# SHOULD KNOW

EVERYBODY SHOULD HELP

Four Weeks More ot Colonist Rates Rates -- Get Busy Yourself and Get Some One Else Busy.

(Special Correspondence.) Portland, Ore., April 1st, 1907 .-Every citizen of Oregon should get busy and advise their friends and acquaintances in other states that there are only four weeks left in which to get the advantage of the colonist rates to Oregon points. These tickets will be sold up to and including April 30th; there is lots of time to get in good work. All the commercial bodies of the state should get busy with all the schools for while the homemakers are pouring into the state their numbers can be materially increased by proper effort.

To know Oregon better and particularly the community in which you live has become epidemic all over the state. Chief Gritzmacher, of the Portland police, has opened a school of information for all of his officers, and they are familiarizing themselves not only with every detail of the city but with important matters relative to the state.

Manager Ed. Lyons, of the Northern Pacific Terminal Company, in charge of all the employes of the Union Depot, has opened a similiar school of information, and will test his men every two weeks as to their efficiency.

John H. Whyte, of New Orleans, Louisiana, one of America's very best publicity men, has come to make his home in Oregon, having flower to France from Japan. He accepted a position with the Astoria Chamber of Commerce at a salary of \$2,500 per year.

Governor Mend, of Washington, attended the opening of the Columbia Club, Vancouver's new commercial body. There were present on this occasion large delegations from the Portland Commercial Club and the Tacoma Chamber of Commerce, name because the Romans put the and Secretary Pratt of the latter organization, accompanied Governor Mead to Portland where they were guests of the Portland Commercial Club.

A meeting will be held at Houlton, Oregon, next Wednesday by a spider bite, John Washington, night, to organize an active com- of Bosqueville, Tex., would have

To Old Comrades.

The Sixth Annual Renuion of the Association of Veterans of the First Oregon Cavalry and First Oregon Infantry Volunteers will be in conjunction with the State Encampment of the Grand Army of the Republic, at Newberg, Oregon, on Tuesday, June 25, 1907. All comrades and their families are cordially invited to be present and participate. Comrades who are unable to attend, will please send a letter or a card to the adjutant to be read at the reunion. A new roster will be issued in June and a copy will be sent to all comrades who respond to this notice.

J. T. Apperson, Commander, Park Place, Oregon. W. H. Hilleary, Adjutant. Turner, Oregon.

Grange Meets at Scholls.

The Washington county Pomons grange will meet with Scholls grange, No 338, at Artisan hall, Scholls, Wednesday, April 24 The topics for afternoon discussion are, "Orchards and Fruit," "Woman's Institutes," "State Normal Schools." It is expected that a large class will receive the "Fifth Degree" which will be conferred in the evening.

All Patrons of Husbandry are cordially invited to be present, Carrie B. Schmeltzer, Lecturer.

Names of Flowers. It is interesting to know bow certain flowers got their names. Many were named after individuals. For instance, Fuchsias were so called because they were discovered by Leonard Fuchs. Dahlias were named for Andrew Dahl, who brought them from Peru. The Camelia was so called for a missionary named Kamel, who brought some magnificient specimens of this fine called it the Rose of Japan, but his friends changed it to Camelia. Magnolias were so named in honor who first brought these beautiful trees to France from America and Asia. Because they tremble with the wind is the meaning of Anemones. The Latin word to wash is lavare and Lavendar received its flowers into water whenever they washed, to perfume their hands .-

BUYING LAND AT YOUNG'S BAY

Harriman, it is Sail. Will Acquire portation situation. P. R. & N. Company in Order to Reach the Coast.

The Portland Orgonian of last Sunday has the following:

The sale of between 400 and 500 acres of land lying along Young's Bay, near Warreston, is being closed, and the purchasers are believed to be the Harriman interests. The price to be paid is approximately \$700,000. It is understood that the property is for deep water terminals for the Pacific Railway and Navigation Company, the Lytle road now building from Hillsboro to Nehalem and Tillamook, with line running from the Tillamook arm to Warrenton and Sea-

Persons who are in a position to know say these lands are being quietly acquired by the Harriman interests to afford extensive terminals for the Lytle road, which has frequently been classed as a Harriman property. Some have denied that the project is now a Harriman line, but it is said that Harriman will purchase the road as soon as it is completed.

Utmost secrecy is being main tained in regard to the acquisition of the Young's Bayproperty. During the past two months options have been quietly secured on land lying adjacent to deep water at Warrenton and on Young's Bay. Young's river.

Demands Referendum

The University of Oregon appropriation bill is to be referred to the people, Efforts of Linn county Grangers to hold up the university bill culminated in a meeting of representatives of all grange organizations of Linn county in Albany last Saturday.

Besides the grangers there were M. A. Miller, member of the board of regents of the school, These National Food Commission. men presented very strongly the university's case showing the need of more money than was appropria-

The \$125 000 carried in the bill was segregated by President Campbell, who explained the use to be made of every dollar. But the grangers were obdurate and at the close of the conference decided to use the referendum to hold the appropriation up until the next general election, when the people will determine the fate of the school.

But little argument was used in support of the position of the Grange, other than "retrenchment." It was also decided to have reproduced an editorial printed in The Oregonian of Saturday, February 11, 1905, entitled, "Machine Made Citizens," and scatter thousands of copies over the state.

TO TEST EFFECT OF SALTPETER

Commission Appointed to Learn by of saltpeter." Actual Test Whether It Is Injurious to Mest.

Chicago, April 2 .- A dispatch to the Record-Heraid from Urbana, Ill., says: "It is the plan of the or. commission to make the most elaborate tests eyer made in the country to determine the effect of the saltpeter contents of cured meat upon fy. in attendance President P. L. Camp- the health," said President James, bell of the University, and Senator of the University of Illinois, yesterday in discussing the work of the

"The work," he added, "is undertaken at the solicitation of the packers themselves, who have long wanted to know whether or not saltpeter when consumed in small quantities is injurious,

"The investigation will be carried on at the University of Illinois under the direct supervision of Professor Grindley, of the University. A squad of twenty men will be favorable conditions possible. Half \$1.00 down and \$1.00 per week. of the men will be fed meats cured in the ordinary way and the others

work and their presence on the commission insures that the results acheived will be final. The work is of great importance. Owing to the immense amount of cured meats consumed in the country it is imperative that the people know of the injurious or non-injurious use

As soon as the saltpeter investigation is finished other work in connection with nutritive problems will be undertaken.
