

Born—To Dr. and Mrs. J. P. Tam-
iesis, June 17th, a son.
Mrs. Edwards, of Newberg, is visit-
ing this week with her son, W. V.
Wiley.
Mr. Tom Cornelius, who is employ-
ed at Salem, is at home for a
few days.
Mrs. A. B. Bailey, of Spokane, is a
guest at her father's, Capt. J. D.
Merryman.

The pastor being absent there will
be no preaching at the Evangelical
church next Sunday.

Bicycle repairing neatly done and
prices very reasonable at McCor-
nick's Bicycle Store.

Mrs. W. V. Wiley plans for a visit
with her brother at Baker City. She
will start in a few days.

The wet weather has about ruined
the Royal Ann cherry crop. The
cherries are badly cracked.

The proprietor of the Hillsboro
bakery wants to sell because of ill
health. A good business proposition
for a small sum of money.

Call at the INDEPENDENT office
and examine the famous Melton
board for mounting kodak prints.
Latest thing out. Any size.

Eugene Humphreys, youngest
brother of our S. H. Humphreys,
was operated upon for appendicitis
at St. Vincent hospital, Portland, on
Tuesday last.

Johnny Creighton, who cut his
playfellow at Beaverton, June 4th,
was discharged from the county jail
on Wednesday last on a letter of re-
lease. A complaint of assault and
battery has been lodged against him.
To this the boy will plead guilty.

The rain of the week has not been
of benefit to clover hay, either stand-
ing or cut. Where it stands the
heavy growth is rotting on the
ground, and where cut the second
growth is coming through. Fall
wheat is not receiving any benefit,
but spring sown grain will be
benefited.

Laborers are stringing the wire on
the Glencoe telephone line this week,
and by Saturday evening it is ex-
pected that the instruments will be
in place. The rate for a conversation
will be 25 cents for three minutes.
There is no opposition over this six
mile stub, hence the high rate. The
subscribers have a letter from
Portland, 20 miles distant, than to
Glencoe. The Portland rate is 15 cents
for a minute talk.

Percy Allison has a currant bush,
the only one in town, that is remark-
able for its fruit. Percy has not
named the variety, but he might say
"Mammoth" with the certainty of
having his name adopted. Such cur-
rants were never before exhibited,
and are great red globes,
and of delicious, fully a half-inch
in diameter. The shrub came from
a nursery in Washington, though its
fruit far surpasses what the original
grower has produced.

W. P. Graham, of Tigardville, was
in town Wednesday. While here he
met Ben Cornelius to whom he talked
politics. "Ben, we got cleaned out."
It was awful. But I saw it
coming long before Saturday day."
"How that was," says Ben. "How did
you know defeat was in the air?"
"Well, it was this way: You headed
the ticket, and I was on the tail for
road supervisor. Enough?" "Why
did you not take a better dissent?"
"I did not, but when I got them
all right for you, and they came
down to my name they became an-
gry and tore the ticket in two."
"Go home, nothing. They stayed.
Have you not found it out yet?"

President W. H. Wehrung and M.
D. Wisdom, secretary of the state
fair, will start in a few days to make
a tour of the state in connection
with the fair, which is to be held in Sep-
tember, commencing Monday, the
17th. They will stop at all the prin-
cipal places in the state for the pur-
pose of interesting the people in
county exhibits. At the same time
excursions to the state fair will be
arranged for. The matter of a
Washington county exhibit will be
taken up soon. If Mr. Benj. Schol-
field can be induced to take hold of
the matter he will be appointed
superintendent. His fitness for the
place was demonstrated last year,
and it is believed by commencing
early this year, the county can again
win the premium, though every
other county in the state contests.

