**MODERN WOODMEN INSTALL OFFICERS**

The local Modern Woodmen camp held one of the most interesting social and business sessions of the season last night when its membership sat down to a most satisfying banquet after having installed its new officers. At the installation ceremonies C. N. Gilman was the officiating official, the following being inducted into office for the ensuing term: D. A. Harmon, consul; Holice Nutt, advisor; W. H. Hodkinson, banker; Fred W. Reynolds, clerk; I. J. Howard, escort; H. C. Lawton, watchman; L. A. Hammond, sentry; J. R. Eade, trustee; J. P. Truax, physician.

Following the installation there was a season of speechmaking and story telling, when the big banquet table became the center of attraction for a couple of hours more. The Modern Woodmen have a membership of 94 in the local camp, and holds its meetings in the Moose hall. An active campaign for membership is about to be engaged in.

**Sought Job of City Auditor—**  
A communication was read at the session of the city council last night from H. H. Allyn soliciting the position of city auditor and police judge, which he offered to take at a salary of \$70 per month. The appointment of H. H. Baaser to the office had already been confirmed by the council before the application was read, the salary of the auditor to be fixed by the members of the council.

**Escape From City Jail—**  
The Donnelly brothers, who were being held in the city jail upon a sentence by the police judge for violation of the anti-booze law, walked out of jail some time last night and have not since been heard from. The pair evidently believed that they went with the outgoing administration. The doors were unlocked by someone having duplicate keys, and the Donnellys took their departure. They were serving sentences imposed about two weeks ago, each having been fined \$50 and given 60 days in jail for illegal trafficking in liquor.

**SEeks RIGHT TO USE BILLBOARDS**

One of the matters before the city council Thursday night was a written request, supported by a petition, from W. H. Harris, asking that a lower license fee be made for billboards within the city. At the time a billposting company sought to erect massive billboards about the city, a vigorous protest from citizens was made, and in response to the protest the council adopted an ordinance placing the license fee at \$200. This had the effect of keeping the boards from being used, and Mr. Harris states that he has now purchased the boards and wishes to put them to use. It is understood that he is willing to pay a license fee of from \$10 to \$20 per annum for the privilege of maintaining the boards throughout the city, and asks that an ordinance that had been presented last year by the bulldozers of the boards be now passed, reducing the license to a point where he can post bills upon the boards. The ordinance will be brought before the council at its next meeting.

**GRAND JURY HAS COMPLETED WORK**

The grand jury which had been in session since Monday morning completed its work and made its final report to Judge Calkins of the circuit court Thursday evening. During its sitting the board of inquisition returned ten indictments, and examined into a number of other cases in which sufficient grounds for indictment could not be found. The jurors also examined into the conditions of the county buildings, reporting the jail in a sanitary condition, and commending the treatment accorded the inmates of the county home. The purchase of new bedding to replace much of that in the home was suggested. The various county offices were also said to be conducted in a satisfactory manner. The members of the grand jury were M. C. Dague, foreman; Fritz Gebers, J. F. Kirker, M. T. Galvin, J. M. Briggs, Geo. Baer and A. T. Cart.

**BOYS GET OLD RINK FOR GYMNASIUM**

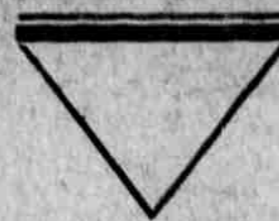

The Coliseum rink will open its doors Monday as the gymnasium of the Associated Boys' clubs, as the result of activity during the past two days on the part of the board of directors who were serving two years ago, the time of the organization's last activity. President E. C. Macy, Roy Hackett, James Martin, and others of the directors have succeeded in raising funds, which with cooperation on the part of the High School Athletic association, are sufficient to guarantee the success of the enterprise. The rink is engaged for the next three months, the period of greatest interest in indoor sports, and will be used jointly by the high school and the clubs of the various churches making up the association. At a meeting of the High School Athletic association yesterday it was determined to enter into the plan, and a meeting of the directors of the town organization is to be held tonight to elect new officers and decide the details of progress. At this meeting a physical director to take charge of the work at the gymnasium will be decided upon.

**FORD PEACE PARTY AGAIN SHY ON PEACE**

(By United Press Leased Wire.)  
Copenhagen, Jan. 7.—Again all is not peace with the Ford peace party. Particularly shattered is the party's peace of mind.  
The Bennett tourist agency today threatened to sue the expedition for \$13,000, alleging that the delegates engaged for a ship to take them to The Hague, after they had obtained permission to cross Germany.  
Still another unpeaceful symptom was the threat of Rexford Holmes, discharged party stenographer, to sue for alleged slander, though attorneys counselled against such action.  
Then, to add to the gayety of the situation, the newspapers here print lurid reports of the Austro-American situation, and this makes some of the delegates fear that trouble will break out while they are crossing Germany. And, too, they hear terrible stories of the war bread they must eat as they go through as interned passengers.  
A Swedish delegation of ten accompanies the party to The Hague. In the Danish delegation will be Louis Fraenkel, a Zionist, who expects to make the nationalization of Palestine a condition for peace.

**OSCAR II WAS SUFFRAGETTE SHIP**

(By United Press Leased Wire.)  
Palo Alto, Cal., Jan. 7.—That the "peace ship," Oscar II, is strictly a suffragette vessel, is indicated by a letter received here today from Mrs. Alice Park, one of the peace voyagers.

"The suffrage poll of the Ford peace ship showed 132 to 11 in favor of votes for women," Mrs. Park wrote. "Women were 57 to 1, men 75 to 10. The few delegates against suffrage were most apologetic and explanatory. They asked if their names were to be made public, and seemed relieved when told that only the final count was to be published. No such nervous fear was shown by those who said yes. When the revised list of passengers was published, many names were joined with the word 'suffragists,' to indicate much more than a passive acceptance of the principle of equality. Never have I seen such perfect equality between men and women as on the Ford peace ship. In meetings, in platform privileges, formal debate and informal discussion, men and women met as absolute equals. It might well be a western suffrage congress from all appearances."

**REVENUE STAMPS WORTH MILLION ARE STOLEN**

(By United Press Leased Wire.)  
St. Paul, Jan. 7.—Internal revenue stamps valued at \$1,000,000, and currency worth upwards of \$4,000, are missing today, the result of an automobile robbers' raid on the Federal building here last night, their loot obtained by blowing a safe weighing more than 300 pounds.

**CHARTER RATE FOR WHEAT CARRIERS GOES HIGHER**

Portland, Jan. 7.—It costs \$30 a ton to charter a wheat ship out of Argentina for the United Kingdom, according to information received here today. Shippers received this news with consternation. Before the war the charter rate was \$5 from Argentine and \$10 from the Pacific northwest.

**NEUTRALITY NOT VIOLATED BY GUNS ON ITALIAN SHIP**

Washington, Jan. 7.—The Italian steamer Giuseppe Verdi, which reached New York yesterday with two 3-inch guns mounted on her, will not be interned as a warship, nor will this government insist on removal of the guns before she sails again, if the report of Collector of Port Dudley Field Malone is followed. He held no violation of American neutrality is involved.
