Wm. Topper found a potato in his field, which he put to political use. The main part had a knot that very much resembled a nose. By a judicious use of paint a good likeness of Bryan was produced. He was young anti-expansion. The potato had been in the ground for 16 to 17 weeks, but this was before election. The thing was toggled out and carried in the procession on Tuesday night causing much merriment.

The humdrum of routine work at the court house was varied last Wednesday, when James L. Hill came in and asked Judge Road to officiate at the marriage of himself to Miss Laurita Kelley. Clerk Morgan quickly issued the license and before the ink had time to dry the Judge had pronounced the words that made them home-builders. Mr. Hill is a grandson of Almon Hill one of the first pioneers to settle in this county.

Burford Creps aged about 27 years accidentally discharged a gun in such a way that his right hand was shot off. He was taking a boat up Dairy creek and had two guns lying in its bottom. Near the Watson place the boat had to be pushed over some drift wood. It is thought that pushing it through the brush, one of the hammers was pulled back far enough to explode the cap when it was released. Drs. Van Arns. Large amputated just above the wrist.

Joseph Meyers got a stroke in the face at the cider mill last Tuesday that came upon him closing his account in Hillsboro. He was taking a basket of apples into the second story at the cider mill in a vertical windlass. Mr. Meyers had raised a sack to the door and reached out to take it in, at the same time letting go of the windlass. The sack fell and the sweep of the whiffles struck Mr. Meyers in the face laying open a laceration on the forehead as well as on the lower part of the face. The injured man was taken to the Pharmacy where Dr. F. A. Bailey dressed the injuries.

The election of McKinley to the presidency of the United States was celebrated in a popular way in Hillsboro on Tuesday night. Every body was on the street and representatives from the country formed a large part of the mass that surged back and forth. The weather was ideal. The streets were dry, but not dusty. There was no shouting in the street and conditions could not have been improved. Considerable work had been done toward decorating the business houses. On Main street Wehrung & Son's illuminated the front windows of their store. Across the street the Delta Hotel was illuminated with candles at the windows and Chinese lanterns in the portico. The most unique effect was obtained by J. C. Lankin, who had arranged for a tin arch for each of his front windows. On these he set his candles and placed behind them lanterns. On Second street Gates had his confectionery store beautifully illuminated. It was an invitation to pass. Further down the street W. V. W. had a blaze of light in his windows. Over the front of his building a glow of light was seen. The glow was the result of a large number of small lights, each of the size of a candle, and on the other side of McKinley, and on the other side of Roosevelt. The Hillsboro Hotel was beautifully decorated with bunting and lights. The lights and ornaments were of which during the evening, but there was no damage save for a trifling amount. The Independent office was artistically illuminated, the credit of the arrangement belonging to the mechanical force. J. M. Brown, grocer, did not fail to observe the occasion by illuminating. The private residences of Hon. S. B. Heston, Dr. W. D. Wood, Dr. S. T. Linklater, Dr. J. P. Tameise, M. S. Dalley, E. B. Sappington, Thos. Tucker, Jos. Downs, Thos. H. Tongue and George H. Carleton were illuminated.

The procession was formed at the band stand and headed by the cornet band, marched around the court house square thence down Second street to Oak, thence to 6th, up 6th to Main, and up Main to the court house. The marchers bore torches and trumpets, some of which evoked roars of laughter. One particularly attractive was the head of a U. S. soldier on the body of a skunk, with the legend "Are we skunks? No!" Another was the man of Argus vomiting great chunks of crowd and between gulps announcing, "Give but I am sick." Bryan and Aguinaldo were in the soup together. Another was McKinley and Teddy carrying a full dinner bucket. Bryan and the mule were in a boat bound for head waters of salt creek. One

California and the Philippine Islands are wanting onions this fall. The price this week is \$1.25 per sack of 100 pounds. The Manila trade has already absorbed 20 cars of 30,000 pounds each. There is nothing wrong in this only that these 20 cars should have been put on board a ship at Portland instead of going by car to San Francisco. It costs \$29.00 per car to lay onions down on the dock at San Francisco. Oregonians ought to have that 23 cents per sack. The growers do not count themselves to blame for that state of things, nor is the government, but rather the middle men. Hillsboro, Portland ought to see that a line of ships is put on the route from the Columbia river to Manila. There is no reason or sense for sending our onions, flour, potatoes, butter and such products to San Francisco or Seattle before the start to Manila can be made.

