Children Especially Liable.
 Burns, bruises and cuts are extremely painful and if neglected often result in blood poisoning. Children are especially liable to such mishaps because of their carelessness. As a remedy DeWitt's Witch Hazel Salve is unequalled. Draws out the fire, stops the pain, soon heals the wound. Beware of counterfeits. Sure cure for piles. "DeWitt's Witch Hazel Salve cured my baby of eczema after two physicians gave her up" writes James Mock, N. Webster, Ind. "The sores were so bad she soiled from two to five dresses each day." Blown to Atoms.

A WORTHY SUCCESSOR.
 Something New Under The Sun.
 All Doctors have tried to cure catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures catarrh, by removing the cause, stopping the discharge and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "Snuffles," the guaranteed catarrh cure, and is sold at the extremely low price of one dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.
 "Snuffles" is the only perfect catarrh cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve hay fever or cold in the head.
 Catarrh when neglected often leads to consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once and write full particulars as to your condition and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles," the guaranteed catarrh cure.
 Sent prepaid to any address in the United States or Canada on receipt of one dollar. Address Dept. E 750, Edwin B. Giles & Company, 2330 and 2332 Market street, Philadelphia.

Seed Time and Harvest.
 A good time to think most seriously of the harvest is seed time. The decision you make then will determine the value of your crops later. The growing competition in seed selling is an increasing temptation to unscrupulous dealers to make extravagant claims for their seeds, both in price and producing qualities. The wisest farmers are those who are influenced most by what experience has proven to be good and true. Thousands of seed sowers in all sections of the country sow Ferry's famous seeds year after year, and have the satisfaction of good harvests to justify their continued faith in the Ferry firm. They are a few cents more as seed time, but you realize many dollars in better crops at the harvest. The natural consequence of this confidence is an ever increasing business. D. M. Ferry & Co. sent out last year more seeds than any other seed house in the world. The 1902 catalogue of this house is now ready and will be found a useful guide in selecting the choicest seeds for the farmer, the truck gardener and the flower gardener. It is sent free on request. Address D. M. Ferry & Co., Detroit, Mich.

NEWS OF THE STATE.
 A diamond mine has been discovered in Idaho, Lewiston is the nearest town.
 The rumor that the Northern Pacific will build a cut-off on its line and secure a water level route into Portland seems to be well founded.
 Mrs. Henrietta Harrington was found dead in her bed in Clackamas county, Saturday morning. Death was due to heart failure. The deceased was 86 years of age.
 Old Jonathan Ties, well known in the extreme east end of the county, though a resident of Multnomah, has brought suit for divorce. Jonathan is an old man, being over 70 years of age.
 At the photographic exhibition, held last week in San Francisco, ten prizes were awarded to Oregon exhibitors of amateur photographers. There were 137 prizes contested for by photographers of the world. Twelve hundred pictures were on exhibition.
 There has been for several weeks a row among the members of the Port of Portland commission. The president, Ellis G. Hughes, wanted to build a dredge that would work up stream. The others wanted to work down stream. Now Hughes has resigned the presidency. So the down-streamers will be able to drift with the current and draw pay.
 Harry Banfield, Portland, looked death in the face last Saturday, when he was caught in an elevator. By a jerk of the machine he was thrown on his back. His legs hung over the side of the platform and were caught between the floor above and the elevator platform as it went up. The obstruction stopped the machinery and the pinched man was removed.
 Mrs. Minnie Oeb, at Huntington, Baker county, got up at 5 o'clock one morning last week, leaving her 1-year-old child in bed. She returned and found the child dead. She says it crawled under the bed clothes after she left it and smothered. The coroner's jury found that death resulted from the criminal negligence of the mother, who left it many hours too long.
 Wade, one of the assassins of young Morrow, in East Portland, last fall, confesses that he shot Morrow, but that it was an accident; and that the pistol was easy on trigger and was discharged when he really did not intend to fire. Gov. Geer sees nothing in the confession that mitigates the crime and will not, because of that alone, interfere. Dalton's attorney expects to circulate a petition for signatures which he will present to the governor, asking that the death sentence be commuted to life imprisonment.
 The Salem Sentinel charges that the state board for the management of the school fund has loaded \$2500 on 33 acres of land near the fair ground. The county surveyor certifies that the land described in the mortgage is only 31 acres in extent. If the rules of the board to loan only a sum equal to one third the value of the security have been observed, then the tract is worth about \$240 per acre. At this distance it is not believed that there is any land about the fair ground worth that price. A farmer living on an adjoining tract makes affidavit that the parcel in question is worth no more than \$25 per acre. The land is assessed at \$37. The loan was made and the only question is touching the value of the security. There may be improvements on the place that brings up its value.
 Frank A. Rakowski, aged 28 years, has been drummed out of the army and sentenced to serve ten years in the U. S. prison at Alcatraz Island. The convict was born in Chicago of Polish parents, and is the youngest of the family, was a volunteer in the Spanish war and when mustered out of the volunteer service, enlisted in the regular army. He was an artilleryman and with his company was stationed at the mouth of Columbia. A few days ago, while drunk, he uttered anarchistic sentiments; glorified Czolgosz; said he would take care of President Roosevelt as soon as his term of enlistment expired, three months hence. For these treasonable utterances he was court-martialed and sentenced as above indicated. His father and mother live in Chicago. Frank appears to have been a lad of good character and a good soldier up to the date of this outbreak. His only defense is that he was drunk when he uttered the treasonable words.

