Third streets. The building will be 27x30 feet in size. The lower story will be used for a store room. The second story will be a lodge room with ante rooms. Among the conveniences is a dining room and kitchen.

The auction of horses at McMinville last Friday was satisfactory when heavy draught horses were on the block, but light drivers were not so popular. Two 3-year-old colts sold for \$225. Two 2-year-olds were knocked down at \$115. A 1-year-old mare, with her foal, for the perch, Oregon station, Oregon, brought \$140. These prices were for spot cash.

The theme of the discourse at the Congregational church next Sunday morning, at 11 o'clock, will be "Christians as Forces; Conditions of Receiving the Power."—Acts 19:2. The Sabbath school and Junior C. E. society will meet at the usual hour. There will be no evening service, as adjustment is made to the Union C. E. meeting at the Christian church at 8 p. m.

The S. P. Co. has put in a stop side track of 1000 or 1500 feet just beyond Rock creek bridge. The stop is curved away from the main track so that it points towards the river's saw mill though it is not the present intention to extend it to the lumber yard. The stub makes a wood yard out of that point. Already there are several hundred cords of wood stacked ready for loading on flat cars.

Next Sunday night occurs the Quarterly Union C. E. meeting at the Christian church, Hillsboro, at 8 o'clock. This is a permanent feature of Endeavor work within the sphere of the Hillsboro Local Union. In addition to the Congregational, Evangelical and Christian churches, the Endeavor Society of the Tualatin Plains Presbyterian church will also be present. The 2-cent stamp, scene hard-hips of immigrants on the plains; 5-cent, color olive; scene, Western mining prospector; 1-dollar, color black; scene, Western cattle in a storm; 2-dollar, color, light brown; scene, Mississippi river bridge. No postal cards or envelopes will be printed for the trans-Mississippi series.

The wheat aphid has made its appearance and is multiplying rapidly. It commences at the bottom of the young head and works upward along the base of the grains. There seems to be no remedy for the pest except hot weather, which farmers are now asking for. The same pest appeared three or four years ago, but at that time did little damage. The life of the insect at that time seemed to be cut short by hot weather. How is the vermin preserved from one season to the next? If on the seed wheat a remedy may be discovered and applied. The ravages of smut are controlled by vitriolizing. Some such remedy may scotch the aphid, though he is a winged insect and can fly from one field to the next. The study of its life and habits, though, will be of an advantage.

The thunder storm of Wednesday broke the connections between Hillsboro and Portland. Communications were had by working through Minville, Lafayette and Salem, but the numerous bends and kinks in the line made talking no easy matter. The distance by the circuitous route is over 100 miles.

Mr. Imby, the popular warehouse man of Rossville, emptied his granaries of wheat before the stamp in prices came and now nothing remains but a few transient sacks of wheat for chicken feed. He is repairing his cleaning machinery and getting ready for the fall campaign.

Wm. R. Day, of East Cedar Creek, brought Paul Conby, aged about 40 years, to the poor farm on Monday last. The old man is without money or friends and is sick. He will have attention at the farm and may, ere long, be so far recovered that he will be self-supporting.

Judge Crandall's bass wood tree, by some called linn, is in full bloom. A twig brought to the INDEPENDENT office was an interesting attraction this week. The bees are having a great feast in the tree, and the sweet odor makes fragrant the whole yard.

Mr. T. L. Stewart, of Fossil, Gilliam county, has been selling horses at auction in this county this week. His herd is a good one. He will offer 10 head of young animals at Forest Grove tomorrow. Fourteen of these are broken to harness.

The Evangelical camp meeting at Independence closes this week. The meeting was the most successful held for several years. Many converts were on the ground and thousands of people came out each day. Saturday afternoon services were varied by the marriage of two young people. The bride being Rev. T. A. Yost's daughter. The meeting resulted in the conversion of many souls.

A letter from John Gault this week states that he is in a hay field near Lexington, Morrow county. After having been in to with a header into wheat fields, and then with a thrasher. He says the lot which he has not injured the wheat to any great extent.

