

English Government Has Not Admitted Error as to Nicaragua.

LONDON, December 3.—It is authoritatively stated that there is no truth in the statement that the English government had admitted that its Minister to Bluefields had exceeded his powers with regard to the Bluefields incident, and that he would be recalled. It is learned that Great Britain has informed Nicaragua she could not recognize certain decrees regarding land registration and other matters which Great Britain holds without violating the treaty with Nicaragua. A statement that Great Britain refused to recognize the new Nicaraguan government at Bluefields is positively denied. The question was not one of sovereignty of Nicaragua over the Mosquito coast, which Great Britain had already acknowledged in the above mentioned treaty.

BUT HAS SHE MODIFIED IT?

WASHINGTON, December 3.—The suddenly modified attitude of Great Britain toward Nicaragua is attributable, in the opinion of naval officers, to the fact that the positive determination of the United States to maintain its announced principles through a mobilization of warships, if necessary, rather than by recourse to the slow and unsatisfactory methods of diplomacy hitherto employed.

THE GOLD RESERVE.

It is Once More in Its Normal Condition.

WASHINGTON, December 3.—The treasury gold reserve is intact again, standing today, as a result of the recent bond issue, above \$100,000,000, and when all the gold it paid in it will reach \$115,000,000. Now that the reserve has passed the \$100,000,000 mark, it is believed that Secretary Carlisle will resume the issue of gold certificates for such additional gold as may be subsequently required, when such certificates are desired. It is generally conceded that the law bearing on the subject is mandatory in its provisions.

DEPOSITED BY THE SYNDICATE.

NEW YORK, December 3.—The Stewart bond syndicate deposited \$3,850,028 in gold in the sub-treasury on the gold account today, making a total of \$57,771,000 deposited since the new government loan was awarded to the syndicate. The agents of the syndicate have sold between \$15,000,000 and \$14,000,000 of the bonds, and the demand still continues heavy.

MONTHLY STATEMENT.

Over Eight Millions Excess of Expenditures During November.

WASHINGTON, December 3.—The regular monthly treasury statement, issued Saturday, shows an excess of expenditures over receipts for November of \$8,156,367, which makes the deficiency for the five months of the fiscal year \$22,510,226. The receipts during November were:

CUSTOMS	\$1,260,692
INTERNAL REVENUE	1,376,807
MISCELLANEOUS SOURCES	1,235,877
Total	\$3,873,376

Total for five months, \$19,308,817. The disbursements for the month amount to \$27,465,184, which \$12,037,805 is an excess of payments, making the disbursements for the five months \$158,100,043.

Postal's New Wire Working.

CHICAGO, December 3.—The Postal Telegraph-Cable Company inaugurated its new wires to the Pacific Coast to-night at midnight after a preliminary trial this afternoon, during which President John W. Mackey held brief conversation with the officers of the company at San Francisco from his office in New York. The circuit from New York to San Francisco is working perfectly. The new lines of the company follow the routes of the Atchafalaya and Topeka and the Atlantic and Pacific railroads.

Rebels in Brazil.

MONTEVIDEO, December 3.—From official sources in the Brazilian Junta the correspondent here has obtained the following: The rebels have now in the province of Rio Grande do Sul 11,400 men in the field, all well armed, besides 600 horses, 55 pieces of light artillery and 7 of heavy, while in the province of Pernambuco they have 2,300 well-equipped men with 14 pieces of light artillery and more men and cannon etc. As soon as these arrive the force in revolt will increase.

Official Recognition of Hawaii.

WASHINGTON, December 3.—Hawaiian Charge d'Affaires Frank H. Hastings has received in the mail information that since the establishment of the Republic in Hawaii the official recognition from the following governments have been received: United States, Great Britain, France, Russia, Italy, Belgium, Mexico, Germany, Austria, also notice of intents from Germany and Peru.

To Aid the San Joaquin Road.

STOCKTON, Cal., December 3.—At a meeting of the business men of Stockton to-night it was determined to form a Stockton Chamber of Commerce, the objects of which shall be the advancement of the institutions of Stockton and San Joaquin county permanently by aiding in the construction of the San Joaquin Valley from Stockton to Bakersfield at least.

Are They Canadian Indians?

OTTAWA, Ont., December 3.—The Department of Indian Affairs was today informed by telegraph from Butte City, Mont., that 300 Canadian Cree Indians were up in arms against the whites and cattle were being killed and stolen. The department officials are of the opinion that the Indians are not Canadian, but those who emigrated after Riel's expedition.

Trial of the Lynchers.

MEMPHIS, December 3.—In the trial of W. S. Richardson and H. F. Smith for the lynching of six negroes Smith took the stand and contradicted his statements made Wednesday in his direct examination. He seemed badly shocked, and involved himself in many contradictory statements.

Senator-elect Leach of Yakima county.

Wash., is preparing a bill prohibiting county governments from creating or maintaining a special cash fund for the payment of salaries of officers.

The Finance Committee of the Seattle Council

and the City Controller have finished their work on the tax levy, which is for this year fixed at 12.5-8 mills, as against 13 mills last year.

Baker mines are still working in Blaine county, Or.,

but the final cleanup will soon be made. The run has been the best since the palmy days of the '90s.

THE ALLEGOS.

VOL. 1.

HILLSBORO, OREGON, THURSDAY, DECEMBER 6, 1894.

NO. 37.

