

Hillsboro Independent.

HILLSBORO, WASHINGTON COUNTY, OREGON, FRIDAY, AUGUST 1, 1902.

Vol. XXX.

No. 11

PROFESSIONAL CLERKS.

THOMAS H. TONGUE,
Notary Public.

THOMAS H. & E. B. TONGUE,
ATTORNEYS-AT-LAW,
HILLSBORO, OREGON.

Office: Rooms 3, 4, & 5, Morgan Block.

W. N. BARRETT,
ATTORNEYS-AT-LAW,
HILLSBORO, OREGON.

Office: Central Block, Rooms 5 and 7.

BENSON BOWMAN,
ATTORNEY-AT-LAW,
HILLSBORO, OREGON.

Office: Rooms 6 and 7, Morgan Block.

JOHN M. WALL,
ATTORNEY-AT-LAW,
HILLSBORO, OREGON.

Office: Bailey-Morgan Block, Rooms 1 & 2.

S. T. LINKLATER, M. B. C. M.,
PHYSICIAN AND SURGEON,
HILLSBORO, OREGON.

Office: at residence, east of court house, where he will be found at all hours when not visiting patients.

J. P. TAMESIE, M. D.,
S. P. R. SURGEON,
HILLSBORO, OREGON.

Office and Residence: corner Third and Main Streets. Office hours, 9:30 to 12 a. m., 1 to 5 and 7 to 9 p. m. Telephone residence from Brook & State. Dispensary at all hours. All calls promptly attended, night or day.

F. A. BAILEY, M. D.,
PHYSICIAN AND SURGEON,
HILLSBORO, OREGON.

Office: Morgan-Bailey Block, up stairs, rooms 12, 13 and 14. Residence, S. W. Cor. Base Line and Second Streets. Both Phones.

J. E. ABBOTT,
DENTIST,
HILLSBORO, OREGON.

Office Hours: 9 a. m. to 4:30 p. m. Office in Union block over Pharmacy.

R. NIXON,
DENTIST,
FOREST GROVE, OREGON.

Best art. dent. teeth \$3.50 per set. Cement and Amalgam fillings 50 cents each. Gold fillings from \$1 up. Visited by for painless extraction.

Office: three doors north of brick store. Office hours from 9 a. m. to 6 p. m.

Earliest of access among all the canons of Colorado, being situated on the main line of the Denver & Rio Grande between Canon City and Salida in the front range of the Rockies, is the most spectacular, awe-inspiring and magnificent. Down this mighty cliff in the heart of the granite rock-barrier rush the rapids waters of the Arkansas River, fashed into foaming fury and dashed into spinning spray by its swift descent through the tortuous defile. So narrow is the passage at one point that there was no room for both the road and river, and therefore a curiously constructed bridge of steel had to be thrown lengthwise of the stream, suspended from iron supports mortised into the canon walls on each side to the right and left. And right here can be seen the climax of all the canon's grandeur, that which has been aptly called "The Royal Gorge." For two thousand six hundred feet the solid monoliths soar upward—five times as lofty as the Washington Monument, the highest permanent structure reared by the hand of man. No words can adequately describe the magnificence of the scene. Only those who have beheld its glories can appreciate them.

This is but one of the many wonders of nature revealed to the traveler on the Denver & Rio Grande Railroad, "The Scenic Line of the World."

For detailed information about this most delightful trip to the East, Address J. D. Mansfield, or Agt. Rio Grande System, Portland, Oregon.

Neglect Means Danger. Don't neglect biliousness and constipation. Your health will suffer permanently if you do. De Witt's Little Early Risers cure such cases. M. B. Smith, Entomologist, Mich., says "De Witt's Little Early Risers are the most satisfactory pills I ever took. Never gripes or causes nausea."

Delta drug store.

QUAKE IN SOUTHLAND

BUILDINGS PROSTRATED AND WINDOWS SHATTERED.

Oil and Water Pipes Bent and Twisted as if by Fire. Lompos is Left Practically Without Water Supply.—The Damage Very Heavy.

