

**Life is What you Make it.**  
 To the preacher life is a sermon,  
 To the joker it's a jest;  
 To the miser life is money,  
 To the loafer, life is rest.  
 To the lawyer life is a trial,  
 To the poet life is a song;  
 To the doctor life is a patient,  
 That needs treatment right along.  
 To the soldier life is a battle,  
 To the teacher life is a school;  
 Life is a "good thing" to the craftsman,  
 It's a failure to the fool.  
 To the man upon the engine,  
 Life is a long and heavy grade;  
 To the gambler to the gambler,  
 To the merchant life is trade.  
 Life is a picture to the artist,  
 To the rascal life is a fraud;  
 Life perhaps is about a burden,  
 To the man without the hod,  
 Life is lovely to the lover,  
 To the player life is play;  
 Life may be a load of trouble,  
 To the man upon the day.  
 Life is but a everlasting effort,  
 To the man who loves his work;  
 Life is an over-zealous passion,  
 To shun duty to the shirk.  
 To heaven blest romance,  
 Life is a story ever new;  
 Life is what we try to make it—  
 Brother, what is life to you?  
 —A. K. Kiser.

**Saved By Dynamite.**  
 Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe at all drug stores, price 50c and \$1.00; guaranteed. Trial bottle free.

**Canine Actors With Cozad's California Dog and Pony Show.**  
 When Cozad's California Dog, Pony and Monkey circus appears here it will be discovered that a complete entertainment lasting over two hours can be given wholly by animals instead of human actors. These carefully trained pets perform the principal roles in dramas and comedies and in addition give a complete vaudeville programme. First one hundred pretty, prancing ponies take part, led by the wise pony leader, "Roseberry." They march and counter-march and go through difficult evolutions with the precision of highly trained soldiers. Then comes the joyous May-Pole dance when clustered around the saw-dust arena, some dozen children mounted on the diminutive Shetland's go through the mazes of the dance. The demure ponies enter heartily into the festive spirit as well as the youngsters and no prettier sight has ever been seen. Then comes the sagacious dogs who perform the part of fire-ladders. A miniature house is in flames; the intrepid fire-men rush to the rescue with their tiny hose-carts, soon have a stream playing on the burning building; a baby is rescued from the flames; a patrol filled with dog policemen dashes up and assists the dog fire-men, etc. The clown dogs; ponies; and monkeys all the while furnishing lots of hilarity for the little ones. This is but an outline of the many startling wonders to be seen with Cozad's California Equine, Canine and Simian paradox when it appears here.

**Terrific Race With Death.**  
 "Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

**Weather Report.**  
 The past week has been showery and cooler than usual, especially during the afternoons. All vegetation made slow growth, and more sunshine is needed for gardens, hops, corn and potatoes. The first crop of alfalfa is being cut in the southern counties and average yields are being secured. In a few localities rain damaged the cut alfalfa, but the second crop will be greatly benefited thereby. Fall wheat and barley continue to head nicely, but on account of cloudy, cool weather the stalk is becoming to rank. Spring wheat and oats have made slow progress, and reports regarding the condition of all grains are on the whole unfavorable. The Hessian fly is reported to have done some damage in Yamhill county, and the grain aphid is becoming numerous in other sections of the Willamette valley.  
 Hops are uneven and the yields are expected to be less than last year, notwithstanding the increased acreage. Potatoes that were frosted last week have revived and the setback they received was not serious. Grass and stock are in fine condition and sheep shearing is drawing to a close. Strawberries are ripening slowly. Cherries, peaches, pears, prunes and apples promise lighter yields than usual, although the prune crop will probably be heavier than last year.

**Newspapers of Today.**  
 Reputable newspapers do not like to say harsh things of anyone. It is a mistaken idea that the papers prefer vilification in their news columns to commendatory articles. Some newspapers may, but they are few and far between, and the distance between is growing still wider; nor would any paper that pretends to stand for decency hesitate for a moment to make every honorable amendment when it is shown

that a wrong has been done. The newspapers of today is the friend and upholder of the clean people everywhere. The reputable citizen has nothing to fear at the press. On the contrary, the present day newspapers aids and protects the reputable community. It is only evildoers and lawbreakers that need fear the savings and influence of the press. They and they alone are the ones who gain the injurious protection of the ridiculous libel laws that mar the statute books of some of the states and hamper the press in its efforts to secure justice and fair treatment for all classes of people.—Salem Capitalist

Dr. Oscar M. Leiser, of New York who announced during the latter part of last year that he had discovered a cure for consumption, says that eight months' use of the remedy which he administered by inhalation had increased his confidence in it. The doctor has revealed the ingredients of the remedy. It is a combination of oils and the ingredients are these: Oil of Gaultheria, oil of thyme, oil of eucalyptus, pine needle oil and hydrocarbon oil.  
 The oils are prepared by a process discovered by C. B. Benson, a chemist, who has made the cure of consumption a lifelong study. "There is nothing secret about the

process, and Dr. Leiser says it will be known to anybody who can show a legitimate reason for wanting to learn what it is. "We have treated 100 sufferers from the disease since we began," Dr. Leiser said. "Of those patients, only one has died. The tuberculosis germs have entirely disappeared from 25 and 40 have been able to resume their several occupations. We have relieved the remainder to such an extent as give us great hope. Several of my professional friends are using the remedy with considerable success."  
 For Neuralgia, rheumatism, sprains, cuts, swollen joints, etc., use Perston Oil Lintment.  
 The Delta Drug Store.
