GRIFFIN FERRY

Superintendent Savage visited the school on the west side last Thursday. He expressed himself as surprised to see so many in attendance. He will be more surprised another time for three more were added Monday.

Walter Briggs and family, of Eugene, arrived Sunday to spend the winter in this section.

The recent short series of meetings held by the Church of God in their chapel on the east side of the river was a success.

Burt Griffin, of Crescent City, was a visitor with his brother, G. H. Griffin, Sunday.

J. L. Green and P. T. Everton conducted services at the Dixie school house Sunday.

Miss Ina Anderson is now in Portland attending high school.

J. L. Green will preach at the Pleasant Grove school house Sunday, at 11 a. m. and 7:30 p. m.

G. H. and Marion Griffin were on State creek Tuesday forenoon.

Miss Audrey Griffin, who has been attending high school at Grants Pass, spent Saturday and Sunday at home.

The fact that ten friends took dinner with P. T. Everton and family Sunday shows that they are hospitable people.

Miss Dorothy Overton, of Washington, is now visiting with her sister, Mrs. E. C. Neely, for an indefinite time.

Mrs. M. A. Griffin, of Grants Pass, was a Sunday visitor at the home of her son, G. H. Griffin.

In her Greatest Comedy Success

"Mrs. Black Is Back"

May Irwin, the distinguished comedienne and star of a great number of successful comedies, plays the title role in the film production of the most celebrated of all her stage triumphs, that screamingly funny farce, "Mrs. Black Is Back," written by George V. Hobart. As the unfortunate but jolly Mrs. Black, who in haste lies to her husband about her ailments (said ailments being chiefly employed in the manufacture of more deceptions to account for the first), Miss Irwin is at her best, and her inimitable facial expression and excellent pantomime work render her art especially adaptable to the screen.

MAN DISAPPEARS IN GRANTS PASS DISTRICT

Carlton, Ore., Oct. 20.—J. F. Jenkins left Carlton September 24 for the southern part of the state and points in California. He wrote his wife a few days later from a mining camp, supposed to be near Grants Pass, as the letter was postmarked at that place. On the eighth of this month Mrs. Jenkins received his lodge receipts and some other papers belonging to him from the secretary of the Independent Order of Odd Fellows lodge at Grants Pass. Inquiry develops that the papers were found near the railroad track. At least they were handed to a woman in Grants Pass by a man who said he found them by the track.

Mr. Jenkins is a prosperous farmer. He did not use liquor or tobacco. Heretofore, when away from home, he has written often. Fear is felt that he has met with foul play or accident. He is a well-built man, weighing about 230 pounds, and 46 years old.

Jenkins was located at Roseburg yesterday, he having gone to that city from Grants Pass. According to reports from Roseburg, Jenkins admits that when he left Carlton he did so with the intention of deserting his wife, this accounting for his failure to keep her notified of his change of location.

TEN NOW MISSING FROM INTERNEED SHIPS

Washington, Oct. 21.—Ten in all are missing from the German interned ships Prinz Eitel Friedrich and Kronprinz Wilhelm, an official count today revealed. The last two to disappear were a civilian physician and a Prinz Eitel bluejacket.

Centenarians of the Nations. Service, according to statistics printed in England, is particularly the country of centenarians. In that land one man in every 2,250 has lived to be 100 years old. Ireland ranks next in the longevity list. In the Emerald Isle out of every 8,120 of population there is one centenarian. Out of every 43,000 Spaniards only one is a centenarian. Norway has one in about 96,000. England, Scotland and Wales have about one centenarian to every 177,000 of population. France has one in 189,750. Sweden ranks seventh with one in 250,000. Germany has one in 702,000. Denmark has less than one to 1,000,000 of its population, and Switzerland, with all its reputed healthfulness, has none.

It is expected to last much longer this way, as it will not splinter as do the old 12-inch planks.

