OFFICIAL PAPER OF THE CITY

FRIDAY, AUGUST 11, 1899.

McArthur commending 4000 met 6000 insurgents on the 9th and whipped them. It was in the rainy season, too.

The yellow fever outbreak at the soldiers home, Virginia is not spreading and the authorities seem to be able to handle it.

China may acknowledge the Aguinardo insurgents but it will amount to no more than the same action of Spain during our rebellion in 1891-5.

It is announced that Spain is to go to the silver basis, at least the bank of Spain announces that it will make payments in silver. Now we shall see how prosperity comes with silver.

The Yaqui Indians, a strong tribe on the Pacific coast of Mexico has arisen in revolt and will furnish employment for the Mexican army, as at present lined up, the forces appear to be quite equally matched.

There is small doubt that Gen. Otis, commander in the Philippines, will have to follow Alger. But McKinley is the man who ought to go.

The Democratic Boston Globe remarks that "We are making vast strides in home manufacture and gradually taking first place in the world's open market."

China has announced that horses are a contraband of war and that the United States may not export from that country those animals to be used in the Philippine war.

McArthur has not forgotten his cunning. August 9, with 4000 troops as attacked 6000 Philippines to the northward of San Fernando.

Henry Villard the original promoter of the O. R. & N. railroad company is visiting in Oregon. He is the first man to give Portland its initial push.

Gen. Otis went to Manila second in command. He was recognized as an able subordinate and had qualifications in a marked degree for filling the place of a civil administrator.

The Southern Pacific people realizing that, however good the United States display may be at the Paris Exposition in 1900, the individual states will be lost sight of.

J. A. Filcher, manager of the California state board of trade, left for San Francisco last night, after having had several conferences with various commercial bodies and the exposition committee.

The State of California appropriated \$130,000 for the purpose of making a display of that state's resources in the United States building, but upon a thorough investigation, many of the people of that state are not satisfied with the manner in which their display is to be made.

The Southern Pacific company has taken up the matter, and has appropriated a large sum of money to make an exhibit of Pacific coast products. They have pledged themselves to procure suitable and large quantities in which they will install, at their own expense, such exhibits as they may obtain from the various states traversed by their lines; but in these quarters such of these states will have separate and individual representation.

W. H. Mills, of the Southern Pacific land department, has agreed to take at the depot in this city, any exhibit prepared under the auspices of the Chamber of Commerce and exposition committee. He will transport the same free of charge to Paris, will install and care for it during the term of the exposition there, and will return the same either to Portland or

UNIFORM COURSE OF STUDY.

The people everywhere in Oregon recognize that the village and town schools are better than the country schools. They concede this by moving to the towns with their families for the whole or a part of the year, "to educate the children."

The Chamber of Commerce has already appointed a committee to take up the matter on behalf of Portland and Oregon, consisting of D. D. Olyphant, A. H. Devers, S. M. Mears, J. Ross and J. F. Batcher, with whom H. E. Doeh of the state board of horticulture will co-operate.

The 1899 exposition committee has voted to contribute for the Paris exhibit the best material from the fair this fall, and Mr. Filcher returns to San Francisco much pleased with the ready and enthusiastic response to his efforts.

It is doubtless a fact that under the new circumstances brought about by one acquisition of territory in the Orient a new Pacific coast has been born; it is a fact that Oregon prunes now can be found on the table in greater hostilities in Germany and Northern Europe it is a world recognized fact that Oregon's exhaustless timber resources furnish the finest clearest lumber for shipbuilding and this state only needs wide and judicious advertising abroad to secure and thereafter maintain a high position in the markets of the world.

Some of the old familiar landmarks may be threatened, but our conservative paper ought to let them go. It is no longer good form to go to mill with a stone in one end of the bag and corn in the other.

Preparations going forward for a resumption of hostilities against the Tagals at the end of the rainy season are in excellent shape. By the middle of August the army in the Philippines will number 30,000 men, and all enlisted beyond next year.