Restored to Good Health by Dr. Pierce's Favorite Prescription.

"I have taken six bottles of Doctor Pierce's Favorite Prescription," writes Miss M. Fyfe, of Orillia, Simcoe Co., Ontario, "and two bottles of the 'Pleasant Pellets' as you advised, for congestion of uterus, ovaries, and weakness, and can safely say that your medicine has been the means of restoring me to good health again, which I had not had for over three years, until taking your medicine. I thank you very much for your kind and prompt attention to my letter asking advice."

MISS M. FYFE

I Wish I Were Well.

How many a weak, nervous woman finds that wish rising involuntarily to her lips daily. She sees friends and acquaintances entering into sports and games, or enjoying social pleasures from which she is shut out by weakness and sickness, and she says with a sigh of envy and regret, "I wish I were well." Wishing will not make any woman well, but from wishing one may pass to willing, and directly a woman wills to be well she looks for the means by which health may be attained.

When a sick woman asks "How can I regain my health?" the next question she will ask is "How have other sick women been made healthy?" and to that question there is one unanimous answer from hundreds of thousands of healthy, happy women: "We were weak and were made strong, we were sick and were made well by Dr. Pierce's Favorite Prescription." The merit of this medicine rests entirely upon its cures of womanly diseases. It has cured and is curing every form of womanly diseases curable by medicine; and very often it cures forms of womanly disease which local physicians pronounce incurable except by a surgical operation. It was so in the case of Miss Ratz. It has been so in a great many other cases. "Favorite Prescription" cures in ninety-eight per cent. of cases, or in other terms, it cures forty-nine out of fifty women who give it a fair and faithful trial.

It would be worse than foolish to claim for "Favorite Prescription" such power to cure if that claim could not be supported by the living witnesses, the women who have been cured. The number of these witnesses is legion. There are women among this great army of the cured who were sufferers from irregularity—dreading each recurring month because it brought days of misery and prostration. To-day they are in the full enjoyment of health. There are other women who were suffering from weakening drains; others still who writhed, scorched by the fire of inflammation, felt the pains of ulceration and knew the possibilities of suffering expressed in that familiar term, female weakness. To-day they are enjoying perfect womanly health. No more bearing-down pains. No more headache, backache, nervousness and sleeplessness. They are perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription.

Can any woman afford to neglect such a means of cure for womanly diseases? If you are sick; if you suffer from irregularity, unhealthy drains, inflammation, ulceration or female weakness, give "Favorite Prescription" a fair trial. There is only one chance in fifty that you fail of a complete cure. There is no chance that you fail of benefit, for "Favorite Prescription" always helps, and almost always cures.

Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

If you are led to the purchase of "Favorite Prescription" because of its remarkable cures of other women, do not accept an unproved substitute.

FREE. Dr. Pierce's Common Sense Medical Advisor, cloth binding, is sent FREE on receipt of 31 one-cent stamps to pay expense of mailing ONLY. For book in paper covers send only 21 stamps.

