F. S. Olsen has sold his Confectionery store to Fred Adams, who took possession yesterday. Mr. Olsen has been desirous of disposing of his city property as he has other business interests elsewhere. Mr. Adams informs us that he will put in a first class lunch counter and will cater to the public at all times. He will serve oysters in any form and has the largest and best selection of confectionery in Hillsboro. Mr. Adams is well known over the county and his many friends will give him their hearty co-operation in his new business.

Mrs. L. A. Rood was called to Harrisburg, Or., last Saturday to attend the funeral of her sister, Mrs. Henry Roberts, who died at the family home on Thursday of Bright's disease, after an illness of several years. Mrs. Roberts' maiden name was Elizabeth Stewart. She was born near Witch Hazel and Washington county was her home until she grew to womanhood, and there are many people here who will be sorry to learn of her death. Mrs. Rood went from Harrisburg to Forest Grove in response to a message announcing the serious illness of her daughter, Mrs. Curtis.

The 19-year-old son of Supt. Ringle of the city water and light plant, came near being killed by an electric shock last Monday night. He went to the woodshed to turn on the lights and groping about in the dark his hand came in contact with the live wire. His hands and feet were wet, and although the wire was insulated, fire flashed from his finger tips, burning the flesh from the thumb and palm of the right hand. The lad could not free himself from the wire for some time, and when Dr. Linklater arrived the house was filled with the smell of burning flesh, and doctor says it is simply a miracle that the boy escaped with his life. The thumb will have to be amputated.

At the July term of the circuit court a decree of divorce was granted Ernest Kern from his wife, Lena Kern, on the ground of desertion. Now comes the defendant, and through her attorney brings action against her ex-husband to have the decree set aside, alleging that every allegation made by him in the suit was false and without foundation. She says, in her complaint, filed with County Clerk Godman last Tuesday, that she and Kern were married in 1899 and that he deserted her in MIL-

waukee, Wis., and when he left neglected to provide anything for her support, that his acts were unwarranted, as she had always conducted herself as a true and loving wife should, and ever since his going away has earned her own living; that she has no means of support and believes that \$30 per month would be a reasonable sum for him to pay her for her maintenance. She says that he has a bank account of about \$500 and also owns in his own right considerable property. She avers that Kern has been married four times and divorced from each of his former wives.

Mr. and Mrs. Bud Taylor were Hillsboro visitors Sunday.

R. Cave has recently received his fall stock of air-tight heaters and cooking ranges, and he cordially invites those in need of an air-tight heater to step into his store and examine the Cole, one of the best on the market. If a range is needed, they recommend the Moore steel range, and can show a fine stock. Both these stoves are trimmed in polished nickle, are up-to-date in every particular, fully guaranteed, and the prices are right. For anything in the line of hardware or tinware go and try R. Cave.

Forest Grove Times: The Board of Trade meeting Monday evening was quite largely attended and proved to be a very important one. The parties who had been investigating in regard to a motor line from the depot up town reported. Two lots of second-hand rails had been located and partial propositions made on them. One of them was a 56-pound rail taken up on the S. P., when a heavier rail was put in, the other a 40-pound rail that had been used only about a year in a logging road. Each was considered good for the motor line. It was believed that two miles of track and equipment would cost less than \$12,000.

Some things tend to make an editor tired and one of them is before the writer now in the form of a letter and two postal cards received within a day or two each asking for a specimen copy of the paper and two of them asking in addition for the name of a reliable dealer in real estate as they wanted to buy property in this vicinity and wanted to correspond with an agent. The specimen copies were sent cheerfully though there had not been even a penny sent as payment, but when it came to writing letters and paying postage in order to give them the names of the real estate agents we hesitated. We looked at our advertising columns and found that there was not a real estate agent represented therein, and we wondered why an editor should be expected to turn good business to them if they did not reciprocate by giving some business to him.—Forest Grove Times.

