

Hillsboro Independent.

APRIL 17, 1908.

Sherwood.

Regular Correspondent.

Chas. Barrett has entered into partnership with Bert... lumber manufacturing business near Middleton. A new thirty-horse power engine has recently been installed and the output daily is expected to reach 15,000 feet. The mill will commence sawing again Monday.

John Bailey, of Hillsboro, another candidate for county clerk, was in town Friday interviewing voters relative to his candidacy. Voters, as well as other people, are very busy just at this season of the year, consequently a candidate has a difficult task on a mission of this nature.

That the people of this precinct, as well as others located in the outlying districts, have been heretofore grossly discriminated against by (some) county officials, at various times, is simply beyond contradiction. Under the conditions "square deals" means more than diversion or pre-election buncombe and the voter will do the discriminating act at the polls, irrespective of party or politics.

The landed property of the Colton Mill Co., at Middleton, has been resturveyed and the timber thereon scaled preparatory of a transfer, together with the mill, to Capt. Patterson, of Portland, who will immediately place the plant in commission again to its fullest capacity.

The new skating rink is of massive proportions, being 100x57 feet floor space—somewhat larger than first reported—and is now nearing completion. The enterprise is one of special importance to skaters and dancers and will no doubt prove a financial success to the fortunate owners, in the outcome.

Pardon for unintentional mistake in reporting the strength of the socialist party in this precinct. There are five registered voters of that political party, instead of three as stated, however, as to numbers the result would be immaterial either way, being a corporal's guard at the best, after all of them are rounded up.

We note that our feminine friend, "Aunt Sally," of Beaverton, is "sitting up and looking around again" after a long and painful silence (reportorially). That's right sister, there appears to be a hiatus in that locality none other can so successfully fill, so now there, "be good" again. Let the "kids" wrestle with the pots and kettles and get on your "fighting clothes" once more; your town is too big a burg to be neglected.

The Washington Cream Company, of Portland, have established an agency here in charge of J. C. Keller, of Newberg, who will be in town Tuesday and Friday of each week to attend to the business. Cream will be weighed here and settlements made by the agent weekly. They will also purchase all the fresh eggs obtainable from the farmers that may be offered.

The match game of baseball as announced for the 12th, inst., between the White Sox of Sherwood and the Spantons, of Portland, was played here Sunday afternoon in the new ball ground park east of town. The contest was said to be tame and spiritless; however, the Sherwood boys scored an initial victory of 7 to 3. The record is good enough for a "starter," but there is said to be "many a slip, etc." in everybody's career.