PRESIDENT'S MESSAGE.

Deals Largely With Reports of Departments.

FEW RECOMMENDATIONS MADE

Secretary Carlisle's Banking and Currency Plan Favored—Tariff Bill Needs Amending—Relation of United States With Foreign Powers.

Following is the full text of President Cleveland's message as read in congress today:

The assemblage within the nation's legislative halls of those charged with the duty of making laws for the benefit of a generous and free people impressively suggests the exacting obligation and inexorable responsibility involved in their task. At the threshold of such labor, now to be undertaken by the congress of the United States, and in the discharge of an executive duty enjoined by the constitution, I submit this communication, containing a brief statement of the condition of our national affairs and recommending such legislation as seems to me necessary and expedient.

The State Department.

The history of our recent dealings with other nations and our peaceful relations with them at this time additionally demonstrate the advantage of consistently adhering to a firm but just foreign policy, free from envious or ambitious national and individual characterizations by entire honesty and sincerity. During the past year, pursuant to a law of congress, commissioners were appointed to the Antwerp industrial exposition. Though the participation of American exhibitors fell far short of completely illustrating our national industrial achievements, yet it was still creditable, in view of the brief time allowed for preparation. I have endeavored to impress upon the Belgian government the needlessness and positive harmfulness of its restrictions upon the importation of certain of our food products and have strongly urged that the right of review and inspection under our laws be amply sufficient to prevent the exportation from this country of diseased cattle and unwholesome meat.

THE CHILIAN CLAIMS.

The commission organized under the convention which we had entered into with Chile for the settlement of the outstanding claims of each government against the other, adjourned at the end of the period stipulated, a number of American cases which had been duly presented. These claims are not barred, and negotiations are in progress for their submission to a tribunal.

GERMANY'S CATTLE EMBARGO.

Action upon the reported discovery of Texas fever in cargoes of American importations of livestock and fresh meats from this country has been revived. It is hoped that Germany will soon be convinced that the inhibition is as needless as it is harmful to mutual interests. The German government has excepted to that provision of the customs of the tariff act which imposes a discriminatory duty of 1-10 of a cent a pound on sugars coming from countries paying an export bounty thereon, claiming that the enacting of such duty is in contravention of articles 5 and 9 of the treaty of commerce between the United States and the German empire of 1891, and to avoid even the accusation of treaty violation, I recommend the repeal of so much of the statute as imposes that duty, and I invite attention to the accompanying report of the secretary of state, containing a discussion of the questions raised by the German protests.

THE MONROE DOCTRINE.

The boundary of British Guiana still remains in dispute between Great Britain and Venezuela. Believing that its early settlement on some just basis, alike honorable to both parties, is in the line of our established policy to remove from this hemisphere all causes of difference with a power beyond the sea, I shall renew the efforts heretofore made to attain this end. The Japanese empire of today relations between the disputants, and induce arbitration, a resort which Great Britain so conspicuously favors in principle and respects in practice, and which is earnestly sought by her weaker adversary.

THE HAWAIIAN REPUBLIC.

Since communicating the voluminous correspondence in regard to Hawaii and the action taken by the senate and house of representatives on certain questions submitted to the judgment and wider discretion of congress, the organization of a government in place of the provisional arrangement which followed the deposition of the queen, has been announced with evidence of its effective operation. The recognition usual in such cases has been accorded the new government.

Under the present treaties of extradition with Italy miscarriages of justice have occurred, owing to the refusal of that government to surrender its own subjects. Thus far our efforts to negotiate an amended convention obviating this difficulty have been unavailing. Therefore, I was constrained to direct that the act constituting the alleged offences were political, and discharged all the accused except one Cieniegues, who was held for an attempt to murder. Thereupon, I was constrained to direct his release, for the reason that an attempt to murder was not one of the crimes charged against him, and upon which his surrender to the Salvadorian authorities had been demanded.

AN ANNOYING AFFAIR WITH SPAIN.

Unreasonable and unjust fines imposed by Spain, on the vessels and commerce of the United States have demanded, from time to time during the last 20 years, earnest remonstrance on behalf of our government. In the immediate past exorbitant penalties have been imposed upon our vessels and goods by the customs authorities of Cuba and Puerto Rico for clerical errors of the most trivial nature in the manifests or bills of lading. In some cases fines amounting to thousands of dollars have been levied upon cargoes, or the carrying vessels, when the goods in question were entitled to free entry; fines have been exacted even when the error has been detected and the Spanish authorities notified before the arrival of goods in port. This conduct is in strange contrast with the generous and liberal treatment extended to Spanish vessels and cargoes in our ports in like cases. No satisfactory settlement of these vexatious

THE BLUEFIELDS AFFAIR.

Prominent among the questions of the year was the Bluefields incident, in which is known as the Mosquito Indian strip, bordering on the Atlantic ocean and within the jurisdiction of Nicaragua. By the treaty of 1850, between Great Britain and Nicaragua, the former government expressly recognized the sovereignty of the latter over the strip, and a limited form of self-government was guaranteed to the Mosquito Indians, to be exercised according to their custom for themselves and other dwellers within its limits. The so-called native government, which grew to be largely made up of aliens, for many years disputed the sovereignty of Nicaragua over the strip, and a limited form of self-government was guaranteed to the Mosquito Indians, to be exercised according to their custom for themselves and other dwellers within its limits.
