"Dora Thorne" at Crescent Theatre next Monday night.

Carpenters and painters are kept pretty busy these days.

Cocoanut Butter at the Den of Sweets.

Mr. and Mrs. O. M. Pope are slowly recovering from a severe attack of la grippe.

Many new houses going up in Hillsboro this year, and every one is snapped up as soon as finished.

Mrs. L. F. Belknap went to McMinnville Tuesday for a two week's visit with her sister, Mrs. Perry.

I. D. Chappell left last Monday for Denver and Omaha, where he will look over a lot of race and blooded horses.

If the fellow who tried to cut a little dog into sausage meat one day last week, actually needs the meat in his business, he may call on the owner for the dog.

There will be a union temperance meeting in the Congregational church next Sunday evening at 8 o'clock. A prominent speaker from Portland will deliver an address. Everybody is invited.

Since our last issue marriage licenses have been issued by County Clerk Godman to Geo. H. Martin and Mary E. Noah; F. L. Pranger and Mary Sohler; Andrew Miller and Eva Hill; F. A. Moore and Mrs. Ivy Hartrampf, and Perry C. Stream and Dominica Sinclair.

On April 20th there was born to Mr. and Mrs. Thos. Mann of Spokane, Wash., a daughter and "Grandpa Mann" of this city is feeling exceedingly happy over the event. The father was born and raised in this county and his friends in Hillsboro will be glad to learn that this joy has entered his home.

The return of one of the most popular emotional dramas on the American stage, Bertha M. Clay's "Dora Thorne," will be hailed with delight at the Crescent, one night only, May 11th. The experiences of the young girl, daughter of a cottager, who married a rich nobleman's son, are pathetic in the extreme.

A band of 17 pieces, to be known as the Bethany Junior Band, has just been organized at Bethany, with Henry Kuratli as leader. The boys have their meetings every Wednesday night and are making splendid headway. We hope to see them numbered with the other bands who will furnish music for the big Fourth of July celebration in Hillsboro.

H. R. Hoerr, of Mankato, Minn., was in Hillsboro Tuesday, the guest of F. M. Heidel, a friend of the Hoerr's back in Minnesota. He was returning from a trip of inspection through California and not finding just what he wanted came here. Mr. Heidel drove him out over the county with the result that another Minnesota man will make his home in this section.

Supt. B. W. Barnes and School Director R. H. Greer visited Highland school at Portland last Tuesday and returned more than pleased with their visit. Their principal reason for going was to look at the manual training classes and observe the way it is conducted there, with the view of adding manual training to Hillsboro schools. Prof. Stanley, of Highland school, who was some twelve years ago teacher of the school here and two terms county superintendent of schools in Washington county, entertained Messrs. Barnes and Greer and demonstrated the benefits of manual training in his school. They were highly pleased with what they saw and are strongly in favor of introducing manual training here.

Delicious ice cream cones. Den of Sweets.

The annual visit of Bertha M. Clay's celebrated drama, "Dora Thorne," will occur at the Crescent one night only, May 11th, and this is an event in which lovers of romantic, sentimental plays are always greatly interested, especially the women. "Dora Thorne" is without doubt the best known and most widely read of all books of its kind.

Seaside is making big preparations to welcome the battleships as they pass Tillamook Head, and the railroads are arranging for an immense crowd to be cut out so people can go out on the face of the Head and watch the ships as they pass. The view will be unexcelled, and a cleared space on the face of the mountain will afford standing room for the thousands.

Mrs. M. M. Kreider, wife of E. A. Kreider, of Forest Grove, died in that city May 3, aged 53 years. She was born at Ansonia, O., February 22, 1853, and came to Forest Grove 19 years ago. A widower and the following children survive her: Rev. Harry Kreider, a Free Methodist minister; Miss Harriet Kreider, Mrs. W. G. Copple and Hirschel Kreider, all of Forest Grove.

Ira Hoard, of Hillsboro, who went to Klickitat about two months ago to file on a homestead, was obliged to relinquish his claim and return on account of illness brought on by drinking alkali water. He is now at the home of his father in Beaverton. Mrs. Hoard left last Friday for Klickitat to join her husband, not learning of his illness, but was stopped at Beaverton by her brother-in-law, who informed her of Mr. Hoard's illness.

