This is cool weather for July. Subscribe for The Independent. Economy Fruit Jars at Greer's. Fat Sweetland's Ice Cream, at Walker's. Everything in the line of Fruit Jars at Greer's. Money to loan on real estate security. H. T. Bagley. People are going to the coast in large numbers. Just received. A fine line of glass, water and berry sets at R. H. Greer's. Have R. Lee Sears fix that broken umbrella. At the Cyclopedia. Olympic Flour is the best you can get at R. H. Greer's. Remember the dance at the Park Saturday night. Walker's orchestra. Tickets, \$1.00. Dr. Lowe has all that is new and up-to-date in eye glasses and can adjust them so they will be becoming. Dr. Lowe, the eyesight specialist, does not go from house to house. Consult him at Hotel Tualatin next Wednesday, July 24.

The Oregon Electric Co. has just filed with County Recorder Ireland seventeen right-of-way contracts from Beaverton to Hillsboro. Mrs. I. F. Emmott and two daughters left a week ago for Council Bluffs, Ia., to visit relatives. They expect to be absent a couple of months. Rev. Breck conducted Episcopal services in Forest Grove last Sunday and stopped in Hillsboro for a few hours on Monday to visit members of his church. C. W. Elkin, a prosperous merchant of Prineville, Or., and a brother-in-law of County Judge J. W. Goodin, was visiting his Hillsboro relatives last Friday and Saturday. The Judge and Mr. Elkin favored this office with a pleasant call. Lost.—On Friday last I left on the table at Walker's ice cream parlor, a small Bull's Eye camera. When returning a few moments later, it had disappeared. Any information as to its whereabouts will be thankfully received. Communicate with J. C. Barg, 215 Tenth street, Portland. Here is a law which is frequently discussed, but not always rightly: "One who is at work by the year or month is not obliged to work on Sundays or holidays, nor can he recover for work performed on those days, without a special agreement. Each state determines its own holidays, and there are no holidays in any state unless made by statute."

More than 150 photographs of "Grandma" Wood, of this city, and Hon. Geo. H. Williams of Portland, who crowned her "Queen of Oregon," have been sent to the leading papers of the United States, accompanied by a story which will call to mind the fact that Mrs. Wood's home is in Hillsboro and not in several other places certain newspapers have attempted to locate her. Probably the happiest man in town is E. B. Thorne, while a close second is L. J. Palmater. "Grandpa" says it's the cuttest kid on the face of the earth, and believes with careful nursing the father will survive the shock. The little fellow arrived at 2 o'clock Monday afternoon and kicked the beam at 8 p.m. Here are congratulations to the happy parents. "Grandma" Wood enjoyed an automobile ride last Sunday, the first one in her eventful life of 120 years. Elmer Smith was out from Portland in his car, and thinking the old lady would enjoy the ride, took her out for an hour. The trip was necessarily slow and careful, for the old lady is very feeble, but she enjoyed every minute and was returned to her home without mishap and as happy as a child. Thos. Howe, of this city, has just been made a life member of the Sportsman League of America, an honor conferred on but one other in Oregon, T. N. Gardner of Forest Grove. Mr. Howe has also been elected a member of the Benevolent and Protective Order of Elks of Portland, and if he steps high and expands his chest a little more than usual he is to be excused, for the honors bestowed are enough to make any man feel proud, and Mr. Howe is worthy of them all.

Mrs. Laurel Hoyt returned the first of the week from a visit in Oregon City. Miss Marie Tunst leaves next Monday for an outing at Tillamook. Born.—On Friday last to Frank C. Francis and wife, of Hillsboro, a daughter. Carl and Oliver Huston have been visiting old friends in this city for several days. Be sure and attend the Park dance Saturday night. Splendid time and good music. Tickets \$1. Tom Puriton and Wallace Gamble started for Prosser, Wash., Saturday to work through the harvest. Miss Bertha Hesse returned from Portland Wednesday after a three days' visit with friends and relatives. Mrs. F. S. Olsen and father left Thursday morning for Houston, Ore., where they will spend a week or two visiting relatives. Supt. Case publishes the school officers directory for Washington county on another page. It should be filed away for reference. Mrs. Frank Wallace, of this city, departed Saturday evening for Hammond, Ore., where she will join her husband who is working for the railroad. Dr. Lowe, the well known oculist optician will be at Hotel Tualatin next week Wednesday, July 24. Have him test your eyes for glasses. Dr. Lowe, the optician, has been coming to Hillsboro for the past seventeen years and will be here for one day only, Wednesday, July 24. Mrs. Thos. H. Tongue, Sr., is having a new walk laid on the Second street side of her property, which will greatly improve the looks of that handsome block. Mead L. Boyd and wife of Hudson, Ia., were in the city last Friday and Saturday. They are looking over the coast country with a view of locating and may conclude to settle in Oregon. They left for Washington Saturday where they have relatives with whom they will visit for several weeks. They came to Oregon by the way of California, but did not think much of the Golden State as a place of residence. Portland and Washington county looks good to them and a sack of Royal Ann cherries given Mrs. Boyd as they took the train, added to the interest they have taken in this locality. The Independent acknowledges a pleasant call from Mr. and Mrs. Boyd.