Santa Barbara, July 29.—The most severe earthquake ever experienced in Southern California did a great amount of damage in the northern part of Santa Barbara county Sunday night. The district affected extends from Lompoc to Santa Maria, the center of activity evidently having been near the latter place.

The first shock was felt a few minutes past 11 o'clock, vibrations continuing for several minutes. Shortly after there were fourteen distinct shocks, but none of them was as severe as the first. Nearly fifteen minutes elapsed between the first and final shocks. In the Caracena oil fields, which are operated by the Western Union Oil company, large fissures were cut in the earth. Two tanks containing 3000 barrels of oil each were dashed into splinters, the oil flooding the section. Nearly all of the surface pipe lines used for conveying oil and water several miles were twisted or broken in such a manner that renewal will be necessary. Strangely, none of the wells, which are down a distance of over 2000 feet, were affected. At Los Alamos adobe buildings were raised to the ground, while in the business places windows were broken and goods on the shelves thrown to the floor. Lompoc, several miles to the southwest, shared badly. The city is practically without a water supply, as the mains were badly broken and the water has been flooding certain portions of the city.

The Santa Ynez river, which in the summer is usually a small stream, but in winter a torrent, was comparatively dry Sunday. Today water is rushing over the river bed as in a freshet. No one will attempt to explain this remarkable phenomenon, and the presence of such a large volume of water at this time of the year is considered part compensation for the great damage that has resulted in other ways.

Over 100 years ago the Franciscan fathers undertook to establish a mission at Lompoc. The large buildings were nearly completed after several years of hard work when an earthquake visited the district and utterly destroyed the edifice. Further attempts to build a structure at that point were abandoned. From reports of the sparsely settled districts several of the damagings in this city that the damage done was very great to buildings of every description. Only a slight shock was felt in Santa Barbara. The Western Union telegraph wires between Santa Barbara and Los Angeles are down.

GRASS VALLEY LIKES DECISION.

Judge Morrow's Decision in Pennsylvania Mining Case Hailed with Joy.

Grass Valley, July 29.—Whistles are tooting wildly in nearly every mine in this district, bombs are bursting on the streets and firecrackers are popping like musketry, while groups of men are filling the streets shaking hands and congratulating each other over a decision rendered in the famous Pennsylvania W. V. O. D. mining suit. The suit was commenced in March, both companies claiming a right to mine certain rich ground. The Pennsylvania also sued for \$500,000 damages for ore alleged to have been removed from its ground by a rival company. Since a year ago the Pennsylvania has been closed down, laying off over seventy men, while but a small force has been working at the W. V. O. D. since throwing out over a dozen men in the month of May by agreement the company receiving the decision is given the right to mine the disputed ground pending appeal. This means that the Pennsylvania will resume operations within thirty days, so the managers have stated. The Pennsylvania has been operated by the present company, nearly all local men, for thirteen years. It has paid \$151,500 in dividends within thirty-nine months, and is looked upon as very rich. The W. V. O. D. is owned by local people and San Francisco capitalists. Had the case gone against the Pennsylvania company it is said it would have invalidated the title to much rich mining property in this district, hence its popularity among the mine owners.

Gold Going to Europe by the Millions.

New York, July 29.—Gold bars to the amount of \$2,000,000 have been engaged at the assay office for shipment to Europe this week. The National City bank will ship \$2,000,000 and Lazard Freres \$1,000,000. It is reported that other engagements are being considered. The City bank shipment goes to Berlin and that of Freres to Paris.

Motive for the Murder Found.

Redding, July 29.—A clue has come out here which throws a strong side light upon the apparently unprovoked murder of Edward Lux at Klamath by John McDonald after McDonald had killed Henry Hower. John L. Shilvers, a waiter at the depot hotel here recently left McDonald's employ and shows many letters from him. He declares that McDonald had repeatedly made threats against Lux, because he believed he was aiding McDonald's rival in the suit for the hand of a young woman.

Time for Bids Extended.

