ELECTRIC EXTENSIONS

ALL OVER THE VALLEY.

The Oregon Electric Company at
Work at Reedville, Beaverton
and Garden Home.

Portland, April 27.—No announcement made in years has been more interesting to the state at large than the publication of the plans of the Oregon Electric Railway Company, which mean a system aggregating three hundred and eighty-one miles in length, and reaching the principal towns of the entire Willamette valley, with an extension to the coast as well. McMinnville, Newberg, Dallas, Eugene, Albany, Cascadia, Hillsboro and Tillamook, with innumerable other communities, are included. The line between Portland and Salem has received such excellent patronage that on several different occasions it has been necessary to revise the schedule to accommodate additional trains. In the Eastern states the multiplication of trolley lines has decreased the passenger traffic on the steam roads, but the latter have felt so marked an increase in freight traffic that the passenger loss has been more than compensated in earnings.

A very large delegation from Albany visited Portland last week for a double purpose. First, the city council came to investigate the subject of paving, and as a result Albany will immediately begin the permanent improvement of her main streets. Then the committee representing the Albany Commercial Club completed arrangements with Bury I. Dasset to take charge of the city's publicity work as manager of the club, May 1st. Mr. Dasset is now advertising manager of the Portland Railway, Light & Power Company, secretary of the Rose Festival Association, and secretary of the Pacific Coast Advertising Men's Association, and his experience will make his work effective.

The greatest success has attended the Oregon Development League meetings throughout the eastern part of the state. LaGrande raised \$3300 in a few minutes, besides adding greatly to the membership of its Commercial Club. They will complete a fund of \$6000. Elgin business men subscribed \$600 to advertise their city; The Dalles will continue their publicity work on an even more liberal scale than heretofore; Baker City is alive to the value of similar work.

Headquarters of the Rose Festival Association look like an immense Valentine Shop nowadays. Thousands of beautifully engraved invitations are being sent out in rose-garlanded envelopes—prose poems in accord with the occasion. "The queen of flowers will have a perfumed whisper of welcome for you, and her sweet hospitalities humored for your tarrying" closes the message.

The scope of the excursion party which will visit Lewiston-Clarkston on May 1st has been widened to include various Oregon cities. President J. H. Albert, of the Capital National Bank at Salem, President E. W. Langdon, of the Albany Commercial Club, and President George H. George of the Astoria National Bank, will be of the party. A ladies' auxiliary will provide for the special entertainment of the feminine visitors.

Everyone needs new belts and neckwear this time of the year, and it will be to your advantage to look over my line in these articles before you make your selection. Mrs. I. Bath.

Will Have New Schoolhouse.

The school board of Cornelius has decided to build a \$9000 brick schoolhouse in the near future. According to the plans which have been decided upon the edifice will be a two-story structure with basement and will have four recitation rooms. It will be fitted with a modern heating plant and the rooms will be supplied with automatic ventilation. The board has obtained a piece of property near the encampment grounds for the new building which, when completed, will be the best in the county in the matter of modern conveniences. There are at present 162 children in the district and the school has three teachers. The board of directors is composed of Messrs. M. H. Henderson, James Morrisey, and C. W. Fitch, the latter recently moved to Dilley. His successor will be elected on May 4.

A Trip to McMinnville and Carlton.

Editor Independent.—A trip to McMinnville found the city very quiet but contemplating building to some extent this season. They are still talking "condenser" with the expectation of 2000 cows support. When enterprise starts a good payroll you may expect to see the city move along lively for it is a pretty place. Autos are becoming a common vehicle, about 40 are already there, but the next most important thing is good roads and smooth ones entering the city. At present they are almost of the very worst. They say that when the cream comes to the factory it is next thing to butter and saves time for the machines, gilt edge no doubt.

On my way back I dropped off at Carlton. This city is dead for the present as the mill has been shut down on account of "suits" about the water rights, so I am told. Logs are being cut and I believe the mill will be running on full time soon. The fire fiend seems to be at work there. The fine hotel gone and two buildings in the centre of the city lately. They have a splendid school building which shows the result of enterprise.