At the Land Products Show

H. E. Gale leaves for Portland this evening to take charge of the installation of the Josephine exhibit at the Manufacturers and Land Products show, to open there Monday. The Tokay grape will be largely exploited in the exhibit, though there will also be an excellent showing of pears and apples. The Commercial club has sent its mineral display along to be incorporated in the county display, as mining is a chief industry in this county, and no county exhibit would be complete without it. Mr. Gale expects to remain during the two weeks of the show and shipments of fruit will be made from time to time to supplement that already shipped.

Inspect Valley Lands

Messrs. Alex Nibley, P. S. Bramwell, Dr. Reddy, P. B. Delano and John Hampshire returned Wednesday evening from a trip through the Illinois valley. Mr. Nibley left this morning for Medford, where he will represent the Oregon-Utah Sugar company during the soliciting of acreage for next season's planting, while Mr. Bramwell will remain here in the same capacity. Mr. Bramwell and members of the local committee acted through the lower river country today, and found a lively interest already aroused over the factory proposition. Residents there are arranging for a meeting later, when the acreage possible will be signed up, though Mr. Hood started the ball by signing up 20 acres this morning. It is expected that the district under the farmers' co-operative irrigation district will be able to supply a large acreage in the aggregate.

Another Youthful Riggs

Wednesday evening Dr. Loughridge was called to the residence of Mr. and Mrs. J. G. Riggs. The six-year-old son of the household was inquisitive and asked dad what the doctor was hanging around for anyway. The lad was informed that the doctor was a sly fox, and likely as not he would leave a little brother behind when he departed. Asked how that would suit, the youngster said it would be fine, but after a few minutes of reflection he said: "Dad, I wish Doc Loughridge would bring me a pony, if it is all the same to him." As the little brother had already arrived, the doctor refused to substitute, so the pony will have to await his next visit.

Notice to Trim Trees

Section 1, of Ordinance No. 286, of the ordinances of the City of Grants Pass, provides that every ornamental tree and every shade tree or hedge bordering any sidewalk within the corporate limits of the City of Grants Pass shall be so trimmed by the owner or owners of the abutting lot in such a manner that the clear space over the sidewalk shall be not less than seven feet, free of branches or foliage of such trees, and the clear space shall extend the full width of such walk. And Section 3 of said ordinance provides a penalty for neglect to comply with these provisions.

Property owners are requested to comply with the provisions of this ordinance without further notice or process. By so doing you will not only avoid the penalty but you will improve the appearance of the city in general and of your own property in particular. And you will also merit the goodwill of your neighbors and of all pedestrians who are now greatly inconvenienced by the low overhanging branches.

GRANTS PASS AND MEDFORD TO MEET NEXT SATURDAY

Saturday will be a great day at the local high school, as on that date the football team will meet the Medford team on the high school field, this being the first of the interscholastic games to be played in this city. Taking the game played at Medford as a criterion, Saturday should see a great contest, and our boys are confident that victory will be theirs this time. After the locals have played both the Medford and Ashland teams the newspapers of the latter city give the Grants Pass team credit for being better than the Medford team, and the players here are determined to prove that it is. The valley championship is not yet lost to Grants Pass if the team can make the right showing from now on. The boys have been putting in full time at practice, as have also the rooters who will lend the players loyal support.

PUNCH JONES AND HIS MERRY MAKERS COMING TO GAITY

The Gaiety theater will be the scene of much merriment for two nights, Friday and Saturday, October 29 and 30, when Punch Jones and his rag time opera and minstrel will play at that play house.

This splendid attraction has been breaking all records in the south the past two weeks and plays the Page in Medford and the Vining in Ashland previous to coming here.

They carry 15 people, all colored, and have their own band and orchestra, and will change shows each night, giving two shows each evening and a matinee Saturday.

Frank Wolf, who owns the show, was here two years ago with the Edison talking pictures, and claims to have another sensation in the amusement line.
