TEACHER'S INSTITUTE.

The law stipulates that there shall be held in each county of the state once each year an institute or convention of teachers where professional topics shall be taught and discussed The annual institute for Washington county is to be held in Hillsboro this year commencing August 28, at 9 o'clock a m and continue five days The instructors are E. A. Milner and D. A. Grout, Portland and Mary Hargrove of Kelso Washington. State Supt. Ackerman will attend one day. At least two evening sessions will be held, at which literary and musical programs will be presented including lectures by the best available talent. To these meetings the public is especially invited. The hotels in Hillsboro have made reduced rates for teachers attending the meeting and many residences will also be open that week. So that the accommodations will be ample for all that come.

As a result of the examination last week certificates to teach in the public schools of this county were issued to the following applicants: First grade—Pearl Stewart and Agnes E. Cronin, of Forest Grove; Ralph Wann, Hillsboro; Dove McHargue Reedville. Second grade—Jennette Archbold and Erma J. Latham, Hillsboro; Gertrude Timms, Hillsdale; Lillian Briggs, Cornelius; Wayne W. Wiley, Beaverton; Coral L. Wilkes, Dilley; Ethel Norman, Fulton; Lena H. Nelson, Earle Harding, Gaston; Dessa Wilson, Vernonia. Third grade—Anna Thompson and Florence Ewanger Portland; Alice Cronin, Forest Grove; Edna Jensen, Gaston; Lyda Barnes, Beaverton; Alma Bowman, Hillsboro.

A California firm is cutting the small timber on the Ellerson d. l. c. near Beaverton as mentioned last week and shipping it to Oakland California to be used for wharf building on the water front. The sticks are from 60 to 75 feet in length and occupy two flat cars when loaded. It is stated that the car rate is $115 from Beaverton to Oakland.

The street committee is renewing defective street crossings in the city so that when winter comes none will be compelled to wade through mud when crossing the street.

FROM AN EDITOR.

When the editors went past Hillsboro in July the ladies of Hillsboro presented the excursionists with bouquets to which were attached printed cards. Some of the ladies in addition penciled on the card their name. These cards have obtained for our town many a kindly paragraph, and in some instances more. Last week Miss Latham received from Oklahoma this very kind note of recognition:

Mulhall, O. T., Aug. 7, 1899,
Miss B. E. Latham,
Hillsboro, Oregon.

Kind Friend: I know you will excuse me for addressing you when I say that my reason for so doing is to acknowledge the gift of a floral token received at your city on the occasion of the fleeting visit of the N. E. A., Sunday July 10, and which bore your name on the card attached. As pansies are my favorite flowers, I take especial delight in thanking you for them, and have laid them away that they may serve as a sweet-scented souvenir of that most enjoyable visit to your noble state.

Most cordially yours,
TOM WOODLEY,
Delegate from Oklahoma.

Volunteers Attention.

We the undersigned committee have sent special invitations to all of the Oregon Volunteers (or intended of to do) partake of a dinner given by the citizens of Washington county at Hillsboro on Saturday afternoon August 19, and should we have overlooked any we take this opertunity to say that the invitation is extended to all Oregon Volunteers residing in Washington County.

H. T. Bagley,
J. A. Imbrie, } Com
J. A. Thornburgh.

The weather since Saturday last has not been favorable for harvesting. Indeed we seldom have more rain in January than we have had since Sunday last. The fields are almost wet enough for plowing. Such a rain in the middle of August is without record. The harvest was caught in the worst possible shape. Most of the wheat had been cut and was standing shocked in the field. Some oats is in the same condition while other fields tho uncut are ripe and in almost as bad shape. There is some indication that the weather will clear today, which if it does will prevent much damage since the temperature has been low, but another week would ruin the crop. The crop benefited is potatoes, and that is in fine shape.

Trade is active with the transportation companies, On the S. P. Co.'s lines there is a famine of flat cars. The lumber trade into Colorado and Utah is so active that it is impossible to get cars as fast as the saw mill men want them. Several of our Washington county mills are behind with orders because they cannot get cars. The Hillsboro station is shipping quite an amount of micellaneous merchandise such as flour, oats, hay, and oak wood. Business is growing.

J. N. Fisher of Beaverton who conducts the meat market in that town finds trade better this year than it was last. He found that his old market was too small and that larger quarters had to be found. He now has the large store room formerly occupied by A. J. Hamilton with general merchandise. Mr. Fisher is serving his customers with excellent meats both from the block and from his wagon which is each day sent out among the farmers.

Beaverton seems duller this summer than heretofore tho perhaps when the figures are footed it will be seen that the usual amount of business has been done. The inhabitants acquainted with the situation declare that a pay roll is needed for brisk traffic. There is some building, the largest single structure being Dr. Robinson's residence.

Mrs. E. Reeves Collins, at 3749 Wabash Avenue Chicago is anxious to hear something from her uncle, David Hill, who came to Oregon some years since. She fears he may not be alive since she has not heard from him recently. Should Mr. Hill see this paragraph will he communicate with his neice and relieve anxiety.

A 7-year-old son of Wm Muller living at Mountaindale broke his arm this week. The lad at 9 o'clock p m was climbing a fence and fell, the rails falling on him, doing the injury. Dr. Tameisie was called and set the fractured bone.

Capt. Crandall has built a fruit evaporator for this season's fruit crop. It has a capacity of 20 boshels per day, and is intended for his own orchard. He has been drying Royal Ann cherries and has a product that is choice.

The improvements north and east of Hillsboro this summer are numerous. In the neighborhood about Cedar Mills and Bethany, there are many new buildings under way. The farmers generally are preparing to live in greater comfort.

Wm Mohr makes boots at his shop on Second street, Hillsboro, for $5.50 per pair, sewed soces for $5r and gives special attention to repairing. He uses only first-grade stock which enables him to guarantee his wrok.

Schulmerich Bros. last week started their new threshing machine. It works well and does its work well. It is a self stacker and blows the straw where the stacker wills.

The Farmington School will open for study on Monday Sept. 4th, with Miss Mae Willis for teacher. The term will be for four months and will close December 23d.

Wanted—Teams to haul lumber. Can make $4 00 per day. Enquire of Mountaindale Lumber Co.

Wm. Dodman of Portland was in the city Wednesday last attending to several items of business at the court house.

Mr. and Mrs. C. E. Kindt of Portland are visiting Mr. and Mrs. Rufus Waggener this week.

Send or leave 15c at INDEPENDENT office and get a copy of Doughty's patriotic poems.

Dr. Adkins went to Brownsville Wednesday evening for a stay of about 10 days.

WHERE WILL WE SPEND OUR SUMMER VACATION.

This is the time to think about it, but before you decide write for an elaborate illustrated pamphlet showing numerous photo engraved views of the many attractions at the seashore and enroute, and advantages of the Columbia river beaches as reached by the Astoria and Columbia River Railroad. Three hours and thirty minntes from Union depot, Portland to your beach hotel in a magnificent parlor car without change or transfer is a convenience and luxury few resorts can offer.

Such is the initial attraction of this favorite resort.