This was commencement week at
Pacific University, Forest Grove.
The trustees held their annual meet-
ing on Tuesday. The president of
the board was Hon. A. Himm, who
has occupied the position of trustee
for almost a half century. The
annual reports were received, and
they indicated that the past year
has been most satisfactory and successful.
The report of the treasurer, Frank
M. Warren, of Portland, was very
full. The finances were shown to be
more satisfactory than for many
years. The receipts for tuition have
been the largest in the history of the
college, and there is every evidence
of substantial and enduring prosper-
ity. The grade of work required of
the students in college classes is
larger than ever before. The gradu-
ates from the academy hold exercises
on Tuesday. The members of the
class from Hillsboro are Lotta Sara
Peterson, Victor Emanuel Emmel,
William G. Hale, William Gilman
Hare and Alice Edith Merryman.

The Evening Telegram, Portland,
has this paragraph of the accident
that befell George Cronkite who is
well known in Hillsboro: "George
H. Cronkite, a carpenter employed by
Messrs. George and Chandler,
on the erection of John L. Duthie's
residence at East Seventeenth and
Belmont streets, fell from a scaffold
to the ground Friday afternoon at 3
o'clock, and sustained a painful gash
on the left side of his head, and his
back and shoulders were badly
wrenched and bruised. The injured
man was removed to his home,
where proper medical assistance was
procured, and the latest reports were
that the unfortunate mechanic was
resting easier. The accident occurred
while he was working on a pile of
lumber, a distance of 25 feet, carry-
ing Mr. Cronkite with it. He fell
headlong, striking on a pile of
lumber, and to his remarkable pres-
ence of mind in holding his arms
up, and his head was distributed his
above his head more serious
results. Mr. Cronkite is an ex-
member of Co. F, 2d Oregon volunteers,
and favorably known about the city.
His injuries will necessitate him
being on the sick report for several
days.

Congressman Tongue reached home
on Monday morning last. His
health is excellent and he is as well
though he is not as heavy by fifteen
pounds as he was when he went
away last fall. On public questions
Mr. Tongue said he is a back num-
ber, since he had been on the home-
ward road almost twelve days. He
came over the Canadian Pacific. The
Chinese question has arisen since he
left Washington. "You in Oregon
know more about what is happening
than I do. I must hurry to the work
of catching up with the news. I
have not had as good papers on the
road home as you have."

Gov. Geer last week wedded Mrs.
Belle Trullinger, widow, daughter
of Hon. J. C. Trullinger, of Astoria.
Mrs. Geer is well known in Hillsboro
by the people who were students in
public school here along about '76.
The rather tall girl of that day has
developed into a woman of splendid
presence, and she has acquired her
mental culture to an even pace with
physical development, so that the
place of first lady of the state is a fit
station for her. The governor and his
wife will be warmly welcomed at
Hillsboro whenever they can make it
convenient to come.

Some of the precinct officers have
made enquiries about their certifi-
cates of election. It is proper to say
that County Clerk Insler has made
out all certificates of election and
holds them in his office. The law
directs that the officer elect shall ap-
ply at the clerk's office for his certifi-
cate. It is presumed that the reason
for the requirement is that he may
take his oath of office at that time
and file his official hand. Justices of
the Peace and Constables give bonds
in the sum of \$1000. No bond is re-
quired of a road supervisor.

A paragraph in Monday's Oregonian
stated that John H. Gault, assist-
ant engineer at the state asylum, had
been badly scalded by the blowing
out of a plug in a steam pipe while
he was near it. His friends in Hill-
sboro were somewhat alarmed, but
they have private advice which
allay their anxiety. Gault got the
spurt of steam on his left cheek and
more on his neck and shoulder. He
is quite severely blistered but he is
able to be about the shop and expect-
ed to go to work again by this time.

Married, at the residence of the
bride's parents, Rev. J. F. Ghormley,
Portland, on June 29, 1909, Miss
Myrtle Ghormley and S. J. Ennis,
of Hillsboro, K. H. Siskafous, of
Hillsboro officiating. This young
couple will make Hillsboro their
future home. They took the evening
train for Salem and will attend the
Oregon Christian Missionary Con-
vention at Turner before they return
home. These young people have the
well wishes of a host of friends.

Farmers in this county are having
some trouble in getting laborers at
wages that have ruled during the
past few years. In one or two places
it is stated that the farm hands quit
work because they had better offers.
They stayed, however, when their
wages were raised.

