As the Worcester Spy states the case, "The democratic leaders propose to see to it that a vast amount of grumbling and fault finding follows the flag."

The demo populist papers are greatly chagrined since the republican conventions did not adopt a resolution condemning the Porto Rico tax law. Good reason. The law was adopted and signed before the convention assembled.

The Telephone Register publishes a long list of papers that oppose the Porto Rico tax law. Among the list is the St. Louis Globe Democrat. The Telephone Register has allowed itself to be imposed upon in that instance, and it is probable that other papers sustain the administration as well.

If we propose holding the Philippines as acquired territory why delay giving the Philipinos all the rights and privileges of American citizens, exclaims the Salem Independent. We answer for the same reason the natives of Oregon and Washington and Idaho and Montana and Arizona and all the rest of the natives of American continental territory had not the privileges of the whites who created such prerogatives

The strength behind W. J. Bryan is the confidence that the people have in the man. They believe that he is sincere, that he is earnest, and that he will do what he says.—East Oregonian. But what does Mr. Bryan promise? He spoke here on the 4th instant and during the hour he was on the stump, he did not propose a single governmental policy, not even free silver. O yes, he said, too. He would have the government license the trusts in each state where they do business. But he can safely propose that seeing such a thing is impossible

It is reported that Mr. G. W. Stitt at sometime has given utterance to sentiments reflecting upon the character of the old soldiers, members of the Great Army of the Republic. The INDEPENDENT has not seen Mr. Stitt to learn the truth or falsity of the report but knowing him well and intimately for the past fifteen years, the INDEPENDENT will pronounce the tale false. Mr. Stitt's whole political life has been spent in voting as the soldiers shot. Their cause has been his. However suppose the veterans, listening to an idle gossip, should vote against the republican nominee, in what company will they find themselves? Will they not be with the flag furlers? with men who from 1861 to the present time have been opposing every measure of the administration, even when Lincoln, and Garfield, and Grant, and Hays, and Harrison and now McKinley have occupied the white house?

THE GEOGRAPHY LESSON.

There has been much said by the "Unions" about the republican ticket being all from the west end of the county or from Forest Grove. Now let us see. Representative Briggs and Co. commissioner Todd are from Dilley precinct; Haines for senator and McNamer for sheriff are from Forest Grove; J. C. Buchanan for representative is from Cornelius; G. W. Stitt from Beaverton; John A. Thornburgh for Co. clerk from Dairy creek; Cal. Jack jr, recorder from old West Butte, but now of Reedville; H. A. Ball for supt schools, from East Butte; G H. Wilcox for assessor; R. Crandall for treasurer and A. A. Morrill for surveyor from Hillsboro and J. Q. A. Young, hold over commissioner from Beaverdam. This ticket was nominated by the republican convention of 133 delegates. Of course this ticket does not fully suit the Union-demo-pop-Bryan free silver candidates. Indeed it was not nominated for that purpose. But while on this topic let it be asked how far from Mr. Hubert Bernard's is it to Mr. E. O. Edson's?

It has been said by the opposition that the republican ticket was packed or beforehand made. Let us again see, Haines was nominated by acclamation. For representative nominations there were five ballots taken. For Clerk two were taken one being irregular and void. For sheriff nine ballots were taken, assessor one, treasurer four and for coroner two. How was it with the union-demo-pop-Bryan Co? Mostly by acclamation, and when a ballot was taken a nomination was made at each time except one.

If there are defeated aspirants for nominations at the republican convention who feel agrieved, the INDEPENDENT suggests that they read the letter of Hon. Geo. C. Brownell which appears in another column and go and do likewise.

WHAT IN RETURN?

Word comes to the INDEPENDENT that the "Union" candidates are still hunting in every precinct in the county and particularly where they have heard that there is disappointment. The candidates say they are ready to admit that without republican support they do not hope for an election. "We would, like to know what you republicans can and will do for us." That is well. There can be no denying but that the "Union" candidates would be grateful for republican votes. They ought to be.

But what do they promise to give republicans in return for these favors? So far they have not proposed to do any thing. This though is what they will give. Free silver to begin with, anti-expansion, that is they will undo all that has been done by our army in the past two years. They will become cowardly flag furlers. They will give us foreign free trade so that the laborer will again wear rags and eat at a public soup kitchen. If elected these "Union" members of the legislature will do what they can to choose a democrat or populist U. S. senator to replace McBride. Now then is there a republican who cares to undo in a minute what he has been building for a life time?

STATE REPUBLICAN PLATFORM.

