At the primary election held in this county the republican party selected as its nominees for the legislature, W. N. Barrett, Wilbur K. Newell and B. F. Purdy.

An effort is being made to place the County Court of this county in the hands of those unfriendly to the republican party.

When the voters go to the polls on the 4th of June they should bear in mind that the republican party has complied with the direct primary law.

On the other hand a few leaders of the democrat party met in Portland in advance of the primary election and invited certain gentlemen to become nominees of that party.

E. J. Godman, the republican nominee for county clerk, has served one term in that office and has no opposition at the coming election.

Four years ago it was argued that there was no politics in the office of the governor, and in this campaign the democrats have claimed that as Chamberlain is a good fellow he ought to be re-elected.

day of June, and to say to the president that we are with you in this matter. We can only do this by electing the republican ticket in Oregon.

A NEW O. R. & N. TRAIN.

Upper Columbia River Given Service That Is Appreciated.

The new local Upper Columbia river train put on by the Oregon Railroad & Navigation Company, May 20, will do much toward attracting tourists to points along the river between Portland and The Dalles.

There are many beautiful places along the river, such as, Rooster Rock, Latourelle, Multnomah Falls, Boneville, at which a day's outing and picnic can be enjoyed to the utmost.

Columbia Southern passengers instead of waiting at Biggs, which is unattractive, are taken to The Dalles promptly where they await the train for Portland, coming in on No. 1, as at present, or taking the local, as they may desire.

The scarcity of cars is a detriment to mill owners as well as other shippers in this locality. Vincent, the sawmill man has lumber lying at the depot at Middleton, and the question of its shipment remains "statu quo" as the learned gentleman could appropriately remark.

A. A. Canfield, a rural route carrier has resigned and been replaced by C. C. Cutting, so also has Sam Westfall followed suit, Guy Hays taking his place.

Whether the balance of the force contemplate engaging in other business and desert Uncle Sam remains to be seen.

Sometime during Wednesday night a party or parties mixed himself, or themselves up in a precarious manner, if detected in Uncle Sam's business affairs. Peter Borchert, Solomon Weckert, John J. Sax and Fred Langer, Sr., found their mail boxes torn loose from their supports and cast into the public highway, besides fences were torn down, gates laid low and rails piled in the middle of the road, on inspection the next morning. The postmaster has reported the affair at headquarters, as required by postal law, and it remains for the postal department to take cognizance of the matter or pay no attention to the report.

Your correspondent modestly refrained from giving the "score" or whole snap away in that hotly contested and strenuous baseball game recently played at Tigardville between Sherwood "B. B.

Bruisers" and talented artists in the same line of the latter burg. That the latter club was "beddy drubbed" besides the resultant injury to two of their players—the latter a side coincidence—is candidly admitted by the Tigardville pencil-pusher. From all appearances an organized hospital corps will become a necessary adjunct of the national pastime in the near future. If bruising, crippling, loss of limbs and even of life could be eliminated conveniently from the strenuous game, then, the older crank element of society, might, and no doubt would, gladly encourage and even "loop it up" with the boys but the time is not "ripe" yet for a consummation of variegated ideas on the subject.

Another business house was opened during the week on "Rustle" street. The old butcher shop has been overhauled, repapered and repaired and an emporium for soda water, ice cream and other goods of like nature installed.

The strawberry crop in this vicinity bids fair to surpass former seasons and the home supply will undoubtedly fill a hiatus here that has been conspicuously lacking, for several past years—the demand being greater than the supply.

On next Friday night will occur the Kappa Delta Jubilee Concert. This will be a very amusing entertainment and no one should miss it. It is given by the Kappa Delta Literary Society which is composed of fifteen of the most charming young ladies in school. The music will be furnished by Walker's Orchestra, so satisfaction is assured from that quarter. The leading features will be vocal solos, duets, quartets, a chorus of fifteen voices, local joshes and some of the girls may do a little clog-dancing. The girls have worked hard to get up the minstrel show and as their object is a worthy one, being to raise money for the new Herrick Hall, they should be given hearty support in their venture.