Calling at the Brooks Nursery I found them busy indeed grafting and planting stock of all kinds. They will plant over one-half millions this season having added more land for the purpose. Walnuts have been planted by the acre on farms near Brooks and Sons received while your correspondent was there a large shipment direct from Holland of the genuine "Superlative" raspberry, the "star" of all raspberries, taking the gold medal at the Louis and Clarke fair. Holland is the country where the "superlative" raspberry first originated. As Holland is the garden spot of the old world you may be sure that the stock is all that is claimed. \$375 was the cost to get the genuine stock from that country. Brooks & Sons spare no expense to be in the field for first class stock. The crops of cereals are looking fine since the last rain and let me tell you it was more needed than one is willing to credit to our "beautiful Oregon."

Climate for the season is very late indeed, but Oregon is never to stay and a failure has never been known, only a shortage. Your correspondent came across a large soft shelled almond tree in the hills of Yamhill county, which bears bushels of splendid fruit. Our hills in Washington county will do the same—all that is lacking is the planting of the trees.

ALBERT O. YATES.

Webb & Hoover have in stock the "Gilonite Rubber Paint" for roofs of all kinds—iron, tin, felt, paper or wood. Also the Oregon Wood Distilling Co.'s shingle stain oil. Linseed oil, raw and boiled, and castor machine oil.

Persons wishing cards with the new spit ordinance printed on them, can get the same at this office at 5c each.

DELEGATES ARE NAMED

FOR THE STATE CONVENTION.

Republican County Central Committee Met at the Court House Last Monday.

The republican county central committee met in Hillsboro last Monday and organized, J. W. Connell being chosen chairman and C. O. Roe of Forest Grove secretary. The following were named as Washington county delegates to the state convention, which will send delegates to the national convention to nominate a candidate for the presidential nomination:

J. W. Hughes, Dilley; Bedford Laughlin, Forest Grove; C. F. Tigard, Tigardville; John Ireland, Beaverton; Benton Bowman, Hillsboro; A. N. Davies and W. J. Butner, Beaverton; Herman Collier, Scholls, and B. F. Purdy of Gaston. Thos. H. Tongue was the committee's choice for state committeeman.

To Be Tried at Dallas.

Attorneys McCain and Vinton, who are representing A. J. Hembree, who is charged with the murder of his wife at Sandlake, made a motion for a change of venue, claiming that the defendant was unable to obtain a fair trial in Tillamook county. Articles published in the Headlight, with the fact that a number of the citizens had signed a protest against Governor Chamberlain's paroling Hembree after being convicted of the murder of his daughter, were made special points to show that the people of that county had made up their minds in the case and that Hembree could not get a fair trial.

A change of venue was then taken to Polk county, after Judge Galloway declined to send the case to Yamhill county, and now the Sandlake murderer and ravisher of his own daughter will again fight for his life in the circuit court which will convene at Dallas next week.

Probate Court.

In the matter of the estate of W. R. Martin, deceased; John Stewart appointed administrator with bond fixed at \$100, and as soon as bond is filed notice of said appointment will be published in The Independent.

Ordered that last will and testament of Malinda Tupper be admitted to probate, and Wm. Tupper confirmed as executor without bond. James Miltenberger, J. H. Ray and W. M. Way appointed appraisers; inventory and appraisement filed.

Annual report of guardian of John Sommer, insane; approved and he is authorized to retain \$50 for compensation and \$5 for H. T. Bagley for legal services.

The bond of administratrix of the Geo. A. Gore estate is approved.

In the matter of the guardianship of Mary L. and Theo. J. King, minors; Geo. Schulerich is appointed appraiser of the estate to fill vacancy caused by the death of Geo. A. Morgan and this order entered as of October 1, 1907. Order of approval of appraisement be entered as of March 30, 1908.

Estate of Wm. M. Lyda, deceased; executor authorized and directed to sell real estate or as much thereof as may be necessary to pay the indebtedness of the estate.