Hon. H. V. Gates delivered the response yesterday at Forest Grove to the mayors address of welcome to the Washington Co. Veterans Association. Mr. Gates goes to La Grande, Union county, where he is to deliver the 4th of July oration next Monday.

The store of Weirung & Sons will be closed next Monday during the whole day. This will give both proprietors and employers opportunity to celebrate.

Private person has five hundred or one thousand dollars to loan on farm mortgage. Long time. No bonus. Apply at this office.

Miss Grace Poe who spent the winter in California is at home again and her very welcome voice is heard in the church choir.

For the best shave or hair cut in the city, go to F. Barber's shop on 21-street.

**FROM ONE OF THE BOYS.**

W. H. Gault, compositor on the INDEPENDENT, received the following letter last Tuesday, from private F. R. Mann, Co. H. 24, Or. Infantry. The letter was written aboard ship but mailed at Honolulu.

Dear Mr. Gault: Well here I am, riding on the routing deck and can't say it is like the artist pictures but it suits me very well. I was seasick several days, but am enjoying myself now. It is a long trip and one that I will remember longer than a week and I think the rest of the boys are apt to also, as some of them don't go much on it. But they ought not to expect too much.

We have had a very smooth sea so far and a quite voyage and no sign of a Spanish.

The weather isn't any warmer here than in Oregon, but some of the fellows in the regiment are, and they get cooled down in great shape sometimes.

I don't know how long we will stay at Honolulu as matters are very uncertain in the management of this expedition.

When you write address 2d Reg. Or. Vol. Manila expedition.

We have church services on board ship just the same as if we were on land, and I think it good thing that there are boys in the regiment who need a little punching up.

Some people think the voyage we are taking is no more than a pleasure trip. It is somewhat that way at present, but a soldier can never tell what is going to turn up inside the next hour. We may be ordered home. The boys that leave home for war are not like a lot of fool-hardy urchins who were educated to leave home from the effects of reading Klondike stories or literature.

Honolulu, June 24.—Arrived here last night and had a great reception, and of all the mixed up races of humanity, Honolulu is the only one.

Well, I have just got a chance to mail this letter.

Yours truly,  
T. R. MANN.

**THE MONMOUTH STATE NORMAL.**

The recently issued catalogue of the State Normal school at Monmouth shows 84 numbers in this year's graduating class, representing 12 counties of the state.

Fully 90 per cent of the graduating classes of the past few years have at once begun teaching. Of the 436 students graduated from the school in the fifteen years of its history, 397 are at present engaged in teaching. The number is remarkably large, as the average term of employment as a teacher is in but few states above five years. In Oregon, with its 3200 teachers employed by six thousand new teachers are demanded each year to keep up the supply.

The catalogue indicates a prosperous year, with 239 Normal students in attendance, a marked gain over the previous year. In addition 230 children were enrolled in the Training Department.

**The U. S. Assistant Secretary of Agriculture says**

\$10,000,000.00 of dangerous food is sold every year in America.

**Shilling's Best**  
 coffee, baking powder, tea, flour, vanilla, and spices.

have a lot of work to do.  
 For sale by  
 R. E. Bryan & Son

**CEBAR MILLS.**

A most entertaining and enjoyable evening's amusement was given on Friday evening, 24th inst., by the pupils of the Academy of Our Lady of Mercy, Cedar Mill, and to the credit of the pupils and their teachers.

There were some very fine exhibits of penmanship, mapping, hand sewing and fancy needle work.

Master Thos. Maloney promoted from primer to first grade, Miss K. Smith averaged 90. Master J. J. Simpson 85, Master Denis O'Meara 83, Master Thos Murray 85, Master A. Bernard 90, Miss McElroy 96, Master Dan O'Meara 84, Miss M. J. Murray 96, Miss Mable Young 97, Miss G. Bernard 98, Miss Ella Ryan 99.
