lecture March 19th.

Birth, in Hillsboro, Feb. 17, to the  
wife of A. M. Peterson a daughter.

Regular services at the Christian  
church, Sunday morning and evening.  
Subject in the evening: The  
Inspiration of the Bible.

The Hillsboro republican club met  
on Tuesday evening last. Only routine  
business was transacted. The club  
adjourned to meet again at the  
end of the president.

Gen. Thos. G. Keams, of Jackson-  
ville died of erysipelas, at his home,  
Feb. 21, aged 61 years. Gen. Keams  
has visited in Hillsboro and was well  
and favorably known here.

Mr. Jerome Palmaster from Reed  
ville precinct is in the race for county  
treasurer. Judge R. Crandall of  
south Hillsboro will also be a candi-  
date for the same office before the  
republican convention.

At the special meeting of the coun-  
cil last Saturday evening the two  
ordinances providing for the im-  
provement of Second street from  
Washington street and Baseline from  
Second to First were passed.

The weather is warm again and  
comfortable rain has fallen since the  
cold snap of last week. The frosty  
nights did no injury to growing  
crops, and what wheat was planted  
will now commence growing again.

The Hillsboro brass band has kept  
up regular practice during the winter  
which so far as known is true of no  
other band organization in the  
county. The members of the Bath-  
any band are at home but are not  
practicing.

A letter was received by his  
friends in this county last Monday  
from Walter Thompson, at Boulder,  
Cal., stating that he had been shot  
last month and had been discharged,  
the justice finding that the shooting  
was in self defense.

Mr. J. L. Barnard formerly a resi-  
dent of Hillsboro, but now at Oswego  
in the employ of the Iron & Steel  
Company, was here for a few hours  
on Monday. He reports that the O.  
& S. Co's pipe plant is in operation  
though the furnace for manufacturing  
the pig iron is not yet started.

The pastor of this church with Rev.  
C. C. Bell, presiding elder of the Oregon  
Conference of the United Breth-  
ren church have been during the  
week holding evangelistic meetings in  
the Baptist church on Third street  
much interest has been awakened.  
The service for Sunday next will be  
at the usual hours. Rev. J. B. Par-  
ker, business manager of the church,  
will assist and conference evangelist will  
assist at all the exercises.

Thos. Telford of Tacoma came over  
on Saturday last and spent Sunday  
with his friend Col. Bowen. While  
here he saw a specimen of a snake  
which was offered for sale at an  
auction. The property struck the  
snake, hence he bought it. The har-  
ness was not quite up to his idea but  
he found a set in one of the harness  
shops that was offered for sale at the  
same price. He bought it and the  
harness was not quite up to his idea but  
he found a set in one of the harness  
shops that was offered for sale at the  
same price. He bought it and the

The smoke house of Mr. J. J.  
Kurattl, Phillips, was burned last  
Saturday night together with the  
contents. There was about 1000 lbs.  
of bacon in the house and the slow  
burner of smoking it was the  
cause of the conflagration. Saws,  
augers and garden tools made the  
remainder of the loss, which is es-  
timated at \$200. The fire was first  
discovered by the young people of  
the neighborhood who were merry  
making at a party near by. The  
young man, approaching a garden hose to  
the fire and by attaching a water hose to a  
force pump in the well, they were  
able to save the other buildings of  
the farm.

Mr. John Hart, an ingenious me-  
chanic is manufacturing ax handles,  
sledge handles and saddle stirrup  
at his shop on Third street south of  
Baseline. The most of his attention  
however is given to the stirrup busi-  
ness. He finds ready sale for his  
product in Portland, though com-  
petition whittles away much of the pro-  
fit. Mr. Hart makes his stirrups  
from the toughest hercabobis. He  
states his own timber in the grove,  
brings the logs home, gets them  
laid out in shape and then boils them  
in water. When hot he puts them  
in his shaping frame and by a  
quick movement on a lever he bends  
them and locks to the shaping block  
where they remain till they cool and  
dry. The machinery used in this  
factory is simple, but effective. His  
present output is a hundred stirrups  
per day. With a increased stirrup  
is increased. But when the stirrup  
is shaped it is only half done, for it  
must have a bar across the top, must  
be bound with brass or galvanized  
iron, must be sandpapered and oiled  
with linseed oil. The demand for  
the product is what is used in Ore-  
gon, Washington Idaho and Montana  
They are on all the range saddles.