Inventory and appraisement filed and approved in the estate of Thomas J. Shipley, deceased.

Bond of guardianship of John E. Sutherland, a minor, filed and approved.

The estate of Lendell S. Foster, deceased, was closed of record.

Questions to Be Voted On.

At the last meeting of Hillsboro Grange No. 73, P. of H., the following referendum and initiative questions to be voted upon at the June election were discussed:

For an amendment of Sec. 29, Art. 4 of the Constitution, changing the compensation of members of the legislature from \$3 to \$10 per day, the grange voted "no."

For an amendment of Sec. 3, Art. 19 of the Constitution, to permit the location of state institutions elsewhere than at the seat of government, the grange voted "yes."

An act to appropriate \$25,000 annually for four years, to be used in purchasing grounds and building armories for the Oregon National Guard, was opposed by the Grange.

For equal suffrage constitutional amendment permitting women to vote on equal terms with men, the grange voted "yes."

At an open meeting of the Grange Saturday afternoon, May 9, from 2 o'clock to 3 o'clock, the public is invited to discuss the remaining initiative and referendum questions now before the people.

Vote No.

The temperance and moral element of Oregon have been successful in bringing law enforcement and order to a great degree—to every county in the state of Oregon. This is not overly pleasing or profitable to the element that profits by the foolishness of men, hence the scheme, originating in the fertile mind of a southern Oregon beer guzzler backed by the saloon interests to pass a law to allow towns and cities the right to regulate the saloon business, gambling, etc., within their corporate limits regardless of existing state laws. Of course the voters of Oregon will be too wide awake to permit a thing of that kind, nevertheless it will not do any harm for temperance people everywhere to call attention to this particular amendment, with instructions to vote no.—McMinnville Telephone-Register.

We are sorry to learn that Hon. W. K. Newell was defeated for the nomination for representative to the legislature in Washington county. Mr. Newell is one of the progressive horticulturalists of the valley and he made a good, clean record last session—a little too clean in fact to suit the saloon men and gamblers, and he was marked for defeat. He is not the type of a man the fraternity want to be represented by at Salem.—Newberg Graphic.

OFFICIAL RETURNS

GIVES CAKE 2487 MAJORITY.

His Majority in Washington County is 114, Bean Gets 1399, Bailey 939 and Reid 610.

The official returns of the state primary election are all in and H. M. Cake's majority over C. W. Fulton for United States senator is 2487. R. S. Bean, who was nominated for supreme justice on the republican ticket, without opposition, received 40,807 votes.

J. W. Bailey, republican nominee for dairy and food commissioner, 14,989 votes over his opponent, Alexander Reid.

Gov. Chamberlain received the democratic nomination for United States senator, polling about 5,000 votes.

In Washington county the official returns give Cake 877, Fulton 763, Bean 1399, Bailey 939, and Reid 610 votes.

Jayhawkers of '49.

The Death Valley Magazine, which is publishing the life of Death Valley Scotty, will begin the story of the "Jayhawkers of '49" in its May number. The "Jayhawkers" discovered and gave Death Valley its name. The story will be written by John B. Colton, one of the survivors, who is now 75 years of age. He was the youngest member of the party, being 16 years old at the time.

April 5, 1849, the party, consisting of 36 members, organized at Galesburg, Ill., under the name of "Jayhawkers," and started to the gold fields of California. They were on foot the last 52 days of the trip, having abandoned their wagons and butchered their oxen for food.

There are four survivors, one a woman aged 94 years, who carried a child upon her back and kept in line while strong men fell dead or went insane upon the trail.

All the story will be told for the first time, the humorous as well as the pathetic. Publishers have sought it for 50 years, but the survivors have now deemed it fit and proper to give it to the Death Valley Magazine.

No pioneer or lover of American history can afford to miss it. The subscription price of the magazine is \$1 a year. Every issue contains stories and pictures

of the desert worth the price.

The publishers are also giving five shares of stock in the Death Valley Quartz & Placer Mining Company as a premium. The stock is of the par value of \$1 per share.
