Geo. H. Himes, from the visiting committee, made this report on Pacific University at Forest Grove:

"To the General Association of Oregon:

The chairman of your committee, Rev. R. C. Brooks, who was pastor of the church at Eugene, having removed to Oakland, Cal., early in the associational year, by request of the committee on program I submit the following, which represents my own views altogether as I have had no opportunity to consult with Rev. J. L. Hershner, the other member of the committee. I have visited Pacific University a number of times during the past year, and upon each occasion with constantly increasing satisfaction, as I have witnessed the growing influence of the faculty upon the students in creating in their minds a strong desire to excel in everything they undertake. To the extent that I am able to judge thoroughness is the motto in every department. It was a privilege, indeed, to attend the Commencement this year and note the ability and care exhibited by the students who were graduated at that time as shown in the preparation of their orations and essays. Furthermore, it is with much pleasure, and a thankful heart, as well, that I record the fact that the morals of all students are carefully looked after, thus giving parents and guardians some assurance that their children and charges are guarded against the acquirement of pernicious habits as far as it is possible to do so. As may not generally be known, particularly to those of our brothers who have recently come into the Oregon field to labor for the upbuilding of the Kingdom of God upon earth, the school year ending June 20, 1900, was the most successful in every respect in the history of the college. At present the teaching force is larger than ever before, and the trustees are preparing to make further additions should it become necessary. It is with deep regret that it becomes necessary to say that Pacific University is now without a president through the resignation of Dr. McClelland, who for nine years labored with such signal ability as an executive officer. During his term the endowment was more than doubled by the addition of something over $150,000, to say nothing of the erection of Marsh Memorial Hall and the additions to the Academy buildings. Besides this, it may not be improper to say, that it is generally admitted by all candid persons that during President McClelland's incumbency the institution under consideration set the pace for educational achievement throughout the state. And to this may be added the further fact that his attendance at all teachers' gatherings was eagerly sought, and to the extent that his busy career permitted him to be present, he was the center of influence, his unfailing courtesy, his rare good judgment and ripe scholarship reflecting much credit upon the institution over which he presided.

The high plane upon which Pacific University now stands must be maintained. The acting president, Prof. W. N. Ferrin, now dean of the college, needs no commendation at my hands among those who know him. The responsibility of maintaining the high standard of scholarship among the students, which has been the rule hitherto is great, but he is equal to the task, and it is his ambition to advance that standard rather than fall below it. In this he has the hearty co-operation of the board of trustees, who realize, as perhaps never before, the measure of responsibility resting upon them to maintain the vantage ground already gained. To this end the board is pledged to do everything in its power consistent with the funds at its command.

In closing this report it is fitting that a word be said to the churches of our order. Pacific University is essentially christian in its practice, and in a broad sense is undenominational; yet it was born in the Congregational household of faith and nurtured by it during the half century of its life. Hence we may properly and proudly claim it as our own and deem it a high privilege to foster its growth by every means in our power. Let it constantly have a place in our prayers, in our efforts and in our thoughts. Let every minister and every layman in our churches throughout our state, and up and down the coast, as far as opportunity may offer, urge the claims of Pacific University, in season and out of season, upon all young people who may wish to secure a thorough christian education. To do less than this is to fall short of our bounden duty."

Respectfully submitted,
George H. Himes.

MOUNTAIN HOME ITEMS.

Mrs. Graves is visiting with her father, Mr. Rogers of Amity, while her husband is at the coast fishing.

Mr. and Mrs. Cash, and son, were the guests of Mr. J. C. Emmel's last week.

Mrs. Wounderli has returned from Tennesse reporting a delightful time.

Several of the Baker children have been quite ill with sore throat.

Mr. and Mrs. Weston, are the guests of Mrs. Weston's parents, Mr. and Mrs. Kruger.

Mr. Courtney, has gone to Eastern Oregon, to look after his interests there.

Harry Emmel is working in Portland.

Mr. Schmeitzer, has gone to Iowa, to visit relatives there.

There was a quiet little wedding at Mr. and Mrs J. C Emmel's last Sunday the 23. Their eldest daughter Emma was married to William T Hurt, Rev. F. W. Launer officiating There was no one present but the home folks. The tables were decorated with white asters and sweet peas and other flowers of the season. We wish the pair much joy.

