The contention of the protectionists is thus verified and much sooner than was expected. The free raw material falacy of the Milis bill is also shown up. If the people will not allow the deceptions of the democrits to influence them, all will be well.

# The House Wife's

Burden

Mrs. Ada M. Herr, of 439 N. Charlotte St., Lancaster, Pa., suffered terribly from female disorders. Her nerves became unstrung, she endured intense pain, the slightest labor wearied her and household duties became a burden. Frequent fainting and dizzy spells would come upon her and she would fall prostrate in a swoon. After trying several physicians without success Mrs. Herr began taking Dr. Williams' Pink Pills for Pale People. She says: "The pills brought immediate

relief, and after taking six boxes I was cured. Dr. Williams' Pink Pills for Pale People had done what all previous treatment had failed to do."-From the Examiner, Lancaster, Pa.

Dr. Williams' Pink Pills for Pale People centain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. ## An Astonishing But True Story

the following eighteen months I gradually reached the last stages of consumption. No less than seven physicians treated me and all gave me up saying I was incurable. I was absolutely beloites. The rock for ily wore themselves out

I had but a slay or two more to live. Tears rolled down their cheeks as they solbed the news. The doctors had declared I was in the last stage, and no human being could save me. I was willing to die, but before going to the cruel grave. I wanted to go out and see my dearly believed town of Sidney once more. They told me such a thing was impossible—that I would surely die before I got back. But I insisted, and to gratify my dying wish, a carriage was fitted up with a hed of pilows, and to this I was carried and slowly driven around Court II use Square. I got home more dead than alive. Through the mercy of Providence, someone brought a trial bottle of medicine said to be a consumption cure. No one imagined for an instant it was worth trying. But as a drowning person grasps at a straw, so I tried this medicine. I was better after taking two doses. Mother got more of the medicine and I took it, improving all the time. Today I am as well as any reader of this paper, and the medicine that cured me was Acker's English Romedy for Consumption. I declare before God and man that every word here printed is true."
