Rev. H. Hansen will next Sunday at 3 o'clock p. m. occupy the pulpit in the Baptist church and speak in the German language.

Mr. Fletcher Haines, of Illinois, is visiting with his brothers, B. K. and F. A. who live here. He will be here a few days yet.

The Delta has a nice assortment of Paper Dusters, which are much cheaper than other kinds, last as long and get softer with use.

The painters have put the last coat of paint on the M. E. church. The color is a handsome gray with pure white for cornice and casing.

Hon. W. N. Barrett and wife are at Newport this week. A remarkably wise move considering the temperature is over 100 in the afternoon.

If you want scissors that will stand the test and give entire satisfaction, or money refunded, get a Claus, at The Delta. See them in the window.

E. L. McCormick has improved his store this week by changing his shelving and adding a long counter. He is getting in new guns and his full stock of ammunition.

Not much wheat has yet been threshed, but the yield that has been measured is quite satisfactory and the quality is better than has been garnered for two or three years.

The hop lice had the worst of it this week while the sun was shining so hot. And the grain aphid. So far not a word has been said about the little pest. Hot, dry weather seems to be unfavorable for its propagation.

P. A. Klime, a wealthy property owner of Brook, Indiana started this week on the trip to his home. He has been exploring in Oregon and Washington and now goes East to dispose of interests there with the intention of returning and invest \$25,000 in farm lands of Washington county near Forest Grove.

Recorder Benton Rowman went to Portland last Tuesday taking with him the city records to be examined by the attorney for Wells Fargo & Co's bank. The attorney's opinion on the validity of contracts and regularity of our charter and ordinances is required by capitalists before they will invest in city bonds.

The Idaho World of the 9th inst. contains a notice of the death of Arnold Dunlap which occurred near Idaho City on the 6th. The deceased was 64 years and 8 months of age. He was born in New York, crossed the plains in 1847 and settled first in Washington county. In 1861, he went to Auburn, Baker county, and to Idaho in 1863. He died of consumption and during the last months of his illness was tenderly cared for by his friends on Willow creek near Idaho City.

Some of our Hillsboro merchants are beginning to feel the effect of the San Francisco teamsters' strike. Freight does not come as promptly as before the labor difficulty. The annoyance is it is probably that the wholesalers are installing private drays. It would be a little surprising if the strike would have the effect of destroying the big city transfer companies and confining all cartage to the wholesale houses. It would be free delivery as it is now with the retail grocery houses.

The Evening Telegram of the 12th inst. states that articles of incorporation have been filed by incorporators who will organize a company to build and equip an electric railroad from Portland to Forest Grove.

Rev. H. A. Deck formerly stationed in Hillsboro as pastor of the Evangelical church met with a serious accident in Albina last week. He was making some repairs to the roof of his house when he slipped off and fell to the ground striking on his head. On Saturday last he was convalescent.

Several of the Willamette counties report fewer persons of school age this year than they did last. Washington county is short 85 pupils and Linn drops back 179. There are gains in all of the counties east of the Cascades and south of the Calapoos.

H. Van Mende, of Grants Pass was in town last week visiting friends and relatives. Van learned his trade on the INDEPENDENT and is now in charge of the mechanical department of the Oregon Mining Journal.

Mrs. F. C. Shanahan, who has been visiting at her father's, Mr. Moreland, for several days has gone to her home in Tacoma.

The prospectus of the "Portland Journal" is circulating. The new paper is to be a morning daily issued about November 15 next. The plant will be sufficient to print a 32 page paper at the rate of 12,000 copies per hour, or 16 pages at the rate of 24,000 copies per hour. The press is the most modern pattern that the Hio people make and is equal to printing in three colors. The news service is to be all that can be furnished by the Associated Press with additions. In politics the paper will be democratic, though first it will be a news paper. The people that are behind the enterprise are closely associated with Hearst, of the San Francisco Examiner. When the Journal is published there will be four great dailies in the bunch, Examiner, San Francisco Journal, New York, American, Chicago, and Journal.

