The concert given by the ladies' band Wednesday was not largely attended, the total receipts being \$51.35. After expenses are paid the ladies will have about \$25 to turn into the land treasury. Next Sunday morning there will be services conducted by the pastor at Tualatin Plains Presbyterian church. An effort is now being made to give weekly service on Sabbath to this church. So for the present there will be service every Lord's day in the morning.

Miss Alma Bowman has returned from Clackamas county where she taught school during the past winter. Her work was so satisfactory that the board extended the term one month longer than the original contract. The Washington county exhibit space at the exposition has been changed by the commission. The space now is smaller, being 20x40 feet, but is advantageously located in the center of the Agricultural building, with aisles on both sides.

The circuit court convenes at the court house tomorrow when Judge McBride will hear arguments for and against granting a new trial in the case of Keen vs. Keen. The case was tried at the last term of court and a jury awarded, Mrs. Keen, the plaintiff, a verdict of \$3,000 damages. She sued for \$25,000.

Miss Daisy Abernethy of Forrest Grove was the guest of Alice Merryman last Sunday. The court house square is again covered with its mantle of spring flowers, making a beautiful picture in green and gold, interspersed with the blue carnation blossoms. Any street improvement that is put down should be put down well. But any improvement is better than none.

The city council met last night to complete the sidewalk ordinances. Last year a little over three miles of walk was built and there will be at least three miles laid down this year. Work will begin on Main and Second streets. The council is determined to make these streets models in every way and an honor to the city.

The Choral Union of Pacific University gave a concert Wednesday evening. The rendition of "Young Lovell's Bride" and "Fair Ellen," and singing by the "Hallelujah Chorus" was on the program. The receipts go toward a fund for the purchase of a pipe organ for the new Congregational church of Forest Grove.

The city council of Forest Grove will not grant a saloon license, but has named a committee to investigate the cost of appealing the case to the supreme court in the action decided by Judge McBride a couple of weeks ago which was against the city council of Forest Grove issuing a license for the sale of liquors.

On Saturday last G. W. Bidwell, of Polk county, Wisconsin, bought of L. L. Croff, a parcel of land in Block 2, Northside addition to the town of Hillsboro, the consideration being \$500. Bidwell, has also purchased a farm near this city and will move here at once.

Rasmussen and Horace Thomas, of Forest Grove, members of the team, were accompanied by Prof. and Mrs. Woods of the University and Miss Blanche Huston of this city. All expect to return on Monday next.

Geo. H. Cain was up before Judge Rood and Dr. W. D. Wood on Wednesday on the charge of insanity and he was ordered committed to the asylum at Salem. Cain is 85 years old and has been an inmate of the poor farm for the past two years. He imagines someone is trying to kill him by witchcraft and says the witches visit him every night and he sees them plainly. They whisper to him and it is at his request that he went before the board for examination, as he believed that in the asylum the witches would let him alone. He was born near Niagara Falls, N. Y., and was at one time a farmer. He says he is a widower with no known relatives.

Frank Bear, a 13-year-old lad was arrested at Forest Grove Wednesday and brought to the county seat by Deputy Sheriff Kurbel on the charge of being "incorrigible, turbulent and immoral and of extreme depravity." J. H. Bishop of Forest Grove swearing to the complaint. The boy's father was in town in the afternoon and visited the lad at the jail. He says the charges are entirely false; that the boy is full of life, but otherwise all right, and the complaint made against him is purely spite work. He declares that the only trouble he has ever had with his son is on the school question. The parents want him to go to school but the boy will not go if he can possibly avoid it. The case will be taken up in Judge Rood's court at ten o'clock this morning.

John Bailey, proprietor of Bailey's Pharmacy, has got his ice cream parlors opened for the season, and a very cool and attractive appearance they present. The fountain, which is one of the best west of Portland, is supplying the patrons of that popular place with as fine soda water as is made in the world. Displayed on this fountain are three silver cups which are of considerable local interest and attracting a good deal of attention. The first one is the Anne Shogren cup, won by E. B. Tongue's "Oregon Kid" in the Portland Hunt Club, given by the Riverside Driving club and won by Bob Greer's roadster in 2:35, and the other is the Fred T. Merrill cup, for a perfect Irish Setter, won by W. B. Willey's dog, Belle.

