MANY BEETS WILL BE PLANTED ON GLENDALE FARMS

The best meeting yet held in the campaign for sugar beet acreage was the one at Glendale Wednesday night where Messrs. Bramwell, Demaray, Cornell and Riggs met the farmers of that district. An extensive acreage of most excellent beet land, the equal of anything in southern Oregon, will be signed up from there. Today committees are visiting districts in the Applegate country. Messrs. Herman and McKinstry, accompanied by Jas. Jolly, who recently arrived from the Utah beet growing district, are in the Wilderville country. Wilderville is coming in with an encouraging acreage, the Leonard Orchards heading the list with 80 acres. Mr. Bramwell accompanied parties to the Madonna tract near Murphy this forenoon to examine that land there with reference to its adaptability to beet culture, and it is expected that a large portion of the property will be planted.

VANCOUVER'S MILLIONS FOR CANADA'S WAR LOAN

(By United Press Leased Wire.) Vancouver, B. C., Nov. 4.—Vancouver is going to contribute millions of dollars to Canada's first war loan if the predictions of more than a score of bank managers and other local financial men are an indication of the sentiment of the people. On deposit in the savings banks and elsewhere in this city there is said to be between \$25,000,000 and \$45,000,000, drawing about four per cent interest. A large proportion of this amount is to be sent to Ottawa to be used to equip Canadians on the fighting fronts in Europe.

MORE ARRESTS IN ROBT. FAY BOMB PLOT

New York, Nov. 4.—More than a dozen arrests in connection with the Robert Fay bomb plot and other anti-alley activities along the water front have been made in the last 12 hours in the hope of bringing in some who would turn state's evidence. Their alleged activities sought in many ways to cripple war supplies for the allies, and it is said that robbery of allied machinery parts was one of the gang's methods.

OREGON U. OFF TO MIX WITH LOS ANGELES

Eugene, Nov. 4.—Confident of winning, the University of Oregon football stars are en route today to Los Angeles to play against the University of Southern California team Saturday. COLLEGE STUDENTS WAITERS.

Each Will Serve Two Meals, Eat Third With Classmates. A new step toward democracy in American colleges was taken when, with the opening of Princeton university, student waiters appeared at work in the university dining halls. The number of college boys at work in the Commons as head waiters and waiters is about seventy, and in return for their services the university will remit the full board bills of these boys. The schedule of work is planned so as not to conflict with the university courses.

KLAMATH FALLS FOOTBALL TEAM BEATEN BY LOCALS

Yesterday the local football team got their seagles under them and defeated the Klamath Falls high school team by the merry tune of 25 to 13. The visitors played a steady game throughout, but were outclassed at every stage. Some long runs were made by the locals and Klamath Falls was held for downs at times.

The first quarter started with a rush, Klamath Falls making one touchdown and Grants Pass following immediately with another. The touchdown was made for Grants Pass by Moore. The quarter ended with the score 7-6 in favor of Klamath Falls. In the second and third quarters the locals scored two touchdowns on long runs by Cornell and Moore. The visitors were unable to get within striking distance of their goal. The third quarter ended 19-7 for Grants Pass.

The fourth quarter opened with the visiting team determined to tie the score. By a fine forward pass they managed to get the ball within ten yards of their goal and by line plunges put the ball on the line. This was disputed by Grants Pass, as they held the ball was put forward after the play stopped.

A touchdown was then made by Cornell on a run half the length of the field. An attempt at goal failed. Financially the game was a failure as only a few people attended.

DOUGLAS RECOVERS FROM SCARE OVER MEXICAN BATTLE

Douglas, Ariz., Nov. 4.—General Villa's armies were still somewhere near Agua Prieta today, but whether they intended another attack, after having been heavily repulsed repeatedly, or whether they were actually in retreat, was a matter of speculation.

General Calles, commanding the Carranzistas in Agua Prieta, maintained a vigilant watch and sent out small squadrons of cavalry to ascertain what had become of the enemy. Douglas went back to work, schools reopened, and things became normal generally. A Carranzista officer found a little adobe house on the outskirts of Agua Prieta had been shattered by a shell. In the midst of the debris lay the bodies of two babies, a Mexican woman, a parrot and a dog.

PEACE TALK IN AIR SAYS ROME, DESPITE DENIALS

(By United Press Leased Wire.) Rome, Nov. 4.—Peace talk is still in the air, despite denials from belligerent capitals. Germany is generally credited with the visiting reports, but the Mattino today asserted that the allied representatives will meet Prince von Buelow at Lucerne, Switzerland, to discuss peace terms in a preliminary manner. Diplomatic circles, however, did not credit them.

Monsieur Marchetti, the pope's representative in Switzerland, is reported to be canvassing peace with Prince von Buelow and the Information state that a certain cardinal is en route to Switzerland with a letter from the pope to von Buelow, presumably on the peace subject.

Count Ehrensvard, the Swedish minister at Bern, one of the most prominent neutrals, is reported promoting the peace movement, but other neutral diplomats are said to be ready to act.