Dr. A. B. Bailey yesterday removed from the eye of a 6-year-old daughter of Valentine Frank, south of Cornelius, a bearded oat grain that had been in the eye for three days and greatly inflamed the eye, threatening the sight, much to her great relief. Rev. Daniel Thomas, recently from Ohio, will preach in the Congregational church next Sunday morning at 11 o'clock. Rev. Gilpatrick will preach in Albany. Union meeting at the M. E. church in the evening. Last Friday the 10-year-old daughter of Fred Wallace of Phillips fell a distance of fifteen feet from a cherry tree, striking her arm across the top of a tin bucket standing on the ground. The flesh on the arm was cut to the bone and the bone broken so that both ends protruded through the flesh. Dr. Tamesie was called and attended the patient. Pope, the Photographer, has sold out his photo business and is going to take a vacation. He has been at it continuously for almost twenty years. His successors are young men from the east who are professional photographers. They will have their families here in a few days. Mr. Pope will remain here to attend to all of his unfinished work. Attention is called to the new advertisement of Ely & Mader, who have purchased the Pope photograph gallery on Second street. Both young men have recently come from Nebraska and will shortly be followed by their families. They are experienced photographers, up to the times and the art, and intend to cover this field thoroughly. Call on the new proprietors, get acquainted, sample their work and give them a welcome to their new home. Last week the telegraphic report was that 400,000 Japanese had arrived in Sonora, Mexico, mostly veterans of the Russo-Japanese war, and that they intended to capture Mexico. The number has dwindled down to 400, and it turns out that they are all laborers and a peaceful variety at that. Up to date this war talk is pretty much all fabrication. We have nearly as many Japs and Greeks working out on the new Tillamook railroad, and no one is even thinking of war. Last Monday W. T. Anderson of Portland, and George Bradley, a blacksmith, of the same city, got into a fight on the Sheridan train after it passed over the Washington county line, the cause of all their trouble being a woman, the wife of Bradley. Passengers separated the two fighters, Anderson going on to Forest Grove and Bradley getting off