San Jose, July 29.—President Wood of the California Cured Fruit association has extended the time for securing bids for the Santa Clara ware house until next Monday. Only one bid was received yesterday and that was not large enough to warrant consideration. The movement to form a stock company to continue the business of the growers is rapidly progressing. Subscription blanks will be ready today.

SHERIF AFTER THE BAD MAN.

Porterville Desperado Left No Claw and the Chase is Difficult.

Visalia, July 29.—Sheriff Farber, accompanied by Deputy Hagen and a posse of four men left this city at 8 o'clock last evening in vague pursuit of Jim McKinney, the Porterville murderer. They took up the trail in the direction of the mountains, hoping to hear something of the fugitive before today. Other than this probability the sheriff has no clue to guide him in the chase.

The team that McKinney forced the hostler at Porterville to give him must be watered and fed and McKinney himself must eventually ask for similar sustenance, and the pursuing party count on this necessity to put them speedily in possession of information that will lead to the capture of the murderer.

The coroner held an inquest on the body of Will Lynn, one of the victims of McKinney, at Porterville, yesterday afternoon. The testimony included a recital of the fight in the streets of Porterville on Sunday morning, and the jury returned a verdict charging McKinney with willful murder.

All who were wounded in the affray are doing well with the exception of the printer, George Barron. The bullet that struck Barron pierced his right arm and side and the circumstance that he is an old man militates against his recovery from the shock.

A regularly organized posse is in pursuit of McKinney in the vicinity of Porterville and the entire country side is on the alert to send information to the authorities if he appears in any locality.

MEXICAN MURDERS POLICEMAN.

Tucson Officer Killed While Doing His Duty at a Fire.

Tucson, A. T., July 29.—Intense feeling exists here over the foul murder of Policeman W. H. Katzenstein, who was the son of G. B. Katzenstein, manager of the Earl Fruit company at Sacramento, Cal., which occurred early Sunday morning. The assassin is a Mexican 23 years of age. The feeling is all the more intense as this is the second murder committed by Mexicans within two weeks. A fire alarm had been turned in at 11:30 o'clock Saturday night and Officer Katzenstein was at the scene of the fire, preventing the crowd from carrying out the goods. Leaving Foreman Henry Melhuus in charge of the burning store he left to see why the companies did not arrive. He removed his firearms and delivered them at the hotel near by for safe keeping. Katzenstein, who was assistant chief of the department, crossed the street to the adobe corner and started to remove the cap from the fire plug. While bending over the plug a young man named Theodor Elias came up, having evidently observed that the officer had removed his arms, and fired the fatal shot with a .35-caliber gun. Five shots were fired. One shot took effect under the right eye and effecting entrance to the brain. The officer had apparently missed the first shot and facing Elias received the shot under the eye.

CAPE HAYTIEN BESIEGED.

Attacking Army is Now Within Nine Miles of the City.

Cape Haytien, Hayti, July 29.—General Albert Gailhard has entered Limba and is now within nine miles of this city, after having defeated the troops under General Nord, the minister of war, provisional governor. The capitulation of Grande Riviere is expected and Cape Haytien will probably be attacked today. Foreigners are without protection and are in danger. The United States gunboat Machias, which was ordered to proceed from Colon to this port, has not arrived. Much regret is expressed that no foreign power is represented here by a warship at such a critical moment.

Port-au-Prince, Hayti, July 29.—The army under General Jean Jumeau, who supports the candidacy of M. Firmin for the presidency of Hayti, has been repulsed by troops under the command of General Saint-Felix Colin. The gunboat Crete-Pierrot prevented a pursuit of the Jumeau forces and General Colin's troops returned to Port-au-Prince.

A Half Million Failure.

New York, July 29.—Cunning & Stockbridge, export and import commission merchants, have assigned. The liabilities are given as in excess of \$500,000, but the assets will not be known until an examination of the books is made. The firm was mentioned in recent Havana dispatches as having been involved in the failure of R. Moran of that city.

A statement issued by attorneys for the firm says the suspension was immediately occasioned by the maturing of a number of acceptance aggregating a considerable amount, drawn upon the house by B. Duran of Havana last Friday. Until definite advice from Havana are received it will be impossible to give an entirely accurate statement of the affairs of the firm. The liabilities will be somewhat in excess of \$500,000. It is thought that the assets will nearly, if not quite, equal this amount.

