The dedication of the Lutheran church at Gales, will be held next Sunday, Oct. 13, 1901. Service will be held in German by Rev. Athan Spies, of Middleton, Or., at 10 o'clock a. m. and by Rev. L. Sauebe, Blooming, Or., at 1:30 p. m. in English. Everybody invited to attend.

A sample of wild blue cherries, ripe, was left at the INDEPENDENT office, Tuesday, Oct. 9th. The sample was from the fence enclosing Old Fellows cemetery. The delta Oregonians mark it that had berries are gathered here in October, from vines growing in the open air.

A. D. Metcalfe was spilled out of a cart last Tuesday morning and bruised up some. He hitched up a young horse that needed exercise. The horse in the cool morning thought to warm himself. To do this, he stamped, threw his drive and broke the cart. The horse was not hurt.

Many physicians are now prescribing Kodol Dyspepsia Cure regularly having found that it is the best prescription they can write because it is the one preparation which contains the elements necessary to digest not only some kinds of food but all kinds and it therefore cures indigestion and dyspepsia no matter what its cause. Delta Drug Store.

Lucinda Hill Cabin Native Daughters deserves much credit for the work its members did, during the Carnival last week. Without them the parades would not have been what they were. Their attractions, too, drew as many visitors as any on the streets and had a good show room been at their disposal, there is but little doubt that their department would have been adjudged the leading feature of the week. Two much praise for their effort can not be bestowed.

Geo. W. Lane, Pawamo, Mich., writes: "Your Kodol Dyspepsia Cure is the best remedy for indigestion and stomach trouble that I ever used. For years I suffered from dyspepsia, at times compelling me to stay in bed and causing me untold agony I am completely cured by Kodol Dyspepsia cure. In recommending it to friends who suffer from indigestion, I always offer to pay for it if it fails. Thus far I have never paid." Delta Drug Store.

Miss Elliott tendered a reception at the residence of her mother, corner of Fourth & Baseline Streets, last Saturday evening to the young ladies who composed her guard during the Carnival. In addition to the guards were the pages, Masters Victor Kindt and Richard Wiley. Each guest found at the side of her plate at the lunch table, a souvenir of the occasion. It is a tiny orange wood basket filled with confections and tied with ribbons hand painted in gold leaf "Royal Guard." This receipt was the closing number of what had been an eventful week with the young ladies.

Mr. Essler has sold his Main Street residence to Mr. Gay recently from the states east of the Rockies. In this sale is seen the value of advertising by fair exhibits. During the State Fair, Mr. and Mrs. Gay were in the pavilion inspecting the county exhibits. While at the Washington County exhibit it happened to be mentioned in Mr. Heidell's presence that they were looking for property with reference to buying a home. Mr. Heidell directed attention to his show and spoke of this county as a desirable place to live and suggested that before purchasing they should come to Hillsboro and see for themselves. Mrs. Gay turned to her husband to say that a county that can send such products to a fair was worthy of closer inspection. The result was that the strangers came here last week during the street carnival when they saw the products and people. They were so favorably impressed that they at once bought the property as above stated.

The Business Side of a Great University, by President Harper, of the University of Chicago, is the opening article in the College Month Number (October 12) of the Saturday Evening Post. It is a splendid treat, especially for the students of the President's college life, by his friend, O. W. Fisher. Other strong features of this number are the stories by Max Atwater, J. S. Lynch, Williams and Frank Norris, and a page of droll "Nature Sketches" by Oliver Herford. This number will be of unusual interest to all college men.

W. S. Phelps lost one of his feet at Hillsboro and well known here, is confined to his home at Portland with a bad case of blood poisoning that started from a slight abrasion of the skin on the side of his left leg. Mr. Phelps was taken sick while in Idaho and started home but got no further than the Hot Springs in Union County where he held up two days in the hospital after which time he was able to continue the trip to Portland when seen last Sunday he thought the worst was past.

The Corvallis Gazette reports that the school children of Benton County can not get school books and suggests that the publishers are holding back the stock till after the time for exchange, December next, has expired when they will be able to get a better price for their books. The friends of a state uniform school book system better not let that happen. People have been known to demand the repeal of odious laws.

General Freight and Passenger

Agent R. B. Miller, who succeeded C. H. Markham, made his first inspection trip last week over the S. P. Lines in Oregon. He was accompanied by H. E. Lounsbury, traveling freight agent, J. P. Jones, traveling passenger agent, R. C. Judson, industrial agent and Dr. James Withycomb, of the Agricultural College. Six days were spent, the party going as far south as Ashland. The return was made over the West Side from Corvallis. The special passes Hillsboro at 1:30 p. m. Saturday. Station agent Beckwith notified Mayor Bailey of the coming of the party. The Mayor thought to have the gentlemen halt for an hour and come up to the business part of town to see the stock, grains, grasses, fruits and vegetables on exhibition. The project was telegraphed to Mr. Miller. He replied that some business matters that had come up

be rendered more profitable. All the railroad companies doing business in Oregon have adopted that sound business idea of fostering the productive possibilities of the territory from which their support must come. The first company to work on these lines was the Illinois Central. The road from first running through a wilderness now finds local traffic from the garden of the Mississippi Valley.

