### REPUBLICAN PLATFORM.

The following are the resolutions adopted by the Eugene Convention and constitute the platform on which Hon. Binger Herman will stand during this campaign:

"Resolved, That we hereby record our high appreciation of the private worth and the public services of the late Hon. Thos. H. Tongue, Congressman from this district, and we deplore his death as a loss to his state and the Nation.

"Resolved, That we recognize Theodore Roosevelt, President of the United States, as a stalwart type of American citizenship, worthy of these, the best days of the Republic, and we heartily endorse his position upon the great public questions of the day and his administration, and he resolved further, that he extended the hospitalities of this state upon the occasion of his proposed visit.

"Resolved, That we do hereby endorse and reaffirm the platform of the last Oregon State Republican Convention.

"Resolved, That the Republican party of this Congressional district favors and will earnestly labor for the improvement of our rivers and harbors by the National Government."

Made Young Again.  
"One of Dr. King's New Life Pills each night for two weeks has put me in my teens' again" writes D. H. Turner of Demingtown, Pa. They're the best in the world for Laver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c. at Bailey's Pharmacy

**A Farmer Straightened Out.**  
"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Bayler, of Pottsville, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by Delta Drug Store.

### BE IT REMEMBERED.

Mr. Reames says congress has power to control the trusts. He should have explained that it was reserved for a republican president to insist in unequivocal terms that congress exercise that power.

For years the democratic party has demanded that trusts and corporations should be controlled. When it has control of both the legislative and executive branches of government, it made no real attempt to institute any measure of control. When such measures were attempted by the republican party they were opposed by democrats as an usurpation of power belonging only to the several states. The wicked trusts and corporations had been brought into existence through the operation of state laws. Their rights, privileges and powers were defined and protected by the charter granted to them by state laws, and the federal government could not touch them unless the national constitution were first amended. The democratic party, always the party of ultra state rights, invoked the ghost of the dead doctrine and sent it jabbering through the halls of congress. The party press repeated the fearful mutterings with many a dark innuendo and really succeeded in frightening not a few well meaning men into accepting federal control of trust as an assault upon state rights.

The Sherman anti-trust law by this means, made inadequate to exercise control before it was permitted to be enacted. It was given out that congress had exhausted its constitutional power and could do nothing further. In spite of the weakness and possible treachery of a few republicans, the great republican party has ever been honest in its purpose to control harmless trusts. Its accredited leaders and hundreds of its rank and file believed efficient control without constitutional amendment lay in the power of congress.

A president confirmed in this view by the opinion of his attorney-general called for amended legislation. He

is now executing the laws. It is no longer an open question. Congress has power to control the trusts. Even so tenacious a states rights democrat as Mr. Reames now admits this and would fain pass it off as a democratic discovery. It will not be accepted. The democratic party wedded to the corpse of state rights and instigated by a spirit of unreasoning opposition to republican measures has long and persistently stood in the way of federal control of the mighty corporations we designate as trusts.

All those measures and policies, which so certainly have advanced our national greatness, have given us amazing material and industrial development and brought unexampled prosperity, were suddenly and persistently opposed by the democratic party. This is history. Many of the most beneficent of those measures and policies would be reversed, set aside, destroyed, were that party again in power. This would be history repeating itself. Yet, Mr. Reames, a democrat, a good democrat in perfect accord with his party, saturated with its spirit of negation, obstruction and blind partisanship would have us believe he is better fitted for usefulness in congress than Mr. Herman, notwithstanding the latter's most valuable experience and approved fitness. Republicans, and we believe not a few democrats, will refuse to take Mr. Reames at his own self estimate.—Corvallis Gazette.

### A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetter of Shepherdtown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Bailey's Pharmacy. Trial bottles free. Reg. sizes 50c, \$1.

### Greatly Alarmed.

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy. Mr. H. P. Burbage, a student at law, in Greenville, S. C. had been troubled four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured. Sold by Delta Drug Store."

### ROOSEVELT IN CALIFORNIA.

The following are the extended remarks made by President Roosevelt in California and are the first made since leaving the Missouri river. "Before I saw the Pacific Slope, I was an expansionist; and after having seen it I fall to understand how any man, confident of his country's greatness, and glad that his country should challenge, with proud confidence, our mighty future, can be anything but an expansionist. In the century that is opening, the commerce and the progress of the Pacific will be factors of incalculable moment in the history of the world. "Now, in our day, the greatest of all the oceans, of all the seas, and the last to be used on a large scale by civilized man, bids fair to become, in its turn, the first in point of importance. Our mighty Republic has stretched across the Pacific, and now in California, Oregon and Washington in Alaska and Hawaii and the Philippines, holds an extent of coast line which makes it of necessity a power of the first class on the Pacific. The extension in the area of our domain has been immense; the extension in the area of our influence even greater. "America's geographical position on the Pacific is such as to insure our peaceful domination of its waters in the future, if only we grasp with sufficient resolution, the advantages of this position. We are taking long strides in this direction, as witness the cables we are laying down and the great steamship lines we are starting—steamship lines some of whose vessels are larger than any yet seen. We have taken the first steps toward digging an isthmian canal, to be under our own control, a canal which will make our Atlantic and Pacific coast lines to all intents and

purposes continuous, and will add immensely alike to our commercial, military and naval strength.