Program for Local Institute.

Forest Grove, November 24, 1900.

Session Begins at 10 o'clock a. m., Closes at 3:30 o'clock p. m.

MORNING.

Wm. McQuilian, has sold his colt, Waco Negro, 16 months old for its price \$200. Mr. Johnson, who has been in correspondence closed a deal when he saw him.

Mr. Jonathan Boge, of McMinnville, his daughter, Mabel Hill, and grandson, H. T. Blat, and wife, late of Illinois have moved to Hillsboro, and taken up a residence in North Hillsboro. Mr. Boge has some acreage property a few miles from town.

City ownership of lights is not satisfactory at Forest Grove. E. W. Haines makes a proposition to furnish an all night service for \$300 less per year, than the half night service now costs. The proposition has been referred to a committee for investigation.

About two o'clock last Friday afternoon the story and a half residence of Mrs. S. Leeves, on North street, north Hillsboro caught fire at the roof from a terra cotta tile. A brick wind was blowing at the time so that when the firemen got there an angry flame met them. Water was taken from a single hydrant about 150 feet away and the battle commenced. The department tried to get a second stream, but after running out all the hose they found themselves 300 feet from the fire. The work therefore had to be done with one stream and the bucket. Haines removed all the furniture from the first-story, but nothing was taken from above. The roof was burned off the main part of the building, but saved over the kitchen. All the lower part of the house was saved.

The loss on the building is five or six hundred dollars. The loss on furniture and clothing will probably be four hundred dollars more. All the beds and bedding together with wearing apparel burned. There was no insurance.

The firemen did their full duty. The fire was over a half mile from the hose house which distance was run and a stream of water running in 12 minutes after the alarm was sounded.

At one time a kink formed in the hose, this was straightened and the hose was jerked from the nozzle and fell, the metal nozzle struck Mr. O. G. Wilkes on the head and laying the scalp open about two inches in length. The wound was closed with three stitches. J. M. Brown repaired the kink. The highest fire in the fall ever particularly seriously cut on glass fragments lying on the ground. The coffee club served hot coffee to the firemen when they returned to the hose house.

Notice is hereby given, that in pursuance of an order of the Hon. County Court of the State of Oregon for Washington county made in the matter of the estate of Simon H. Humphreys, deceased, and dated the 8th day of November, 1900, authorizing and directing the sale of the real property belonging to said estate, I, the undersigned administratrix of said estate, will from and after the 15th day of December, 1900, proceed to sell at private sale for cash in hand on day of sale all the following described real property: Lying being an 1/4 section of the Don Hon Land Claim of Michael Moore and Mary H. Moore, his wife, a 1/4 being particularly described as follows, to-wit: Ten acres in the Northeast corner of the forty acre tract in the Don Hon Land Claim of Michael Moore and Ma Y. H. Moore, conveyed by Charles T. Towner and Zenilda Towner, his wife, to Mary A. Carpentier, by deed executed September 25th, 1881, and recorded October 5th, 1881, on page 85 of Book "Q" of record of deeds for Washington County, Oregon. Said ten acre tract being bounded by beginning at the Northwest corner of said forty acre tract and running thence North 90 degrees west along the tract of the Oregon Central (now Oregon and California) R. Road, 30 rods South to a point far enough to include ten acres with the boundaries herein described, thence East to the East boundary of said forty acre tract and thence North on said East boundary to be in line with the line of said forty acre tract. Said ten acre tract to be sold at Hillsboro, Oregon, by the Office of W. N. Barrett, at Hillsboro, Oregon.

Said sale will be subject to confirmation by the County Court of Washington County, Ore on.

Dated November 15th, 1900.

MARY HUMPHREYS, Administratrix of the estate of Simon H. Humphreys, deceased.