at Forest Grove. Mrs. Della Herring of Portland was visiting this week with the family of Dr. F. A. Bailey. Elder Berry will preach at the Christian church next Sunday morning. Subject, "The Way of Holiness." Remember the Sabbath day and keep part of it holy—and give the other part as full of holes as you can.—Astoria Ministers. Mrs. Crandall entertained the Methodist Aid Society all day Wednesday and furnished a fine dinner. A most enjoyable time is reported. Mrs. Arthur Donelson, living in South Hillsboro, cut her left hand quite severely on Wednesday. The bones and joint of the index finger at its junction with the hand were badly cut. Dr. E. A. Bailey attended and sewed up the wound. On last Saturday Mrs. M. E. Smith, living four miles north of Glencoe, had a large splinter from a stick of stovewood thrust deep into the muscles of the right hand. The splinter was removed by Dr. F. A. Bailey, and measured one and one-half inches in length. Geo. W. Ratcliffe, of Walla Walla, and Henry T. Ratcliffe, of Pasnee Rock, Kas., were in town Tuesday, in company with Thomas R. Ratcliffe, of Scholls, on business connected with the settlement of the estate of their father, the late J. W. Ratcliffe. The gospelist was crowded to the entrance last Sunday evening and those present listened to a splendid sermon by Rev. Mack Dallas. The meetings will continue all this week and Sunday morning, and perhaps all of next week. Our citizens should not fail to attend these meetings. To date this year 3,000,000 pounds of wool have changed hands at the pool sales at Shaniko, about 1,000,000 pounds having been sold there yesterday. The highest price paid there this year was 21 cents. It is estimated that the wool men of the district about Shaniko have this year received approximately \$900,000 for their wool and \$125,000 for the sheep they have shipped to market.—Roseburg Review. The Astoria compromise between sailors and clerics, after all, not unfair. The Lord is to rule the city Sunday forenoon and abandon the field Sunday afternoon. This gives the former a more equitable deal than he often gets and is very convenient for the church members. In the forenoon they can repent of their sins, in the afternoon they can commit new ones. Nothing could be more agreeable all round.—Oregonian. The East is complaining of the hot weather. In Pittsburgh yesterday ten fatalities due to the intense humidity are reported. In New York there were several heat prostrations and two deaths. People sought relief on roofs, fire escapes and anywhere to find a breeze. One man fell off a fire escape while asleep and fractured his skull and died. Just compare these conditions with Oregon and be thankful. Kate Bradley, who was sentenced to three months in the county jail, was yesterday paroled by Judge McBride. Such parole is upon the condition that she hereafter, at all times, conduct herself in a moral and law abiding manner and shall once in each year report her whereabouts to the court, and failure to keep the conditions will work forfeiture to the penalty heretofore pronounced. The woman gladly accepted the conditions and left the jail rejoicing and it is hoped she will "go and sin no more." She left the jail accompanied by a half-brother, J. W. Gettings, of Portland. Anderson, who was sentenced to six months in the penitentiary, was taken to Salem Wednesday by Deputy Downs to serve his time. A yesterday's Salem dispatch says that the Board of Regents of the Oregon Agricultural college today rescinded its action of last month deposing Dr. James Withycombe from the position of director of the Agricultural experiment station. He has been reinstated in that position and will continue to be known as director instead of vice-director, as contemplated by the action recently taken. At the time the order was made deposing Dr. Withycombe it was the opinion of the board of the school should be the president of the experiment station, and they accordingly conferred upon W. J. Kerr the title of president of the college and director of the experiment station. Since then it has been found that an old rule of the board exists making the president the executive head of all departments. So the president already had supervisory power over the station. Rescinding the order made last month restores the title of director to Dr. Withycombe. The Portland Oregonian of yesterday morning says: "That the conditions of franchise for telephone privileges should be rigidly enforced by the city was the position taken by Mayor Lane at the meeting of the council yesterday. In a communication to the franchise given the Oregon Traction Company and now held by the United Railways be revoked. The time limit for the construction of the line involved had expired and it was declared that if the company still wants to lay its tracks, it should come to the city for another franchise. This action was recommended by the mayor in spite of the fact that the lines covered by the franchise are now under construction. The United Railways is laying its tracks on Stark street, which are to connect with the Forest Grove line and has material on the ground to continue this work. It is the first time since the franchise was granted that it has progressed much further than a paper line,

the privilege being hawked from one owner to another. The mayor, however asserts that he does not wish to stop the construction of the line. He intimates in his communication that he favors granting another franchise under proper conditions, and he declared personally that this was his position. He does not, he said, regard the city's interests as safe-guarded by the present ordinance, and besides the extension of the time clause he wishes more strict provisions included."

Death of Mrs. Barrett. Mrs. Henrietta Jackson Barrett, wife of Nathan A. Barrett, died Friday, July 12, at her home, 882 East Davis street, Portland. Mrs. Barrett was born March 28, 1862, and was the daughter of Ulysses Jackson deceased, and Lucinda C. Jackson, pioneers of Washington county, who came to Oregon in 1850, and settled near Glencoe. Mrs. Barrett was married September 25, 1881. Her husband and four children, Elmer H., James U., Effie A. and Lloyd L. Barrett survive her. The funeral occurred in this city on Sunday last at 10 o'clock, and was largely attended. Interment was in Masonic cemetery. The services at the grave were under the auspices of the Degree of Honor.

Death of Edward Kerr. Edward Kerr, whose death occurred at the North Pacific Sanatorium, at Portland, last Monday, was born at La Junta, Colo., November 22, 1881. He came to Oregon with his parents when but 13 weeks old and resided here up to the time of his death. He was married about five years ago to Miss Ida Thompson of this city, and they moved to a farm near Cornelius. He had been in the hospital for about five weeks and was operated on for appendicitis, but the operation proved unsuccessful. The funeral was held from the M. E. church on Tuesday, Rev. S. J. Lindsay preaching the sermon. The burial was in Masonic cemetery. The deceased leaves a wife, two children and five brothers.

Card of Thanks. We wish to return our sincere thanks to the many friends for the kindness shown us at the funeral of our brother, Edward Kerr, and for the beautiful floral offerings at the church and cemetery. James F. Kerr.

Swift (?) Mail Service. The Salem Journal of Saturday says: "Since Uncle Sam has taken to weighing the mails, some of it is weighed in the balance and found wanting. This morning the Roseburg Review of July 9th arrived at this office. It was somewhat pale and haggard, and unfortunately speechless, or it might have furnished a hot story of the strenuous time it has had."

And there are others. On Saturday The Review received a letter that was mailed at Coburg, Lane county, on July 1st. Must have walked all the way and in the heat of the day at that."