Some of our citizens are inclined to
say, "Did you ever see so wet a week
during a June?" The answer is
"Yes, several of them, and at a time
when I had clover hay down and in
the field." While we do not always
have a wet fortnight in June, yet
such is of frequent occurrence.

S. A. D. Meek has bought a new
threshing outfit. His power is a
16-horse engine and the separator is a
32-inch Buffalo Pitts machine, with
a wind-sucker attachment. The out-
fit is classed first grade and no one
in the county has a better threshing
plant.

Commencement exercises at the
convent school, Oak Mill occurs
next Wednesday, June 27. In the
evening there will be a popular enter-
tainment by the members of the
graduating class which will be well
worth attending.

At the Congressional church next
Sunday the pastor, Rev. Evan P.
Hughes, will discuss this topic: "An
Old Roman's Type of Some Modern
Americans." All are cordially in-
vited to attend the services.

Capt. McDonald, of Portland, was
in Hillsboro last Wednesday. The
captain was one of the few successful
Republican candidates in Multnomah
county at the late election, being
chosen to the office of assessor.

Hon. S. B. Huston and wife, after
an absence of two and a half months,
returned home on Tuesday evening.
He reports having a most delightful
visit, but glad to get home.

THE CHINESE TROUBLE.

What two weeks ago was considered
a local trouble about several mission-
ary centers in China has grown to
such proportions that it is now recog-
nized as a rebellion, a rebellion
against civilization and good govern-
ment rather than against the Chinese
government since it is not certain
that the government is administering
by the quack dowager is aiding
and abetting the "Boxers." The
foreign legations at Peking have been
cut off from communication with their
respective governments for nearly
a week. Admiral Seymour,
English Navy, in command of
one thousand or more men recruited
from the navies of the powers at
Ta-Ku, marched from the coast to
Peking where he is reported to have
reached on the afternoon of June 17.
The legations were safe then and
some of the foreign ministers had
been assassinated as reported.

On Saturday, the 16th, the fleet of
the powers observed that great num-
bers of what appeared to be soldiers
guarding the Taku forts. The
ships accepted battle and in a bomb-
ardment of 4 hours length reduced
two of the forts to ruins and captured
the others by an assaulting column
landed from the ships. The loss of
life among the Chinamen was great.
The ships suffered, too, but not so
severely; one or two gunboats were
sunk. An explosion on a Russian
ship killed several and wounded 30
or 40. The American ships seem
not to have participated in the fight
save our fleet of light draft boats
will be larger and more effective for
work on the Pi-Ho river than the
fleet of any other power. The battle-
ship Oregon has been ordered to the
mouth of the Pi-Ho. It is known
that the 9th Infantry will go, and
it is rumored that two other regiments,
making altogether with the commis-
sary and artillery that belongs to an
American brigade, a force of 5000
troops go from Manila. From
the Philippines to the Pi-Ho is a
distance of about 1500 miles. It is
indeed fantastic for Americans that
we have territory so near the storm
center and the value of having naval
stations scattered over the world is
seen in this instance.

The conditions in China look bet-
ter at this writing than they did a week
ago. Li-Hung Chang has been called
to Peking, which is taken as an
omen of peace. If the Chinese gov-
ernment exists itself for good order
that can be established, and if it
thinks that Li-Hung Chang is well
enough acquainted with the govern-
mental policies of the world to know
that the dismemberment of the Chi-

SUMMER RESOL.

"To the monotonous car people in
increasing numbers yearly look for
those days of relaxation and recrea-
tion necessary to maintain the hu-
man machine in fair working con-
dition. The languorous stoth of the
summer proves every advantage while
it lasts, but many have decided that
the annual outing should provide not
only radical change of air and sur-
roundings, but also such stimulation
of lagging energies as will provide
brave and vigor for the return to
labor. For this they urge the mount-
ain climb and ramble, the balsam
of the mountain pines, and the clear,
unadulterated mountain air."
