

Miss Froome, of Pendleton, is a visitor this week with her friend Miss Milne.

Mrs. Zolpha Horner, of Chicago, Cal., is visiting for the next fortnight or more with her father, Mr. E. H. Warren.

E. L. McCormick has the old reliable "Singer Sewing Machine" for sale. You might call and see them it will cost nothing.

The friends of Rev. Mr. and Mrs. Hughes called at the parsonage last Monday evening to welcome Mrs. H. home. The occasion was one of good will and seemed to make the hostess glad to be back again among friends.

The Beaverton Milling Co. is preparing to build a new mill this summer that will increase its storage capacity for wheat to 20,000 bushels. The new structure will be 26x32 feet on the ground and 40 feet high. The company is preparing to take care of the grain grown in this territory.

Cattle in this neighborhood are pestered this summer by a new fly, called by some the horn fly. The insect settles on the neck and shoulders of the animal where it cannot be reached by the switch of the tail and there it bites. It is not uncommon to see a scabbed sore caused by this insect. Several of the dairymen about Hillsboro are spraying the neck, shoulders and body of their cows with a coal tar liquid known to the trade as Flybomoe. It bounces the fly so that the cow feeds and rest in peace.

"THE INDEPENDENT" is in receipt of a handsomely illustrated booklet entitled, "Health and Pleasure Along the Line of the Oregon Railroad & Navigation Company." The book contains a number of views of picturesque mountain, river and ocean scenery, and it is all described in an accurate and pleasing style. Persons contemplating an outing this summer should have a copy of this souvenir, as it will enable you to decide where to spend your summer vacation. The book may be procured free from any agent of the O. R. & N. Co., or on receipt of a two cent postage stamp, from A. L. Craig, General Passenger Agent, Portland, Ore.

Miss Elizabeth Johnson held her final rehearsal for the year, in Mrs. W. E. Thorne's parlors last Tuesday evening. Her pupils, though mostly young, acquitted with credit not only to themselves but also to their instructor. Miss Johnson, besides being a good performer on the piano and a fine vocalist, has the happy faculty of imparting instruction. The lady will in a short time, perhaps today, go to her home in Salem where she will spend her vacation. She does not publish her plans for next year's work but Hillsboro unites in the wish that she may return. Her three year's work here has done much for music in the city.

Mrs. E. H. Warren who last week was thought to be slightly improved did not have strength to make good the favorable symptoms. Friday morning she began to sink rapidly and passed away between one and two o'clock in the afternoon. The funeral services were held in the M. E. church on Sunday afternoon.

Mrs. Warren was born in Illinois and at the time of her death she was 60 years of age. She married Mr. E. H. Warren 40 years ago, and in 1865 the young people went to California where they lived about two years. They then returned to the old home and fixed their home in Sedalia, Mo. But the Pacific fever raged so that in 1870 they returned to the Coast and fixed their residence in this county where they have been for 30 years. About ten years ago Mrs. Warren's health began to fail the attack being bronchitis which became chronic. For a time her friends thought her in the grip of tuberculosis, but as the months passed, the true nature of the ailment was seen and hope was high that by careful nursing and the physician's skill a permanent cure might be brought about. All these years of semi-invalidism she lost strength so that three weeks ago when pneumonia set in there was low vitality to be reckoned with. The first stage of pneumonia was passed and the second entered but there was not strength to successfully carry the patient through. Mrs. Warren was a typical American home-builder and with her husband maintained a home where it was always a pleasure to visit. In a modest way she had a voice in society matters and her advice was sought and followed. Her active Christian life began at the age of 15 when she was received as a member of the Methodist Episcopal church. Never wavering, never doubting she lived her profession and during the past few years patiently waited for the call of her Savior.

Her husband with their three daughters, Mrs. Zolpha Horner, Chicago, Cal., Mrs. S. T. Linklater, Hillsboro, and Miss Minnie Warren remain to carry forward what the mother has put down.

The twelfth annual convention of the Washington County Sunday School Association was held at Forest Grove on the sixth day of the present month. The meetings of the Convention were held in the Methodist church and eighty-six delegates were present representing different sections of the county. Various phases of Sunday school work were discussed and in all a very interesting program was rendered. It is hardly necessary to say that these conventions, as a means toward keeping up the spirit of Sunday school work are exceedingly helpful. Much good may be accomplished in this way which could not be realized.

