A CHANGE OF FRONT?

The Corvallis Times, democratic, has these words of commendation for what President Roosevelt said in his message touching what is popularly known as trusts:

"In his message, President Roosevelt leaves no room for doubt as to what is his opinion of trusts. He is not one of those who, like Senator Hanna, says there are no trusts in this country. Nor is he an apologist for the combine, avowing that they must not be interfered with, for fear of disturbing business. On the contrary, in a very satisfactory and a very vigorous way, he declares that congress should enact legislation for wise control of them, and that this is necessary for the welfare of the people. He says further, that if congress has doubt of its authority to so regulate, provision should be made for a constitutional amendment to confer such power to the end that proper legislation may be enacted."

The Times is not to be adversely criticized for saying that, but the legislation commended is just what its party would not support during the last Congress. The lawyers of Congress thought the legislative department had no authority to legislate so as to effectually control trusts. The republicans therefore proposed to adopt an amendment to the federal constitution, but the democrats refused to join in proposing the amendment and the republicans thought having a majority to enact laws did not have the required two-thirds majority for proposing constitutional amendments. It is really to be hoped that democrats or at least enough will join the republicans to enact legislation for the effective control of trusts.

RECEIPTS AND EXPENDITURES.

According to the U. S. Treasury statement dated Dec. 4, just received, the receipts for the past year were from:

Customs.....\$107,810,127.69
Internal revenue..... 121,964,616.74
Other sources..... 13,983,155.23

Total.....\$243,767,899.66
The expenditures were:
Civil and miscellaneous..... \$ 7,960,288.69
War..... 51,858,410.03
Navy..... 28,940,748.93
Indians..... 4,608,932.66
Pensions..... 61,915,480.66
Interest..... 14,009,879.22

Total.....\$209,588,888.19
Excess of receipts..... \$ 34,189,211.47
The receipts last year were from:
Customs.....\$101,976,024.72
Internal revenue..... 134,310,825.27
Total receipts from all source last year..... 236,286,850.00
Total disbursements for last year were..... 237,514,533.62
From which it appears that less money has been collected for the year just closing and the expenses of government have been less, but the net balance left over is greater by \$14,057,428.70.

STATE PRESS.

The fact that all the Chinese in the United States are raising money to oppose the re-enactment of the Chinese exclusion law is a good reason why the measure should be passed.—Albany Herald.

The protection of American industries and American wages, is a distinct republican principle, and the republican who assails it should take a fresh look at the national platform.—More Observer.

A LONG step will have been taken toward the suppression of anarchy when the circulation of fanatical literature teaching anarchy is suppressed. Publications which are continually railing at the government and existing laws furnish the food upon which anarchists thrive.—Albany Herald.

Do people, foreign or domestic, trade because of sentiment? But rather does not the German in Fader Land buy meat because he is hungry? He will buy where he can get the best article for the least money. He will not stop to enquire what ship carries his food or whether any ship took it there. Hence the records written by friends of foreign shipping to the effect that for the sake of getting into foreign markets we should employ foreign ships is all nonsense. If by employing our own ships we can carry exports cheaper than by shipping by foreign conveyances we will be able to sell cheaper and in larger quantities. We should foster ship building just as from 1865 to date we have fostered railroad construction. Just how that is to be

done is not clear. The INDEPENDENT favors discriminating duties, unless it can be shown that there are objections of a more serious nature than attach to the subsidy plan. If it was not for favoring steam ships to the exclusion of sailing vessels, mail contracts might be the thing. But let us have the ships because they will not disturb the markets.

Since the days of Columbus, navigators and merchants have been seeking a way to the Orient by a westerly route. The desire has never been abandoned, not even by the opening of the Suez Canal. A wish to reach Eastern Asia by going west is what makes the Nicaragua Canal a burning question. Across America or around seems to be the short way to Asia, and now a German transportation line is reported to be making attempts to find a "short way to the Orient" by coming west by ocean liners to New York, then by rail to a Pacific port, probably to the port of Los Angeles, thence again by ocean liner to China. This route by reason of the fast time made by rail on land is chosen rather than the canal route through Central America. This emphasizes the good policy of making our transcontinental rail routes the best possible. And there is another possible advantage to result from establishing the German line through America. A competing road will be operated that will serve as a check on the rail road trusts that threaten to control the lines of the west.

The Capital Journal, Hon. E. Hofer editor, in his campaign commenced this week looking to placing the state officials on a salary instead of paying them by fees gave out that the annual cost of conducting office of State Supt. of schools is \$12,687.00. To this Supt. Ackerman takes exceptions and quotes figures to show that it costs no more than \$4511.19 to defray the expenses of his department which added to \$2500 the personal salary of the Superintendent makes \$7011.19. In the same issue in which Mr. Ackerman sets his critic right, Mr. Hofer explains that by mistake his figures were made to be the cost of one year where as in fact they represent the appropriations for two years. On the same basis Mr. Ackerman's figures read \$14022.38. So Mr. Hofer still laughs. However Mr. Ackerman is already on a salary and turns in all fees to the state treasury which last year amounted to no more than \$417. Wherefore it appears that the tempest is not going to be a very great one even for a tea-pot.