"The inevitable march of events gave us the control of the Philippine Islands at a time so opportune that it may, without irreverence be called providential. Unless we show ourselves weak; unless we show ourselves degenerate sons of the sires from whose loins we sprang, we must go on with the work that we have begun. I earnestly hope that this work will always be peaceful in character. We infinitely desire peace, and the surest way to obtain it is to show we are not afraid of war. We should deal in a spirit of fairness and justice with all weaker nations, and we should show to the strongest that we are able to maintain our rights. Such showing cannot be made by bluster, for blustering merely invites contempt. Let us speak courteously, deal fairly and keep ourselves armed and ready. If we do these things we can count on the peace that comes only to the just man armed, to the just man who neither fears nor inflicts wrong.

"We must keep on building and maintaining a thoroughly efficient navy, with plenty of the best and most formidable ships, with an ample supply of officers and men, and with these officers and men trained in the most thorough way to the best possible performance of their duty. Only thus can we assure our position in the world at large, and in particular our position here on the Pacific. It behoves all men of lofty soul, who are proud to belong to a mighty nation, to see to it that we fit ourselves to take and keep a great position in the world, for our proper place in the expanding nations and the nations that dare to be great, and that we accept, with confidence, a place of leadership in the world. All our people should take this position, but especially you of California, for much of our expansion must go through the Golden Gate, and the states of the Pacific Slope must inevitably be those which will be most benefited by and take the lead in the growth of influence along the coasts and islands of that mighty ocean where East and West finally become one.

"My countrymen, I believe in you with all my heart, and am proud that it has been granted me to be a citizen in a nation of such glorious opportunities, and with the wisdom, the hardihood and the courage to rise level to its opportunities."

### Quick Arrest.

J. A. Calledge of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c. at Bailey's Pharmacy

Mr. Joseph Pomerville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite, or constipation, give these Tablets a trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box by Delta Drug Store.

### A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at Bailey's Pharmacy.

### Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by Delta Drug Store.

### NEWS OF THE STATE.

It is whispered around that A. B. Hammond is about to build a grand hotel in Astoria and start the town to "playing ball."

The Oregon City public schools have abolished the 11th grade but the studies taken in that grade have been provided for in the 10th. Same work for students but fewer teachers.

The Crown Paper Mill has received 500 tons of sulphur. The Willamette has received an additional 500 tons, making the sulphur importations of the two mills 1000 tons. The men who were sent from here to load sulphur barges in Portland received longshoremen wages, \$2.75 per day.—Oregon City Courier.

The big strike of the employees of the Sampter lumber company is over. The committee on arbitration, consisting of five citizens, reported condemning the strike and exonerating Manager Stoddard for employing Japanese labor. The men went to work at once. Five hundred men were effected in logging and other branches of business.

W. A. Greer, the man who bargained for the L. W. Harger place, paid \$200 to cement the trade and then changed his mind left Tuesday with his family for Kansas. If we can't locate immigrants out here, the next best thing is to put a little cash in circulation on the easy terms on which this gentleman planted his \$200.—Newberg Graphic.

Yamhill County has bought a tract of 120 acres of land near McMinnville which is to be used for a poor farm. The price paid was \$40.00 per acre or a total of \$4800.00. The court was in Hillsboro a few weeks ago, inspecting the system in vogue here for caring for paupers, and this purchase is supposed to mean the adoption of similar methods.

The present Port of Portland Commission will pursue a policy of masterly inactivity about giving way to their successors on May 21. The reason is that in the opinion of the attorneys of the board the act of the last legislature creating the new commission is unconstitutional, because it is defective in several particulars. The new act, it is alleged, does not repeal the act of 1901, creating the present commission.

On Saturday afternoon the fine herd of Jersey cattle owned by Mr. H. B. Thielson, of Salem, was sold at public auction at the state fair grounds, when fine registered animals were sold for a song. Nearly all the animals sold were pure bred Jerseys, the cows having excellent records as milkers, but there seemed to be little demand for them, and they went at ruinous prices. Thirty-two head of cattle brought a total of \$850. A four-year-old bull, registered, brought \$21, and the cows and heifers from \$15 up to \$32, while three yearling heifers went at \$9 each.

The Baptist church in Portland was packed to suffocation on the evening of May 14th for the trial of Rev. Alexander Blackburn. Capt. J. A. Sladen, U. S. Circuit Court clerk, presided. A motion, "the present pastoral relations of this church be not disturbed," was passed without dissenting voice. A rising vote was called for and a large majority rose to their feet. This settled the question among Portland Baptists that a man may marry again 13 months after his wife's death, especially if the bride is a handsome young widow of unblemished character.—Astoria Daily News.

John Czolgosz, brother of the murderer of McKinley, was placed under arrest at Los Angeles and kept in jail while President Roosevelt remained in town.

But Mr. Reames is in favor of unrestricted free trade with the Philippines. On this point he has no advantage over any one of Oregon's members of congress in either branch and none whatever over Mr. Hermann. The commercial spirit of the Northwest desires free trade with the Philippines. The majority in congress deemed this inexpedient at present but made a large reduction in tariff rates in favor of insular commerce.—Corvallis Gazette.

When you want a pleasant physal try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. For sale by Delta Drug Store.