Dr. Tamiesie has purchased a Reo, 20-horse-power automobile, and finds it a great aid to him in his business, as long distance trips can be made quicker than by the old horse-power method. The doctor declares the new machine was not purchased for pleasure, but as a purely business proposition, and says he can now cover 100 miles quicker than he could get over 25 before his investment, and in cases where speed is required the automobile will be found valuable.

The Washington County Veterans Association held a meeting at Cornelius yesterday and beyond enjoying a family reunion and a splendid dinner, named the place for holding the next reunion. Those going from here were Judge R. Crandall and wife, J. W. Hartrampf and wife, Capt. M. C. Collier, Capt. A. M. Collins, F. A. Haines, S. D. Powell, J. B. Wait, Geo. T. Ledford and wife, A. W. Barber, Mrs. M. E. Sabin, Mrs. S. E. Fuller, Mrs. J. M. Wheeler and Mrs. Sinclair. Over 40 old veterans and their ladies were present. The reunion will be held at Cornelius June 30 and continue until July 4.

The Methodist church society of this city contemplate enlarging and improving their edifice on the corner of Third and Washington streets, and add thereto an auditorium, Sunday school room of eight class rooms and a parlor and kitchen, so arranged that they can all be thrown into one large room, giving a seating capacity of 600 or 700. The building will be heated by furnace and the cost of remodeling and building to the structure is estimated at between \$5,000 and \$6,000. All persons interested are invited to attend church next Sunday.

It has been decided by the city council not to demolish entirely the old water tower, but to use it temporarily until a new steel tower can be built beside it, which will cost in the neighborhood of \$1,700 and will be 80 feet high. The timbers in the old tower were found to be badly decayed and unfit for the purpose they have been used for, and it was found absolutely necessary to rebuild. Supt. Hall went to Portland Monday and posted himself on the cost of a new steel tower, and upon his showing it was decided to rebuild and to keep the old tower, temporarily at least.

While Charles Sholty, who is living on the Dennis' ranch just east of town, was driving home from Hillsboro last Saturday night, his team became frightened and unmanageable. He was thrown from the wagon and a wheel struck him back of the ear, laying bare the bone for at least three inches, and rendered him unconscious for some time. He was picked up and taken home and Dr. A. B. Bailey sent for, who sewed up the wound and reports the injured man as getting along as well as could be expected, and thinks he will come out all right, though he got a severe jolt and a pretty close call.

The regular Banks ball team played with the O. R. & N. boys of Portland last Sunday on the new ball grounds at Banks. The Portland boys won by a score of 6 to 3 in a well played game. A

special train went from here carrying the Hillsboro band and a large number of enthusiastic fans. Next Sunday the McMinnville team will cross bats with the Banks team, but there will be no special train for this game. The Holiday Maroons of Portland will play the Beaverton base ball team walked all over the Portland White Diamond nine on the same afternoon, with a score of 10 to 6. Beaverton was the only Washington county club to win a game last Sunday.

Herman Donneel, of Hillsboro, while cutting wood with an ax last Saturday, struck the index finger of his left hand with the keen edge, nearly severing it. Dr. Tamiesie sewed up the wound but Donneel will be unable to use his hand for several weeks.

A. A. Morrill and son, who were doing survey work near Tigarville, ate some canned goods last Friday and came home to Hillsboro the next day very ill from ptomaine poisoning. Mr. Morrill was able to be up and about yesterday, but his son is still confined to his bed. Dr. Tamiesie is attending the two.

Ex-County Judge L. A. Rood has been placed in nomination as an independent candidate for the office of justice of the peace for North and South Hillsboro. Everybody knows that Judge Rood is well qualified to fill the position and he has many friends and admirers in both parties who will back up their belief in his efficiency by voting for him.

Here is a part of a conversation overheard on the street the other day between one of our local ministers and a Hillsboro business man: "I will tell you frankly that up to within a year I have been opposed to this prohibition movement that is sweeping the country and have invariably voted against it. I take a drink when I want it, and I can't figure out that it has ever done me any good; but I can plainly see where it is doing great harm to our boys, and for that reason I shall vote 'dry.' But to tell you the truth I am doubtful about winning out, because you ministers and church people don't vote as you preach. What are you going to do this time?" And they separated, the minister's face wearing a very thoughtful expression.