The convention expresses its hearty appreciation of the cordial reception tendered it by the people of Forest Grove. The next convention was voted to be held at Leleyville at a date to be announced later. The following officers were elected for the ensuing year: President.....R. H. Greer Vice presidents from different districts as follows: Hillsboro.....W. R. Hoyt Forest Grove.....Levi Walker Beaverton.....Mrs. T. R. Imbrie Greenville.....Olive Curtis Gaston.....E. X. Harding Recording secretary.....Mrs. Mary L. Hoyt, Hillsboro. Corresponding secretary and treasurer.....Mrs. C. P. Blanchard, Leleyville.

Mr. E. B. Tongue is confined to his room this week with a bad knee. Three weeks ago he rode with the Portland Hunt Club. Most of the tract was through brush, by trails and over logs and some of the time the pace was better than a two minute gait. Mr. Tongue was on Laurette and with the leader. In passing a log concealed in the brush by the path side, his knee struck it and was badly bruised. He finished his ride of about six miles and then by a leisure pace to the city before a surgeon saw him. The cut and bruise was dressed once and then somewhat neglected in the hurry of professional business till now it is bad, though with rest Dr. Bailey thinks he will make recovery.

It took ten men to do it. The Hillsboro base ball team went to Cornelius Sunday and played ball with the Cornelius nine. The score stood 22 to 11 in favor of Cornelius. The umpire, a Cornelius man, decided in favor of the Cornelius nine at all times calling at least eight of the Hillsboro "out" when they were plainly safe. Hare, the Hillsboro short-stop, played an exceptionally fine game, making a high catch with one hand when it seemed almost impossible to do it. With a fair umpire, the Hillsboro boys would have beaten the Cornelius team by a good score.

John Caldwell owning 1/4 section on School road partly in cultivation has 42 cows and heifers all high grade Jerseys. Last year 25 cows were milked, making 6760 lbs. of butter average of 270 lbs. per cow, selling \$1,850; average selling price of 27 cents per lb., and making an income of over \$74 per cow. Almost all the butter made at this creamery is sold to private customers in the city and brings 5 cents a pound above ruling market prices. Mr. Caldwell has been in the dairy business here over 20 years and has a fine herd of dairy cows.—Pacific Farmer.

Ex County Treasurer A. B. Cady was in Hillsboro last Monday charged with the trust of selecting and buying a burial casket for his old comrade, C. Livengood who died Sunday night last. The deceased was a Grand army soldier and a member of the G. A. R. post at Beaverton. His comrades officiated at the funeral which was on Tuesday.

A horticulturist at Newberg keeps the robins out of his cherry trees by hanging a cow bell in the top of the cherry tree. When a robin alights in the tree, he rings the bell by means of a cord leading to his hiding place. The bird spreads its wings and flies away.

Miss Esther Brown who was one of the telephone girls in Hillsboro when Mr. Gates was agent, has gone to Portland to try a bigger exchange. Some extra help is needed during summer months. The temporary place may become permanent by fall.

The very interesting autobiography of Dr. Geiger which was commenced in the last issue appears in full this week on the first page. No article containing so much of early Oregon history has recently appeared.

Olive is for sale at R. H. Greer, Mrs. A. M. Wells, John Dennis and J. M. Brown.

Children's day exercises will be observed at the Evangelical church next Sunday evening.

Call and see the Yale and Snell bicycles at O. G. Wilkes, Second St.

Born, near Laurel, June 23, to John Will and wife, a son.

Little Jimmy Warren, orphan, who had lived at the Hillsboro hotel for the past eight years, died last Sunday aged nearly 14 years. The lad never was robust and three or four months ago came down with tuberculosis of the lungs. His sister Maggie has been with him while at the hotel and devoted herself to his care during the last weeks of his sickness. Before that time Jimmy cared for himself either at school or in the friendship of the guests. Everybody was his friend. He had a brother and a sister, Pearl and George, who are in Eastern Oregon. These children since the death of their parents have been wards of the boys and girls Aid Society. The funeral services were held on Monday in the M. E. church after which the remains were buried in Masonic Cemetery. As an evidence of the love and esteem had for little Jimmy, it is to be said that his grave was completely covered with cut flowers and in addition, there were enough left over to cover his mother's grave. The orphan was the child of the whole community.

In the Oregonian of June 16, a picture of Col. M. C. Nye was given with the statement that he is the only survivor of the Bidwell party of 1841 that left Independence, Mo. in that year with the Pacific Coast as the destination. It was stated that the party was made up of 42 men and one woman. There appears to be an error in the statement since Mrs. Winnie Kelsey, mother of our Frank Kelsey, lives with her son in this county, aged 78 years. Mrs. Kelsey does not claim to be the one woman of the party for she remembers that there were four women. It is not strange though, that the reporter did not get its information correct since it is with very great reluctance that Col. Nye talks at all. Mrs. Kelsey's eldest child, a daughter now living in Yamhill county and known as Mrs. Sarah McCoy was of the party but at the time a child in arms. Mr. Frank Kelsey was born in this county in 1845 and hence now is in his 56th year. He thinks he is the oldest native son in the county.