Time for Bids Extended.

San Jose, July 29.—President Wood of the California Cured Fruit association has extended the time for securing bids for the Santa Clara ware house until next Monday. Only one bid was received yesterday and that was not large enough to warrant consideration. The movement to form a stock company to continue the business of the growers is rapidly progressing. Subscription blanks will be ready today.

LABOR-SAVING MACHINERY.

The special census report graphically illustrates the time and labor saving value of agricultural machinery in practical operation on farms.

Contrasting conditions in 1839 with those of 1899, the report says that the amount of human labor now required to produce a bushel of wheat is on an average ten minutes. In 1839 the time required was three hours and three minutes. The cost of human labor required to produce a bushel of wheat fell in the sixty-six years' interval from 177 cents to 33 cents. Similarly striking examples are given with respect to corn cultivation and haymaking. Taking the country over, the report estimates that "in the case of the crop of corn the money measure of the saving of human labor required to produce it in 1899, in the most available economical manner, was \$23,276,642; wheat \$79,194,867; oats \$32,866,200; rye \$1,408,950; barley \$7,323,030; white potatoes \$7,365,830; hay \$10,034,568.

"The total saving in the cost of human labor for these seven crops in 1899, owing to the possible utilization of the implements, machines and methods of the present time, in place of the old-time manner of production, reaches the stupendous amount of \$91,471,827 for this one year."

Saves a Woman's Life.

To have given up would have meant death for Mrs. Lois Cragg of Rochester, Wis. For years she had suffered untold misery from a severe lung trouble and obstinate cough. "Ocher," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for consumption and was completely cured." Sufferers from coughs, colds, throat and lung troubles need this grand remedy, for it never disappoints. Cure is guaranteed by Bailey's Pharmacy. Price 50c and \$1. Trial bottles free.

Need More Help.

Given the overtaxed organs of digestion cry out for help by disagreeable pains, nausea, dizziness, headaches, liver complaint, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at Bailey's Pharmacy.

It's a Man Lie to You

And say some other salve, ointment, lotion, oil or alleged balm is as good as Bucklen's Arnica Salve, tell him thirty years of marvelous cure of piles, burns, boils, sores, felon, ulcers, cuts, scalds, bruises and skin eruptions prove it's the best and cheapest. 25c at Bailey's Pharmacy.

Stand Like a Stone Wall.

Between your children and the tortures of itching and burning eczema, scaldhead and other skin diseases.—How? why, by using Bucklen's Arnica Salve, earth's greatest healer. Quickest cure for ulcers, fever sores, salt rheum, cuts, bruises and bruises. Infallible for piles, 25c at Bailey's pharmacy.

HOT FOR NEWPORT.

Recognizing the advantages of Newport as a summer resort over other seaside resorts in the Northwest, and to make it possible for all who desire to do so to spend their vacation by the ocean waves, the Southern Pacific Company, in connection with the Corvallis & Eastern Railroad, will place on sale, effective June 15, round-trip tickets from all points in Oregon on the Southern Pacific to Newport, good for return until October 10, at specially reduced rates.

Oregon's Favorite Seaside Resort.

For full information please inquire of your local agent. Round trip from Hillsboro good until October 10, \$6. Round trip from Hillsboro Saturday, good to return following Monday, \$4.50.

Don't Fail to Try This.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures kidney and liver troubles, stomach disorders, nervousness, sleeplessness, rheumatism, neuralgia and expels malaria. Satisfaction guaranteed by Bailey's Pharmacy. Only 50c.

A wire hop basket and fence factory is to be installed in Eugene.

Work on the building is now under way.

Oregon City is to have a town electric clock. It is to be installed by the Western Union Telegraph Co. The dial is 30 inches in diameter.

PRINCIPLE AND PRINCIPAL.

Secretary of state Daubar has issued an official list of officers of all the counties in the state, giving the political party to which each officer belongs, and the list reveals some interesting local conditions.

