

Mr. Cake is Making Friends.

Antagonistic to the verge of bitterness remnants of the old machine which once dominated Oregon politics have taken up the fight for the defeat of Statement No. 1 and all who favor that method.

In Portland and in other larger cities of the state, the machine crowd is entering its fight upon H. M. Cake, candidate for the republican nomination for United States senator. Mr. Cake is a firm believer in the popular election of United States senators and because of his belief in the people, has incurred the enmity of the old machine politicians. Those who are close to the situation, however, believe that the machine fight against Mr. Cake is the best thing that could happen for his campaign.

The people of Oregon expressed by their adoption of the primary law and Statement No. 1, what they thought of machine methods. The old system had brought shame and disgrace upon the state—had made the city of Salem almost a Gomorrah in the way of political wickedness. Periodicals and newspapers of national circulation pointed to our state as one of sodden political corruption, of disgraceful scandals.

It is in the hope of reviving this old method by the defeat of Statement No. 1 and of Mr. Cake that the machine politicians have started such a bitter crusade against this new law. Indeed, it is their only hope. Under the present system, they are without a job. It is impossible for one dictator to sit in his office and say what shall and shall not be done by the people of Oregon. No longer is a saturnalia of bribery and corruption possible at Salem.

Evidences of this hostility on the part of the "system" have been apparent in various towns where Mr. Cake has spoken during his present itinerary. Large crowds have flocked to hear him, but conspicuous by their absence were the old-time leaders. And in this connection it is a fact worth mentioning that most of these antagonistic politicians are either office holders or have some claim upon those who are at present in office.

The people who are rallying to Mr. Cake's standard are those republicans who are intensely loyal to their party but who resent any such dictatorial methods as the old machine was wont to use.

It is a foregone conclusion that Statement No. 1 will prevail in Oregon at the coming election. It is also a foregone conclusion that Mr. Cake—the only real active supporter of this measure—will be elected if the republican voters of this state do their duty and that there is no room for doubt but that they will perform that duty.

While suddenly alarmed people are talking about the need of reforestation, some of the railroad companies are going quietly ahead planting trees for their own future use. The Pennsylvania road, for example, has now many hundred acres under cultivation, with over 2,000,000 trees growing and seeds planted for many more. If every corporation and individual with a bit of available land would do their part by planting a few trees, the forestry problem would be solved without much difficulty.