Schulmerich Bros. are to be commended for being so thoughtful as to give opportunity for their customers to exercise taste and judgment in selecting ladies' winter jackets and wraps. The traveling salesman of Mills & Gibbs a large New York house was here on Monday. Messrs Schulmerich Bros. invited their lady customers to visit the sample room and select a wrap to be delivered at the beginning of winter. Instead of having a stock of ten or fifteen garments to select from they had 600. It was like going into the great New York house itself only the prices here are more reasonable than in the Gotham retail department. A number of ladies took advantage of the opportunity and ordered for future delivery.

The Southern Pacific makes this official announcement of excursion rates over its lines that will be in force on the dates named: "Tickets will be on sale July 3rd and 4th, good for return up to July 9th, inclusive, between all points on Oregon lines, at one fare for the round trip. The grain pests that give such uneasiness a month ago seem to have stopped ravaging the fields, or else the grain is growing faster than the insects can eat it. At present the outlook for a bountiful harvest is very flattering.

Hon. S. B. Huston is orator at the West Union celebration next Thursday. Parties from that neighborhood say the grounds are the nicest in the county and that the preparations for the celebration have been thorough.

The Cornelius celebration is to be worth attending. If money can assure well selected attractions then there is where they will be for the citizens of that place have poured out the coin like water. Take the morning trains and go there.

People who have no private conveyance will find Beaverton a convenient place to reach from every point along the railroad. The morning trains will leave them at celebration grounds and the evening trains will pick them up and return them home. One fare for round trip makes the excursion economical. The committee of arrangements have prepared a good program.

Dr. Linklater and Conrad Schulmerich started last Tuesday evening for the gold mines near Sumpter in Baker Co. Dr. Linklater will return tomorrow or Monday, but Mr. Schulmerich may remain longer. The reports from the placer mine in which several Hillsboro parties are interested are very flattering and while there has been no general clean up since panning began early last spring enough has been seen to make the stockholders refuse to sell their shares.

Last week Mr. Conrad Schulmerich spent several days with his old friend Mr. Thomas, Supt. Broadmead farm, Yamhill county. Mr. Schulmerich observes that the crops in Yamhill county while making a good appearance are not looking like the rank growth in the fields of this county. The streets of McMinnville though a town somewhat larger than Hillsboro did not present a more enviable appearance. The citizens appeared less thrifty. All in all he came home satisfied with himself and his town.

RIVER AND HARBOR COMMITTEE.

The special train tearing the Rivers and Harbors Committee of the House of Representatives will leave, as now scheduled, Portland tomorrow morning, June 29, at 9 o'clock and as near as can now be figured out it will be at the Hillsboro station at 9.50. The committee is J. E. Burton, Ohio; W. Reeves, Illinois; B. B. Dovenor, W. Va.; R. P. Bishop, Mich.; E. F. Acheson, Penn.; Page Morri, Minn.; De. A. S. Alexander, N. Y.; Thos. H. Tongue, Oregon; Geo. P. Lawrence, Mass.; J. H. Davidson, Wis.; T. C. Catchings, Miss.; R. E. Lester, Ga.; J. H. Bankhead, Ala.; P. D. McColloch, Ark.; A. S. Berry, Ky.; S. M. Sparkman, Fla.; and F. H. Ball, Texas. Ladies accompany the party so that with clerks and stenographers it numbers between 45 and 50 people. In addition there are state reception committees, so that the company may include as many as 70 people. It is understood that there will be a halt of five minutes at the Hillsboro station. Lucinda Hill Cabin, Native Daughters are preparing flowers to distribute through the car. If there is time our ladies will go through the car and see that every excursionist has a bouquet. For this courtesy there is no expense to the public, the Cabin assuming that, but there ought to be a fund raised to put on the car a crate of strawberries and another of cherries. This will be the first train in the state where there will be opportunity for doing any thing of the kind, the train passing from Ashland northward in the night.

