

ENGINEER KILLED IN MISSOURI WRECK

(By United Press Leased Wire.)
Trenton, Mo., Jan. 20.—Engineer John L. Collier was killed, Fireman E. L. McKeen was badly injured, and five passengers were slightly injured today, according to Rock Island officials, when the Rock Island limited was derailed two miles west of Winston, Mo. The train continued its journey from the coast toward Chicago.

The second engine of the double-header was derailed with seven out of eight steel cars. The first engine and the rear Pullman remained on the rails, and officials declared that steel construction prevented a heavy loss of life.

Conductor G. M. Burnett and Flagman Roy Sneed were slightly hurt. N. N. Paulsen, of Chicago, sustained a sprained wrist.

The Copts of Egypt.

The Copts in Egypt are the boot-keepers and scribes; they are also the jewelers and embroiderers. Their ancient tongue has fallen into disuse and is practically a dead language. They now use Arabic, like all the rest of the nation, but the speech survives in their church services, a part of which is still given in the old tongue, though it is said that even the priests themselves do not always understand what they are saying, having merely learned the sentences by heart, so that they can repeat them as a matter of form.

HERE'S NEW VIGOR FOR OVERWORKED STOMACHS

C. H. Demaray, the popular druggist, has been in the drug business long enough to have his own opinion of the best way of selling medicines. He says the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest he has ever heard of. He doesn't believe that a medicine ought to be paid for unless it does the user some good. And Mi-o-na is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with C. H. Demaray and if, after you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to tell him so and he will return your money.

Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na, and its continued use will soon give the power to eat anything at any time and not suffer distress afterward. Use Mi-o-na and see how much more there is in life.

MEXICAN BANDITS ROB HOUSE IN N. M.

(By United Press Leased Wire.)
Washington, Jan. 20.—Confusing reports of a Mexican raid near Doyle's Wells, N. M., were cleared away today in an official message from General Funston, in command of the border forces.

"Mexican bandits, estimated at six, robbed a house at Conavell's mine, near Doyle's Wells, Tuesday afternoon," said the report. "Three of the detachment there and Arthur Lee, a miner, trailed them south to Lone Cabin. Dismounting there, they reconnoitered, whereupon the Mexicans fired on them and killed a horse.

"Lieutenant King left here at 1:30 a. m. with a detachment of 30. Lieutenant Nicholson, with a detachment of automobiles, reconnoitered in the vicinity of Lone Cabin, and found the bandits' tracks leading southwest toward Mexico."

DISBARRED ATTORNEY OF SEATTLE INDICTED

(By United Press Leased Wire.)
Seattle, Jan. 20.—Twenty-four indictments, four secret, and one, charging George P. Rossman, disbarred Seattle attorney, with misuse of the mails, are in the hands of United States District Attorney Clay Allen today, following today's discharge of the federal grand jury.

Rossman is alleged to have misrepresented by mail certain lands in Canada which he said he owned, but did not. Peter McGregor, H. A. Dobson, Wm. F. Kent, Till Kent and Charles Sney are indicted for alleged conspiracy to smuggle opium.

KERBY

Snow for breakfast, snow for dinner, and snow for supper has been the daily menu for the past two weeks. Snow is the subject of conversation whenever people meet; the topic over the telephone, and the plaything of the children. In fact, over 40 inches of snow have fallen in our streets since the first of the year, and we do not yet feel sure that the end has come. The oldest inhabitant can not remember when so much snow has fallen in one storm.

Malls are delayed from 12 to 24 hours or more, and we are glad to get them when they come.

The storm has brought with it a number of colds, threatened cases of pneumonia, etc., but none have resulted fatally.

A number of cases of absence from school are reported in consequence of wet clothing resulting from wading through the snow. A number of sheds and barn roofs have fallen in from the weight of the accumulated snow. Other roofs have been prevented from falling by shoveling the snow off them.

Miss Anna Flester is paying a visit to her sister in Salem.

The evenings are now being made merry by the younger set by coasting and tobogganing. The side hill is a lively place these bright moonlight nights until time for the curfew.

Word has just been received that the entire eighth grade applicants have received diplomas of successful graduation from the grammar school. They are now entitled to enter the high school. This is glad news for the eighth grade, and there will now be an addition to the high school of Kerby. The pupils winning this honor are: Llewellyn Ager, Eileen Lewis, Ida Maurer, Hazel Payne, Vera Turner, Leland Willis, Tom Young.

Graduating exercises in honor of the success of the class are being planned for February 2, when a program will be rendered at the church. Pupils who have made the effort to complete the course of study are certainly worthy of some attention and should be recognized as having done something worth while.

DIXIE

J. R. Maben, of Gardiner, Ore., who purchased five milk cows from Louis Lucke, came Monday and shipped them to his home.

W. H. Knox and Emmet Lee were in town Tuesday on business.

Ell Meals is hauling carrots from J. Christie's to feed his cows.