White there are but few counties of the state which can be classed as democratic on state or national issues or officers, yet the democrats secure the lion's share of the important county offices in many localities. Of the 33 county judges, only 12 are republicans, the other 21 being democratic, citizen or union. Of the county clerks 17 are republican and 16 from the opposition, while of the sheriffs only 15 are republican with 18 democrats. When it comes to holding the sack, however, the public confidence seems to be with republicans, who have 23 of the county treasurers against 10 democrats; and in educational affairs there is a similar leaning, 22 county superintendents being republican and 11 democrats.

In dealing with property the leaning is not quite so strong, but there are 19 republican assessors to 14 democrats. Of the county courts six are composed entirely of democrats or opposition to republicans, viz: Baker, Josephina, Klamath, Wheeler, Union and Yamhill, ten others have a majority of democrats, viz: Benton, Clatsop, Crook, Lane, Lake, Lincoln, Polk, Wallowa, Wasco and Washington while Sherman county has a democratic judge, one republican commissioner, and one prohibitionist. Clackamas, Columbia, Coos, Curry, Douglas, Lincoln, Marion and Multnomah counties are composed entirely of republicans, while the other eight have a majority of that faith. Twenty-four of the coroners are republicans, and one in Lincoln county is a socialist. Twenty-one of the surveyors are republican, with one in Morrow county a prohibitionist. Of the ten county recorders in Baker, Benton, Clackamas, Jackson, Lincoln, Umatilla, Marion, Union, Washington and Yamhill, all are republican except in Lincoln.

Clackamas and Douglas are the only counties in the state with a full set of republican officers elected as such, but Multnomah has all republican officers, the exception, is of that persuasion, notwithstanding the fact that he is elected as a "betwixt." Marion has a democratic sheriff and Lincoln has a socialist for coroner, the only breaks in their list. There is no county entirely democratic or very nearly so.

Shot In His Leg.

For all kinds of sores, burrs, bruises or other wounds, DeWitt's Witch Hazel Salve is a sure cure. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried De Witt's Witch Hazel Salve. A few boxes completely cured me." Delta drug store.

There are about 1000 persons who will be benefited by the recent Indian war pension act in the Northwest.

As the average age of these warriors is 73 years, it is very unlikely that Uncle Sam will have many years to carry the remainder of the 7000 brave men who fought between 1851 and 1855.—Southern Oregonian.

Stops the Cough and Works Off the Cold.

Laxative Bromo Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

Another victim of giant powder was brought into The Dalles Thursday, W. H. Durham, whose place is about five miles below the city on Chenoweth Creek, being the unfortunate. He was blasting some logs and set a can containing four pounds of powder down behind him while he went to light a fuse. By some unaccountable means the powder ignited in the can and a bad explosion occurred, in which Durham had both arms burned, the left one terribly. The left side of his face was burned.

Saved Many a Time.

Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A dose of One Minute Cough Cure will remove all danger. Absolutely safe. Acts at once. Sure cure for coughs, cold, croup, bronchitis and other throat and lung troubles. "I have used One Minute Cough Cure several years," says Postmaster C. O. Dawson, Barr, Ill. "It is the very best cough medicine on the market. It has saved me many a severe spell of sickness and I warmly recommend it." The children's favorite. Delta drug store.

Perhaps the most remarkable picture taken by any of the numerous correspondents and photographers who visited Martinique after the destruction of St. Pierre was a photograph of Mt. Pelee in eruption taken by Mr. George Kennan on May 28, the date when the volcano broke out into a tremendous explosion, inferior in volume only to that which destroyed the city. The story of Mr. Kennan's adventures in Martinique, his narrow escape from destruction, and of his ascent of Mt. Pelee make an extraordinary vivid and dramatic tale. The photograph to which we have alluded accompanies the installment of Mr. Kennan's "The Tragedy of Pelee" which appears in the August Magazine Number of the Outlook.

Wants To Help Others.

"I had stomach trouble all my life," says Edw. Mohler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and I have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat. Delta drug store.

Some of the democratic papers are telling their party to beware about trying to make an issue out of the question of the friars in the Philippines.