As will be seen in another column, J. A. Chapman, who was nominated as a candidate for representative on the Independent Statement No. 1 ticket, has refused to allow his name to go on the ticket. He says he is a republican, stands for republican principles and a champion of the primary law. In closing his letter declining the nomination, Mr. Chapman says: "I wish to state further that I am a republican and a champion of the direct primary law, and as such have taken part in our recent primaries and supported most of the successful candidates. For me to let my name be placed on a ticket in opposition to ones I helped to nominate should receive just condemnation from every true republican and every fair-minded Democrat as well."

Joseph Campbell, of Gales Creek, was given a hearing in Justice Bagley's court last Friday morning on a charge of pointing a firearm at Emmott Quick, a deputy sheriff. He was ordered back to jail where he was kept until the controversy between he and his divorced wife was settled and on Monday was released on his own recognizance and ordered to appear at the next term of the circuit court. Campbell's wife secured a divorce at the last term of court, was awarded one third of Campbell's real property, \$500 alimony and a sewing machine. It was when the deputy sheriff went for the machine that Campbell drew his revolver. The controversy between Campbell and his wife being settled, the court believed there was no danger in permitting Campbell to go pending good behavior.

The mohair sale which was held by Thos. Connell, James W. Sewell and E. B. Tongue, in this city April 28th, brought 18 cents per pound, 4,632 pounds being disposed of, H. The evidence against E. H. Martin for the killing of Nathan Wolf, the Portland pawnbroker, is very strong, but attorneys say he cannot be convicted on the evidence thus far secured by the Portland detectives. The murder should be given the benefit of the doubt and the perpetrator scarcely responsible for his actions and if he did commit the ghastly crime, it was done while under the influence of the drug. He maintains that he is innocent, though the evidences are all against him now. His wife, who at first believed in his guilt, has changed her mind and will stand by him until he confesses or is found guilty. The unfortunate man's father is a retired real estate dealer of New York and is traveling in Europe with his wife. As soon as he can be located the matter of procuring an attorney for his son will be decided upon. Wolf was cruelly murdered in his store at Portland last Friday night and it is thought considerable of his goods taken, though none have as yet been found. He was shot and struck on the head at least thirty times by a hatchet or ax.

"Dora Thorne" will be the attraction at Crescent Theatre, May 11th, for one night only, and will no doubt be greeted with a large house as this is one of the best plays on the road. The present company is by far the best that has ever appeared in this beautiful play, each member being particularly suited for his or her part and the press and public have been unanimous in their praise of the company and play.

Change of Route.

A petition will be circulated at once asking for a change of route through Hillsboro of the Oregon Electric Company, which it is believed will be much more satisfactory to many than the one already proposed. The petition reads as follows:

It is the sentiment of the undersigned property owners that the granting of a franchise on Washington street is detrimental to the business interests now established on Main street, but inasmuch as the Oregon Electric Company preferred said street, we are quite willing to concede to their wishes. Provided, however, that said company construct a loop track as follows: From the corner of Washington and First streets, thence north to Main street, thence east on Main street to Third street, thence south on Third to Washington street. This loop will prove equitable to the business and property interests as they now exist and will create no loss or hardship on any one. Hence we sincerely hope that this change of routing will be made.

Look Out for Bad Dollars.

Complaints continue to reach the office of United States Attorney McCourt that counterfeit dollars are being circulated in this city. Monday a newsdealer reported that he had received one of the spurious coins and the fact was reported to Steve Connell, secret service agent of the treasury department, who last week caused the arrest of Louis Turner and Steve Ramsey, ex-convicts and notorious counterfeiters who are known to be the men who manufactured and originally distributed many of these coins.

Since the arrest of the pair, Mr. Connell has recovered from several business houses, including some of the banks, a large number of the bogus dollars. So well made is the counterfeit money that it circulates readily, several of the bad dollars having been accepted by streetcar conductors. It is estimated by the federal authorities that Turner and Ramsey passed about 400 of the coins in this vicinity before they were captured, together with their outfit, in Vancouver, Wash. The charge of counterfeiting against the men will be investigated by the next grand jury. -Oregonian.

The announcement is made that N. L.
