JUDGE RYAN FOR TREASURER

"KEEP THE BANKERS OUT."

riends of Judge Ryan Are Confident of His Nomination-Has Many Friends in This County.

The contest for the republican nomination of state treasurer has plainly narrowed down to Thos. F. Ryan, county judge of Clacka-Southern Oregon banker. Looking at the question as it now stands, an issue of great concern confronts the people of the state, inasmuch as it is apparent that the banking interests of Oregon are making a desperate effort to secure control of the public funds. What is the meaning of this? Have the banks advance information of a coming money stringency? If this is the situation then it is possible to understand why the bankers' "inner circle" is bending every sinew to and one of their number in the state treasurer's office.

The money under the care of the state treasurer, including the public school fund, is an immense sum. If it can be used, in time of a money panic, to bolster up banks tottering seems to be little hope in the coal on the verge of bankruptcy, the fields that the negotiations in New bankers may now well expend a York will result in an immediate handsome fortune to get control of termination of the suspension of the state money. This is good mining.