Child Worth Millions.
 "My child is worth millions to me," says Mrs. Mary Birt, of Harrisburg, Pa., "yet I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is a sure cure for coughs, croup, and throat and lung troubles. An absolutely safe cough cure which acts immediately. The young child can take it with entire safety. The little one like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly. Delta Drug Store.

A Profitable Investment.
 "I was troubled for about seven years with my stomach and in the half year time," says E. Dorwick, Somerville, Ind. "I spent about \$1,000 and never could get anything to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." You don't live by what you eat, but by what you digest and assimilate. If your stomach doesn't digest your food you are really starving. Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all want. Kodol Dyspepsia Cure cures all stomach troubles. Delta Drug Store.

A Salem creamery operator has entered upon a new plan for the development of the dairy industry in the section of the valley. Whenever he finds an industrious farmer who desires to purchase cows for a dairy herd but who has not sufficient capital, the creameryman buys the necessary cows and then sells them to the farmer, taking a mortgage for the purchase price. It is also agreed that the farmer shall deliver all his cream at the creamery, receiving therefor a stated price varying with the highest market quotation in the Oregonian. The farmer is thus enabled to pay for the cows out of his cream produced, and the creameryman has the advantage of increased custom. The farmer who gets cows under this plan can pay off the mortgage at any time he wishes and is then at liberty to sell his cream to some other dairy. In the last 15 days 100 cows have been added to the number furnishing cream to the creamery in question, by means of this plan, and other Oregon creameries may find it of advantage to them as well as to the dairy industry to adopt similar methods.

Greene, Depauw, Ind. "I have tried many remedies but Little Early Risers give best results." Delta Drug Store.

THE GRAND CANYON OF THE ARIZONA.
 Easiest of access among all the Canons of Colorado, being situated on the main line of the Denver & Rio Grande between Canon City and Salida in the front range of the Rockies, is the most spectacular, awe-inspiring and magnificent. Down this mighty cleft in the heart of the granite rock-barrier rush the raging waters of the Arkansas River, lashed into foaming fury and dashed into stunning spray by its swift descent through the tortuous defile. So narrow is the passage at one point that there was no room for both the road and river, and therefore a curiously constructed bridge of steel had to be thrown lengthwise of the stream, suspended from iron supports mortised into the canon walls on each side to the right and left. And right here can be seen the climax of all the canon's grandeur, that which has been aptly called "The Royal Gorge." For two thousand six hundred feet the solid monoliths soar upward—five times as lofty as the Washington Monument, the highest permanent structure reared by the hand of man. No words can adequately describe the magnificence of the scene. Only those who have beheld its glories can appreciate them.

This is but one of the many wonders of nature revealed to the traveler on the Denver & Rio Grande Railroad, "The Scenic Line of the World."
 For detailed information about this most delightful trip to the East, Address J. D. Mansfield, Gen'l Agt, Rio Grande System, Portland, Oregon.

To Tan a Hide With Hair On.
 Sprinkle freely, while still fresh and wet, with one part alum and two parts saltpeter made very fine and thoroughly mixed, being sure it reaches every part of the raw side. Then fold one-half the flesh side over on to the other half and roll closely. After a day or two open and scrape with a dull knife till perfectly clean. When it is about half dried rub and work it till thoroughly dry, and it will be soft and pliable. By using this method a favorite dog's pelt may serve you again, as a pair of mittens; or a sheep-skin may be converted into a rug, and pussy once more give comfort in a muff or muffler for the little one who mourns its loss.

A Deep Mystery.
 It is a mystery why women endure blackheads, headache, nervousness, sleeplessness, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Charley, of Peterson, Ia., "and a home back-painer so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my household work." It overcomes constipation, improves appetite, gives perfect health. Only 50c at Delta Drug Store.

Health and Beauty.
 "A pill's a pill," says the saw. But there are pills and pills. You want a pill which is certain, thorough and gentle. Mustn't gripe. DeWitt's Little Early Risers fill the bill. Purely vegetable. Do not force but assist the bowels to act. Strengthen and invigorate. Small and easy to take. Delta Drug Store.