The basket social given at the opera house last Saturday night by the Modern Woodmen of America, assisted by the Royal Neighbors, did not bring out a very large crowd, but those in attendance had a good time. The baskets were sold at auction by W. P. Tucker in approved auctioneer style and brought good prices, after which they were opened and the good things to eat which they contained were not able to get a basket, as the supply fell short. The Eolian orchestra furnished the music, which was a very pleasing feature of the entertainment and greatly enjoyed by those present. J. W. Simons, of Portland, was in attendance and spoke for an hour in the interest of the two orders, the Modern Woodmen of America and the Royal Neighbors.

The steam treated lumber furnished by the Nelson-Wilcox lumber company is receiving a good many high recommendations, and is certainly the very thing to put into houses where it is wished to avoid shrinkage. The contractor and builder of the new Congregational church, just dedicated at Forest Grove, says of the steam treated lumber manufactured by Nelson-Wilcox treating lumber by this company is to treat the boards into the kiln, where live steam is turned on just as it comes from the boiler. By doing this the wood is softened and every particle of pitch is forced to the surface. It is then taken to the planer, and this gum removed, when it is ready for the buyer. The surface being as smooth as glass and will never shrink. The Nelson-Wilcox Company is adding about sixty feet to the

dry kiln, as the demand for this kind of lumber is so great that it was found necessary to get more water. They are also building a big water tower, which will be seventy feet high.

Sixtieth Wedding Anniversary. Mr. and Mrs. D. T. Phillips celebrated their sixtieth wedding anniversary last Monday at their home near Cornelius. Besides themselves, there were present seven of their nine children and forty of their fifty-one children and grandchildren, and C. H. Thompson of Portland, a cousin of Mr. Phillips.

D. T. Phillips was born in St. Clair county, Illinois, January 27, 1828, and Mrs. Phillips was born in Tennessee, December 27, 1827. They were married in St. Clair county April 17, 1845, and came to Oregon via Cape Horn, settling near Greenview, Washington county, January 26, 1857, and have lived in this county ever since. He is a prominent Odd Fellow and a member of the Hillsboro lodge.

Their children are: Mrs. P. M. Jackson of Hillsboro, A. A. Phillips, Mrs. G. Vickers, and Chas. and Webb Phillips, of Cornelius; Mrs. Alice Smith of Hillsboro; Mrs. Sarah Smith of Scoggins Valley, Geo. Phillips, Wilbur, Wash., and Mrs. Shearer of Columbia county.

Portland Presbytery. The Presbytery of Portland, met at Tualatin Plains Presbyterian church on Tuesday at 7:30 p. m., and was opened with a sermon by the retiring moderator, Rev. W. C. Laube, after which the Presbytery was constituted by prayer. Rev. D. E. Thompson, pastor of the Sellwood Presbyterian church, was elected moderator. After roll call and announcements made by Rev. Robinson, the Presbytery adjourned to meet Wednesday morning at 9 o'clock.

Mr. A. S. Patrolla, an elder of the First Presbyterian church, conducted the devotional exercises at the opening of the morning session, after which the Presbytery was formally opened and roll called.

Special records were inspected and records committee released. Rev. A. Robinson from the Forest Dale and Buxton churches by dividing the Washington county field, thus giving every Sabbath to the Tualatin Plains church, if the necessary amount can be raised. This church has had a remarkable growth during the past few years and it is expected that the arrangement will be completed. Four commissioners to the General Assembly were elected.

At the noon hour the ladies of the church served a sumptuous lunch in the new building. Speeches by Dr. E. P. Hill, Rev. W. S. Gilbert and others were made at the table, expressing their high appreciation of the hospitality of the Tualatin Plains people. Resolutions were read and passed, while sitting at the table, after which all sang "Best Be the Tie That Binds Our Hearts in Christian Love."

A short session was held in the afternoon. The majority of the members of the Presbytery returned to Portland on the 4:31 train. The remainder stayed to conduct an evening session. At 7:45 a large congregation gathered in the church and was addressed by Dr. McGaw and Rev. Hays, both of Portland, on "Home Missions." A duet was sung by Mrs. Fred Hanley and Wm. Robb. An instrumental piece was rendered by Misses Jessie and Bessie Harrington on the guitar and mandolin. The Glory song was sung by the congregation and benediction pronounced by Rev. Robertson.

