This firm has been located in Kelso over four years and have one of the best galleries, for a small town, in the state. They are both first class artists, and perfectly reliable in every respect and their trip will no doubt be a success as their work will be the very best. Here is their homes and it must be said to their credit, no complaint was ever made against their work. For photos and crayon work, many cities cannot produce their equal.

—The band boy's social Tuesday evening was a decided success, the concert and exercises being well attended. The proceeds are to apply on the uniforms, and the expression of attention given them will give the members of the Hillsboro Band and Cornet band a new lease of life. It is a fact that the band gets but little support from the city, not enough to pay for the wind wasted in practice. People should look upon a city band as a public institution something to take a pride in, and not be chary of support. The turn out the other evening shows that many are beginning to appreciate this fact and the uncertain weather prevailing makes it the more significant.

He had tunneled under the building for some distance, and then, concluding that too arduous work, cut a panel out of the door to make the entrance. The sign "pay for your drinks" seemed to strike no terror to his soul.

POMEROY'S SENTENCE

Gets Three Years in the Penitentiary at Walla Walla.

On Sunday, the 14th, the residence of A. S. Venen, Forest Grove's popular dealer in musical instruments, was reduced to ashes, nothing being saved. Amongst the loss of personal property was a very valuable piano. Mr. Venen's loss is a considerable one. Some insurance. There is somewhat of an object lesson for the little city in these expensive conflagrations. Forest Grove should have a good system of water works. A town of its size can lose by fire in one year what such a system would cost, and the lack of proper facilities in this respect is not characteristic of the general progressiveness of the place. In another year it is to be hoped that the college city will not be behind her neighbor, Hillsboro.

In another year it is to be hoped that the college city will not be behind her neighbor, Hillsboro.

Forest Grove Fire.

On Sunday, the 14th, the residence of A. S. Venen, Forest Grove's popular dealer in musical instruments, was reduced to ashes, nothing being saved. Amongst the loss of personal property was a very valuable piano. Mr. Venen's loss is a considerable one. Some insurance. There is somewhat of an object lesson for the little city in these expensive conflagrations. Forest Grove should have a good system of water works. A town of its size can lose by fire in one year what such a system would cost, and the lack of proper facilities in this respect is not characteristic of the general progressiveness of the place. In another year it is to be hoped that the college city will not be behind her neighbor, Hillsboro.