The mail carrier, George Swinney, comes only every other day now. He comes as far as Louis Lucke's, leaves his horse, and takes the mail from there on foot. He says he can make better time afoot through the deep snow than with his horse.

The telephones are all out of commission, the snow causing limbs and trees to fall across the wires.

Guy Thompson helped Louis Lucke to drive his cows to town Tuesday.

Lee and Percy Wilhelm and Ray Skinner were at the Dixie ranch Sunday.

Lee Matson and Fred Sundell were Grants Pass visitors Saturday.

The snow reached a depth of two feet, but is gradually disappearing. The people in this district are in hopes it will be gone by the first of the week, so school will be resumed again.

Chas. Peterson, from J. E. Hair's ranch, was out to Fred Sundell's after a load of hay Friday.

GRIFFIN FERRY

J. L. Green arrived home Saturday from Portland and Woodburn, where he has been since Christmas.

Mrs. U. G. Clark, of Eugene, is now visiting her sister, Mrs. P. T. Everton.

Miss Maymie Branam came home January 12 from a visit with her sister in Woodburn. Miss Branam has been quite sick for the last two weeks.

Miss Orpha Green came home Monday from Merlin, where she has been with her sister since the fourth.

NO RAIDS ON PRIVATE HOMES IN SEATTLE

Seattle, Jan. 20.—Police here will not be permitted to search private homes for stocks of liquor unless being sold. Mayor Gill made the announcement this morning, following raids on private residences made by Sheriff Hodge.

"It will defeat the dry law," he said, "if a lot of petty persecutions are started from searching private homes."

"MOTHER" JONES ADDRESSES UNITED MINERWORKERS

Indianapolis, Jan. 20.—"Mother" Jones, angel of the mine camps, stamped the United Mineworkers of America convention here today. Following an address in which her unpolished oratory raised 1,500 delegates to a fury of enthusiasm, she forced Duncan MacDonald to the platform to shake hands with President John P. White, thus ending a bitter struggle between the two that has threatened the miners' organization for years.

BLOCKADE PRESENTS PROBLEMS TO U. S.

(By United Press Leased Wire.)
Washington, Jan. 20.—Both the United States and England are digging their diplomatic trenches for the battle in England's expected actual blockade of Germany. The state department and Downing street have notes on the subject in the course of preparation.

Authorities said today the diplomatic success of England in executing the proposed blockade will be contingent upon meeting American objections thereto. - England's note on the subject of general commercial interference is almost ready to be transmitted to Ambassador Page at London; meantime, the American note will wait on receipt thereof.

State department experts say that England must capture "only a high percentage"—and not all—of blockade runners, to establish an actual "air-tight" blockade, as required by international law. It is agreed that Germany is already practically blockaded, except for goods sent to Scandinavian countries, and then into Germany via the Baltic.

But this Baltic supply is regarded as less valuable to Germany than is popularly believed, inasmuch as it is known that at least 20 merchant vessels have been sunk by Russian and British submarines in that area in the last six months. The crews of these victims were landed in Sweden. But how many more were sunk, with their crews landed in Germany, is only problemal.

CHICO PREACHER ASKS PROTECTION OF POLICE

(By United Press Leased Wire.)
Chico, Cal., Jan. 20.—Rev. Madison Slaughter, pastor of the Baptist church here, today called for police protection for himself and family, as the result of a bitter internal church controversy. Rev. Slaughter said he feared violence would be done him by members of his flock who are "after" him because of charges of gossiping he made against Mrs. L. R. Davis, a member of his flock. The pastor stated he feared relatives of the woman may attack him.

NEVADA CITIES ARE SHORT OF FOOD SUPPLIES

(By United Press Leased Wire.)
Reno, Nev., Jan. 20.—The advisability of transporting food supplies on snowshoes to Gold Hill, Silver City and Virginia City, snowbound and cut off from outside communication, was discussed today, pending receipt of information as to whether the Virginia and Truckee railroad snow plow had reached Virginia City. Telephone advices stated that the three towns are entirely out of meat, and half rations in all foodstuffs is the order.

"SPEED UP!"
to 60 minutes an hour by taking the "grind" out of typewriting!

AND smile! For here at last is the master machine that makes it easy for any stenographer to turn out MORE letters with LESS effort in the ordinary working day. The new Royal Master-Model "10" speeds up the day's work and sets the pace that pays!

Built for "Big Business" and its Great Army of Expert Operators

These new features of the Royal add to the sensitive fingers of the typist, the one vital thing that the old-style typewriter subtracts—*speed!*

The speed with brains behind it—the all-day speed of the expert typist in the day's work. *Errorless* speed is the kind of speed that counts. Commonsense has punctured the illusion of the other kind.
