Good values for been able to get cars as fast as they could use them, Freight Agent Miller while here last Saturday explained the situation. While the strike was on over a thousand loaded cars were congested at San Francisco and there they remained till late in the fall; shippers on the spot gathered cars as fast as emptied while we in Oregon farther away were allowed to wait. Thus by wsiting we were inconvenienced to say the least. But some one asks why the company do not build more cars? Well they are building, were when that strike was on, but the big machine shops had a strike of their own. The machinists Schuimerich Bros. would not work. And here we are. However the car famine is being relieved and cars are comingin greater numbers, so that freight will go forward on time.
