Remember that while Schulmerich Bros. are the leading dealers in farm implements in this county their store is the best place to buy all kinds of general merchandise full stock of everything on hand.

Haines & Shipley, at Forest Grove, is paying $10. per ton for timothy hay this year and has contracted for 1200 tons, Last year the same firm paid $9. per ton and the year before $7. Skill in handling and facilities for shipping make the higher prices possible.

A match game of baseball will be played at McMinnville next Sunday July 14, between the McMinnville Team and the Hillsboro players. An excursion car from Hillsboro will be attached to the regular train passing at 8:50 in the morning. Tickets for round trip $1.00. The number of tickets on sale are limited and persons desiring to make the trip should buy at once.

Rev. Hartman, the first of the week received a letter form his wife written at Miles City, on the 5th. She had then been there five hours, but that was not as bad as had happened to some of the passengers. They had been there three days. All trains were congested at that station because the road to the east had been washed out for a hundred miles by a cloud burst. The railroad people thought that repairs would be completed by the next day, July 6, when traffic could be resumed.

The little son of Dr. Withycombe had an experience with gunpowder Sunday which gave him the impression that explosiveis quicker than lightning. He poured a quanity of powder into a can and dropped in a match, hoping to jump away before the explosion came, but—he didn't. As a result his face was badly burned and his eyes slightly injured. Dr. Cathy was called and soon had the sufferer resting easily. It is believed that no serions results will follow.—Cornelius Gazette.

The Recreation Park Company, unlimited and unincorporated has been organized in Hillsboro. Pres. Jos Hare, C. E. Beckwith, Sec., J. W. Bailey, Treas Jos. Hare, Jos Downs, and A. C. Shute, directors. The Company will prepare and maintain in Hillsboro an Athletic park. The grounds will contain a 3 lap bicycle track, a baseball diamond and field, a grand stand and bleachers. The whole will be surrounded by a 7 ft. fence. These improvments are now making and the premises will be ready for occupancy by the 20th.

The Queen of the Native Son's Carnival will be elected by a popular vote. Coupons will be sold through out the county at five cents each and the lady securing the largest number of votes will be crowned Queen the first night of the carnival and will rule the city for four days. An exciting contest is expected as there are several condidates already in the field not only in Hillsboro but in other sections fo the county. Coupons may be had after July 15th. at Werhung & Son's Hillsboro, Miller's Forest Grove, Mays Bros. Glencoe, Hancock's Cornelius, and other places that will be published later.

The Salem Homstead speaking editorially of the Farmer's meeting recently held in Corvallis has this to say of a former resident of this County: Dr. Jas. Withycombe, vice director of the Experiment Station, is worth a hundred thousand dollars a year to the farmers of Oregon. This may seem an extravagant statement but the truth of it will be fully acknowledged ten years from now To his work and enthusiasm is largedue the change that is taking place on Oregon farms a change that will surely soon double the cash income from the land, besides gradually restoring the virgin fertility of the worn-out soils and conserving the the richness of the acres that are being newly brought under cultivation.

CASTORIA.

Gov. Geer has received a communication from the officers of the battleship Oregon, informing him that the crew of the ship has unanimously voted to present the state with the "homeward bound set of colors," composed of silk Ensign, Jack and Pennant, flown by the Oregon on her homeward bound voyage from Hong Kong to San Francisco. The letter asks as to when and where it would be agreeable for his excellency to receive the same from the hands of the committee of the crew. The Oregon reached San Francisco from the Orient early in June and it was planned to greet her with elaborate welcome ceremonies but the plan was frustrated by the arrival of the favorite one day ahead of time. She is now in the port of Bremerton, Washington where she will propably remain for some time repairing, but as it is not known how long the president personnel of the ship's committee will stand it is urged that the matter be acted upon as soon as possible.

A word that has recently found frequent use in Kansas is "buffaloed." It has a delicate shade of meaning. A man who is scared is merely awakened into the activities of defense, a man who is bluffed is one who is so badly scared that he believes defense impossible but a man who is buffaloed not only believes defense is impossible, but can't work up enough locomotive to run.