This is an official visit of the committee and not a junketing trip. The itinerary was made up in Washington two months ago. Chairman Barton is sticking closely to the original plan, though by some means a day was lost in California. The plan gives a day for the Willamette valley another for the lower Columbia and its month, then to Puget Sound. From Seattle the committee goes to Alaska. On the return some when between July 15 and 20, the Upper Columbia will be inspected. Since Chairman Barton made his own route of travel and no one in Portland or Oregon for that matter, had to do with it, the little "tempest in the Teapot" at Portland this week seems ill timed. The committee had heard that there is a Columbia and Willamette river and that there are people who seek for appropriations for their improvement. Is there a country justifying such improvement? That is just what the committee proposes to find out by its trip through the Willamette valley, and later its inspection of the wheat fields and pasture lands of eastern Oregon and Washington. It really matters little whether the rocks of Celilo are blasted out or not unless there is a country above and nearby that will furnish merchandise to pass through the channel made. Those facts the committee will find out but will do so in its own time and way. If Portland is not satisfied with attentions now shown, how would it do to move into the First District? It will be worth the time for us all to knock off about 9:30 tomorrow morning and go to the station.

Congressman Tongue will deliver the oration next Thursday at the Roseburg celebration.

The framed millhouse for Mr. H. Leppman's new mill at Perrydale goes forward this morning by the freight train.

School Supt. Ball has so far recovered from his late illness as to be on the streets though he looks quite bad. He is in his office part of the time.

The Round Lumber Company of Portland is acquiring for cedar poles from 30 to 50 feet in length. They want to get into correspondence with producers.

J. M. Brown has handle this season over two tons of strawberries. From one grower he has received 3300 pounds which have averaged 34 cents for the lot \$115.00.

A twelve year old lad, son of S. T. Walker, Forest Grove was run down by a bicycle rider on the track last Wednesday, and quite seriously hurt. The shoulder received the shock. The Hillsboro omnibus took the boy to his home where he was made comfortable.

The Native Sons have secured reduced rates for those attending the street fair Carnival, October 2-5, from Corvallis to Portland. The rate is 1/2 fare for round trip. The management will also be able to take care of exhibitions as a fund is in sight for that purpose.

Mr. H. C. Latham and family who have been residents of Hillsboro for more than ten years start for their new home at Perrydale, Polk county this evening. It is with regret that Hillsboro people see them go, though there is reconciliation, when it is remembered that Mr. Latham's business is improved by going.

J. C. Cory, who with his family is spending the summer in Wasco Co., at Boyd was in Hillsboro yesterday. He reports that the fall crop in the inland empire is so far along that it is safe. The spring sowing is not so far advanced that it is out of danger from hot winds should they come, but it is thought that the yield from all fields will be great. So much the better since the U. S. Consular reports tell of almost complete crop failures in Europe.

Immense crowds are at Forest Grove this week. Knights of Pythias day on Wednesday was all and more than the managers expected. The County Veteran's Association Camp is well attended and the business meeting of the state encampment of the G. A. R. is progressing satisfactorily. Yesterday was Governor's day. Gov. Geer was present on the camp-ground of the Veterans Association and made an address. The damp weather interferes with the perfect enjoyment of the occasion to some extent, but all in all the Campers are enjoying themselves.

West Union Will Be In It!

1901

Everything is now in readiness to celebrate a glorious FOURTH. A special invitation is extended to all. Come and be convinced that it will be the greatest success in the county.

The following will be the program of the day: Grand parade at 9:30 a. m. sharp, starting from the residence of W. H. Hesse, going north to the celebration grounds.

Welcome address by a citizen of the community. Oration by Hon. S. B. Huston, of Hillsboro. Reading Declaration of Independence by Miss Florence Wilson, of Phillips. This will be followed by recitations, singing by the young people of the vicinity. Music furnished by the well known Bethany Cornet Band. Afternoon amusements will consist base ball, races of all kinds, target shooting, tug-of-war, etc. A good merry-go-round will be on the ground. Refreshments of all kinds. Bring your best girl and be liberal.

REMEMBER THE PLACE

Reduced Rates to the East.

Account Buffalo Exposition, the Burlington Route is naming a low rate of fare which enables passengers to visit the Exposition and other eastern points at greatly reduced rates. Before making other arrangements call at our office or write for full particulars, R. W. Foster, Ticket Agent, Burlington Route, Corner Third and Stark streets, Portland, Oregon.

People who avoid Hillsboro and go to Portland to trade declare that they can well afford to do so since they more than make expenses. This was illustrated one day this week when a farmer just outside of town went into Schulmerich Bros., where he saw a double harpoon hay fork lying on the table ready for delivery to the purchaser. "What is the price of that fork?" "We sell those forks for \$1.20." "Well, well, I had to pay \$1.50 in Portland last Monday." Then prices of other articles were compared. When completed the list read:

Hillsboro.	Portland
Double harpoon fork.....	\$1.20 \$1.50
Hay carrier.....	3.25 4.00
Hoop per lb.....	11 15 1/2
Hooks, hay track.....	67 10
Flour hooks.....	10 15

The difference in the bill was enough to pay the expenses, but the money would have been in the farmers' purse instead of the Portland merchants' safe.