A Powder Mill Explosion

Removes everything in sight; so do drastic mineral pills, but both are mighty dangerous. Don't dynamite the delicate machinery of your body with calomel, croton oil or aloes pills when Dr. King's New Life Pills, which are gentle as a summer breeze, do the work perfectly. Cures headache, constipation. Only 25c at the Delta Drug Store.

BAD COUNTY ROADS

They Tend to Keep Industries Away From County

A PERSONAL EXPERIENCE

Lay New Sidewalks, Build New Fences and Paint the Houses

If there is any one thing more than another that Washington county lacks it is good roads. The value in dollars and cents to every farmer in hauling his products to market, by reason of his ability to go quicker and take larger loads in the event that roads were good, to say nothing about the comfort in going from one place on pleasure bent, and the impression made upon the mind of the stranger going through the county, it may be looking for a home, would more than make up for the extra expense incurred in constructing good thoroughfares. In no county in the Willamette valley are the roads in a worse condition than in Washington county; and yet it is one of the richest counties in the state in all that goes to make a good farming region. The writer speaks from personal knowledge, having traversed the county in many directions, east, west, north and south. UNOWHO

The above paragraph serves as foundation for saying more. Last week while at the state fair a gentleman was met who one day last summer visited Hillsboro with a view of investing his fortune in a new industrial pursuit. His business would have been a new venture, there being nothing here in the same line. The gentleman talked to no one, but silently rambled about the streets. He saw the bad repair of the sidewalks, the rough places in the roadways and the broken fences. He from these formed a bad opinion of the town and went away to invest somewhere else. At least that is what he said. Now while we claim to be as wide-awake and as progressive as any other community, it has to be confessed that we are careless of the appearance of streets. We ought to see that sidewalks and fences and roadways are in the best order. No trash, boards, rubbish, woodpiles or other obstructions should be allowed in the street. Our houses should be painted. Then when strangers come we can point to the evidences of thrift which we already enjoy. We cannot afford by untidiness to drive away investors.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New discovery. One bottle gave great relief, I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and $1. Trial bottles free at Delta Drug Store. Every bottle guaranteed.

REPUBLICAN Club Meeting

The Hillsboro Republican Chub will hold its first meeting for the campaign next Tuesday evening, at the Court House. Congressman Tongue will be one of the speakers.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at Delta Drug Store

Volcanic Eruptions

Are grand, but skin eruptions rob life of joy. Bucklens Arnica Salve cures them; also old, running and fever sores, ulcers, boils, felons, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains, best pile cure on earth. Drives out pains and aches. Only 25 cents a box. Cure guaranteed. Sold by Delta Drug Store.

The Western Union Telegraph Co. proposes to form clubs in the towns along its line to whom may be delivered bulletins every hour during the evening and night of election day. The office at the Hillsboro station will be kept open till 1 o'clock a. m. Wednesday. The delivery of bulletins will be resumed next day and will be continued till the result of the election is known. The expense to a club will not be great and one without doubt will be organized here.

Charles Farnham, a lad of eight years, living with his parents between here and Glenco, broke his arm a few days ago. He carried a bucket of feed to the pigs, and climbed up on the rails of the pen, but his foot slipped off. The bucket fell on his arm and broke it. This accident should be a warning to little boys of that age not to help father or mother that way. Dr. Linklater set the bones and bound up the limb.

Ed. Tompkins, working at hay baling on the B. P. Cornelius farm, got his hand caught in the press where it was badly lacerated. The thumb is the worst, though the fingers are bad enough. Dr. Linklater dressed the wound.

Call at John Dennis' place, corner Main and Second streets, Hillsboro, and see his stock of groceries and shoes.

To Washington county, (or Tuality county, as it was then) belongs the distinction of having the first woman type setter on the Pacific coast. From June 7, 1848 to September of that year, Rev. Griffin published a paper on his farm just north of Hillsboro, called "The Oregon American and Evangelical Unionist." The printer was Chas. F. Putnam, who learned his trade in York State, and who crossed the plains in 1846. In 1847 he was married to Miss Rozelle Applegate, in Polk county, a daughter of the noted pioneer, Jesse Applegate. After removing to Washington county Mr. Putnam taught his wife the mysteries of the "art preservative," and she assisted him as long as the paper was published. The press and type used was the mission press, sent from Boston to Sandwich islands in 1819, and from the islands to Oregon in 1839. Mrs. Putnam died near Yoncalla, Douglas county, in 1861

The public school in District No. 7 Hillsboro was opened for studies on Monday morning last. The enrollment at noon yesterday was:

2	"	33
3	"	29
4	"	18
5	"	30
6	"	31
7	"	32
8	"	26
Total		232

This is about the usual attendance for the first week.