Some one, during the the night of July 4th cut down the flag that the Haywood school district between here and Cornelius flies on public days. The party that trailed that flag in the dust, does not realize what a risk of life he took. Men are shot for just such acts and defenders of the flag do not discriminate when they catch furlers at their tricks.

The Corvallis Gazette reports the finding of a corpse supposed to be that of a suicide in the south part of Park Co. between Suver and Parker stations. The Coroner adjudged that death had occured two weeks before. There was a revolver, a hole through the head and the bullet inside the hat which was still on the skull. There were no papers for identification.

The INDEPENDENT had a little bad fortune at the last press day. When the first 25 papers had been printed there was a snap and a bump that made the pressman uneasy. Examination showed the break. The damage was trifling but all work was stopped till Mr. U. S. Gardner had repaired the break. The delay caused the missing of mails.

A mechanic went up the road last Monday morning to set up a cylinder press for the Independence Enterprise. The young men in charge of that paper have had a struggle to live but they appear to be coming forward in good form.

Excursion to McMinnville Sunday costing $1. Tickets at Pharmacy, Hillsboro; Hancock's, Cornelius and at Wirtz's, Forest Grove. Better go.

THE ONLY BIG SHOW COMING.

Frank E. Griswold's mammoth production of Uncle Tom's Cabin, under a water-proof pavilion with a complete stage and carload of special scenery. Few companies carry the amount of scenery, this show does, on account of opera houses being too small to accommodate or handle it. Mr. Griswold's company only plays at the opera house of the larger cities in the winter and uses his own tent in the summer and we can guarantee the finest production ever seen in this or any other country.

The price of admission to Uncle Tom's Cabin has been placed at 25 cents for adults, and children 15 cents. All children under 6 years, when accompanied by their parents, will be admitted free.

We can afford this scale of prices as we show in a tent and can accommodate 2,000 people. So a father can come and bring his whole family.

One of he biggest amusement enterprises ever attempted in late years is the production of Uncle Tom's Cabin on an elaborate scale, with special scenery, their own special stage, and all produced under canvass. You will see it played in full, without being cut short on account of small hall and no scenery. Don't miss seeing it at Hillsboro July 13.

Dead Letter List.

The following is a list of letters remaining uncalled for in the postoffice at Hillsboro, July 6, 1901:

Miss Jennie Anderson
Robert G. Ogilvie
S. N. Robinson.

All letters not called for by July 20, will be sent to the Dead Letter Office. One cent will be charged for each letter called for.

The Pacific Oil and Coal Development Company which is opperating in this county has 7000 acres of land under bond. Prospecting for oil will begin as soon as machinery can be assembled.

The July term of the Circuit Court will convene next Monday morning. A jury will not be called except for the trial of Jimmy Aikin's pal, indicted for killing the Chinaman at Raleigh last winter.

Eugene has floated $25,000 school bonds in that town. Subscriptions to the popular loan amounted to $53,000, though only $25,000 were taken. Local people want our city bonds and it now looks like they will be able to underbid eastern money loaners.

Mayor Bailey has appointed Mr. J. M. Wall to be a delegate to the Trans-Missisippi Comercial Congress which meeets at Cripple Creek, Colo., next Tuesday, July 16. Mr. Wall plans to attend the meeting and for that purpose will start tomorrow morning.

I have purchased some new matting at reduced prices, and offer them to the public as follows: 35 cent linen warp matting 25 cents. 30 cent cotton warp 22½ cents. 25 cent jointless 16⅔ cents. It will pay you to call and examine stock. E. L. McCormick, Second St.

Thos. H. Tongue jr, reached home last Saturday evening. The recent hot spell of weather was wilting everything in Washington when he left. The cool breezes of the Pacific contrast very agreeably. Mr. Tongue will return to Washington in September next.

Editor G. W. Harper, of The Argus, Robinson, Ill. was a visitor at Hillsboro yesterday. Mr. Harper has published his paper for over thirty years, and has built a business that insures a comfortable income. While here yesterday he visited with his old neighbors Benton Bowman and Hon. S. B. Huston.

