He not only comes from a racing family, but is without question, the greatest racing pacer ever bred in Oregon: he is the only horse, either trotter or pacer, to have been bred, raised and raced in Oregon to the record of 2:10.

After being three days and three nights in a car, he was taken out of the car and immediately started in a race where he forced "Sherlock Holmes" to pace to the record time of 2:06 in order to beat him. He is not only a horse of remarkable speed and gameness, but is so consistent and reliable that he has never made but one break in a racing career of three years; his disposition is such that any child or woman can drive him.