How would "The Yamhill Farm-  
ers' Paper Manufacturing Co." sound?  
There are, each year, thousands  
of tons of good wheat and out  
straw burned or left to rot in the  
fields around this city. In certain  
localities, oat straw sells readily for  
\$.75 to \$1.00 per ton for the manufac-  
ture of paper. Would it not be  
economy for the farmers of Yamhill  
county to organize a company for  
the manufacture of straw paper? We  
think so. Farmers, talk it over with  
your neighbors.—Transcript. The  
hint is well timed when it is asserted  
that the international paper trust has  
purchased all the lands growing tim-  
ber suitable for wood pulp. If a new  
subsidiary can be found out of which  
printing paper can be made the con-  
sumers of paper can black the eye of  
the trust. The industry using the  
quantity of paper is newspaper pub-  
lishers. Now so far as the INDEPEN-  
DENT KNOWN, straw is not used for  
Linn county makes all the straw  
wrapping that can be used in the  
state. More mills making the same  
kind of paper would turn out a prod-  
uct that could not be sold by the  
chemist device or by the farmer  
white news out of straw then no  
farmer need burn his straw.

After a long and painful illness  
Mrs. Margaret, beloved consort of  
Conrad Schulmerich, died at her  
home in Hillsboro Tuesday afternoon  
surrounded by her sorrowing family,  
aged nearly 62 years. The funeral  
services were, on Thursday Feb. 22,  
conducted at the Congregational  
church under the leadership of Elder  
James Campbell and the remains  
deposited in the Masonic cemetery.  
During the funeral services all  
the business houses of the city were  
closed out of respect. The funeral  
was large, friends coming in great  
numbers from a distance to be pre-  
sented. Mrs. Schulmerich was born in  
Germany March 21, 1838. She came  
to New York in 1855. There she met  
Conrad Schulmerich whom she mar-  
ried in 1856. Immediately the  
young people started west and made  
a home at Cold Springs, a mining  
town about five miles from Liver  
pool, California. There they lived  
for 12 years. Mr. Schulmerich giv-  
ing his whole time to mining. At  
the end of that time, in 1875, Mr.  
Schulmerich with all his family  
came to Oregon, and bought a farm  
in South Tualatin precinct this  
county. The whole habits of life  
were changed. The miner became a  
farmer. Mrs. Schulmerich's work  
was quite as much changed as that  
of her husband, but she was equal to  
the emergency and successfully man-  
aged her departments on a large  
farm. After a life of toil and drudgery,  
about ten or twelve years ago  
Mr. and Mrs. Schulmerich judged  
that they had accumulated a suffi-  
cient store of this world's goods to  
justify them in resting from the  
harder forms of labor, wherefore they  
left their farm and moved to Hillsboro.  
About that time or a little later as it  
has proved an incurable disease fast-  
ened itself upon the before active  
woman and she has been practically  
an invalid for ten years. Pain and  
suffering was her portion. Her  
sweet temper and great patience at  
times almost deceived her loving  
husband and attentive daughters in-  
to believing that her illness was not  
unto death. About three months  
ago, though it was realized that the  
malady was only a question of a short  
time. The severe pains became rack-  
ing and the agony intense. What  
surgery and medicine could do was  
done to alleviate but all without  
avail. The river had to be crossed.  
The pioneer couple took their  
children have been born. One died  
in California and two in the Oregon  
home leaving nine to survive with  
father their mothers' death.

The beautiful home of C. Rehse at  
Farmington was the scene of a most  
attractive wedding, Wednesday after-  
noon Feb. 14. The high contracting  
parties were Miss Anna Alvina Rehse  
and Mr. Herman Kamna. The  
bride's sisters, the Misses Fern and  
Amra were bridesmaids and the  
Messrs. Herman Rehse and Dick  
Kamna acted as groomsmen while  
Rev. A. Spiess of Middleton pro-  
nounced the happy words that united  
them in holy bonds of matrimony.  
The bride looked charming in a dress  
of light blue silk trimmed in white  
silk, chiffon and ribbons, and car-  
ried a bouquet of violets and carnations.  
The rooms were very artistically de-  
corated with evergreens, ferns and  
other flowers. The ceremony was per-  
formed under a canopy of evergreens  
bearing the inscription "St. Valentine"  
which carried out the holiday  
idea of that notable day. Those pre-  
sent were near relatives and imme-  
diate friends, the wedding was per-  
formed at an elaborate banquet.  
The bride is the eldest and accom-  
plished daughter of Mr. and Mrs.  
C. Rehse. She came to this place  
with her parents from the Gold  
state in 1892 and during her  
residence here has gained the re-  
spect and friendship of all her many  
acquaintances. The groom is a brother  
of John Kamna and a resident of  
Glencoe where he is extensively en-  
gaged in farming. He is a man  
possessed of those sterling business  
qualifications which have already  
crowned him with success. Mr. and  
Mrs. H. Kamna were the recipients  
of many handsome and valuable  
presents. They will be at home to  
their friends after March 1st at  
Glencoe, Ore.

