The Anderson store at Reedville burned last Friday evening. Just how the fire originated is not known. The stairway is in flames when the fire was discovered and as the family were in living rooms on the second floor, two members narrowly escaped being burned alive. One of them, a child 6 years old, was badly burned, though it is reported that her injuries will not prove fatal.

I ain't feeling right today, Something wrong I must say; Come to think of it, that's right I forgot my Rocky Mountain Tea last night.

Max Crandall returned from Prineville the first of the week where he has been nearly all summer. He says that he has been kept so busy exporting books that he has been unable to take his usual vacation, and now that he has a chance he will take a much needed rest. We do not know what Mr. Crandall calls a "vacation" and a "rest," but we saw him at the court house yesterday digging among the records, and to one uninitiated in that sort of business it looked to us very much like work.

"A Wife's Secret," the emotional melodrama, which will be seen at the Crescent Theatre, Monday next, has for its central theme, the trials and hardships of a young wife, driven from her home by a doubting husband, and is said to contain a story of beautiful sentiment and charming heart-interest, with exceptionally strong comedy, many thrilling situations, and a scenic production of the highest order, with a cast of general excellence. It is described as a play of plain, every-day life, and presents a group of interesting characters, drawn and depicted true to nature. It is pronounced an excellent attraction by all who have seen it in the past three seasons.

At the council meeting Tuesday evening an ordinance was passed ordering the laying of cement walks on Second street, between Washington and Lincoln streets, and on Main street between First and Third streets, the work to be completed within sixty days. Liquor licenses were granted to F. Cornelius, W. Wiley and Gragg & Wann. An ordinance was also passed ordering a grade established on First street between Main and the depot. The following judges and clerks of election were appointed: Judges—P. Boscow, W. D. Smith and C. E. Brown. Clerks—E. L. McCormick and G. A. Patterson. A mass meeting for the nomination of city officers was called for Monday evening, November 25th.

The emotional dramatic success of three seasons, "A Wife's Secret," which will be seen at the Crescent Monday evening, comes with a long list of hearty endorsements, and is pronounced one of the most powerful emotional dramas put forth in several seasons. It tells a beautiful story, full of tender sentiment and sympathetic heart-interest, with a liberal sprinkling of comedy, striking realism and familiar human nature, and is portrayed again this year by a cast that includes many names of high standing in the theatrical world. The production, under the direction of Spencer and Aborn, is said to be most elaborate from a scenic and mechanical standpoint.

There will be addresses upon the subjects of highway improvement, how to raise funds for the same, needed legislation, etc., from some of the best-posted people upon the subjects in this state and in the state of Washington. Samuel Hill, president of the Washington State Good Roads Association, will be present and also bring with him a number of good road enthusiasts from his state, among whom will be Samuel Lancaster, of Tennessee, who is now in the employ of the general government and is one of the most practical good roads engineers the government has ever sent to this coast. He will assist in enlightening the convention upon every phase of road construction and also tell something of some of the practical road laws now in force in some of the states in this country. Much interest will be added to his address by the use of stereopticon views of roads scientifically improved under his direction and under the direction of some of the best road builders in this, and foreign countries. There will be a banquet given by the friends of the cause on the evening of the 14th, at which time it is expected to have a good deal of fun as well as some instructive knowledge on the subject of highway improvement. The Automobile Clubs of Portland are planning to give the delegates a ride over the city and, among other places, visit Kelly Butte where the county works the convicts at rock crushing. J. E. Tamiesie, president of the Hillsboro Board of Trade will be pleased to name delegates to this convention, and anyone who can go is requested to report to him at once, when the proper credentials will be furnished.

SCHOOL NOTES.

Items of Interest to Parents and Pupils from the School Room.

It is stated that pupils from homes stricken by typhoid fever are permitted to attend our public school. What's the matter with our secretary of Board of Health?

The teachers of our schools received much inspiration from the county institute which was conducted here by County Supt. Case last week. Thank you, Mr. Case.

Prof. Barnes is creating quite an excitement among the boys in the upper grades with his "surplus energy exhausters," which he is introducing into the schools. Good luck to you, professor.

Parents should become interested in our public school library which is giving much pleasure to the children and would benefit any and all who might become interested.

Help your schools by keeping your boys and girls in school and interested in their work there.

The teachers are very much exercised over the cause of Miss Ethel Norman's tardy mark at teachers' meeting Tuesday evening.

DEATH OF MRS. W. H. CONNELL.

She Was an Honored Pioneer and Leaves Many Friends.

Death is no respecter of person, for it stops at the door of the rich and poor alike, takes the first born babe and wrings the mother's heart; it takes the fond mother and closes the eyes of the loving father. It takes the old and the middle aged, and often places its icy finger on the pulse of those to whom life looks the brightest and best, and its unwelcome visit often comes with little warning and passes on quickly, leaving bleeding hearts and desolate homes.

It seems but yesterday that Mrs. W. H. Connell was greeting her friends as she met them on her almost daily walk up town, and when the news came of her sudden death last Sunday it was received with surprise and deep sorrow, for no woman in this city or county had more or dearer friends than she, and her death brought sadness to the hearts of all.

Mrs. Connell, whose death occurred at the family residence in this city on Sunday afternoon, was born on the old Jacob Hoover D. L. C., five miles north of this city, October 10, 1849. She attended Pacific University at Forest Grove for several years and later taught school in Hillsboro, West Union and several other schools of Washington county.

Her maiden name was Letitia Hoover and she was married on the old Hoover farm, January 15, 1880, to Wm. H. Connell. To their union were born seven children, six girls and one boy, the oldest, Rometta, having died when four years of age. The surviving children were all at home at the time of their mother's death. They are: Anne and Letitia, of Portland; Harriet, Grace, Wesley and Bessie, of this city. She also leaves, besides her husband and children to mourn her loss, a sister, Mrs. Benton Killin of Portland, and a brother, Jackson Hoover of this city.

Mrs. Connell joined the M. E. church when 15 years of age and has been a faithful member ever since. She moved with her husband and family to Hillsboro in 1894, where they have continuously resided ever since.

The funeral services were held at the M. E. church on Tuesday at 1 p. m., conducted by Rev. L. F. Belknap. The interment was in the Tualatin Plains Presbyterian church cemetery and the many beautiful floral tributes tell of her numerous friends in this city and surrounding country.

The Portland Oregonian of Tuesday has the following to say of Mrs. Connell: "Death invaded the dwindling ranks of an honored pioneer family in Washington county last Sunday, and Mrs. Letitia Hoover Connell, of Hillsboro, passed away. Mrs. Connell was a daughter of the late Jacob Hoover, a pioneer of 1844. She was a native of Oregon having been born at the family homestead in Washington county fifty-eight years ago. An intelligent, amiable, womanly woman completed her life work with the passing of Mrs. Connell."

From Beaverton. Regular Correspondent. The crowd which attended the Halloween social last Thursday night taxed the capacity of the hall to its utmost. An interesting program was well received by the large crowd, the illustrated songs being encored to an echo.

Born to the wife of E. N. Dillard on November 2nd, a baby girl, the parents of whom are the best-pleased couple in Washington county, because it is a girl. Dr. Large not attending. ("O Chestnuts.")

The camp of the Pacific Coast Construction Co., of this place, was affected by the Harriman order to discontinue work and the men have been discharged and the horses turned out to pasture.

On last Monday night three carloads of sixty head of horses belonging to the Pacific Coast Construction Co. and sent here to be put in pasture with their other teams, were unloaded and turned loose in the street preparatory to being driven to pasture. Before they could be started on their way they became badly scattered and at the present writing twenty head are still missing.