If we can strike oil in the Willamette Valley that can be sold for 50 cents per barrel, we can have good roads—free of dust in summer and mud in winter. Within the past four or five years, oil has been put on the roads after they have been graded. The result has been most satisfactory. Water will not stand on an oiled road nor soak into the earth. It requires water to make mud and if that element is lacking, the roadway remains good.

Hon. S. B. Huston went yesterday to Columbia County to present to the County Board of equalization a petition of the property owners in sections 2 to 6 township 3 north 4 west and sections 1 to 6 in township 3 north 5 west, the same being the 11 sec. set off last winter by mistake to Columbia County, asking that their property be stricken from the assessment roll of that County. It is not expected that the Board will grant the petition but if the request is denied then the petitioners will apply to the Circuit Court for relief. If not successful in the Circuit Court, then the matter goes to the Supreme Court. The residents of that territory want to remain in Washington County and this proceeding is taking that a decree of the Courts may be obtained that will put them in Washington County.

Rev. Evan P. Hughes resigned his pastorate in the Congregational church last Sunday morning to take effect Jan. 1, next. At that date six years' work will have been completed—most successful years. He came to the church when it was yet receiving financial aid from the home missionary society. The second year thereafter, the church felt itself strong enough to go alone and without urging by the pastor became self-supporting. Mr. Hughes finds it necessary to be free since business interests in England may necessitate a trip to Europe next spring, though he hopes it may be avoided. The congregation regrets having to give up its pastor but cannot under the circumstances ask him to jeopardize his material interests.

Messrs Edwin Bayha and Chas. Werner, of New York City with their wives, have been touring the Pacific Coast for the past fortnight and on Tuesday morning last, stepped off the train at the Hillsboro station intending to visit with Mrs. Bayha's cousin, the Schulmerichs. The meeting was joyful but saddened within an hour when Mr. B. received a dispatch from New York, stating that his wife's sister was dying. Mrs. Bayha was not told what it was that so suddenly called them home and she will not know till New York is reached. The party started home on the evening train having remained here only about seven hours.

Mr. Miller, a prominent merchant of Nebraska, is visiting this week with his old neighbor, Mr. Barnes. Mr. Miller is delighted with our country and its products. Indeed his enthusiasm hardly had its bounds after inspecting the county exhibit which is still at the room on Main Street where it was during the street carnival.

The Oregonian Hand Book of Portland and tributary country has been received. It is a booklet of 68 pages that ought to be in the pocket of every business man in the state there to remain only till he can get to the post office and send to his friend in the east who is seeking for information of the country where roils the Oregon.

At the Congregational church next Sunday morning, the pastor, an announced in his sermon last Sunday, will continue the discussion of the theme then begun, namely, "The Modern Pulpit of Bethesda." It will be announced at the morning service what the subject for the evening will be.

Mr. John Archbold who has been away all summer, returned home the first of the week. He has changed some in personal appearance so that some of his most intimate associates did not know him. He is looking well and in excellent health.

During the rush at the firemen's tournament Saturday last, a lady's or child's port monie was dropped. It contains a small sum of money and is now at the INDEPENDENT office. The owner may have the same when she calls.

The Y. P. S. C. E. of the Congregational church, will give a dime social at the home of Mr. and Mrs. E. P. Hughes on Friday evening Oct. 18. Everyone invited to attend. 21 22

Miss Elliott is a resident of this county and now about 21 years of age. She is the great grand daughter of Miles Davis, a pioneer of 1853. Her grand father Peter Kindt was of the same immigration. She is the great grand daughter of Major Charles Kindt, of Pennsylvania. Her mother, Dora Kindt Elliott is a member of the first class that graduated from the Portland High School. Since the death of her husband, Mr. C. M. Elliott, she has taught several years in the public schools of the state. She is an industrious collector of curios and her cabinet is probably the best filled of any private collection in the state. C. M. Elliott, father of Annette, was a printer and publisher. In January 1877 he with his associates, E. D. Crandall and A. C. McDonald, incorporated the Telegram Publishing Co., of Portland, with a capital stock of \$10,000. This company commenced at that date the publication of the Evening Telegram which soon after passed under the control of the Oregonian Publishing Co., by methods to which Elliott always applied the term "pinch." Miss Annette graduated from the Hillsboro High School in 1896 and from the Latin course of the Portland High School in 1899. She now finds congenial occupation with literary work and music and recreation with the open air work on the farm. Last summer she drove the team and operated the binder which cut 90 acres of grain on her grand mother Kindt's farm. In all these things she is most dignified and modest so that she numbers friends by the score, which statement is graphically verified by the popular vote which selected her for Queen of the Carnival.
