Preparation should be made on population, mortality, the products of agriculture, manufacturing and mechanical industries, so that the sex, age, birthplace, married or single, occupation, ability to read, whether owning a home or farm, the value of products and manufactured articles, will be correct and complete. It is particularly desired to make the list complete of all foreign-born persons, and such persons need have no hesitancy in answering freely the questions put to them. Supervisor Winn is very desirous of making the enumeration of this district complete and that will reflect credit on this garden spot of the United States and nothing will be left undone to make it so.

AT THE OLD HOME.

The Robinson, Ill., Argus has this paragraph in its issue of May 9th in mention of our S. B. Huston who before that date had got to his old home:

In honor of their guests, Mr. and Mrs. S. B. Huston of Hillsboro, Ore., and Mrs. G. N. Parker gave a reception, inviting a few friends and former acquaintances of Mr. H., last Saturday evening. It was a pleasure to those who had known Mr. H. in his younger days, when he was endeavoring to forge his way to the front, to meet him after an absence in the West for several years, where he had met with the success his energy and character deserved, and to form the acquaintance of his worky and interesting wife. The pleasures of the evening were made further enjoyable by the preparation of the host and hostess, in the way of games, etc., and elegant refreshments. WOMAN'S DEVOTION TO HOME

HOME duties to many women seem more important than health. No matter how ill they feel, they drag themselves through the daily tasks and pile up trouble. This is heroic but a penalty has to be paid.

A woman in New Matamoros, Ohio, Mrs. ISABELL BRADY, tells in the following letter how she fought with disease of the feminine organs until finally forced to take to her bed. She says:

"DEAR MRS. PINKHAM—I feel it my duty to write to you to tell you that I have taken Lydia E. Pinkham's Vegetable Compound and think there is no medicine in the world like it. I suffered for nine years, and sometimes for twelve weeks at a time I could not stand on my feet. I had female troubles of all kinds; backache, and headache all the time. Seven different doctors treated me. Some said I would have to go to the hospital and have an operation performed. But oh! how thankful I am that I did not, that I tried your Vegetable Compound instead. I cannot say too much in its praise, nor thank you enough for what it has done for me. I want you to publish this in all the papers for the good of other sufferers."

The wives and mothers of America are given to overwork. Let them be wise in time and at the first indication of female trouble write to Mrs. Pinkham at Lynn, Mass., for her advice. This advice is promptly given without charge.

The present Mrs. Pinkham's experience in treating female ills is unparalleled; for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, advising and helping by letter as many as a hundred thousand ailing women during a single year.