Judge Webster decided Tuesday morning that the county court had no jurisdiction over water rights which were controlled by a state law, and could not interfere with the filings made by Lafa Pence upon all of the rivers, streams and waters in Multnomah county except the Willamette river and Bull Run. The latter was protected by an act of the last legislature. A week ago Colonel L. L. Hawkins, of the Board of Park Commissioners, appeared before County Commissioners Barnes and Lightner and complained against the operations of Lafa Pence. Colonel Hawkins stated that he had no personal interest whatever in the matter, but desired to apprise the public of what was going on, not only in this county, but in other counties in the state, so as to protect the people and save them the use of the streams in the state. Colonel Hawkins also said it might be necessary to bring suits. Judge Webster was out of the city at that time, and the commissioners said the case would be referred to him upon his return. Judge Webster decides that as a legal proposition the county authorities have no right to interfere.—Oregonian.

Joseph Jefferson's condition remains unchanged, except that he is gradually growing weaker, at his home in West Palm Beach, Fla. His trouble is a complication of diseases from which he suffered last summer. His physicians regard his condition as critical in the extreme as it would not be surprising if he passes away at any moment, yet he may rally and live for days or even weeks. The veteran actor realizes that his end is near, and looks forward to it without fear. All hope for his recovery has been abandoned by his family.

Notice. We are here to alleviate suffering. Are your eyes troubling you? Do you have headache or stomach trouble, heart trouble, stiff joints, rheumatism, lung trouble, cancer, goitre, female trouble or any bodily ailment? Diseases yield readily to our drugless treatment. Cross-eyes straightened without the use of the knife. All work guaranteed. If you are too poor to pay, come! We turn none away.

DE. A. C. EATON. When William J. Bryan tells the democrats that their party needs no reorganization he tells the truth. What the democratic party needs is votes.

St. Joseph Cut-Off Welcome. McMinville, Ore., April 18.—There is great rejoicing here today because of the proposed immediate construction of the St. Joseph-Lafayette Railroad cut-off. The Improvement League held a meeting and passed appreciative and congratulatory resolutions. The town is already enjoying a business and building boom. Three brick blocks are under way and Catholic school and hospital to be built at once.

Sherwood Regular Correspondent. Miss Lola Saylor is taking a course of short-hand and type writing at a commercial business college in Portland. Hugh Iler's team ran away yesterday afternoon creating considerable excitement for a time. No special damage resulted.

L. E. Brouwer, deputy assessor is interviewing taxable citizens in this district. The present tax levy exceeds former assessments. The local railroad section men have been employed in town lately in replenishing with new ties and otherwise improving the track.

The statute law in reference to Sunday closing will hereafter, it is said be enforced strictly in the town of Sherwood. G. Washington Duke, the artistic painter and house decorator is busily engaged in beautifying the residence of J. C. Smock in choice colors.

That reserve that was said to be concealed deep down in the pockets of our neighbor Workmen must have escaped some how, as it appears now higher rates are in order for self preservation. The town recorder has purchased a type writer and is employing his spare time in writing up minutes, ordinances, etc. in a business manner. His speed in that direction does not justify entering outside work, for the present at least.

George W. Saylor, the jeweler is away on a vacation to the Bellevue in Yamhill county for a couple of weeks. Hunting and fishing in that locality is reported to be excellent. Wilbur Ashpole, a nephew of Charles Ashpole of Middleton, and a resident of Jackson county arrived here a few days ago on a visit to his relatives in this neighborhood.

A Camera Journey. The great Lewis and Clark exposition, which opens in Portland June 1st, has brought out many publications, historical as well as for advertising purposes. But the nearest thing in the way of a booklet that has been received at this office is a pamphlet just issued by F. L. Whitney, Passenger Traffic Manager of the Great Northern Railway, with headquarters at St. Paul, Minn. The book is beautifully printed in tint on heavy calendered paper and is a gem of neatness, containing a large amount of information of Lewis and Clark which will be especially valuable and interesting to people who intend to visit the Pacific Coast the coming summer. The book contains about fifty handsome half-tone engravings and a map of the fair grounds and all the buildings, and naming the special features of the exposition. Among the many illustrations, and they are fine ones, are The Forestry Building, Columbia Court and Lakeview Terrace, Oriental Exhibits Building, Colonnade Entrance, Glimpse of Natural Park on Exposition Grounds, European Exhibits Building, Agricultural Building, U. S. Government Building, Agricultural and European Building, and others.