The republican central committee  
will meet soon to fix the representa-  
tion to the county convention. While  
the time for holding the same. An-  
other question to be settled is what  
work shall be done by the conven-  
tion. Some influential republicans  
favor holding but one convention at  
which a choice of delegates to the  
state and congressional conventions  
shall be made, together with the nom-  
inations of candidates for county  
officers. Others object urging that  
long campaigns are not in the inter-  
est of party success. The advocates  
of a long campaign admit this to be  
the case, but contend that the con-  
ventions of the party in the minority  
but with the party in the majority,  
the reverse is the rule. They point  
to the time a few years ago when  
Judge Humphreys and Thos. Tucker  
were on the ticket, and assert that  
a campaign of ten days greater length  
would have secured their success.  
The custom in this county however  
has been to hold two conventions.

Fifteen county assessors met in  
Portland this week, talked two days,  
spent their money, and went home.  
They did nothing toward equalizing  
valuations, had no authority to do any-  
thing. Our assessor wiser than  
some of the others, agreed to loan  
and loaned his funds and temper.  
All that was accomplished was to ex-  
port a promise from the assessor of  
Multnomah county to raise his assess-  
ment \$7,000,000. But this will not  
make good the \$11,000,000 cut which  
he made in 1909.

J. W. Benson received on Monday  
last a new lathe from the factory in  
New York. This machine is larger  
and more powerful than either of his  
old ones. Mr. Benson will soon be  
at work on his cupola furnace, and it  
will not now be long before he will  
be turning out castings.

Hon. and Mrs. H. V. Gates came  
home on Tuesday evening from their  
Eastern Oregon trip. Mr. Gates  
states that the meetings held were  
profitable and enthusiastic. They re-  
main at home but a day or two when  
they go on the road again.

Mr. Virgil Davis of Glencoe  
brought to the sheriff's office this  
week two wild cat scalps which he  
took from the heads of two of the  
varmint shot by him a short time  
since. There is a bounty of \$2.00 per  
scalp on wild cats.

Frank Kalsch, an Idaho railroad  
man, is visiting his mother who lives  
at South Tualatin. He expects to  
return about March 1st.

Junk dealers are securing the  
country for old castings. Every  
corner is being cleaned of its rusty  
iron.

Schulmerich & Son say business in  
implements during the year 1909 far  
exceeded their expectation. They sold  
twenty wagons, fourteen binders,  
eleven mowers, eight tractors, two lay  
mowers, twelve cultivators, thirty  
plows, twelve excavators, three drills  
and a large quantity of all extra  
cutters etc. Their prices are right—  
goods the best to be had.

Schulmerich & Son received their  
first invoice of dry goods for the  
Spring trade. The prices will be  
right and styles up to date.

Schulmerich & Son have a remnant  
sale of shoes at 50 per cent discount  
from former prices.

Schulmerich & Son shipped yester-  
day a twenty-ton car of potatoes to  
Sissone, Cal.

On account of the steel trust all  
farm implements will be higher than  
before but Schulmerich & Son will  
sell after the rate at same prices as  
others sold before.

**LOCAL TEACHERS' MEETING.**  
Supt. Ball will, tomorrow, Feb. 24,  
hold a local teachers institute at  
Beaverton. Teachers living along  
the railroad line can attend from as  
far south as Gaston. Prof. Groat,  
of Portland, has a place on the program.  
It is claimed that this meeting will  
be more interesting than any that  
have been held during the year.  
The order of exercises are announced  
as follows: Discussion, Prof. D. A.  
Groat, "A teachers duty to her pro-  
fession," Miss E. A. Downing,

ch 3, will be sent to the Dead Letter  
Office. One cent will be charged for  
each letter called for.

H. SCHULMERICH, P. M.  
A squad of boys aged 10, 12 and 13  
years from the street one night  
this week called attention to this  
paragraph found the next morning  
in an exchange. "If a man owned  
a \$50 pup he would look after it care-  
fully and not let it have the run of  
the town by day and by night, as he  
would know too well that it would  
be ruined. But if he has a child it is  
different. It will be turned loose at  
an early age to go where it will and  
do as it pleases. People wonder  
where the great army of tramps,  
dead-beats, loafers, gamblers, thieves  
and disreputable women come from.  
They are the seed germinated in  
countless homes and scattered broad  
cast on the streets of our cities and  
towns. There are thousands of  
children headed in that direction,  
who, so far as care is concerned, are  
not given equal showing with a pup."  
Next Sunday Rev. H. Oberg will  
present the following subject in the  
Methodist church, in the evening,  
"The souls Gibraltar," in the morn-  
ing, "Facing toward Heaven." Ever-  
ybody finds a cordial welcome at  
these services.

E. B. Tongue went to Jacksonville  
yesterday eve. to attend the funeral  
of Gen. P. G. Reams.  
Don't forget Chaplain Gilbert's  
lecture March 9th.

that of any other lien of each of the said  
defendants herein, and for such other and  
further relief as to the court may appear  
equitable.

This summons is served upon you by