There will be no "yellow" about the Portland venture for such a tint is necessary to boom the great papers in the big cities. Portland being a conservative town, other devices are to be employed to secure circulation. The one relied upon is news service both foreign and local. The paper will have the use of the Examiner's special wire from Washington, New York and Chicago to San Francisco, and a special leased wire from San Francisco to Portland. The publishing of this paper is contingent on one proposition alone, the securing of 10,000 paid subscribers at \$7.50 per year in Oregon. The money is to be deposited with Ladd & Tilton, Portland, in trust, to be paid to the Journal only when the first number is issued. If 10,000 annual subscriptions are not secured, the money will be returned to those who do subscribe and the effort will go for naught. In Portland, the Chamber of Commerce, the Board of Trade and the Manufacturers Association have taken hold of the proposition and are pushing it. Several individuals have subscribed 100 papers each and have deposited \$750.00. But 10,000 subscribers are a goodly number and can be obtained only by united effort. It is understood that 75 subscribers are expected from this county. There is really no organization here to take up the matter, hence individuals will have to come forward without solicitation and give name and deposit money. C. K. Henry, 273 Stark st., Portland, is Secretary of the Chamber of Commerce committee having the matter in charge. Remittances sent to him will be properly credited and deposited in the bank.

Two or three weeks ago a Portland base ball team that considered itself fairly good, came out to Hillsboro Recreation Park and was whipped by a score of five to three. Some of the players are employers at Wadhams & Co's. They went home and told what sort of material they had to face. The firm became interested and the result was a uniform for the "Diamond W's" who are adopted by the big provision and grocery house. Another Portland firm, Closset & Devers, Coffee and spices are patrons of a team organized with young men from the city. They have been uniformed by the popular Coffee Co., and named G. Idea West's. These teams will contend for mastery in Recreation Park next Sunday at 2 o'clock. It is learned that the Portland houses are becoming enthusiastic and are to be fully represented at the game. The visiting team has been beaten but once this summer but the Diamond W's will try to make it two. A coincidence is the pitcher in each team is the youngest in the state and that this is the first season for each. The work they are doing is remarkable. After the match game the married men of Hillsboro, (hence its) will cross bats with the bachelors, (diamond dicks.) The line up which follows indicates where the laugh comes in.

Being anxious to have the exhibit from this county cover every variety of agricultural product, I appeal to every one to make an effort to contribute at least one article for exhibition at the coming State Fair.

Any one having farm products will confer a favor on the undersigned by dropping a card addressed to me, stating what he has or when coming into Hillsboro, bring your product with you as this is the only way I will be able to get up a creditable exhibition for such a county as ours. You individually know best what you have, and where the best can be found. In your field, orchard and garden. We should all desire to take an active interest in showing to the world what Washington county is capable of producing, and surely each one can afford to take a little time to help this thing along, so that the Blue Ribbon at Salem this fall can be brought to us. Many have contributed liberally already, others have promised to do so. And when you come to Hillsboro I invite you all to call in and see what I have on hand up to date.

I want fruits of all kinds, green, canned and dried. Grains of all kinds, but especially buckwheat. German and Hungarian Miller, sugar cane, broom corn, corn, flax, etc. Vegetables of all kinds, both fresh and canned.

It is my intention to bring the whole exhibit back from Salem and exhibit it at our Street Carnival at Hillsboro in October, so that parties who are intending to contribute to it are requested to send their products in time for the State Fair. They will be brought back in time for exhibition for the Street Fair.

Awaiting your liberal co-operation, I am very respectfully yours,

F. M. HEIDE, HILLSBORO, ORE.

**DIAMOND W WON.**

The Diamond W, team won an eleven inning game from the Portland Ramblers, at Recreation Park last Sunday afternoon by a score of 3 to 2. The visitors scored one tally in the first inning. The Diamond W's scored two runs in the old reliable sixth, and the Ramblers tied the score in the 9th, which took two more innings to decide the winner. Mouch the Rambler pitcher is the best the boys have been against this year. Their whole team are fine players. Downs was invincible, striking out 17 men. A very pretty double play was made by Hare to Briggs to Purdin. Miller made two fine catches in the field. The boys looked neat in the new uniforms presented by Wadhams & Co., of Portland.
