Dr. Adkins is at home again.

The M. E. Sunday school of this city had a successful picnic on Delta hill last Wednesday.

The teachers' institute, now in session, is well attended, there being nearly a hundred present.

Mr. J. A. Thornburgh and family will move to Forest Grove this week, where their residence will be for the next few months.

Mr. Thos. Teiford, who spent a few days here several months ago, is again here with his wife, the guests of Col. Bowen.

Schulmerich & Son say their business in implements is steadily increasing notwithstanding the unusual rise in such commodities.

Mon. B. P. Cornelius is in the market for 50 or more head of calves. He is paying \$1.00 for each calf and \$1.00 for each head of five years ago.

Schulmerich & Son have received a part of their fall stock of dress and furnishing goods also boots and shoes. Prices and goods a little better than formerly.

J. W. Hutchinson, general agent for Deering Harvester Co. of Chicago was in the city this week visiting with their agent for Washington Co. Messrs. Schulmerich & Son.

At the official meeting of the M. E. church last Tuesday evening, Rev. H. Oberg received a unanimous invitation to return as the pastor of this church for another year.

Rev. Clapp, of Forest Grove, will occupy the pulpit in the Congregational church next Sunday morning. The evening services will be a union meeting at the Methodist church.

During the month of August there have been shipped from the Hillsboro station 4 cars of oats, weighing 127,365 pounds; 49 cars of hay, 411 tons; 4 cars of flour, 664 barrels, and 2 cars of lumber. These added make 58 cars.

Rev. H. Oberg will preach in the Methodist church Sunday morning. In the evening the union services will be held in this church. Rev. C. C. Poling will preach. A cordial invitation to attend is extended to all.

The Woman's Foreign Missionary Society of the Methodist church will hold a social at the parsonage Wednesday evening Sept. 5. A good program and novel refreshments. No admission charged, but a free will offering will be taken. Everybody come.

Messrs. Heide and Jackson, who are preparing the county exhibit for the state fair, at Astoria, are in receipt of a quantity of apples and peaches. These fruits are in great abundance in the county, and the superintendents ask the loan of enough for a creditable exhibit. The bottles will be returned at the end of the fair.

Wm. B. Jolly returned this week from Nome, and appears to be pleased with the fair, and thinks the prospect is good mining ground there, but that the claims are in litigation. Four or five years hence mining will be more active than now. As had a feature as anything is the government which is purely military. There is a company of soldiers here, whose captain is mayor, police judge, as well as recorder. A judge of the U. S. district court goes up every three or four months to hold a term of court. Mr. Jolly estimates that there is room for 5,000 men in that county, and that 50,000 go there. The natives who are abandoning their diet of fats and adopting that of the whites, bread, fruits and he like, are dying off rapidly.

Prof. Durstle, of Portland, has been one of the favorite instructors at the teachers' institute now in session here, but he allowed himself to be tired one day when he was presenting the doctrine, leaving the impression that the other party advocated imperialism. This aroused Supt. Ackerman, who evidently thought it not professional, for he said a teacher was not employed to teach politics, but if he mentioned the doctrine, he would impartially give both sides of the question. At another time Prof. Durstle stated the democratic contention on the trust. The Prof. evidently forgot that he is not on the democratic ticket.

J. H. Ackerman, state superintendent of schools, spent Wednesday at the county teachers' institute, now in session. Ackerman has been in office two years, and in the time he has spent a considerable amount of time in organization in the older states. He took to his office in '98 the idea that a sharply graded school is not the best for training out strong, well-balanced pupils. Hence, his interest in ranging for graded schools in this county district, he has written a course of study which will take eight years for the ordinary pupil to complete, but if there is a bright pupil, he is to be promoted at any time, or if it is fast in one study he is to be advanced in the other. But he remains with his old class in all the other studies. Supt. Ackerman has had a call from Chico for all the copies outlining the Oregon course of study which he can spare. This course has been in the Oregon schools for a year and is showing its excellence. The superintendent has prepared a new roll book which seems to leave nothing to be desired along that line. It is not only a record of the school from term to term, but a history of each individual pupil, school life, when he started to school, when he was absent, when he was tardy, what progress he made each month in his studies. A wonderful history is written. Tab is kept on the teacher, too, as well as on the boy. Of the very many school record books that have been prepared this seems to be the most complete. It is not complicated either. If the teacher finds that he is not able to write it up, it is an indication that he needs a term at the Monmouth Normal School.

RINGLING BROS. SHOW

Will Exhibit at Portland Next Week

LARGEST IN THE WORLD

Excursion Rates of \$1.10 has been made from Hillsboro and Returns.

Arrangements have been completed by which all who wish to attend performances at Ringling Bros. World's Greatest Shows in Portland, Thursday and Friday, September 6 and 7, can secure special excursion rates on all lines of travel. This will be the only point in this vicinity where the great show will exhibit during the present season, and those who fail to see it will miss the grandest amusement event of the year. Since last season Ringling Bros. famous exhibition has been doubled in size and is now beyond all question or doubt the largest and best combined circus, menagerie and hippodrome in the United States. The performance is given by over 200 high-salaried specialists in three rings, on two stages, in mid-air, and in a huge quarter-mile hippodrome track. The trained animal features, which are alone worth many times the price of admission to see, include three groups of wonderful elephants, elephants, Lockhart's playacting pachyderms, Marchand's pugilistic pachyderms and Souder's elephant band, and O'Brien's sixty one horse act, in which three-score hand some equines perform in one ring, at the same time, under the direction of one man. The grand free street parade which takes place at 10 o'clock on the morning of the exhibition is the most magnificent display ever seen. Don't miss it.