Mr. George Graham, working in the hay field on the Milne farm north of town fell off a load of hay yesterday forenoon and thrust a tine of his hay fork through the lower part of the abdomen. Although passing near, no bowel was ruptured so that Dr. Bailey promises a speedy and safe recovery unless blood poison developes.

The churches of Hillsboro will this summer again unite in Sunday evening union services. Last summer they were conducted through the months of July and August. It is the purpose to have them continue through the present and the following month. They begin next Sunday at the Evangelical church, 8 p. m., Prof. Metzger being the speaker.

Mrs. Isaac Cramm, who lives north of Glencoe was yesterday forenoon riding over a bridge when her horse stepped on a loose plank. The animal made a lunge to recover and unseated its rider. By the fall the larger bone of the forearm was broken near the wrist and the smaller bone dislocated at the wrist joint. Mrs. Cramm was able to come to town where Dr. Bailey set the bone and reduced the dislocation. The hurt is painful but will be comparatively easy of treatment, the only difficulty being to keep the small bone in place so as to prevent deformity.

The Light & Water arbitrators on Tuesday evening tested the pumping plant for fire protection. The first tank on the tower furnished a pressure for a stream that reached the splice of the flag pole on the Wiley & Dennis barn, corner of Second and Washington. A stream from the upper tank reached above the top of the pole, while the pumps threw a stream 25 ft. higher. The supt. did not use the full pressure of the pumps fearing that some of the kitchen reservoirs that are connected with the main might burst and flood private residences. These reservoirs are tested for 100 pounds pressure but some of them have been in use several years and may not be able to stand even that pressure.

Born, at Cedar Mills on the 7th inst to Wm King and wife a son.

The 11-year-old son of Mr. N. P. Nelson, of Buxton, last Monday the 8th inst vaulted upon a bicycle behind another boy. His right great toe and one next were caught in the chain and drawn into the sprocket wheel. Dr. Linklater amputated both toes and left the patient comfortable.

Oregon has rid herself of one galling trust—the American Book Co. In the late selection as noted at another place, not a publication of the big trust has been taken. By careful comparison of prices it appears that the selection just made will save the state nearly if not quite $8000 per year besides putting better books into the public schools.

N. J. Sorensen, who is interested in the Oregon Placer & Power Co., together with a number of our leading citizens here, came down from Sumpter a few days ago. In speaking about the mine Mr Sorensen said: "Our mine looks well and prosperous and under Herman Schulmerich's able management we all feel certain that it will pay us handsome dividends. Our water supply is very good and sufficient to handle a tremendous lot o the gravel in the old channel every year. The water will last until winter comes." Mr. Sorensen brought down about $175 of the gold now being taken out. It is very coarse and certainly looks well. The company has now acquired another mine in the same locality as an ajunct which promises to be equally as good.

Will you lunch on the beautiful banks of the Yamhill? Take the excursion car to McMinnville next Sunday morning. $1 for the round trip.

Heartburn.

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by The Delta Drug Store.

Schulmerich Bros. have sold 59 machines this season to date.

The Best Remedy for Stomach and Bowel Troubles.

"I have been in the drug business for twenty years and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlin's Colic, Cholera and Diarrhoea Remedy for all stomache and bowel troubles," writes O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds if bttles of it to customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by The Delta Drug Store.

Clyde Tyson, Lester Ashpole, Frank Fisher and Ernest Baker, charged with assault and battery on the person of Braxton Brown about May 12 last, had their trial in Justice Everitt's Court last Tuesday a jury intervening. The man who actually did the fighting was Mark Sandstone who pled guilty some time ago and was fined $50. These defendents of Tuesday were with Sandstone and saw the job done. The jury considered that a conspiracy to thrash Brown had been formed and their verdict was guilty. A fine of $10 each and cost was imposed. The fine was paid but not the costs. The defendents went home. Dept. Dist. Attorney E. B. Tongue assisted by H. T. Bagley appeared for the state and W. N. Barrett and Geo. R. Bagley for the defense.