The republican platform of the June election in Oregon is as follows:

"The republicans of Oregon, in convention assembled, reaffirm their belief in and loyalty to the gold standard. We commend the republican congress for its recent legislation making the gold standard a part of the statutory law of the land. So long as either of our great political parties advocates the free coinage of silver, the maintenance of the gold standard is the most important political issue, affecting as it does the value of the farmer's crop and the laborer's wages. We call upon all who believe in sound money to unite with the republicans of Oregon in the important elections of this year in order that a victory may be won for the gold standard so decisive as forever to preclude the debasement of our currency by the free coinage of silver.

"We heartily indorse the policy of the administration particularly in securing the Philippine islands, and demand that they shall be retained as American territory. We have confidence that the American people without departing from their traditions, will give security to personal and property rights, justice, liberty and equality before the law to all who live beneath its flag.

"We indorse the policy of the administration in suppressing the insurrection in the Philippines, headed by Aguinaldo, We point with pride to the honorable part played by the Second Oregon regiment in this war. They met with victory in ever combat and covered their state and country with glory on every field. We condole with the families of those members of the regiment who lost their lives in the conflict and extend our congratulations to the survivors of the regiment on the brilliant and honorable record they have made.

"We regard trade with the Orient as one of the great sources of our national wealth in the future, and an open door in China as an important aid to the growth of our trade in the Orient. We commend the successful efforts of the present administration and especially of its secretary of state to secure by treaty with the several European powers the right to the free introduction of American goods into this great empire.

"The republican party in Oregon recognizes the vital necessity of control of the organization and curtailment of the powers of trusts and combinations of capital by the state within its borders, and pledges its support in the approaching legislature to laws defining and carrying out those objects.

"We are in favor of retrenchment and reform in the expenditure of public money; we pledge the republican party to favor the enactment of all legislation looking to an economical administration of public affairs.

"We favor the pending Constitutional amendment for an increase in the number of Supreme Court Judges from three to five.

"We point with pride to the legislation adopted by the last legislature. It abolished the railroad commission. It reduced the legal rate of interest to 6 per cent. It passed an act for the submission to the people of a Constitutional amendment providing for the initiative and referendum. It enacted a registration law for the protection of the purity of the ballot. As experience demonstrates this last act to be cumbersome in some particulars, we pledge the republican legislature to make effort for its amendment, to the end that the registration of qualified voters may be facilitated.

"We are unalterably opposed to any measure looking to the leasing of the public domain, believing that such a system would have an undoubted tendency to hasten the concentration of land ownership in the hands of a few individuals and against the long-established American policy of encouraging home building.

"We favor an amendment of the Constitution of the United States so as to provide for the election of United States senators by direct vote of the people, and we instruct our senators and representatives in congress to use every effort to secure such an amendment to the Constitution.

"We are in favor of the immediate construction of a canal between the Atlantic and the Pacific at the Isthmus of Panama, and we instruct the Oregon delegation in congress to labor earnestly and continually for the enactment of such legislation as will lead to the construction and operation of the canal under governmental control.

"We urge the immediate passage of the bill now pending in congress to pension Indian War Veterans, and we pledge the support of the Oregon delegation in congress to the same.

"We heartily indorse the administration of Governor Geer and the state officials of Oregon, as economical, wise and creditable to the state."

CONGRESSIONAL PLATFORM.

"Resolved, That we affirm our unswerving fealty to the gold standard as the only unit of value, and instruct our delegates to the National Republican Convention to support an unequivocal statement on this line as a part of the National platform; that we heartily indorse the wise and patriotic administration of our National affairs, and we declare the policy of expansion as essential to our National growth and greatness, and we believe that the blessings which accrue to those where our flag is once established should forever remain.

"We believe that the best interests of our country will be subserved by the re-election of William McKinley as president, and the delegates to the next National Convention elected by this convention are hereby instructed to vote for his renomination."

THANKS HIS FRIENDS AND SUPPORTS THE TICKET.

Hon. Geo. C. Brownell who asked for the nomination to Congress in the First District, and had the unanimous support of his county, writes the following letter to his friends:

To my friends in Clackamas county:

It is impossible for me to personally meet every one of you who stood by me in the primary and in our county convention, and assisted me in my desire to obtain the congressional nomination, and personally thank you and express to you my great gratitude for your friendship and help. I take this public way of reaching you all and expressing to you, and each of you, my heartfelt thanks for your loyal support. No man ever had truer or more loyal friends than you have shown yourselves to be to me, and I will always treasure up in memory this happy manifestation of it as long as life shall last. At the congressional convention at McMinnville the 15 delegates from this county did all in their power for me, and were true and loyal to my candidacy; to a man they were in all ways faithful and true, and I thank them. The convention decreed that Hon. Thos. H. Tongue should carry the standard of our party to victory in this campaign. We are republican soldiers—we are privates—we are not skulkers or stragglers, we bow to the will of the majority—therefore let us follow our leader and general, and crown the republican standard which he is to carry, with victory on the 4th day of June, 1900.