Let all the schools cheerfully and with enthusiasm receive and adopt the uniform course of study so that the boys and girls can get at home what they had to go to the towns for. The success of the change will depend upon the teacher and the drudgery will be with him.

With opportunities open for expeditions by water, several divisions for field movements, 2000 or 3000 cavalry and plenty of light, rapid-fire guns, our columns will be able to take any position desired with but little direct attack upon entrenched positions.

Some days ago the president of San Domingo was assassinated. The vice president succeeded to the administration. Now there is a revolution in progress, and filibustering expeditions are fitting out from Cuba.

The insurgents are active in this matter, said to be morally, at least, supported by Gomez. Secretary of war Root has directed Gov. Brooke to prevent the departure of any such expeditions at all hazards.

Notice is hereby given that the undersigned has been appointed administratrix of the estate of George Sinclair, decd., by the County Court of the State of Oregon for Washington county. All persons having claims against said estate are requested to present the same to the undersigned within six months from the date hereof.

FOR SUPERIOR PHOTOS Call at the NEW STUDIO 5 Blocks East of the Court House.

Eureka Harness Oil on your best harness, your old harness, and your carriage-top, and they will last only half as long as usual. Sold everywhere in cans - all sizes. Write for price to the undersigned. Made by STARBUCK OIL CO.

to the great 1801 exposition in Buffalo, N. Y., as may be desired by the Portland committee. This will absolutely be without cost to Oregon.

The only matter that will be of expense to this state will be of the gathering together of the exhibit and the salary and expense of a competent Oregonian to explain the state's resources and its exhibits, and the Southern Pacific agrees to secure all possible concessions in the way of steamship rates for such persons in charge getting for him the same privileges in every respect that can be obtained for their own representatives.

Beginning at a point in the e. n. e. corner of 1.27 chains south of the quarter section post between sections 5 and 6 in township 30 north range 11 west, thence south 27 1/4 chains to the land sold by Perrin Steeples to M. C. S. epiet; thence south 89 degrees 15 minutes west 10.6 chains; thence north to the north west corner of the above named tract; thence south 2 degrees 30 minutes east 2.48 chains; thence west 12.12 chains to the line of the Henry Nolan, Jr. Donation land claim, thence following said line north 45 degrees east 35.70 chains to the corner of a tract of land sold by Perrin Steeples to W. D. Bradford; thence north 45 degrees east 3.58 chains; thence north 45 degrees west 3.58 chains; thence north 45 degrees east 12 chains; thence a str. 80 degrees of minutes east 7.10 chains to the place of beginning, containing also all the land lying east of the section line between the above described tract and Rock Creek, containing 67.45 acres and to be held by the heirs of the said W. D. Bradford as per part of a deed of sale subject to redemption as per part of Oregon. Witness my hand this 27th day of July, 1899.

The Man Who Lost Hope Mr. H. N. Warner, of Minden, Neb., said: "In 1894 I was attacked with paralysis in my left side. You might stick a pin to the head into my left hip and I would not feel it. I was unable to do any kind of work and had to be turned in bed. I made up my mind that I could not be cured as I had used all kinds of medicine and had tried many doctors. I was advised to try Dr. Williams' Pink Pills for Pale People, and commenced their use last September. Before I had finished my first box I felt better, and by the time I had used six boxes the disease had entirely disappeared, and I have not been so free from pain since I was a boy. The paralysis also disappeared, and although two months have passed since I finished my last box, there has been no recurrence of the disease." -From the Gazette, Minden, Neb.

Hillsboro Pharmacy UNION BLOCK MAIN STREET, BY POST Pure fresh drugs, Brushes, Paints, Oils, Sponges and all Druggies Sundries, Fine first-class cutlery a specialty. Extra Care in Compounding Prescriptions.

Beware of Immitations! Don't use hop-tickets without your name printed on them.