Pacific University opened at Forest Grove last Wednesday with a large attendance. Those going from Hillsboro are: Estella Bescow, Eva Catching, Alice Sewell, Hattie and Anna Cornell, Anna Rood, Blanche Huston, Minnie Heidel, Lefa Rhuble, Fred Vrooman, Fred Everson, Wm. G. Hale, Wm. G. Hare, Jas. Sewell, Linus Brown, Fred Siegrist, Frank and John Peters. Benjamin Rasmussen is in attendance from Reedville.

Ollie M Dolstrum v Chas Dolstrum suit for divorce.

MARRIAGE LICENSE.

License to wed were issued Sept. 18, to Arthur E Cummings 24, and Anna M Marsh 19. Sept 21, Elbert S Huckabay 21, and Ellen Gertrude Garrison 20. Sept 25, John J. Fisher 29, and Bertha A Hamel 22; Cornelius O'Donnell 31, and Mary K Stingley 19; Wilfred Schofield 25 and Effie A Baker 25. Sept 22, Wm Hurt 28, and Emma Emmel 23. Sept 26, Cark P Hembree 26, and Perl A Stewart 23.

Rev. E. P. Hughes, is expected to be in his pulpit next Sunday morning. He left Honolulu Sept. 13 on a steamship that goes to a Puget Sound port.

Claud Greear who accepted the place of second miller in the Haines, Baker Co. Mill is at home again. He was not satisfied with the sage brush country, hence he comes to the land of green fields.

Mayor Wilcox slipped through a cattle guard on the railroad a few days ago and scraped his leg below the knee. He suffered excruciating pain for a few days after which the bruise gave little or no trouble, but within the past few days it has grown worse so that now he can walk only in great pain.

The state fair just closed was a great success as such things will always be when intelligently managed, as was the case this year. Washington county obtained third prize for its exhibit, due to the fact that quantity rather than quality was the deciding factor. We could have had the first prize if we had picked up a few more apples, and taken a few more bundles of straw for thatching purposes.

By guess work one would not think that as much money is spent in harvesting hops as a calculation reveals. By consulting their books Shute & Foote bankers find that they have furnished to their customers about $16,000 to be used in hop-picking. Haines' bank at Forest Grove have put out about $8,000. This does not include money paid out by growers in the eastern part of the county, Tigardville and vacinity. If the hops raised in the county were sold at 13 cents per pound, a revenue would be received amounting to $75,000 or $80,000.

Mr E B Tongue's buggy horse, Ben Bolt, made an enviable record for himself at Salem last week. Entered with 22 of the best horses in the Northwest for the $1000 Chamber of Commerce purse, he was one of the 13 that started in the rain and on a very muddy track. He won the two first heats, but lost the third because he cast a part of one of his shoes. The race was adjourned till next day when he easily won the fourth heat and the race. The time was slow, but one of his competitors, Umahalis, two days later on a better track won the consolation purse in 2:15. It is the judgment of Ben Bolt's trainer that he can make his mile on a decent track in 2:6. He is a good horse

INTEREST IN MINES

Several Hillsboro Citizens Have Property at Sumpter

TAKE CHARGE NEXT WEEK

Postmaster Schulmerich will be the Manager

Mr. N. J. Sorrenson, of Baker county has been in Hillsboro several days. While here he has interested several of our citizens in a placer gold mine which he owns near Sumpter. Messrs. H. Schulmerich, Geo. Biersdorf and M. M. Bridges and Drs J. P. Tameisie and S. T. Linklater sent a practical miner to the ground last week. He returned with reports so flattering that small investments have been made. Mr. Bridges went to Sumpter this week to make a payment on their stock. Mr. Herman Schulmerich will in about ten days go to the mine to superintend a gang of men who will be put to work preparing the diggings for the spring campaign. Just now water is a little thin, but a ditch already dug will give an abundance next spring when three shifts will pipe down the bank working day and night. Mr. George Wann and his son Ed have been employed and will leave in a few days. The work this fall is building lumber flumes and laying iron pipe. The mine has been carefully prospected and worked to some extent, but lack of water has been a hinderance. The new ditch which will be used for the first time next season will afford an abundance of water, and the stockholders go into the ground sluice with bright prospects.

