Montgomery, Ala., Nov. 19.-

Children were kept out of school today to work against liquor.

The statutory prohibition bill, which was passed today, was in the nature of a compromise between the antis and the prohibitionists. The antis, seeing the writing on the wall, agreed to give up the fight, provided the time was extended until January 1, 1909, when the sale of whisky will be forbidden in the state of Alabama. This amendment will be sent to the house, and will be concurred in without a fight.