And a copy of The Independent was sent from the postoffice in this city to Sylvan, this county, on Friday morning and it reached its destination the following Tuesday. And Sylvan is only eighteen miles away.

Buy a choice home in Hillsboro; corner, 1 block, large newly new house; fenced, and will make an ideal home; three-minutes walk to the postoffice, one to the depot; \$1,000 down, balance on time. This place is worth \$2,500; owner non-resident. For particulars inquire at The Independent office.

WANTED. Organizers, either sex, on salary of \$100.00 a month and expenses for an up-to-date Association, paying weekly sick and accident benefits and furnishing free medical attendants to all its members. Liberal contract will be made with producers of business. American Sick and Accident Association, Buffalo, N. Y.

Thousands of people of Portland and other Oregon cities have gone to the coast resorts this week, and from now until September enjoyment will be in order at Yaquina, Newport, Seaside, Netarts, Tillamook and other popular ocean side recreation spots. Quite a number of our people have already joined the pleasure seekers and more will go next week. Among those who went this week are: Mr. and Mrs. C. E. Lytle and Mrs. John Dennis, Tillamook; Jas. Young and family, Tillamook; H. Wehrung and wife, Yaquina; W. D. Hise and wife, Yaquina Bay; L. T. Cornell, Newport. Mrs. Davis and son Fred Emerson go to Newport next week. Mrs. L. W. House and daughter Liola and Miss Jennie Dichman leave next Wednesday for Hot Springs, Wash.

They must have a sweet sented lot of ministers at Astoria. They have signed an agreement with the booze dispensers of that city not to molest them if they will keep their saloons closed from 9 in the morning to 1 p. m. on Sundays. The sky pilots of Fishtown seem to think that the breaking of a state law, and a law of God, is the proper caper, so long as the liquor mills are closed while they are expounding "the truth" and teaching the Sunday school scholars what an awful thing it is to go fishing on Sunday. What this age needs is a little more religion like that our forefathers believed in and less of the kind in vogue in many churches today. It is wrong to keep a saloon open at any time on Sunday, and a minister or set of ministers that are willing to compromise have got in the wrong stall.

Banker A. C. Shute and wife returned from their Eastern trip last Tuesday, greatly pleased with their outing, but decidedly glad to get back to Oregon. They left Hillsboro on the 14th day of April and have been on the move pretty much ever since, having covered more than 14,000 miles in their journey. They visited all the principal cities in the East and South and spent nearly two weeks in Washington, visiting Mount Vernon and other historic places along the Potomac. The Hillsboro land met Mr. Shute and his wife at the depot with "Home Again" and they fully realized when they met the welcoming smiles and handshakes of old friends and neighbors that it is good to be home again, even though every minute of the journey was a pleasure and one of education as well.

REV. CHESTER PAUL GATES.

Rev. Chester Paul Gates, of St. Johns United Evangelical church, will be present to assist in the tent meetings and will preach each evening at eight. Mr. Gates is an able and interesting speaker. Young men and women are especially invited to hear him. The pastor will preach Saturday evening, also Sunday morning at 11 and also at 3 o'clock in the afternoon, when subjects of special interest will be presented.

WANTED A DOZEN BABIES TO SIT FOR THEIR PHOTOGRAPHS, from one to 100 years old. We are here for business and are prepared to do all the latest and up-to-date work from a thumb-nail sticker to a grand solar cab. Having purchased the O. M. Pope Photograph Gallery, we are prepared to continue the business at the old stand, and as there are two of us to handle the business, we propose to go out at all times to take Scenic Views and other Photographs. Bring on the Babies! EBY & MADER.

The Edison Phonograph. When a man leaves home in the evening it is because he seeks amusement. The best way to keep him home is to give him the amusement there. Make home a competitor of downtown, the club, the cafe, the theatre and the concert hall. No thing will furnish so much amusement for so many people, so many times, and in so many ways as the Edison Phonograph. Talk about versatility! If you had a brass band on tap and several leading concert hall singers on salary, and two or three funny men to crack jokes, and a beautiful soprano to sing ballads, you could not give the same amount of varied entertainment that the Edison Phonograph gives by simply changing records. You can hear the whole program at our store. The prices on Edison goods are the same anywhere in the U. S. If you buy here you have no freight to pay which means something about \$3.00. Prices: Edison Standard or No. 5 \$20.00 Home \$30.00 Triumph \$50.00 Records, per dozen \$ 4.20 You can hear the records at my store any time, and we will be only too glad to play for you. You will be surprised at the remarkable distinctness and clearness of the Edison Phonograph in producing sound. Cash or Installments—Same price. E. L. McCORMICK, HILLSBORO, ORE.