The chances are that this advice will be taken. The donkey is an appropriate emblem for the democratic party ordinarily, but its leaders will hardly be stupid enough to attempt to bring the friar question into the campaign. There is neither religion nor politics in that matter. Nine out of every ten of the American people, regardless of religion or politics, are on the administration's side in the friar affair.

Shot In His Leg.

For all kinds of sores, burrs, bruises or other wounds, DeWitt's Witch Hazel Salve is a sure cure. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried De Witt's Witch Hazel Salve. A few boxes completely cured me." Delta drug store.

NEWS OF THE STATE.

Denver parties enquire relative to starting a pottery in Oregon. The matter has been taken up by the Portland Board of Trade. There is clay in Oregon, several kinds.

Hans Olsen a lad of 20 years and a native of Norway, lost an arm last week in an attempt to board a flat car on the Bohemia railroad in Lane county. He fell between the cars in such a way that his arm rested on the track and was crushed between elbow and shoulder when the track passed over it.

A strike of the yard men in the Newberg sawmill failed last week. Seventeen men quit work demanding an advance of 25 cents per day. This was refused, when some of the men thought better of the matter and next morning returned to work at the old wages. The superintendent of the mill refused to re-engage them.

The Board of Trade and citizens of Grants Pass are preparing to issue 100,000 illustrated pamphlets describing the city and Josephine county, the same to be given to the Harriman immigration bureau for distribution in the East. The pamphlets are to be elaborately gotten up, and will be copiously illustrated with half-tone cuts of the mines and scenes surrounding Grants Pass.

Last week 23040 acres of land on the Siletz Indian reservation, Lincoln county, was thrown open for settlement. On Monday, July 21, 122 claims were filed on. In the rush there were 17 cases of conflict. The fees amounted to nearly \$2000. For this money 244 receipts were written. Filings were also made in the county clerk's office in Lincoln county but in case of conflict the Oregon City filing will probably hold.

A sad death occurred Thursday at Redland, Clackamas county. Early in the morning Mr. and Mrs. Dod-few Sailer left their home for Oregon City, leaving their youngest son in the care of his older brother John, whose age is only 7 years. Shortly after their arrival in the city they received the news that John had been seized with cramps and had died almost immediately. The bereaved parents were horror stricken with grief and the mother was prostrated.

The average annual output of three principal products of the community adjacent to North Yamhill is nearly as can be ascertained, will reach at least 100,000 bushels of wheat, 500,000 dried prunes and 475,000 pounds of dried hops. The income from these three products, figuring hops at 12 cents and prunes at 3 cents a pound and wheat at 50 cents per bushel, all of which are fair prices, based on the average of the past three or four years, is approximately \$122,000.

The Home Telephone Company is getting the town pretty thoroughly wired and still the work goes on. Their new switch board has been put in at the Willamette Valley Telephone office with Miss Edna Wilson as operator and some up already using the new line. The aggressiveness of the new company has aroused the management of the Bell Company which sent a man up to hold their business as far as possible. Both companies have been working hard for the patronage of the people.—Newberg Graphic.

A project is exploring for building a railroad around the shore line of Coos Bay. The road will be 30 or 40 miles long. The stock of the company is capitalized at \$1,000,000. The promoters say their object in building this belt line is to get as many deep water docks as the crooks and inlets will furnish. A transcontinental road has been hinted, and Coos Bay may be a part that will attract such an enterprise, though the mountains inland would have to be passed. However, they are timber clad, and can furnish a lumber trade for many years.

The bids for supplying Klamath Agency and Yainax with supplies for the coming year were opened Saturday. The bids for flour were not accepted as they were too high, being \$29.50 per thousand. Fred Cronmiller and W. F. Shives tied on the beef contract for the agency at \$6.87 per hundred pounds. R. C. Spink received the contract to furnish the school at Yainax for \$7.20. The bids for apples were awarded to Fred Cronmiller for 2 cents at agency and 2 1/2 cents at Yainax. There were no bids for oats and barley.

E. W. Howe
This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day.