J. W. Morrow, state tax agent of the Harriman lines, was in Hillsboro last Saturday laboring with the Washington county board of equalization in an endeavor to get the taxes of that corporation in this county lowered, but with very poor success. The assessment is \$10,000 a mile, which Mr. Morrow declares is outrageously high, and said, to prove his assertion, that the West Side line did not pay running expenses. That is certainly the rankest kind of a statement for an intelligent man to make, for everybody here knows that ever since the fair started, five months ago, every train going to and from Portland has been crowded to the guards and hundreds of passengers have been compelled to stand up in the aisles and out on the platforms, and the trains have consisted every day, from seven to fourteen coaches almost every day. Last Saturday night the 12 o'clock train was so crowded that several ladies were obliged to stand out on the platform steps, while the rain wet them to the skin. There were but three coaches coming back from Portland that night while it took thirteen coaches to get the crowd to town in the morning. The passengers were naturally very tired and angry, because they had paid for a seat and were entitled to one. We do not know whether the West Side line pays for Hillsboro west, but it certainly must from Portland to Hillsboro, for before the fair passengers were compelled to stand and will probably have to do so again now that the fair is over. In Unatilla county the O. R. & N. was assessed \$12,000 a mile, but the company will bring suit in equity to show that the assessment is too high. The company is, however, willing to compromise on a valuation of \$10,000. Mr. Morrow decided to take the Washington county assessment before the county court.

**Death of Mrs. Benson.**  
On Tuesday morning at 3:40 death entered the home of our fellow townsman, Wm. J. Benson, taking from him, a true and faithful wife and left him mourning at his sudden and great loss. On Monday of the week previous, Mr. and Mrs. Benson had been in Portland and from there went to St. Johns where the day was spent, returning to Portland in the evening. They attended the theatre, and came home to Hillsboro on the midnight train. Tuesday morning Mrs. Benson arose and after dressing went to the heater and stooped over to put in a stick of wood. Upon arising she staggered and fell to the floor, stricken with paralysis. Her husband succeeded in getting her to bed and called for a doctor, who saw at a glance that her case was serious and gave but little hope. Mrs. Benson was unconscious for two or three days, though at times she was able to recognize those about her, but could not speak above a whisper to anyone. She lingered in this condition until Tuesday morning, a week almost to the hour when stricken, and passed away.

Her maiden name was Elizabeth Warner, and she was born in Ohio, February 18, 1837, and was married to William J. Benson at Moline, Ill., September 18, 1880. They came to Oregon about fifteen years ago and have made their home here ever since. She was a member of the M. E. church of this city, from which edifice the funeral was held Wednesday under the auspices of the Rebekahs and Rathbone Sisters, sermon being preached by Rev. C. L. Hamilton. The deceased was a member of the Ladies Relief Corps and Rathbone Sisters. She was respected by all who knew her, and her sad and sudden death is deeply mourned by a large circle of friends, who tender to the grieving husband their sincere sympathy in this hour of bereavement. After the services at the church the body was conveyed to Odd Fellows cemetery and there, surrounded by old friends and brothers and sisters in the several lodges, was lowered to its last resting place. She was a good woman, a kind friend, and, best of all, a loving and faithful wife.

Miss Tennessee Weathered and Miss Jennie Beamish visited the Portland schools last Friday, Mrs. W. P. Tucker and Miss Maude Wilson teaching during their absence.

**Card of Thanks.**  
It is when death enters our home and lays his icy touch upon our loved ones that our hearts are sore with grief, and when friends gather about and with words of sympathy and acts of loving kindness do all that is possible for our departed, it makes the blow lighter and easier to bear. To all who assisted my wife after she was stricken and gave her all the aid possible and attended to her after she had passed away I wish to return my sincere thanks, and especially to the Rebekahs, the Ladies of the Relief Corps and the Rathbone Sisters.

Wm. J. Benson.

**Scoggin Valley.**  
R. Mattheson, E. Herr, and the Detlefs boys have been engaged in thrashing clover seed the past week.

Mr. McFarland has rented his place to C. Perry and will move to Portland soon.

The telephone line which was down in two or three places, has been repaired.

Land buyers were in the valley this week.

Newt. Hall, the energetic milk-man of this place, is still engaged in hauling milk which makes five years he has been steady at the job, and he isn't tired yet as his early morning song will testify.