There are also scenes along the Great Northern railway, pretty enough for any album, and if purchased singly would cost many a dollar. We mention just a few of the most attractive views: Mt. Index, Cascade Range, in Washington; Along the Pictresque Skykomish, in the Minnesota Lake Park Region, North Dakota Scenery, Minnehaha Falls, Old Round Tower, Ft. Snelling; The new State Capitol, St. Paul; In the Milk River Valley of Montana, Sperry Glacier, Lake MacDonald Country, In the Kalispel Valley of Montana, Glimpse of the Pend d'Oreille River, Harvesting in the Big Bend Country, Riverside Avenue and Court House, Spokane, a View in the Famed Wenatchee Valley, in the Beautiful Lake Chelan Country, etc., etc. "Across America via the Great Northern Railway" is a story delightfully told in this little volume, which any person can have by sending their address and 6 cents in stamps to F. L. Whitney, P. T. M., Great Northern Railway, St. Paul, Minn.

What's Your Excuse. Some people go to church to weep, others go to church to sleep. Some go their wives to please; their conscience others go to ease. Some go to tell their woes, others go to show their clothes. Some go to hear the preacher, others like the solo screecher. Boys go to reconnoiter, girls go because they oughter. Many go for sage reflection, precious few to help the collection.—Ex.

Crop Report. The first half of the week was dry, with frosty nights and warm afternoons. The last half was showery, and good rains fell in all sections of the state. The soil is now in excellent condition for plowing and germination of seeds, and farming operations have made rapid progress during the past week. The stand of fall wheat is good; the plant is healthy and its growth during the week has been satisfactory. Spring wheat seeding is well advanced, and in many sections completed. The early sown came up nicely and no complaints are made in any locality regarding its condition. Pasture and oats are also doing well. Barley and clover are much better than usual at this season of the year, and all grasses and forage plants are thrifty and promising. Lambing is well advanced and the losses have been small. Goat shearing is finished and the mohair clip is above the average, both in quality and quantity. Early gardens are up and good progress has been made in planting late gardens. Considerable land has been prepared for corn, and in the southern sections some corn has been planted. Early potatoes are doing well, except in a few exposed places, where they were injured by frost. Hope are thrifty and promising. The frosts have undoubtedly done considerable harm to fruit, but to what extent correspondents disagree. Some think only a reasonable amount of thinning has occurred and that the fruit crop will be better in consequence thereof, while others claim that Italian plums, peaches, berries, cherries and prunes have been seriously harmed. Apples and French prunes have received but little injury. Some varieties have not bloomed so full as usual, but the condition of apples is generally promising. Feed, barley and bran for sale at Cate's market.

Reports from sectional conventions, in order named above. Reports of Vice Presidents of the League. Address by Hon. Jefferson Myers, President Oregon State Commission of Lewis and Clark Exposition. Reports from all delegates represented. All delegates will be guests of the Lewis and Clark Exposition the afternoon of the 27th, leaving for the grounds at exactly two o'clock, as per announcement to be made in the convention. The addresses on the program will none of them exceed fifteen minutes in length, leaving time for the important business to be considered—a proper representation of the various portions of the state through a League headquarters on the Exposition grounds will receive attention. The sectional conventions will be intensely practical. Every member of the Oregon Development League is entitled to name a delegate to include any desired number—the sectional conventions should be borne men from the different industries are named. Every editor in the state is a delegate at large, because it is through the newspapers that Oregon will get her publicity. Where there is no organization holding membership in the League, the appointment of representatives devolves upon the Mayors of towns and the County Commissioners, and it is especially desired that several sections of the state not now affiliated with the League should organize and join us. Every possible permanent benefit should be secured as a result of the enormous western travel that is now a certainty. E. L. SMITH, President. TOM RICHARDSON, Secretary.

Marriage Licenses. F. Biondini, and Jessie Booth, both of Portland. R. L. Whiteside, of Multnomah county, and Louie K. Hickethier, of Bethany. Walter Zuercher and Susie Tschanz, of Bally. J. F.