The Dalles-Mountaineer states that 1,360,595 tons of sugar are annually imported into the United States which pays a duty of \$36 per ton, or a total of \$490,810,000. Now this is democratic argument for the duty is only \$19.00 per ton. The Dalles paper further concludes that its duty of \$30 increases the price of 1,000,000 domestic product by \$36,000,000. More democratic facts. If the Mountaineer really wants to do something for the dear people would it not be better to work for the repeal of the 1 per cent differential which accepting its line of argument as the true method, would relieve consumers of a burden of \$47211700 which now goes to enrich the Sugar trust. It is a little queer that democratic organs as well as Welllett & Gray, Publishers of "Weekly Statistical Sugar Trade Journal" never touch that phase of the subject.

The Treasurer statement dated Dec. 4 shows that on that day the reserve fund in the U. S. Treasury was in gold coin, \$159,000,000. In the division of redemption there was gold \$315,612,089, silver \$454,018,000, silver dollars 1890 \$56,480 and silver bullion \$30,898,520, total \$809,510,089. In the general fund available for the running expenses of the government \$204,948,072.60. Against this there were audited claims unpaid \$86,602,047.99, leaving an available cash balance of \$118,346,024.61.

A Physician Testifies. "I have taken Kodol Dyspepsia Cure and have never used anything in my life that did me the good that did," says County Physician Geo. W. Scroggs of Hall County, Ga. "Being a physician, I have prescribed it and found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst cases quickly cured. Never fails. Delta drug store.

BEST FOR THE BOWELS

If you haven't a regular, healthy movement of the bowels every day, you're ill or will be. Keep your bowels open, and you'll feel better. The smooth, moist, and healthy action of Cascarets keeps the bowels clear and clean. Eat 'em like candy. CANDY CATHARTIC Cascarets. THEY WORK WHILE YOU SLEEP.

KEEP YOUR BLOOD CLEAN

Kodol Dyspepsia Cure

Digests what you eat. This preparation contains all of the digestants and digests all kinds of food. It gives instant relief and never fails to cure. It allows you to eat all the food you want. The most sensitive stomachs can take it. By its use many thousands of dyspeptics have been cured after everything else failed. It prevents formation of gas on the stomach, relieving all distress after eating. Dieting unnecessary. Pleasant to take. It can't help but do you good.

That Gold Spoon.

There are some men who seem to be favorites of fortune. They are industrious, cheerful workers, full of overflowing energy of splendid health, and success seems to drop into their hands. It is of such as these that the less hardy and less successful man says cynically, "That fellow was born with a gold spoon in his mouth." And yet on the face of it, an analysis it will be found that this success is largely due to splendid health, the endowment of a healthy mother. Dr. Pierce's Favorite Prescription gives the mother health to give her child. It cures nervousness, menses and sleeplessness. It makes the body comfortable and the mind contented. It gives physical vigor and muscular elasticity so that the baby's advent is practically painless.

"I will endeavor to tell you of the many benefits I have derived from taking Dr. Pierce's Favorite Prescription," writes Mrs. J. J. Robertson, of Medicine Lake, Barber Co., Iowa. "In the fall of 1897, I was expecting to become a mother and suffered terribly with pains in the back of head. In fact I ached all over. Suffered with cold, headache, dizziness, I tried several remedies and got little benefit. I began using the 'Favorite Prescription' and took four bottles before my baby was born. I never again suffered such distress. I suffered almost death with my other two children, but hardly realized that I was sick when this baby was born and was healthy, twelve and one-quarter pounds. She is now eleven months old and has never known an hour's sickness, at present she weighs thirty-seven pounds. I owe it all to Dr. Pierce's Favorite Prescription." "Favorite Prescription" makes weak women strong, and sick women well. Accept no substitute for the medicine which works so well for weak women. Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

Mark Twain's Cousin,

G. C. Clemens, of Topeka, Kan., the noted constitutional lawyer, who bears so striking a resemblance to Mark Twain, (Samuel B. Clemens) that he is frequently taken for the original Mark.

"Personal experience and observation have thoroughly satisfied me that Dr. Miles' Nerve Tonic is true merit, and is excellent for what it recommends." Mr. Norman Waltrip, Sup. Pres. Bankers' Fraternal Society, Chicago, says Dr. Miles' Pain Pills are invaluable for headache and all pains. I had been a great sufferer from headache until I learned of the efficacy of Dr. Miles' Pain Pills. Now I always carry them and prevent recurring attacks. Sold by all Druggists. Price, 25c. per Box. BRIGHT'S DISEASE.

The largest sum ever paid for a prescription, changed hands in San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$113,600.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases. They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven per cent of the test cases were either well or progressing favorably. There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address JOHN J. EURON COMPANY, 420 Montgomery St., San Francisco, Cal.