L. P. W. Quimby is a visitor at R. Mattheson's.

U. C. Felqua is a visitor in the valley and doing some shooting and fishing.

Artie Mattheson started for Alberta on Wednesday this week.

Miss Myrtle Dennis has a position in Forest Grove, this taking another girl out of the neighborhood, where girls were already few.

At a meeting of the directors of the Portland, Nehalem & Tillamook Railroad company held in Portland Wednesday, at which all members of the board, Colonel John McCracken, George T. Meyers, H. L. Pittock, John Stewart and C. F. Pearson, were present, a resolution was adopted to transfer the right of way to the people of Hillsboro from whom it was obtained, pursuant to a proposition submitted to the corporation by E. E. Lytle. There is no reason to suppose that the stockholders will fail to ratify the action of the directors and in all probability the transfer will be ordered at the meeting to be held Monday afternoon at 2 o'clock.—Oregonian.

Some people seem to think an editor can tell the truth in his paper if he wants to. This is a mistake. An Indiana editor tried it and was invited to leave town. Here are some of his items: "John Bonin, the laziest man in town, made a trip to Bellville yesterday." "John Doyle, our groceryman, is doing a poor business. His store is dirty, dusty and noisily derelictious. How can he expect to do much?" "Rev. Styx preached last Sunday on charity. The sermon was punk." "Dave Sonkey died at his home in this place. The doctor gave it out as heart failure. The fact is he was drunk and whiskey is what killed him." Married, Miss Sylvia Rhoad and James Canahan, last Sunday at the Baptist parsonage. The bride is a very ordinary town girl who doesn't know any more than a rabbit about cooking and never helped her mother three days in her life. She is not a beauty by all means and has a gait like a duck. The groom is well known and an up-to-date loafer. He's been living off the old folks all his life and doesn't amount to shunks. They will have a hard life.

**Death of H. R. O'Neel.**  
On Monday at midnight the angel of death entered the home of another Washington county home and touched the brow of another loved one, the departed in this instance being Henry Rairden O'Neel, who resided on his farm at Jobs Crossing, 1 1/2 miles west of this city. Mr. O'Neel had been sick for the past ten or twelve years with catarrh of the stomach, but it was only about a month ago the disease became serious. He was born near Olean, Ind., February 20, 1854, and was married to Mary E. Jarrett, at Hazelton, Ia., in August, 1881. When but 4 years old he went with his parents to Iowa, where he lived 46 years, coming to Hillsboro in 1904. He was prominent in Iowa in lodge and political circles and was a 33d degree Mason.

The body was taken to Eagle Creek, Clackamas county, for burial, where several relatives of the deceased resided. Undertaker W. O. Donelson had charge of the funeral arrangements and accompanied to body to Eagle Creek.

Mr. O'Neel leaves his wife, a brother, who is assistant division engineer of the S. P. Ry. of Portland; Mrs. Lucy Glover, Eagle Creek, Miss Lizzie O'Neel and Mrs. Mandly Martin, Oelwein, Ia., sisters. Mr. A. C. O'Neel and Mrs. Glover came to Hillsboro and accompanied the remains Eagle Creek.

**Washington County Exhibits.**  
The Independent this week expected to give the full official list of all awards made to Washington county, but have been unable to get the corrected list for this week's paper. Washington county leads in the number of awards received. There was much dissatisfaction when the decision of the judges was made known for the \$2000 cash prizes. Washington county, although getting more awards than any other county in the state, was ranked among the counties of the fourth class. A protest was entered and the rating has been raised. The attendants at the booth were assured that it would be raised to the second class, but no official announcement has been made up to this date. The points that the exhibit lost on were, that every industry of the county was not represented, and the difficulty of transporting the exhibits was considered. Also that the exhibit, although a splendid one toward the close of the fair, had not been maintained as such during the first months.

Some of the best of the processed fruit has been loaned to the Chamber of Commerce exhibit; some has been sold, and the rest will be preserved for future exhibits. Almost the entire amount of the \$1,500 appropriated by the county has been used, or will be, when the outstanding bills are all paid. Of the \$500 received from the state commission, there was \$14 remaining, which will be turned over to the county commissioners.