Dr. J. E. Adkins will be out of town during October.

Born, Sept. 24 at Farmington to H. Rinnow and wife, a son.

Born, Sept. 25, near Hillsboro to Chas. Crocker and wife, a daughter.

L A Long and U G Gardner were Pendleton visitors last week, in attendance at the street fair

Mr. David Stevenson with Russell & Co., visited this week at his cousins, Mrs. Frank Barber.

The valley wheat of 1900 takes its accustomed place again in market quotations, Walla Walla is quoted at 56 while valley stands at 60 per bushel.

Mr. Carl Harris of Ashland, Wisconsin, who was here a few weeks last winter, is again attracted to the Oregon climate and is with his mother, Mrs. Col. Bowen.

The Executive Committee of the Union party has selected Mr. William Wall to be deputy sheriff. Mr. Wall will enter upon the duties of his office Oct. 1st

By request I wish to announce that I will give instruction in German this winter.

Mrs. C. H. Koch,
Hillsboro, Ore.

Mrs. Emma McEdowrey who has been detained in the county jail for several weeks to await the action of the circuit court on a charge of forgery was released this week on the deposit of a cash bail of $150.

Rev. H. Oberg has been returned to the Hillsboro station by the M. E conference, which held its annual session at Ashland last week. R. A. Atkins remains at Oregon City. L. F. Belknap goes to Forest Grove.

From October 1st to November 1st of each year you can kill grouse, pheasant and quail. E. L. McCormick has placed in his store a stock of sporting supplies, such as guns, ammunitions, hunting coats and vests, belts, etc., which he will offer for sale at reasonable prices.

Little Charles Emmerson aged six years, living with his parents in one of the Hanley houses north west from the court house, fell from a box Thursday evening of last week and broke both bones of the right arm between wrist and elbow. Dr. F. A. Bailey reduced the fracture.

To Mrs. Pinkham, Lynn, Mass.

[LETTER TO MRS. PINKHAM NO. 41,807]

"Dear Friend—A year ago I was a great sufferer from female weakness. My head ached all the time and I would get so dizzy and have that all gone feeling in the stomach and was so nervous and restless that I did not know what to do with myself.

"My food did me no good and I had a bad case of whites. I wrote to you and after taking Lydia E. Pinkham's Vegetable Compound as directed, I can truly say that I feel like a new woman and cannot tell you how grateful I am to you.

"I have recommended it to all my friends and have given it to my daughter who is now getting along splendidly. May you live many years to help our suffering sisters."—Mrs. C. Carpenter, 253 Grand St., Brooklyn, N. Y.

Over eighty thousand such letters as this were received by Mrs. Pinkham during 1897. Surely this is strong proof of her ability to help suffering women.

The supplement of 10,000 so-called "new words," which some of these books are advertised to contain, was compiled by a gentleman who died over forty years ago, and was published before his death. Other additions are probably of more or less value.

The Webster's Unabridged Dictionary published by our house is the only meritorious one of that name familiar to this generation. It contains over 2000 pages, with illustrations on nearly every page, and bears our imprint on the title page. It is protected by copyright from cheap imitation.

Valuable as this work is, we have at great expense published a thoroughly revised successor, known throughout the world as Webster's International Dictionary.

ROYAL Baking Powder

Absolutely Pure

Makes hot breakfast-breads wholesome—no yeast germs, no alum. Makes cake, biscuit and pastry of superior fineness, flavor and delicacy. Makes food that will keep moist and sweet. Is most economical, because it is the purest and greatest in leavening strength. In the easy, expeditious preparation of the finer cakes and pastries appropriate to the season, Royal is indispensable.

Care must be taken to avoid baking powders made from alum. Such powders are sold cheap, because they cost but a few cents per pound. Not only will they spoil the cake, but alum is a corrosive acid, which taken in food means injury to health.