Our enemies would be pleased to have us sulk and betray our leader and our party. Let us disappoint them. The republican party is greater than any one man. I ask every personal and political friend of mine to make the same effort, if anything, a greater effort to secure Mr. Tongue's election than you would have done if I had been the nominee. Let it be said for all time that when we go into a republican convention, and the majority decide against us, that we are big enough and true enough to come out of it republicans and not traitors to our party or to the victor. I ask you to join with me and our other friends in giving Mr. Tongue, and through him, our party such a loyal support that on the evening of June 4, 1900, we will be able to record such a victory as will redound to the lasting honor of ourselves and our county.

Again thanking you, I am,
Sincerely yours,
GEO. C. BROWNELL.

INDIAN WAR PENSION.

T. O. Wood, of Portland, president of the Indian War Veterans of Oregon, is in receipt of a letter from Congressman Thomas H. Tongue, showing the difficulties in the way of securing the passage of the relief legislation through congress, in the interest of the veterans. Following is the letter, which is self explanatory:

"WASHINGTON, D. C., April 8.—T. A. Wood, Esq.—My Dear Sir: Yours of the 2d inst. just received. You cannot be any more anxious about this pension bill than I. It is the one thing that is constantly on my mind.

"Now we have run against another difficulty, which I am trying to avoid. There are 40 different propositions before congress to amend the pension laws and grant different kinds of pensions to different kinds of people. None of them have been allowed to come to a vote for the present. There is grave fear that if this bill should come before the house it would be made the vehicle for all kinds of amendments, probably swamped by them, and be killed by them. This reason was only given to me within the last two or three days, when I was persistent for some action.

"I am going, however, to see the speaker, and if I get it reported I am pretty sure that it will be on the condition that I get the signatures of a majority of the members of congress that if the bill comes to a vote they will not propose any amendments including other wars, I am going to do the very best I can in this matter. I think this has been one of the reasons for keeping it back before, but they declined to say anything about it. Truly and sincerely yours,

THOS. H. TONGUE."

COMMEND CONGRESSMAN TONGUE.

The local camp of Spanish War Veterans at Corvallis has adopted the following resolution:

"Edward C. Young Camp, No. 7, Spanish War Veterans, appreciating the value of the tribute paid to the Second Regiment, Oregon Volunteers, in a recent speech delivered in congress by Hon. Thos. H. Tongue, hereby extends its earnest thanks to Mr. Tongue, not alone for that eloquent and timely utterance, but also for the warm and active interest in the welfare of the regiment and of the other Oregon soldiers, that he has always manifested; and further and chiefly, for his untiring efforts in behalf of the faithful veterans of the Civil and early Indian Wars."

STATE PRESS.

There is really but one political party in the United States today that stands on its merits as such. It is not necessary to add that party is the republican party. Against it is arrayed a conglomeration of all the isms known to modern politics. This is a grand tribute to the mighty strength of the republican party and an acknowledgement of the weakness of the opposition.—Eugene Register.

The price of wheat has shewn some tendency to advance. Unfortunately there is no letting-down in the excessively high rates which have to be paid for transporting wheat to Europe. Ship owners are making money if the wheat-growers are not. —Sheridan Sun.

Our democratic friends are gradually overcoming their prejudice to ward the "money power." Their nominee for congress in this district is the Hon. Bernard Daly, a Lakeview banker, who won over our own Captain Heath by a vote of 80 to 69. And it is understood that the populists, except a few middle-of-the-readers, have agreed to fuse on this kind of a layout. It's tough, but they like it, you know.—Sheridan Sun.

Congressman Thos. H. Tongue has done excellent service for the state, and is now a member of the committee on rivers and harbors, a position in which he can do the state a great deal of good. The people of the first district will advance their own interests by re-electing him in June next.—Albany Herald.

The opponents of Congressman Tongue will do well not to attempt to force the Porto Rican bill as a campaign issue. Mr. Tongue stood with his republican colleagues in congress and the rank and file of the party on that issue, and what is more, he was right. The measure as it passed the senate and as it will likely pass the house the present week, instead of being a tariff barrier against the island of Porto Rico, is in purpose and effect an establishment of free trade. Every dollar that has been collected on imports from the island since coming into our possession, and every dollar to be collected under the new bill, is given back to the island to supply an urgent home need of revenue. If there is any other or better way to meet th[illegible] need, the opponents of the measure have not made it known. The revenue thus derived will come from the wealthy speculators who have bought up the stocks of sugar, coffee and tobacco in anticipation of absolute free trade, and there is right where the shoe pinches. At the end of two years the operation of the law will cease, and by that time the people of the island will have had time to organize a legislature and provide other means of revenue for local government.—Sheridan Sun.
